Hottenford couple celebrate 35th anniversary

Mr and Mrs. B Wiseman were pleasantly surprised on Sunday, Sept 1[illegible] when they were treated to a reception by their family for their 35th anniversary.

Twenty-eight members of the family were present to enjoy the dinner Two cakes, to fit the occasion were served, one from their daughter Mrs F Nasby and one from their daughter in law, Mrs F Wiseman

Those present were Mr and Mrs F Wiseman and John, Mr. and Mrs. P Setzer, Patricia and Douglas from Hilton, Mr. and Mrs. F Nasby, Betty, Bobby, Barbara and Bob's from Whitecourt, Mrs Bud Wiseman and Charlene from Drayton Valley, Mr and Mrs. Ray Wiseman Wally & Scott and Clayton from Edmonton Mr. and Mrs. R Robison and Albert from Edson Mrs W Currie and Winston Yaking and Donald at home

Bud Wiseman, Walter Currie and Roxanna were the only ones who were unable to attend Mrs J Robinson and family from Carrot Creek also called and enjoyed the afternoon visiting

The family presented their parents with two lovely gifts, an electric mixer to their mother and a rifah bag to their father.

$500.00, land sale, and their undertaking to erect a home in accord with plans submitted at estimated cost $10,000.00, and that transfer of the said parcel, held under tax recovery, be authorized for delivery of Title to lending institution.

The application of C. A. Rempel and Boyd E. Ford to purchase into S and 6, in block 79, and Lots 5 and 6 in Block 82, and undertaking to erect duplex apply was placed before Council. The sale was approved for the sum of $1,482.00 on the undertaking.

It was moved that Lots 5 and 6, Block 79, be sold to Clarence A. Rempel, and that Lots 5 and 6, Block 82, be sold to Boyd E. Ford upon payment of the sum of $1,482.00, land sale in accord with the National Building Code on each of the said parcels at an estimated cost of $10,000.00 each. Transfer of the said parcels held under tax recovery, was authorized.

The application of Rempel Homes to purchase the North-west fraction of Block 9, and the undertaking to erect a twelve unit apartment block on site was placed before Council.

It was moved that part of Block 9, lying in the North west corner of the said block, and being approximately 140 - 87 feet (north-south) by 120 feet deep, be sold to Rempel Homes upon payment of the sum of $1,388.00, land sale. The application to erect a twelve unit apartment building at an estimated cost of $80,000.00, in 1963 in accord with plans submitted and in conformity with the National Building Code, subject to the applicant undertaking to submit, within 30 days, a Site Plan as required by the Interim Development Resolutions, as well as a copy of plans for this specific building signed by a Registered Architect and further subject to the applicant undertaking to pay the honorary cost of Legal Survey of the described parcel. Issuance of a Development Permit was authorized subject to the foregoing requirements.

The submission of Celestin and Kroetch on behalf of Vernon McLeod to purchase the easterly five feet throughout of Lot 6, Block 30, being land set aside for park and sewer easement, in consequence of an addition on west extremity of residence build on Lot 5 projecting onto part of Lot 6, was placed before Council and discussed. The application was referred to Building and Plans committee for report and recommendation.

Mr. Yeoman addressed Council on behalf of the Edson Curling Club with respect to a proposal to place waterline (the system around perimeter Curling Building and connecting direction of Council with respect to the disposal of water to sewage system or otherwise. The matter was referred to Mr. Stopford, Town superintendent, for examination and recommendation as to best design.

Advice of Alberta Assessment Appeal Board of hearing of Assessment Appeal of John Dekleva with respect to Lots 11 to Plan 4517HC, to be heard September 30th, was placed before Council for information.

Moved by Councillor Reed the court prices of parcels contained in the 1962 tax sale list be as follows: Lot 8, Block 23, $9,500.00; Lot 14, Block 53, $8,170.00; Lot 10, Block 18, $10,700.00; Lot 11 and 12, Block 18, $4,550.00

The Notice with respect to the convention of the Union of Alberta Municipalities was placed before Council and the Secretary was directed to make tentative reservations for three delegates.

Bacteriological Water Report submitted by Health Inspector and indicating satisfactory count was placed before Council.

The resignation of Bev Leslie Halliwell, as probation officer for the Town was accepted with regret and Bev. Halliwell is to be appropriately thanked for his past services. Mr. Halliwell has accepted the position of provincial probation officer for the area.

Council granted its approval to the Salvation Army conducting its Red Shield Appeal Canvass in Edson on October 7 and 8.

A stop sign is to be placed to stop East bound traffic on 6th Avenue at its intersection with Bear Lake Road. A chesbar board sign is also to be placed on east side of the road.

B.C. Highways Minister sends wire on road contract

Good news for the promotors of the Yellowhead Route as the second trans-Canada highway, was received by the McBride, B.C. Chamber of Commerce recently. The goods news was in the form of a telegram from B.C. Minister of Highways, P. A. Gaglardi. Although it didn't promise the completion of the Yellowhead Route it announced a contract for a small section of the route which is a step in the right direction.

The text of the telegram follows:

"Contract in amount of $284,364 awarded to Ben Ginter Construction Co. Ltd., Prince George, for construction project No. 1262, Cement-Spur, Dome Creek, 10.04 mile section of Northern Trans-provincial Highway. Work to begin shortly.

P. A. GAGLARDI
Minister of Highways"

Edson entry praised at Alberta-craft show

The following report has been received by the Craft Centre from Mr. Les Graff, Supervisor of Arts and Crafts, for the provincial government. The report deals very favorably with the entries sent in by the Edson centre, especially those from the pot shop.

The report follows:

The quality of the ceramics which were entered in the Alberta-craft '63 Exhibition by the Edson Craft Centre was exceptionally high. Following is a comment which was given by the judges on the Edson entry and which was printed and exhibited with the Edson Craft Centre display:

"Ceramics: This group must be complimented on good use and range of glazes, which together with a general high quality of form, contribute to a very high level of work."

The Arts and Crafts Division would like to congratulate the Edson Craft Centre on the quality obtained in the ceramic field.

The glaze samples which were submitted to exhibit proved to be one of the most interesting aspects of all the community entries. These samples drew much attention and helped to point out the research and work which is included in ceramic making. The following items were thought to be excellent artistically and technically, by the judges of Alberta craft '63:

Tobacco jar and rye cups, Laura Mahon.

Dish, tiger stripe Elaine Mansuet.

Bowl, 14 inch diameter black, Jane Oliver.

Cuena set, Shirley Lasek.

Jar, 8 inches tall, brown landscape design, Lena Leyden.

Vase, fray sgraffito, Laura Mahon.

Branch vase, 8 inches, brown, Lena Leyden.

These items are only a few of the many articles which were pleasing and competent.

The main criticism of the ceramic entries is that there seems to be an influence from objects made in other materials such as glass.

There is a tendency to be influenced without a realization of how the object exerting this influence on the potter was made e.g. The large vase with six or eight sides would be the kind of item which would be mass produced with a mold. One cannot forget that the pottery done at the craft centre is hand done and each piece is individual.

There is also a tendency to throw the material in its very basic, resulting in some of the ceramics seeming to be made from some other material than clay.

It was very interesting to receive three pieces of work from each potter. This gave

HIGH SCHOOL SCOLARSHIP WINNERS were presented with their awards on Friday, September 20 when the students assembled in the auditorium for the special occasion. Principal H.D. Meade was chairman of the assembly. Above are donors and recipients of the various awards. Front row left to right are award winners: David Kapes, Fred Kline, Dennis Calvert, Juliana Manurin, Barbara Kosbel and Carole Svedberg. In the back row are representatives of the businesses or organizations who presented awards. They are left to right: Mr. Jon Scott for SNA Lumber and Hart & Shkolik; Mr. Gerald Mahon for Edson Motor Co.; Mrs. R. Jarvis for the Ladies Auxiliary to the Canadian Legion; Mr. Walter Pender of the Edson Motor Hotel; Mrs. Ken Perkins of the Optimists Club; Mrs. H. G. Redbourne of the Hospital Auxiliary; and Mr. Donald Foster of the Lions Club. Missing from the picture was Mr. Bart Kuebler for the Commodore Hotel. Mr. Pender also presented two five hundred dollar Alberta Hotel Association scholarships, one to Carole Svedberg and one to Mr. Meade who accepted on behalf of former Edsonite, Fred Scalla.

New CN service to affect Edmonton to Edson

Canadian National's "direct line" service whereby rural communities transact business with the railway by means of free, long-distance telephone service to Edmonton will be extended October 1 to all points between Edmonton and Edson.

Affected are the towns of Acheson, Spruce Grove, Stony Plain, Carvel, Duffield, Wabamun, Fallis, Gainford, Magnolia Bridge, Entwistle, Evansburg, Styal, Wildwood, Chip Lake, MacKay, Niton, Peers, Rosevear, Wolf Creek and Edson.

UP to now the area has been served by local rail way agents at nine points — Spruce Grove, Stony Plain, Wabamun, Gainford, Entwistle, Evansburg, Wildwood, Peers and Edson.

While it is intended to retain the present agents at Wabamun, Evansburg and Edson to take care of customer and company requirements at these points, the balance will remain during a transitional period.

Residents along the line will be supplied with a telephone index indicating the principal railway departments to be reached over the free "Enwats" telephone circuit.

CN service now consists of daily except Sunday highway transport service and the same freight train service for rerload traffic.

In centralizing its sports items the company will effect economies by using its head quarters personnel and facilities to accomplish the admin istrative functions. At the same time it will reach a much larger group of potential customers at in between points who can now be served directly.

Red Cross Clinic coming Tuesday October 15

The Canadian Red Cross Mobile Blood Donor Clinic will be making its annual visit to Edson on Tuesday, October 15th. Members of the local Red Cross branch are completing arrangements now for what they hope will be a very busy day. The hours will be from 2 to 5 in the afternoon and from 7:30 to 9:30 in the evening in the Legion Hall.

As usual reminder cards will be sent out to anyone who has donated before. In addition folders have been procurred from the Red Cross to be distributed by teachers to the Edson schools. The question and answer folders will be taken home to parents and it is hoped many more potential donors can be reached in this way. Unfortunately, there were not enough folders available for all the schools.

Town and district residents are urged to make every effort to attend and donate blood.

Edson Orioles win NWBL championship

Edson Orioles, the League leaders, defeated Hinton 10-3 Brites both games in their second header of the North Western Baseball League Finals last Sunday to close their first full season as League champs.

The games were played at Hinton with the visiting team winning by scores of 6 - 0 and 13 - 3.

The first double header of the 3 out of 5 final series was played at Edson on Sunday, September 22. These scores were much closer with Roy Loewen hitting a homer in overtime to give Edson the first game by a 3 - 2 score.

Hinton came back to win the second game by a 5 - 2 score.

In the games at Hinton a number of Edson men had their second two points allowed" game of the season as they trounced

Continued from page 1

ed their hosts by a clean cut 6 score.

The second game, which the Orioles won by a score of 13 - 3, was one of their best of the series. Although they were behind twice during the game they were determined to take the trophy home with them and came from behind to win by a very decisive score. Home runs were hit by Al Segare, Dave Anker and Bertie Bawgo.

The turning point of the game came when Ken Antonenko came through with a double bagger with bases loaded to bring in all three runs.

This is the first time in the history of the NWBBL that an Edson team has won the championship and the youth ful Orioles are telling the world it won't be the last.

Citizenship presentation here Oct. 11

Citizenship Judge Orval W. Allen will be presiding at a session of the Citizenship Court in the Edson courtroom on October 11.

Hearings will start at 9:00 in the morning. At 2:00 p.m. 23 persons are scheduled to receive their Canadian Citizenship.

Turkey shoots starting

There was a time when turkey shoots were a close-to-Christmas affair with father having a chance to take home a sumptuous bird for the festive season. This year in Edson district they are starting in time for the Thanksgiving table.

This coming Saturday, October 5th, there will be the first one of the season, held in the Legion Hall.

Next Saturday October 12, anyone looking for a pleasant and rewarding afternoon drive-in shoot out to Niton where the Niton Community League are sponsoring a turkey shoot in the Niton Community Centre. The shoot gets underway at 1 p.m. Patrons of the shoot are asked to bring their own .22 rifles. They can use their own ammunition or one that provided.

There will be special events, for ladies and youngsters as well as chicken shoots at a reasonable rate. Lunch will be available.

CJCA Standells to come to Hinton

HINTON—

BY LORD MACMA

At a meeting held Sunday, Sept. 29, the new Op-Teen executive was elected. The new president is Bernie Levasseur, 1st and 2nd vice presidents are Ken Robinson and Jerry Lindsay. Cleona Wade is secretary, Melinda Kingsgold, treasurer, and publicity agent is yours truly.

Mr. Don Brown, of the Optimists, presented a banner of our town sum to Alex Calbraith on Sept. 15 The Banner, a beautiful job, was made by Mrs. Nystrom.

The Op-Teen club is bringing in the CJCA Standells from Edmonton to supply the music for the big dance which is to be held on November 2. At the dance six scrumptious 19 to 22 lb. turkeys will be raffled off.

The members are quite busy (?) trying to sell the tickets at 25c apiece. Admission for the big dance is $2.00 for members and $3.50 for non members. So, if anyone wants a Christmas turkey and a load of fun at the same time, be sure to attend

At the meeting to be held October 6 at 7:00 p.m. in the Athabasca Valley Hotel, Op-Teens will be renewing their membership and representatives for the Pincka Fall Conference will be elected. All teenagers wanting to both are invited in attend the meeting and Op-Teens, try to bring as many members as you can Don't forget your dollar for membership fees. Let's make this year something big in the hope that we will be able to hold a Teen Town Spring Conference in '64.

Remember the Platter Party every second Saturday at 8:00.

Teen and Herd

BY MEN

Nominations for the Student Union Council have to be in by Thursday noon of this week and the vote is on Friday. So far we hear that "Big Boy" Michael Pearkaish, Rowan Galbraith and Ken Sobryk are in the running for president, Karen Pushkin and Barbara Marshall for secretary Let's all get on the ball red put in a good, strong council to look after our affairs for the coming year

☆

The Jubilee Junior High have had their election. President for the coming year is Bill Kuchinski; vice president, Hal Amber; secretary, Audrey Molleroh; treasurer, Brian Hoch; social convenor, Gwen McEvoy; girls sports representative, Gloria Pyne; and boys sports representative Bob Zaigetsky. Good luck to the new council.

☆

Where to go this Friday? The Vengers are playing at the Legion Hall this Friday after the Talent Show and we can all afford to take this one in because it is rumored that it is a silver collection — everybody gets a break once in a while.

☆

On Friday, October 11 the Vengers are again playing at the Parish Hall. Let's have a real good turnout to this dance and show them that we appreciate the fact that we have something to do on Friday nights and that music is really hot.

☆

This Friday the flag football teams go to Hinton. They have been practising pretty steady. Good luck, fellas.

☆

The Edson boys who went to Edmonton to the Fall Show er of Stars report that it was worth it even if they did have to raise a little extra!

1964 PONTIAC

THE NEW BOLDER, longer and wider look of the 1964 Pontiac blends Pontiac's Vanteri body lines with smart new front and rear styling. Pontiac's 1964 lineup totals 14 models in four series with Parisienne Custom Sport models offered in a new full-budget series. Shown here is the 1964 Parisienne four-door sedan. All of Pontiac's 119-inch wheelbase chassis features are continued, including rugged X-braced frame, full coil suspension, self-adjusting brakes and many others. A new, quick-acting automatic choke is featured on the standard V8 for 1964. The finest and most complete range of options and custom feature accessories in the Pontiac history permit a 1964 Pontiac to be variously custom-built.

Too late?

PASTOR SNOWALTER

Too late to plant peas to fill the freezer for this winter?

Too late to get at seeding that piece of lawn?

Too late to save a friend ship becomes of hasty words?

Too late to redeem the steps of life?

Too late to retrive the gold en opportunity?

The poet wrote, "Of all sad words of tongue or pen, the saddest are these, 'It might have been'"

Too late is too last Especially when it comes to the very most important thing in all of life your forgiveness of sin to give you the proper relationship to God

While it is true that as long as life lasts on earth there is opportunity with God, yet it is also true that the most opportune times can slip away Was the prophet putting words in your mouth when he wrote, "The harvest is past, the summer is ended, and we are not saved."

OUR POLICY ON COURT CASES

There has always been a certain amount of criticism regarding the anonymity aspect of our police court news. At times this flares up as the grapevine "enjoys" some particular court case. This time we think it is an opportune time to try to offer to our readers an explanation of why this procedure is followed.

In the first place, every resident has the right to attend court, should he or she feel the time can be spared from other duties. Your reporter cannot spare the time to attend all cases. Indeed, seldom is the time or date of cases known.

If a system whereby names of accused persons were printed, this could not be done on a hit-or-miss fashion. One can imagine the criticism, should even reasonable with bitter feelings aroused in those whose names were in.

When the short reports are obtained from the R.C.M.P., they are given without names and only attendance of the court could make those names available. Being a re-interest in the community we often hear the grapevine editions of court news but putting such in print would be extremely dangerous in our opinion.

We believe there is some educational value in the news of court cases as we print them. The fact that one person has been fined for leaving the ignition keys in the car will surely make a few careless drivers more careful; that one man was fined for having a loaded gun in a vehicle on a public highway, will deter others; or that one person was fined for barbecuing an unlicensed dog, could bring a rush to get licenses neglected up to then.

One recent article read on this very subject said in effect: "If I report that Joe Blow was fined or given a term for being intoxicated at the last dance, what would be achieved? I can remember Joe as a hero when he came home after the war with a medal for bravery. Now his life is hard enough with his drinking problem. Who am I to make it harder?"

For these reasons, we will continue to print the court news as we have in the past and we hope that some of our critics will see the matter in a different light. The only alternative is that court news be omitted entirely.

"They look like your mother's bridge club!"

Potato Storage Recommendations

POTATO STORAGE RECOMMENDATIONS

The use of several good thermometers, placed in strategic warm and cold places in the root cellar, is a prerequisite for successful potato storage. Without them it is impossible to keep an even temperature and relative humidity throughout the storage area.

P. D. McCalla, Alberta's Supervisor of Horticulture, recommends storing potatoes for the first two weeks at a temperature of 60 to 70 degrees and a relative humidity of between 80 and 90 per cent. These conditions promote the healing of bruised potatoes which is very important. The new skin reduces moisture loss and protects the tubers against rot causing organisms. This two week healing period should be disregarded however, when late blight is her rot or other rots are already present. In such cases the temperature should be lowered to 50 degrees or less as soon as possible. Forcing dry air through the piles until the infected potatoes have dried up will prevent the decay from spreading.

Under normal conditions the root cellar temperature should be lowered to 50 degrees as soon as possible after the healing period. This prevents rot from setting in. High temperatures favor rot causing organisms, increase loss of weight and favor sprouting. If the potatoes are to be stored for more than three months and are not intended for chips, the temperature should be gradually lowered to between 38 and 40 degrees.

CIPC Sprout Nipt will keep potatoes from sprouting for up to a year. The best method of application is to spray a 1 per cent emulsion on the potatoes as they pass over the grader after being washed. One quart of 1 per cent emulsion per 20 cwt. of potatoes is the recommended rate. A dip of the 1 per cent emulsion is also satisfactory but care must be taken to maintain a constant concentration in the dip bath.

Since CIPC stops germination for a year, every precaution must be taken to keep the mixture away from seed potatoes. Also it is important to note that only the edible form and not the herbicide has been cleared for use on potatoes. A grower who uses the herbicide form runs the risk of having all his potatoes confiscated.

Potatoes intended for the chip industry should be stored at 50 degrees because lower temperatures cause the starches to turn to sugar which results in discolored chips. Mr. McCalla recommends floor fans and fans for forced air ventilation to maintain a uniform temperature and humidity as well as to provide sufficient oxygen. A thermometer will prevent ventilation from drawing in air when outside temperatures are too low or too high.

Evenings and rainy days are the best times to bring in air to increase the humidity in the cellar. Circulating the air through fans or by forced ventilation to which moisture has been added is recommended for ideal storage conditions.

CAPITAL REPORT

ALBERTA'S OTHER POLITICAL LEADERS

BY JOHN WARREN

EDMONTON — What has become of the leaders of Alberta's three "other political parties". Those are the ones that barely existed prior to the 1raer's election which failed to boost their pitiful representation in the legislature when Alberta's electors had their way.

Dave Hunter, Milt Harradence and Neil Reimer — remember them? Well they're still around, somewhere.

As a matter of fact Mr. Reimer, the New Democratic Party head who took a leave of absence from a senior executive post with the Oil Chemical and Atomic Workers Union to head the party into election, has become a full-time politician.

Said Neil last week, "we're not going to go into the next election half prepared. We've got four years to work for it." He didn't say much about what work he was doing but it undoubtedly involves a series of visits in each constituency to pull some panels into party organizations that have a habit of forming two months before an election and collapsing a day after ballots are counted.

The New Democratic Party, along with all the others, has a reason for trying to keep its organization in shape. There is always the possibility, admittedly slim, that a federal election will crop up before Mr. Manning calls another for Alberta. It would provide a fine opportunity for all parties to test and appraise their grass roots work.

The NDP, like the Conservative and Liberal parties, is attempting to set up the kind of local working bodies that have worked with Swiss watch efficiency for Social Credit. The procedure will undoubtedly include the selection of provincial candidates within three years in most ridings, in order to give the voters and the potential members a chance to meet one another. There is no question that one of the major failings of all three parties this spring was the fact they selected their contestants within a few weeks of voting day, emphasizing their lack of preparedness.

All four Alberta parties have conventions scheduled. Social Credit's is to be held November 18 to 21 in Calgary — with Mr. Manning, Mr. Thompson and probably several Quebec MP's to put in an appearance.

Dave Hunter too, the Liberal head, is making the rounds to try to inject some life into the Liberal cause, the one that indicated it would be the greatest threat to Social Credit. As everyone now knows the party and Mr. Hunter both failed to make much of an impression in the polling booths — but they haven't given up.

Mr. Hunter is now travelling through an average of five constituents a month. The party's convention is Red Deer November 23 - 23 may have Prime Minister Pearson as guest speaker. Harry Hays, the agricultural minister, is almost certain to attend.

Opposition leader John Diefenbaker will be the main speaker at the Tory's Red Deer gathering October 11 - 12. Some of the party's very successful federal members will pass along a few tips to their provincial Associates.

And it may just happen that Mustang pilot, criminal lawyer and part-time leader Milt Harradence will get either a vote of confidence or be sheven out the door. His leadership is bound to be the chief topic of discussion.

The NDP will meet in Calgary February 8 - 9.

HELPFUL HEADLINES

There's something a bit suspicious about a report from Washington quoting the American Automobile Association as saying short skirts help protect women from being hit by cars.

Could it be that the men at the AAA is doing a little propagandizing for any reason other than traffic safety?

Is there a chance that he simply likes to look at women in short skirts and that his plea to Paris fashion designers to keep them short is rooted in the pleasures of girl-watching?

The AAA explains that most pedestrian accidents occur at night and notes that only 30 per cent of those hit are women.

It contends the reasons so few women are involved is that, with the headlights of modern cars aimed downward, they can readily pick up the stockings or bare legs of the girls.

"Naturally," it says, "the more stocking or leg exposed, the easier it is for motorists to spot and thus prevent an accident."

Quoted a little more closely, the publicity director for the association, Joh' de Lorenzi, admitted that the AAA hasn't any scientific evidence to show that short skirts really save lives.

And when asked whether it's possible that short skirts are perhaps a menace because they may take a driver's mind off the road he replied:

"That is driver's error. Sometimes no amount of driver education will control the limitless."

We would be less inclined to suspect Mr. de Lorenzi's motives if he had included a plea for men to begin wearing shorts and going with bare legs.

After all, with 70 per cent of fatalities involving pedestrians taking the lives of males, you would think the AAA would be equally concerned with their welfare.

Not that we really mind these short skirts, of course. We understand they make it easier for the ladies to get on and off buses and streetcars.

There aren't many folk nowadays who feel there's anything dishonorable about girl-watching. It's just that it doesn't seem quite honorable to campaign for short skirts on a questionable premise.

CURIOUS DOCUMENTS

A 37-page document titled "List of Members of the House of Commons and Committees" is reported to have been distributed to the staffs of those federal government departments that are in frequent lunch with the public. Ostensible purpose of the document, which is marked confidential, is to permit a cabinet minister or his staff to inform any member of the House of correspondence between a government department and a resident of the member's riding. The odd thing is that all the Liberal Party candidates who were defeated in the April 8 election are listed as "constituents."

To inform members of their constituents' requests or complaints is quite reasonable, but the question must be whether the addition of the list of constituents is intended to put defeated Liberal candidates in the position of being able to influence departmental decisions or obtain the granting of government favors. It is a question that should be raised as soon as the sitting of the House resumes in late September. A good many patronage practices were discarded by the previous government, and it is not in the public interest that they be revived.

Attack on retardation a centennial crusade

A tenfold attack on mental retardation as a centennial crusade that would enlist voluntary agencies, university research centres and governments was proposed at Winnipeg recently at the Annual Conference of the Canadian Association for Retarded Children.

Ten major points projects, one for each province, on various aspects of the affliction that now handicaps more than 600,000 Canadians, with each provincial division of the association assuming responsibility for one, but supported by finances and professional advice by the national organization, was proposed by Harry E. Foster of Toronto in a keynote address at the annual dinner.

Speaking as the chairman of the association's Board of Honorary Governors, Mr. Foster advanced the plan as a program that would bear fruit that could be "a more fitting monument in 1967 than any centennial gift to Canada wrought in stone or steel, and a means of benefit not only to Canada but to all mankind."

Pointing out that medical science's knowledge of retardation, as well as sociologist's and educationalist's discouragement of the ability of retarded people to become useful citizens, were comparatively recent advances, Mr. Foster's suggestion was that research on these fronts must be pursued vigorously now.

Typical of the needs, he said, were knowledge of methods of diagnosing retardation of evaluating the educability of retarded children, of counselling their parents on how to prepare them for schooling by pre-school training at home, of how best teachers should be trained to teach them to school.

He then challenged the provincial divisions of the association to undertake the task of solving the questions that must be answered, and declared it as a "centennial crusade" because by 1967, if every province co-operated, [illegible] projects could be pursued during the summer.

The national association, he said, was ready and anxious to co-operate. If the provision would join, he said, funds would be found to assist.

Curling Club checks on afternoon league

BY IRENE BOCHEK

With the 1963-64 curling season just a scant few weeks away, the members of the Edson Curling Club are once again forming work parties to get the rink in shape. The opening is slated for Saturday, November 2nd.

While the male members are exploring ways and means of improving the ice area, the ladies are turning out in full force to scrub, scour and paint. The entire spectator area and kitchen will get a general face-lifting.

Following several requests for an afternoon league, the ladies club is making an effort to ascertain whether or not enough women are interested in afternoon curling to make it worthwhile.

Any ladies interested, are asked to phone Mrs. Trey Gazzetta at 723-3823, or Mrs. Helen McCrae at 723-3220. Those interested in evening curling should also submit their names.

There will be a meeting of the Ladies Curling Club on Thursday, Oct. 24th in the curling rink club room. At this time the possibility of an afternoon league will be discussed.

You can cash Canada Savings Bonds anytime at their full face value plus earned interest. When ready money is required all you have to do is complete the redemption form on the Bond, and present it to your Bank. You will receive your money immediately. Canada Savings Bonds are better than cash!

GOOD TO KEEP
You get interest on Canada Savings Bonds on November 1st each year —4.0% for each of the first 2 years; 5% for each of the next 6 years and 5.5% for each of the remaining 4 years—giving an average return of 5.03% a year when held to maturity. In 12 years with accumulated interest every $100 Bond will be worth $161.00.

CANADA SAVINGS BONDS/63

1964 OLDSMOBILE F-85 CUTLASS

OLDSMOBILE'S 1964 F-85 CUTLASS MODELS are totally new automobiles — in styling, in engineering and in performance, and are being built for the first time in Canada. The Cutlass convertible, shown above, as well as the Cutlass coupe and Cutlass Holiday coupe, are equipped with bucket seats and are powered by an ultra-high compression version of the new Jetfire Rocket engine which delivers 260 horsepower. Available on Cutlass models and on all 1964 F-85's is an entirely new transmission, Jetaway, which provides smooth and efficient transmission of power.

1964 OLDSMOBILE JETSTAR 88

THE NEW JET STAR 88 SERIES for 1964 utilizes Oldsmobile's full-size body on a special 123-inch wheelbase. The Celebrity sedan, shown above, is one of four models in this New Oldsmobile series. A lightweight, cast-iron Jetfire Rocket V8 engine, delivering 330 hp and an optional 360 hp version, are teamed with an entirely new transmission, Jetaway, available at extra cost. This new transmission combines the performance of gears and the smoothness of a torque converter with a torque amplifying feature which permits extra performance without downshifting.

NEW GMC's FOR '64

with new earning power, new saving power through

ENGINEERING LEADERSHIP

Now for '64 . . . the most advanced range of GMC trucks yet! Every truck is proved and improved through GMC engineering leadership for '64. There are improvements in the cab. The door pillar has been straightened. There are new brakes, wheelbases and engines. There are three new diesel models, too. Let GMC earn, save for you. Check into a GMC at your dealer's today.

In the year ended March 31, 1963, revenues of Canada's unemployment insurance fund were $346 million while payments were $402 million.

ONE OF THE STARS of Ford of Canada's 1964 lineup of light-duty trucks is the Ford and Mercury series — 102 pickups. Nicely styled from front and rear, the trucks 109 features a new massive grill, color-keyed cab interiors, a double-wall, straight-line pickup body and a new, high-capacity tailgate operated by a unique one-hand latch instead of cumbersome chains and hooks. Both the series 100 and its bigger brother, the series 200, are available this year on a 120-inch wheelbase, six inches longer than last year. NEW DURABILITY, improved performance, better economy and lower maintenance of Ford and Mercury pickups move versatile, more economical to maintain and more durable in both farm and business use.

WINTER BUILT

What this country needs is a good 12-month year — and you can help it happen!

YOUR INCENTIVE:

$500.00 CASH

FROM THE FEDERAL GOVERNMENT IF YOU HAVE YOUR NEW HOME BUILT IN THE WINTER

DO IT NOW! Arrange for your new home to be Winter Built!

Everyone stands to gain from increased winter work — and you gain $500.00 cash from the Department of Labour if your new house fulfils certain requirements.

First of all — an application for certification as a Winter Built home must be made to the Special Services Branch, Department of Labour, Ottawa, either by you or the builder. This step is essential.

The bulk of the work on your new home must be carried out before March 31, 1964. The foundation may be installed before December 1, and certain outside finishing may be completed after March 31st.

Your home could be built for you, you can build it yourself, or you can buy one ready built. The home can be a single house, or a multiple housing structure of not more than four units, with each unit qualifying for the $500.00 incentive. Naturally it has to comply with normal standards of adequate housing and local building bylaws.

Where to apply? Your builder has the details. And you can get a pamphlet containing full details and application form from your nearest National Employment Service office, (or Post Office if you don't have a NES office in your district) from the Central Mortgage and Housing Corporation offices, or write direct to Special Services Branch, Department of Labour, Ottawa.

Rest assured, Canadian builders have the know-how to make Winter Built homes a sound investment. Do It Now. Arrange today to have your home Winter Built. You'll gain that $500.00 incentive and you'll be helping Canada keep busy through the winter months.

Issued by authority of HON. ALLAN J. MacEACHEN, MINISTER OF LABOUR, CANADA

NEW DURABILITY, improved performance, better economy and lower maintenance highlight the 1964 Econoline van and its companion Ford Econoline pickup. Canada's most popular delivery van, the Econoline adds for 1964 an optional new three-speed transmission; extended lubrication and oil change schedule; extended life, self-adjusting brakes and an optional one-ton payload package with heavy duty suspension and more power.

AROUND TOWN

Mr. and Mrs. George Mazza and Mr. Bill Mazza motored to Edmonton on Saturday, Sept. 21, to attend the wedding of their sister. Miss Shirley Mazza to Mr. Gordon Killett of Edmonton.

☆

Mrs. Margo Affolter and children of Edmonton visited in Edson on the weekend

☆

Mr. and Mrs. Bill Lilly and children of Red Deer spent the weekend with Bill's parents in Edson

☆

The children of the Highland dancing school were given a special treat last Saturday when the teacher's daughter, Miss Pat O'Rourke, of Jasper demonstrated sevens' dances to the classes. These dancing lessons are being given every Saturday afternoon at 1:00 p.m. at the Boy's Centre, with instructor Mrs. O'Rourke of Jasper.

☆

Mr. Abram den Ouden was called at Calgary Tech School as a mechanic apprentice in his third year.

☆

Two-bears at the A. H. Dahlin school played host to the pupils on Monday, September 16th. The evening was highly successful, judging from the parent attendance. Following a visit to their children's classroom, the parents were treated to lunch in the auditorium.

☆

Mr. and Mrs. Hel Cornelissen of Evansburg have returned to Edson to make their home

☆

The two kindergarten classes began on October 1st. The teachers, Mrs. Ruby Wadman and Mrs. Terry Bonnar each had a full enrollment.

☆

Don't forget the Optometrists benefit variety show and dance on Friday, October 4th!

Guides, Brownie to hold first meeting

BY MRS JESS. BOCHEK

The first meeting of the Brownie and Guide groups in Edson and Glenwood will take place on Tuesday, October 15 at 1:30 p.m. The meeting will be held in the Commodore Hotel banquet room, which has been kindly donated for the club's use.

Field secretary, Mrs. Bird Clerk of Edmonton, who will be conducting training class on Tuesday and Wednesday, October 15th and 16th, will be present at the meeting.

All mothers, leaders, assistants and anyone else interested in the groups, are invited to attend the meeting.

Training classes will be held on Tuesday evening and Wednesday afternoon for the leaders and their assistants.

Meteor Custom 4-door sedan, one of the Ford Family of Fine Cars made in Canada. Certain features shown or mentioned are optional at extra cost.

In size, in performance, in luxury, in value, METEOR makes it big for '64

To understand the difference between the '64 Meteor and all other cars in the low-price class — you must understand one thing. Meteor is a bigger car. It is bigger in size, bigger in performance, bigger in luxury and bigger in value.

Its big 115.5 inch length straddles the bumps better — to eliminate regular dip and dive. Add to this the only suspension in the low-price class that lets wheels move backward and forward as well as up and down and you really get big car riding comfort.

Meteor's extra wide stance means better stability — you don't have to fight with the car when you're cornering.

And all this extra size means more leg and knee room, more hip and shoulder room — more room.

In luxury, Meteor really makes it big with the most distinctive roofline in the automotive world. Notice the way it's tucked in out of the weather. As a power option you can have the window go up and down to give you Breezeway ventilation all year 'round.

Meteor's power is bigger this year — ranging from an exciting 200 cubic inch V-8 down to a really energetic six.

All these big features and many more like big wide opening doors, big stronger frame, a big 24,000 mile or 24 month total-car warranty — make Meteor the big value standout for 1964. See it now at your Mercury dealer.

Also see the completely new '64 Comet and the Silver Anniversary Mercury!

See the '64 Meteor, Comet and Mercury!

NEW FABRICS IN THE NEWS

Clan Royal — This is a group of fabrics woven by Dunn The fibre is Avril ould's viscosa rayon. All the fabrics in this group will be tartans and stripes and they are in an intermediate weight range The fabrics have been treated to be wrinkle resistant, machine washable, and hold their shape. Because a solution-dyed rayon is used they will be colorfast in wash ing, dry cleaning, sun fadeo or atmospheric effects. The color combinations used in the plaids and stripes seem particularly effective. The price will be quite moderate compared to the woolen tartans.

Concorde — Fabric woven by Dupion 100% Antron. It will be used in sportswear and winter undergarments. Quite often it will be quilted.

Sophistic — Viscose rayon double-knit fabric produced by Bruck Mills Limited

Bermuda — Blend of Arnel and Nylon in a tricot knit with the surface quite fluffy looking. To be used primarily for loungewear, robes, dustery Machine washable but should be drip dried

Double Knits with Stretch — The very latest! This new fabric is produced on double knitting machines and it has a flat finish similar to mat jersey. The fibre is 100% nylon, and the grooves are sewn with nylon thread as well so they can be washed and dripdried. They need no ironing. Should they become crushed, and it is difficult to do, creases will quickly hang out Air pockets in the weave so insulate the fabric against heat and cold, and clothes made from the material can be worn in all seasons.

These new fabrics offer a wide scope but require correct handling in washing or dry cleaning to ensure that they keep their appearance The bulletin, "New Fabrics and Finishes" gives details of what you can expect from new fabrics and the old standby's as well plus how to care for them, Write or call in for a copy.

Ko-Bella — New blend of 68% Kodel polyester and 32% combined cotton. This makes a fabric which is strong, but is fine and soft to the touch This is to be out this fall printed in a wide range of patterns and colors.

Verona, Sanchita, Rosita, Fantara, Tiratina, La Rhea Antigen — All are crepes made of acetate and viscose by Bruck Mills Limited

Give the 1964 Volkswagens a good going over.

VW 1500-TS. Our newest arrival has been improved so much we've given it a special name, Touring Sport.

We chose Sport because it has 25% more power than our regular 1500 model. (And longer brakes to handle the extra power.) With higher compression and twin carburetors, the 1500-TS has amazing performance. From a standing start it will hit 50 mph in twelve seconds. (You see. It really does have the performance of a sports car.)

And we added the name Touring because you can travel across country in complete comfort. (That goes for the station wagon too.) In front there are two deep, roomy bucket seats that adjust to 49 different positions.

Other new features for '64 include an instant heater, whitewall tires, new colours, (non-lone finish optional) and a few discreet touches of chrome.

(NOTE You can save a few dollars by buying a regular 1500 sedan or station wagon. They both have all the 1964 improvements except the TS engine.)

VW 1200. Also the Beetle. Alias Old Faithful. Whatever you call it, it's the car that keeps giving you more for your money.

For example: take a good look at our 1964 Deluxe model.

Those whitewall tires aren't for show. They're for free.

And don't miss our handsome new steering wheel complete with horn lever. Designed a Volkswagen with instant beep.)

We've got instant heat, too. (Now it takes longer to warm up the radio than the passengers.)

If you've ever admired our sunroof model, we have some good news. This year the sliding roof is made of steel instead of cloth. In summer you can let in sunshine and a cool breeze. In winter, nothing gets in.

Visit your Volkswagen dealer this week and see his new collection of fancy beetles. (Your biggest problem will be deciding which of our seven colours is your favourite.)

VW STATION BUS. Most Don't give up! Keep taking your wife to see the world's most sensible station wagon. (You know — the one she says looks like a bus.)

Don't be discouraged! Heaven knows we're doing our part. For example, we've just made the rear window wider so she can back up with more confidence. In fact we've made the whole rear door larger and put it on special hinges. (Now she can open it with one hand.)

Never surrender! Keep reminding your bride that although this huge Volkswagen carries nine adults (or a million kids) it's four feet shorter than a conventional station wagon.

Other features include a 1500 engine with extra power; a new heating system that provides instant heat; an air-cooled engine that can't boil over; 30 miles to a gallon of gas; fully synchronized gear shift; and whitewall tires.

HUTCHINSON SUNSET SERVICE

PHONE PA3-2691 — EDSON, ALBERTA

MR. ED LYONS, Sales Representative for Imperial Oil Limited, has moved into Edson recently replacing Mr. G. A. Schultz, who has been transferred to Edmonton. Mr. Lyons obtained his schooling at Vermilion, Alberta and worked at various jobs in Vermilion before joining Imperial Oil sales staff in 1960. He is married and has three pre-school children, two boys and a girl.

State spending and social security and welfare now averages about $800 per year per family in Canada Of the total, about two-thirds is spent by the federal government, the remainder by the provincial and municipal governments combined

Travel in Wilderness Provincial Park

Under Section 53 of The Forests Act roads in the Park are designated as forestry roads and are closed to travel by self-propelled vehicles.

Order-in-Council 1387 63 has been passed setting up the Park area as a Forest Travel Permit Area in which no person, may travel without a permit.

Therefore, all persons travelling in the park area, whether by vehicles, horses or on foot, must obtain a travel permit.

HON. N. WILLMORE
Minister
PROVINCE OF ALBERTA
DEPARTMENT OF
LANDS AND FORESTS

TOWN OF EDSON

NOTICE

NOTICE is hereby given that under the provisions of the Tax Recovery Act, the Town of Edson will offer for sale by Public Auction in the Edson Civic Building, Edson, Alberta, on Monday, the 14th day of October, 1963, at 10 o'clock in the forenoon, the following lands

Lots	Block	Plan
8	22	1404 A'
14	25	2384 A'
19	25	3360 A'
11, 12	19	3971 A'

Each parcel will be offered for the sale, subject to the approval of the Minister of Municipal Affairs, as to those parcels upon which any person resides, or of which any person is in actual occupation and subject to a reserve bid and to the reservations and conditions contained in the existing Certificate of Title

Terms cash, unless other wise arranged.

Redemption may be effected by payment of all arrears of taxes and costs at any time prior to the sale.

Dated at Edson, Alberta this 22nd day of August, 1963.

R. C. GREGG
Secretary Manager

Town of Edson

NOTICE

NOTICE is hereby given that a petition has been presented to the Council of the Town of Edson under the provisions of the Early Closing Act praying for the passing of the following amendment to Closing By law No. 602 of the Town of Edson.

A By-law of the Town of Edson, under authority of the Early Closing Act of Alberta, to amend Closing By law No. 602 and fixing the hours of closing for BARBER SHOPS within the Town of Edson.

1. That Clause 1 of By law No. 602 be and is hereby amended by inserting in the first line thereof, and immediately after the words "retail stores and shops", the words "except barber shops."

2. That By law No. 602 be and is hereby amended by adding the following clause immediately after Clause 1 where it appears in the said By-law:

1 (a) That all Barber Shops within the Town of Edson shall be closed for serving customers on every day of the week at the hour of six o'clock in the afternoon with the exception of Wednesday in each and every week when the hour of closing shall be one o'clock on the afternoon.

Notice is further hereby given that objections to the petition presented to the Council praying for the passing of such an amendment to the By-law on the grounds that such petition is insufficiently signed or otherwise irregular, validity or sufficiency thereof must be filed with the Secretary Manager of the Town of Edson on or before the 4th day of November, 1963, and that if no objections are filed before the said date the Council will forthwith proceed to pass the said amendment and to the Closing By-law No. 602.

TOWN OF EDSON

NOTICE

Re: Edson Skating Arena
Construction of an addition to the Arena Building, the installation of an artificial ice plant, and the general modification of the building.

SYNOPSIS OF BY-LAW NO. 1002

WHEREAS THE Council of the Town of Edson propose to construct an addition to the Edson Skating Arena Building, to install an artificial ice plant, and to make a general modification to the building, at a cost of $145,000.00;

AND WHEREAS in order to construct the said addition, plant and modification of building, it will be necessary to issue debentures of the Town of Edson in the amount of $135,000.00 to be repaid, with interest not exceeding 6% per annum, in a period of Twenty years,

AND WHEREAS the amount necessary to discharge this debt, together with the interest, will be raised by levying a rate sufficient therefore on all the rateable property of the Town,

AND WHEREAS the said indebtedness is contracted on the credit and security of the Town at large,

AND WHEREAS it will be necessary, before the final passing of the By-law, that it be submitted to the proprietary electors for their approval,

NOW THEREFORE TAKE NOTICE

that a Vote of the Proprietary Electors on the By-law will be held in the Council Chambers of the Civic Building, Edson between the hours of Ten o'clock in the forenoon and Seven o'clock in the afternoon, on TUESDAY, OCTOBER 15th 1963, for the purpose of approving or rejecting this By-law That an advance Poll will be held in the Civic Building, Edson, on Thursday and Friday, October 10th and 11th from the hour of Two o'clock in the afternoon until Five o'clock in the afternoon

Certified a true synopsis of By law No. 1002 which will be finally passed by Council within four weeks of the assent of the Proprietary Electors thereto

Given under my hand this 4th day of September, 1963

Edson Craft Centre praised

Continued from page 1

the judges and the instructors of our Division an opportunity to compare the works of the particular potter and to find out whether or not there is a consistency from one project to the next.

Instruction received during the past year by Mrs. Burki and experimentation has evidently paid off. There is evidence of real vitality in the work submitted by the Edson Craft Centre.

We would like to propose that a great deal of thought be given to the idea of acquiring instruction or aid in connection with "good form" and symmetry. Obviously in pottery and the ceramic group has certainly powered its technical ability in connection with the building and throwing of form and in connection with glazes. The main weakness seems to be from quality.

The children's work was informative, charming and truly the work of children. It was evidence of a healthy approach in the teaching of children of this age.

The weaving and painting entries did not have the calibre of the entries of the ceramics. Knowing so much about the Edson Craft Centre as we do, this was to be expected.

Some of the painting entries suffered because of the kind of frame which was put on the painting. A few of the entries were not original. The main weakness of the painting seemed to be "uncertainty" as to the use of medium. Texture played a very small part in all of the painting entries. Since the painters have been receiving instruction for a number of years, we expected it to be because of the fact that most entries were in the field of painting or ceramics. We would appreciate it if you would contact Mr. Whyte or me during our next visit to Edson and ask us for criticism, etc., when it will be easier to talk at length about the various aspects of each piece of work.

The Division was heartened by the ceramic entry, but was disappointed in find no entries in the fields of basketry, leather, copper, batik, for example.

We would like to congratulate the Edson Craft Centre on their success and their winning of the Visual Arts and Crafts Scholarship.

We wish you success in the future.

HINTON...

THE SMUG LOOKING GAL on the left is easily recognized as former Editor Adé, who last Tuesday was presented with the three certificates of merit from the Alberta Better Newspaper Competition for 1962-63. Mayor Bill Switzer made the presentation on behalf of the Alberta Newspaper Association, as a part of the not-so-regular business at the meeting of the Town Council on September 24.

Tributes to Teddy Young

Further tributes to the late Teddy Young of Peers have been received in his memory from Mr. and Mrs. Townsend, Judge and Eddie.

Donations to the Cancer Society in his memory from Mac [illegible] section from others outside the Branch are will [illegible] list to say too much about them lest we confuse or embroil.

This write up is shorter than we expected it to be because of the fact that most entries were in the field of painting or ceramics. We would appreciate it if you would contact Mr. Whyte or me during our next visit to Edson and ask us for criticism, etc., when it will be easier to talk at length about the various aspects of each piece of work.

The Division was heartened by the ceramic entry, but was disappointed in find no entries in the fields of basketry, leather, copper, batik, for example.

We would like to congratulate the Edson Craft Centre on their success and their winning of the Visual Arts and Crafts Scholarship.

We wish you success in the future.

Drama group casting begins October 8

The Edson Drama Group met for the first time this season on Monday evening. There was a disappointing turnout, but plans were made to produce eight short plays the first week in December. This would let practices be finished before the Christmas rush season begins.

The plays will be in the form of excerpts from longer, well known, dramas, comedies and tragedies. It was felt that the short plays with smaller casts would make for more flexible practice hours for the participants.

Casting for the plays will begin on Tuesday October 8 in the High School. It would be appreciated if anyone who would like to act in the plays or help in any way with the production, would make an effort to attend. More information can be obtained by phoning Randall Murray at 723-3051 or 723-3564.

The Edson Leader

The Voice of Edson Constituency

and WESTERN WEEKLY SUPPLEMENT

First Section — Edson, Alberta, Thursday, October 10, 1963 — Vol. 11, No. 40

THE CHAMPION EDSON ORIOLES of the North Western Ball League didn't have too much trouble taking the cup from league leading Hinton Hi-Briton in their best of five series. The "kids" of the League the Orioles are, back row from left to right: Mick Antonenko, Ken Antonenko, Dave Bernhardson (Anbar), Dave Antonenko, Ray Lowen and Roger Yeomans. Front row left to right are: Al Legare, Ron McNiven, Gene Pruitt, Jerry Trautman and Burton Rowan.

Edson building permits up over half million

After a relatively slow start, building permits issued thus far in 1963 total $610,185. The figure is well above the figure of $350,180 for 1962 and is a sign of Edson's continued growth

Commercial permits this year include the Tourist Centre Motel, J&K General Supply, Murray's Super Value, Mills Furniture addition and two duplexes and apartment building, by Rempel Homes.

Residential building was down this year. Only the [illegible] High School at $144,625 could be called [illegible] construction Organizational building the proposed Grace Lutheran Church estimated at $37,500

Figured of the better than half million dollars in construction for which permits were issued was made [illegible] building alterations, private garages, etc

Hinton site of Optimist Zone Convention

The Hinton Optimist Club will play host to other Optimist Clubs located north and west of Edmonton at a Zone and District convention to be held at the Athabasca Valley Hotel Saturday October 19

Approximately 100 out-of-town Optimists are expected to attend Business sessions will be held Saturday afternoon, followed by a banquet and dance Saturday evening Providing music for the dance will be the local Venture's

Guest speakers at the convention will be W. H. Sawyer, Personnel Supervisor, North Western Pulp and Power, and Mayor Wm. Switzer. The Lieut.Gov. of Zone D, and Governor of District 13 may also be in attendance.

Mill tours will be arranged on Sunday for those attending the convention

JULIANNA MATURIN, above, has brought honors to herself and her school by winning the Governor General's medal for the Edson inspectorate. The medal is awarded annually to the grade nine student having the highest aggregate marks for the six subjects in the departmental exams. There were in excess of 300 students writing the grade nine departmentals last June.

The Edson grade nine class has a very good record, having won medals for the past three out of four terms. Past winners include Gerald Sutton, Carole Bradberry and Ronnie Pinder.

Arena plebiscite vote coming up next Wednesday Oct. 16

Interest in the proposed arena is not extensive judging by the lack of turnout to the public meeting called by the Town for Monday night.

Only a handful of citizens turned up to the meeting in the Legion Hall and there were no citizens present who were against the project judging by the interest in the model of the attractions on display. The model will be on display in Workingman's Clothing until October 14.

The proposal to construct an addition to the Edson Skating Arena building, install artificial ice plant and to make a general modification to the building at a cost of $149,400 has been favorably received since serious discussion of the project began about a year ago.

The vote on next Wednesday, Oct 16, is to get approval of the property owners to issue the debentures and give the Council authority to repay the contract over 20 years at 6 per cent interest. It will mean a modest increase in property tax of in the neighborhood of three mills.

Voting next Wednesday is from 1an o'clock in the morning until seven p.m. under the supervision of Returning Officer Peter Serdiuk. An advance poll will also be held in the Civic Building Thursday and Friday, Oct. 10 and 11 from two until five in the afternoon.

The two place ballot calls for an "X" in the space opposite "For" or "Against" the by-law.

C of C starting fall meetings

The regular meeting of the Edson Chamber of Commerce will resume the fall series of supper meetings at the Commodore Banquet Room next Wednesday, October 16 at 6:30 p.m.

A local speaker is being arranged for to give a talk on local problems

SCHOOL FOOTBALL SERIES

Hinton boys played host to Edson on Saturday for the first two flag football games. Hinton took the first game by the score of 18 - 8. Edson came back in the second game to win exhibitedly by 12 - 6

Small audience attends variety show

BY IRENE BOCHEK

The Optimists benefit variety show on Friday, Oct 4th was poorly attended. It was felt that the eminently deserving cause that evening might have deterred many from attending.

Mr Jim Bell was the genial master of ceremonies, interspersing jokes and some fine accordion playing with the numbers on the program.

Mrs. Elsie Pynur and Mr Eddie Romaniuk led the program with two well received songs, accompanying themselves on the autoharp and guitar Mr Reid reminded the audience that their records were available downtown'

Miss Beverly Cressman displayed fine talent when she played a rippling tune on the piano, followed by Elizabeth Karen and Shirley Collin with an accordion trio act. Selections chosen were The Battle Hymn of the Republic, Over the Waves and Sidewalks of New York.

The audience was indebted to Mrs. T Findlay of Jasper for transporting her daughter Brenda and Miss Pat O'Rourke to Edson to participate in the variety show. The two girls opened the program with their fine dancing. Besides the highland fling, the Sailors Hornpipe and the sword dance, the girls danced individually, with Brenda finishing a merry Irish jig, and Pat a fancy dance the Flora MacDonald Mrs O'Rourke travels to Edson each Saturday to give the youngsters of Edson an opportunity to learn high land dancing, and is at the Optimist Boys Center every Saturday at 2 p.m

Others on the program included Miss Sandy South who demonstrated a very clever arrangement of a tumbling routine.

Mr Ernie Fowler was a real crowd pleaser with his rendition of a Dream and The Preacher and the Bear He was accompanied on the piano by Mrs G MacLean

Misses Iris Potter and Kaaren Kerkman pupils of Mrs MacLean played a piano duet followed by Miss Brenda MacDonald dancing the Charleston

While Shirley and Karen Collin played Bic Pierde on their accordions. Miss Elsie Collin displayed some fast baton twirling. This was followed by Mr Reid's banjo from 1 cmp 20 who played two tunes selections Mr. George Collin accompanied him on his home with Jim Bell also joining in on the accordion.

Mrs Heidi recited and sang two skits, one for the adults and one especially for the children

With the program complete it was time for the Venture's to take over for the dance which followed.

Council asked to organize plebiscite on public library

A letter from the Edson Association Library Board was placed before Council at their regular meeting on Tuesday, October 1, pointing to the need and requesting that steps be taken toward establishing a public library under the Libraries Act.

The Board letter said that it was the intention of the members to circulate the necessary petition for later presentation to the Council requesting the present voluntary library be changed to a status.

Edson's library is completedly staffed at present by volunteer workers and it is felt that enough volunteers may not always be at hand and that authority should be obtained to eventually be in a position to hire staff if the occasion ever arose

Present at the meeting were Mayor Wm Brunelle, Council lors M. F. Collin, W. F Kurtz man A Goldstick M Meade L Scott and P W Wells

The report of Returning Officer Peter Serdiuk confirming the election by acclamation of Abraham Goldstick and Percy M. Wells as Councilor for 3 year terms. Merton A Collin and Welton F Teddy as School District Trustees for 3 year terms for the Edson No 1 District

Mayor Brunelle congratulated Councillors Goldstick and Wells on their re-election as Councillors commending them for their devoted service to the Town and recommended that Committees of Council continue as set up for the past year.

Mr. Thomas Clark addressed Council with respect to the Caterpillar tractor repair shop and storage proposed for a site in the S W ¼ 23-53 17W5, which proposal had been disapproved by the Department of Highways as not being a highway commercial development permit permitted in such a site, setting out that Council approval to such development could handily decision of Department. Mr Clark was advised that the Town would prefer to see such development in Town that land is available, and that on those grounds approval of Council could not be given

The application of Hubert Peter Maris and Eunore Mae Maris to purchase Lot 20, Block 10 and related develop

1964 ACADIAN

ACADIAN FOR 1964 introduces an all-new automobile as the top three series in the line. The new car — the Beaumont — comes in a new size that is shorter, narrower and lower than regular size cars. Acadian Beaumont offers virtually full-size luxury car roominess plus smooth, level ride and fine car feel. Most Acadian Beaumont interior dimensions are well within one inch of regular models. The long, low, unclutttered look is stressed and the new series is identified as a member of the Pontiac family by the divided grille. The top three in Acadian are now Beaumont Sport Deluxe, shown here in the coupe which is equipped with bucket seats and floor-mounted shift, the Beaumont Custom and the Beaumont.

KEEP YOUR NOSE OUT

Do you want a law and a policeman telling you how much milk you can drink, how many potatoes you can eat?

Should each of us have in constant attendance a government nursemaid to supervise everything that goes into your mouths?

Many Canadians obviously think so because they are so sheepishly going along without protest on so many ideas put forward for regulating our lives, for passing laws, for chopping away the right which many citizens still believe in — the right to go to heaven or hell in their own way.

Our concern is stimulated by a couple of doctors who, in a piece in the Canadian Medical Association Journal, urge, or imply, that another "potent medicine" should be put on the banned list and made available on prescription only.

These medicos report two cases of "bromide poisoning." One patient had been upping his daily intake of Bromo Seltzer to a bottle a day. The article refers to a second case of a women taking Nytol pills — up to 10 a day.

Along with doctors we regret that those people had worked their way up to such wildly monumental doses.

But then we also regret the predicament of people who drink one or two bottles of whisky a day, or too much beer, or who eat too much of anything, or who are excessive maniacs or sloth maniacs or any kind of addict who indulges — in anything — to ridiculous extremes.

But the frenzy with which many people want to pass laws and manage the lives of other persons is also a disorder.

It would be most regrettable indeed if hundreds of thousands or millions of people began swigging a whole bottle of Bromo Seltzer every day.

But let's go easy on passing more laws about anything and let's be careful about common sense.

A QUESTION OF PEOPLE

In the near-century since Confederation, Canada's population has increased six-fold to reach an expected 19 millions at the end of the present month. But, in the 1960's as in the 1800's, Canada must be accounted the world's most underpopulated country, her boundaries encompassing as they do a greater land area than those of any other nation save only the Soviet Union.

This may well still be the case of a century hence, but in the meantime those privileged to live in Canada have a clear responsibility to see to it that national policies facilitate the entry into — and settlement in — this country of as many men and women from elsewhere in the world as can be reasonably absorbed in a given year. And this is a responsibility not to be taken lightly, rooted as it is in national self-interest and in moral obligation to the rest of mankind.

How many immigrants can we absorb annually? Not as many certainly, as the more than 400,000 who came here just 50 years ago, in 1913. Our economy is nowadays much too complex and sensitive to allow such an influx without condemning many of the newcomers to hardship and disillusionment.

But half this number annually over the next few years is something else again. An intake of between 100,000 and 200,000 — which is to say around one percent of our population — ought to be well within our capacity and have an entirely beneficial impact on the economy.

As it is, we have not come anywhere near this figure in recent years. Indeed, the trend has been all the other way to the point where the 74,000 immigrants who came to Canada in 1962 were counterbalanced by the loss of an equal number who emigrated.

Letters to the Editor

Dear Sir:

How come an adult must be required to prove his ability to operate a motor car, have a driver's license, pay fees eye sight etc., etc. while any kid capable of wheeling a bike and many who are the youngest beginners are allowed to run at large.

We heard of an instance recently that could well have resulted in tragedy. Apparently racing on a busy main street two kids decided to meet a car — one on either side.

The car had the turning light flashing and luckily had almost come to a stand still when the bike on it's right collided with a front fender. Boy and bike hit the dust with no injury to either.

Stories like this cause one to wonder and tend to back up the theory that accidents don't happen. They are caused thru foolish reasoning and carelessness.

A short time ago we saw a very small girl trying to cross a street on her shiny two wheeler. We say trying because she fell three times before finally getting safely. One gravel truck and three passenger cars were forced to stop in avoid hitting her.

The child was so engrossed with keeping the bike in an upright position that once she did manage to get moving she apparently forgot the traffic and a fourth car stopped.

We all realize the importance of keeping an alert watch for young cyclists, but unless those children do their part and where in a responsible manner they should be forced to have their bikes at home.

One habitual offender when reprimanded by a motorist, replied, "Oh don't worry about me mac. I'm just like a cat — nine lives you know."

Bothered

HUMOR COLUMN

The little six-year-old was making her first visit to the country. The farmers wife was taking her around the farm showing her the place. She saw the chickens, the garden, the barn, and ended at the pig pen where an enormous sow was wallowing in the mire.

"Say, isn't she?" asked the farmer's wife.

"And I know why," replied the girl. When I saw her yesterday, she had some little pigs blowing her up."

☆

Joke of the Week

"Soon you'll become a widow. But don't worry—you'll be acquitted!"

"People who smoke in bed should take extra precautions"

CAPITAL REPORT

SOCRED MEMBERS MEET FOR CAUCUS

BY JOHN WARREN

EDMONTON — All but three of the province's lowly Credit MLAs, which means very close to being all but three of Alberta's MLAs, met in Edmonton last week to thrash over a few ideas that will be heard at the spring session of the Legislature.

They also took some time to discuss strictly party affairs, and there were reports that Premier Manning may be considering adoption of an idea that has proved remarkably successful in much-maligned Saskatchewan politics.

It is the holding of cabinet meetings at various centres through the province. Such a move would follow last year's introduction of public seminars in different parts of the province. Those gave cabinet ministers, local representatives and the voters a chance to discuss local issues on a fairly informal basis. They also, of course, give the government and the party a chance to let the people of all parts of the province know just how concerned the thinkers in Edmonton are about each individual's problems.

The only representations missing from the caucus were Gordon Taylor, highways minister, John Landeryou, Lethbridge and Mrs. Cornelia Wood, Stony Plain. With 10 new members Social Creditors will occupy 57 of the Legislature's 65 seats.

Mr. Manning told the assembled MLAs that the other two provinces are watching formation of Alberta's municipal police force with increasing interest and may use it as a model for similar agencies. Although much of the groundwork has been completed here no date had been set for start of operations.

The caucus also discussed formation of a committee to study government expenditures and an announcement of its make-up and terms of reference is expected from Mr. Manning's office soon.

PREJUDICE FEEDS ON ITSELF

Contrary to what a good many Canadians seems to assume, a spokesman for a large ethnic group argues that in this country there is very little discrimination against immigrants. Clarion Carels, president of the Italian Community Education Centre in Toronto, expressed this view to the Ontario Conference on Inter-Group Relations.

In reply to the criticism — a criticism voiced by a native Canadian — that newcomers are forced into particular types of work, Mr. Carels commented: "A man will follow the path of his countrymen since it is they who give him leads to jobs." Newcomers find it easiest to obtain labouring jobs, he added, because the higher skill of the Italian immigrant, of course, but there would be less if the majority would take it for granted that most of their neighbors are quite willing to accept newcomers at face value. Prejudice is an evil that feeds on itself.

Ian McLaughlin, chairman of the Northern Alberta Development Council, described the achievements of the council at the 10 meetings it has held through the north since its establishment (problems of homesteading, Metis and road development were among the key topics.

Municipal Affairs Minister A. J. Hooke and Provincial Treasurer E. W. Hinman told the caucus every attempt would be made to hold the line on the foundation program for education financing. New assessment and a boost in oil revenues may cover the forecast increase over last year's $90,000,000 education cost.

A government study has shown that next year's provincial budget may run as high as $300,000,000 but it is hoped revenues will increase accordingly and enable the government to carry out another year's spending program without deficit financing.

The $6,000,000 increase expected in education spending next year is only a small portion of the $500,000,00 which education is likely to require during the next five years.

The effect of new vocational schools on the rising cost of education was discussed and will be carefully studied, said Education Minister, A. O. Aalborg. He said the schools will be operating to their full 10,000 student capacity by next year and indications are they will be more expensive to run than standard classes.

Last week also saw the deadline for obtaining immediate coverage under Alberta's medical insurance plan extended to Oct. 15.

Premier Manning said the switch from Oct. 1 was necessary because of a last-minute flood of applications.

Persons who registered for the insurance subsidy indicated by those who paid the fee came on less than $200 last year) must wait three month after the deadline for coverage.

The happy couple above is Mr. and Mrs. Gus Jonson

They are taking delivery of the first 1964 Meteor to go to Hinton on Meteor Show Day at Waterloo Motors, to Edson, on October 6th. Mr. Jonson has owned seven other Ford products, as well as other makes, but he states that the '64 Meteor is the best car buy in any class this year.

BY DEW

The election is over, speech es and everything. The following students will guide our affairs for the coming school year: President, Rowan Galbraith; Vice President, Kenny Walker; Secretary, Barbara Marshall; Treasurer, Reynold Rothleiter; Boys sports director, Teddy Wortan; Girls sports director, Vivian Mehlen. Room representatives are: 12A, Karen Foss helen; 12B, Rick McCardle; 11A, Betty Warkentine; 11B, Kenny Jarvie; 11C, Colleen Iwanchewski; 10A, (give me your name and I'll put it in next time. Sorry); 10B, Wil ss Galbraith; 10C (the same applies, sorry too); 10D, Terry Rutherford. The unanimous vote on Tuesday and discussed the FROSH problem Will always remember Aldo Gambin's speech. Quote "We had a very good year. . ." Funny how it brings out the hidden talents of those quiet people.

☆

The sixty-four dollar question in the shop class. "Who walked off with two of the chisels?" (Sarcsin)?

☆

The Vespers are going to put on another dance in the Parish Hall on Friday. We sure enjoyed the last one so let's really twist tomorrow at the Hall.

☆

Hear the Baby Wayne's mother is taking a vacation to the States. Have a nice trip, Mrs Mullet and have fun Wayne (batching).

☆

I think that I should explain what flag football is. My mother says "Do you use a flag instead of a ball?" Flag football is just a gentle form of football. All the players have flags or strips of cloth or pieces of rope in their belts or back pockets. In order for the ball to be dead the flag of the ball carrier must be pulled out of his pocket. Mothers might have to sew on a few more pockets but Junior does not get hurt so bad unless he tries to block Mike.

☆

Only two days of school next week, Tuesday and Wednesday. Monday is Thanksgiving and on Thursday and Friday the teachers get a much earned rest at their convention (from teaching, I mean) This will give the Grade 11 time to think up things for the FROSH panel tues.

☆

Congratulations to Julie Masurin for winning the Governor General's Medal for the highest marks in Grade 9

☆

I always like Thanksgiving, turkey, pumpkin pie and all the trimmings . . kids going out of town for the long weekend and former Edmonites coming here. . . nice, huh?

MAIN DRAG.

Make Pulaski wayne he'd store rather of had the rifle the Boston Pish & Game Association were raffling but but his wife was real pleased he had won the second prize Arctic mount instead.

With only four games needed to decide the World Series winner this year there were less than usual Kenosee pool winners. Twenty five dollars richer on the Kins is money raiser; proceeds were Mrs. Ida Goodrich, Mrs. Peter Mrs. Denis Bass and Mrs. Mrs Jardine

Friends of Mr and Mrs. Harry Hollings were happy to learn they will not be leaving this fall as expected. The Hollings plan to move to Calgary in the spring, but had a chance to sell their house now and decided they should not pass it up. They then decided to go right away. How ever, plans were changed and they will now be making their temporary home with Miss Sadee Cuming who is recuperating from surgery.

—Mrs. Mary Gavin is back on the Main Drag, full of enthusiasm for the Welcome Wagon conference she attended recently at Red Deer.

Aerial tramway under construction on Whistler

JASPER—

By the spring of 1964 every body will be able to see, and appreciate the magnificent view from the top of Whistler Mountain Construction of the Jasper Sedan lift is going a head very rapidly. The lower terminal of the lift is situated west of the ski chalet.

The clearing can be seen from town with the naked eye. Footings have been poured for the lower terminal. The right-of-way has been cut for the lift, which starts at an elevation of 4,300 feet, and rises to the very top of the mountain.

A late road is now completed and the work on the finished access road is progressing

It is expected that this Aerial Tramway will add a great deal of interest and enjoyment to all who visit Jasper

Those most interested in the progress of this enterprise seem to be very happy with the speed with which the work is proceeding. So far the weather has played a big part in assisting the contractor to be able to carry out his daily quota of work.

Between April, 1946, and April, 1963, farm employment in Canada declined from 1,180,000 to 610,000.

Last year Canadian smokers paid Ottawa a total of $362 million in tobacco taxes.

Thanksgiving

More than three hundred years ago the members of the Plymouth colony, after a terrible winter in their new homes, set aside the twentieth of December, 1621, as a day of Thanksgiving for the bountiful harvest that the Lord had sent them. From time to time other colonies appointed a day of Thanksgiving, and some of them kept it every year.

President Washington set aside such a day twice during his administration, and President Madison once at the close of the war of 1812. Then various states began to observe the day every year. It was not until Lincoln proclaimed the fourth Thursday of November, 1864, as a day of solemn thankfulness that the presidents began the custom of proclaiming the last Thursday in each November as a day of national Thanksgiving.

In Canada, the day is always the second Monday in October.

For the early Pilgrims it was the only holiday in all the year. They thought all such rejoicing, even at Christmas, was very, very wicked. However, to be saved from starvation enlivened even their stern hearts.

They planned a big dinner and the governor picked four men to go out and hunt enough wild turkeys for every one. They brought in such a load that when the women saw them they too were inspired to go to work making hundreds of pies and pudings.

Some of the Indians thought it would be a pleasant party to attend, so they came at their own accord, and brought such huge pieces of venison as their share of the feast that the merry making lasted for three days instead of one, as planned. The Indians danced their war dances by way of being entertaining and the colonists dropped the sad tones they had worn for at least a year, and played the games they had learned in Merry England.

So the good old custom started. There was not always enough food for a feast, and sometimes the Indians, instead of coming to join in the fun, stood behind bushes ready to shoot the white men down. Those were the days when you carried a gun even when you went to church and kept it near your hand

The country was gradually settled and times grew easier. Today there is no turkey in our land where the day is not kept and always after the manner of that first Thanksgiving Day.

We go to church in the morning and then come home to a dinner of turkey, with cranberry sauce and pumpkin pies to remind us of those brave farmers who were so thankful for their first good harvest in a new land.

REWARDING CAREERS IN THE RCN

With an important role to play in the defence of Canada and the preservation of peace, the new ships, new weapons and new equipment of Royal Canadian Navy offer new opportunities for young men to serve Canada in the uniform of the RCN

Navy life has its rugged aspects, but it also has its compensation and rewards: travel, good companions, first class training in useful trades, free uniform and free medical and dental care.

To join the Navy you must be between 17 and 25 years of age, physically fit, with grade 8 education or better.

For further information talk to your nearest Naval Recruiting Officer at 9947 - 109 Street, Edmonton, Alberta or telephone GA5 1473

JUNIOR CITIZEN AWARD WINNER

STEPHEN KOVACS

JASPER PLACE, ALBERTA

At a recent meeting of the Jasper Place Chamber of Commerce a well deserved tribute was paid to our sixteen year old award winner. It was an award carrying the fitting title "Young Giant" - given annually to a citizen of Jasper Place for outstanding achievement.

Stephen as you can tell is no ordinary boy. A victim of the tragic Hungarian Revolution, Stephen and his parents fled Hungary and eventually came to Canada.

Stephen knows what it is like to overcome the bitterness of having to leave his homeland. This knowledge stands him in good stead to help other new Canadian boys and girls.

He is secretary of the Senior Male Platoon of the Order of St. Michael - a position that enables him to help many teenagers with their problems by enlisting them in the educational, cultural and recreational activities of the Order.

He excells in swimming, and last year was awarded the Junior, Intermediate and Senior Bronze Medallion and Award of Merit. He is a Senior Leader in swimming and last summer entered all swimming meets in and around Edmonton.

He has completed his first year of training in a recreational leadership course and is a Recreation Commission instructor at the Jasper Place Swimming Pool.

He's a good student too, and a boy who knows what it means to give of himself to his community.

We join with the editors of Alberta's weekly newspapers in extending congratulations and best wishes to Stephen Kovacs.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledges the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to M. St. Jean de Brancaville, Grand Master of the Order of St. Michael and to the Editor of the Jasper Place Suburban Times, who nominated Stephen for the award.

Lutheran congregation turns sod for new church

Ground breaking ceremonies marking the beginning of the construction of a new church were held as part of the Sunday morning worship service last Sunday by Grace Lutheran Congregation.

The first portion of the service was conducted as usual in the Christian Reformed Church, 45th St., and 7th Ave. The congregation then proceeded to the site of the new church at the corner of 46th St., and 7th Ave., for the ground breaking.

Speaking on the words of Matthew 6 verse 33, "But seek ye first the Kingdom of God and his righteousness," Rev. G. E. Mueller, pastor of Grace Lutheran pointed out to his congregation that "It will be a convenience, a joy, and a great help to the Lord's work to have our own facilities here in Edson, but the mere building itself is no assurance of a living, growing, congregation. We can only be the best possible tools in the Lord's hands, and serve Him best if we seek Him and His king dom first above all else."

The 36 feet by 62 feet concrete block edifice will provide seating for 175 worship ers. It will contain a full basement to be used for Christian education and fellowship purposes. The total cost will be $60,500.00. Fea tured at the front entrance of the church, facing 7th Ave. will be a tower 31 feet high topped by a cross made of three inch pipe. The building was designed by Mr. Fred Killaghell, Calgary. The con tractors are Heunisch Bros. Limited.

Two lots of the present church property were donat ed by Mr. Clifford Bell. Four more lots were purchased in the fall of 1961, two from Mr Bell and two from Mr Wm Overton at a total cost of $2,800.

Grace Lutheran, together with its sister congregations in the Edson Hinton Jasper parishes are mission congrega tions of the Lutheran Church Missouri Synod, Alberta British Columbia District. This church body began work in Edson in August of 1954, when Rev. E. J. Breyer, who was at that time pastor of Grace Lutheran, Edmonton, began to hold occasional wor ship services. He continued work here until his death in November 1957. In his mem ory the congregation chose the name "Grace Lutheran."

The Rev Robert Holstein, who arrived in August 1958 and served until December 1960, was the first full time resident pastor in the Edson Hinton Jasper parish, being stationed in Hinton. The pre sent pastor, Mr G. E. Mueller, began work in this parish in September 1961, being resid ent in Edson because of the growing population in this area.

Sisters hostesses for Hospital Auxiliary meeting

At the invitation of the Sis ters of St. John's Hospital members of the Auxiliary held their last meeting at the Hospital. Besides the reg ular business of the day, the ladies were shown two films by the Sisters the film which proved very interesting told about her discovery of in sulin. The other, entitled "Quality of a Nature" was on centennial celebrations neces sary.

It was noted at the meeting that Miss Barbara Rachel had been awarded the $100 Hosp tal Auxiliary bursary for this year. Barbara received the cheque from Auxiliary presi dent, Mrs. Rathbourne, during the scholarship presentation in the high school at the end of September.

The winners of the Auxil ary raffle were announced. The first prize, a rural filled quilt made by Auxiliary mem bers, Mrs. Aaron Burgland, was won by Mrs. A. Siegelaar of Edson. The second prize, a crocheted doily, was won by Mrs. Jack Waywika.

It was decided that Mrs. Rathbourne would attend the Alberta Hospital Auxiliaries Convention as the official delegate of the Edson branch. The convention will take place on October 16 and 17.

"The victory of success is half won when one gains the habit of work".

Edson Ministerials resume activities

The Edson Ministerial As sociation has resumed their activities by meeting the first Friday morning of each month.

Chairman P. Shoveller call ed the meeting to order and secretary G. Mueller read the minutes. Other members at present are D. MacPherson, A. Ver Berg, L. Hallbwell and K. Hurd.

Discussion centered around the forthcoming work of the year and some plans were formulated.

It was agreed to spend thirty minutes at the begin ning of each session hearing and discussing a paper pre sented by each pastor in turn on the particular construction of the denomination which he represents in the whole of Christendom.

Also plans were made to furnish a weekly devotional for the Edson Leader with G Mueller writing the first month beginning the first of November.

Adam'n Eve's Scrapbook

The city bus system was on strike and a good looking girl was desperately trying to get a ride to work. A young man whose car was filled, seeing her difficulty, stopped and suggested:

"Why don't you try waving a white handkerchief?"

"I'm just trying to get a ride," the girl snapped, "I don't want to surrender!"

☆

The city bus system was on strike and a good looking girl was desperately trying to get a ride to work. A young man whose car was filled, seeing her difficulty, stopped and suggested:

"Why don't you try waving a white handkerchief?"

"I'm just trying to get a ride," the girl snapped, "I don't want to surrender!"

☆

A salesman who fell in love with a cigarette girl, thought he should have a character report before popping the question. The detective's report ran: "Fine reputation, past with not a blemish, has a circle of impeccable friends. Only breath of scandal is that lately she's been going around with a salesman of doubtful reputation."

☆

"How did you happen to think of having an apple for your tradesman?" asked a customer of his butler.

"Well," replied the butler, rubbing his hands in the time worn good business gesture, "it hadn't been for an apple where would the clothing bus'ness be today?"

☆

A Texas oil man built a huge swimming pool in his yard as a birthday gift for his teen-age daughter. When he took her out to see the pool, a number of young men were swimming and splashing about.

"Oh, Daddy, you're wonderful!" she exclaimed. "And you have gone and stocked it just for me!"

Christmas mail dates released

Christmas mail for Britain should be posted by Nov. 30 (letters) and November 21 (parcel). Air mail deadlines are December 14 and December 11

For European countries, Letters, November 25; parcels, November 4; Air mail, December 13 and 16

For Australia letters, November 18; parcels, October 28; airmail, December 10 and 4.

New Zealand; letters November 18; parcels, November 7; and airmail December 11 and 9th.

At the same time a news release from the Postmaster General the Hon. Azellus Denis announces changes in postal rates for printed matter, registered mail, special delivery service, postal money orders and COD parcels. The changes for registration, special delivery and money orders will be effective on November 1st, while those for COD's and printed matter will not take effect until April 1, 1964.

Changes Effective November 1, 1963

REGISTRATION, presently varying from 30 cents to 60 cents, according to the amount of indemnity requested by the mailer, were last set in 1961. The new fees will vary from 35 cents to 65 cents.

SPECIAL DELIVERY: the fee for letters was last set in 1939 at 10 cents. The new rate will be 25 cents. In 1946 a fee of 10 cents was set for parcels. It will now be 35 cents.

To choose candidates by newspaper nomination

HINTON—

The method of electing the new executive for the Hinton Junior Citizens Overture Concert Associations was one of the main topics of business at a recent executive meeting held in Hinton.

After considerable discussion it was decided the best way to reach the 400 members of the Association would be to launch a nomination form in the local paper several times.

The association was organized in an enthusiastic group of volunteers who continued to work for a full year before it was felt that an election need be held. With nomination forms in and completed, ballots will be made up and members (members the first concert in November will be asked to mark up a ballot at the door. The ballots could then be filled out and deposited in a box at the door on the way out. Members are asked to check the nomination form also where in this paper.

Another decision reached at the meeting was that the association no longer feel they can refund the money for memberships of persons who move away from the area. As memberships are good for any course where there is an Overture Concert Association it was felt that persons who were moving away would be obliged to sell their membership themselves if they did not wish to remain Association members.

A financial statement of the association will be carried in an early issue of this paper.

Brian Homan killed in two car collision

HINTON—

Hinton residents were shocked and saddened last Friday to learn of the fatal accident at Jasper which took the life of 20 year old Brian Homan.

The two car crash occurred just after midnight Thursday near the pipeline houses on the outskirts of town. Killed in the collision as well, was Keith Metzger, 20 of Devon. Metzger was a passenger in a car driven by David Young of Edmonton.

Young, and a second passenger, Hugh Kerr of Edmonton, are in Seton Hospital at Jasper where they are reported to be in serious condition. All three men were employed at Jasper Park Lodge and were returning to the Lodge from Jasper at the time of the accident.

Another Hinton boy, 20 year old Robert Scragg, who was following Brian in a truck, narrowly escaped injury when he took the ditch to avoid the collision.

Funeral services were held from St. Francis of Assisi Anglican Church at 2:00 p.m. Monday, October 6. Father James Bhoel officiated. Pall bearers were Bob Crossley, Bob Scragg, Bid Alexander, Ken Bain, Ernie Bain and Bob Saucier.

Surviving are his father, Arnold Homan, sister, Diane both of Hinton, and brother Gary of Edmonton.

Hinton Funeral Home was in charge of arrangements. Interment was in the Hinton cemetery.

To choose candidates by Contract let for bridge over Fiddle River

GITTAWA

The Hon. Jean Paul Deschatelets, Minister of Public Works, has announced that a contract of $2,417,139 awarded to W. A. Yarnell and Company Limited of Kelowna, B.C. for the construction of a bridge over the Fiddle River, 2.8 miles [illegible] on the Jasper to Edson section of the Yellowhead Trail Highway.

The bridge will be about one mile west of the Grand Park gate and will eliminate the present tricky Fifty Creek curve.

The firm submitted the lowest bid of eight in response to advertising for public tenders which closed on September 17, 1963. The highest bid was $2,865,240. The work is to be completed by June 30, 1964, and is for the Department of Northern Affairs and National Resources.

An existing truss bridge is to be demolished following the completion of the new street are which will be 162 feet long by 44 feet wide. It will be constructed with pre-stressed concrete beams and will have a guard rail down each side.

Piles and specifications were prepared in the Design Branch of the Department of Public Works at Ottawa. District Engineer [illegible] is responsible for supervision of the work.

FRIENDS OF ODIN AND NELLIE FIELD will be sure to circle next Tuesday, October 15 on their calendar as they won't forget to attend the Red Cross Blood Donor Clinic and "give their pint". The reason for the reminder is that both Odin and Nellie can probably say that they owe their lives to the transfusion service. In 1955 Nellie had a series of operations and as a result of hemorrhaging had blood transfusions to a total of ten pints. Last spring Odin underwent two major stomach operations following a bad bout with perforated ulcers. Before and during the operations he received a total of twenty pints of blood. Needless to say the Fields and their family are overlastingly grateful to the unknown persons who took a few minutes to donate blood to some other blood clinic. Make it a point to attend the clinic in the Legion Hall, next Tuesday from 2 to 5 in the afternoon and from 7:30 to 9:30 in the evening.

The office manager frowned at the clerk. "But someone has to get the work done."

He said, "I'm afraid you're ignoring our efficiency system."

☆

"Maybe I am sir," admitted the clerk, "but someone has to get the work done."

He said, "I'm afraid you're ignoring our efficiency system."

ANNOUNCEMENT

Mr. and Mrs. Edward T. Dunkin wish to announce the engagement of their daughter Gail to Mr. Donald George Lansberry. The wedding will take place on November 9, 1963 in Edson United Church.

HOWARD J. MITCHELL

Vancouver, B.C. has been elected President of The Canadian Chamber of Commerce at the national business organization's 36th Annual Meeting in Quebec City, Quebec, on October 6, 7, 8, 9, 1963. He was formerly First National Vice-President. In business life, Mr. Mitchell is President and Founder of Mitchell Press Ltd. specialists of periodicals, mainly in the business and financial fields, and commercial printers. Born in Ship Harbour, N.S., in 1902, Mr. Mitchell was educated in Vancouver and at an early age entered the newspaper field. He was a reporter on the Vancouver Province and Business Editor of the Vancouver Sun. A veteran in Chamber of Commerce work, he has served on many national and international committees of the Canadian Chamber. He takes over from Victor Oland, Halifax, former President of The Canadian Chamber of Commerce.

The owner of the Provincial Planning Advisory Board refusing the appeal of Jacob L. ... and confirming and re-... decision of Coun ... in refusing to grant a development permit to erect a dwelling on Lots 25 and 26, ... Block 7 was placed before Council.

Development permit for a proposed dwelling to be erected ... Lot 21 Block 7, as submitted and on a basis of his sub ... as to services was ... seconded.

... undertaking of Reupel ... with respect to sub ... mission to plans for proposed ... apartment on part of Block 8 ... and related matter was placed before Council.

... he submission of Westliners Investments Company Ltd re ... questing an extension of the ... exercise date as to option to ... purchase the south easterly ... portion of Block 9, in view of ... a delay in obtaining consent from C M H C was placed before Council.

Council decided in view of the Company to grant West... ners Investments Company Ltd., a further extension of time to October 31, 1963, in which to submit a firm undertaking with respect to plans and option on the north-easterly 250 feet by 199.7 feet of Block 9.

Moved by Councillor Kortzman that the Secretary be directed to appeal the assessment of part S.W. ¼ 34-52-17 W5, being Willmore Park, that it be requested that the parcel be ... exempt in view of the fact that it has been wholly dedicated as a public park.

Messrs. V Chulak and H Armstrong are to be employed as rink caretakers for the season of 1963-64 and that such additional assistance as may be required be recruited from the Town staff.

The submission of Vernon McLeod requesting approval of Council to the placing of a C N R bunkhouse building 34' x 12' on Lots 29 and 30, Block 5, pending decision to incorporate it in a dwelling, or otherwise use, was placed before Council. It was moved that Mr. McLeod be required to submit firm plot and building plans and undertaking with respect to the use of the building proposed to be moved to Lots 28 and 30, Block 5, before Council can give consideration to such proposal.

A petition signed by four local barbers, accompanied by statutory declaration, request ... modifications of Closing By-law No. 692 and to provide that barber shops be closed each and every day of the week at six p.m. except Wednesday, and at one p.m. on Wednesday.

The petition from several barbers being in proper form and in accord with the provision of the Early Closing Act, the Secretary was directed to publish notice as required under the said Act indicating Council's intention to pass a By-law amending By-law No. 692 providing for the closing of barber shops, as a class of shop, and as requested in the petition to Council.

By-law No. 1004, providing for issuance of debentures in the sum of $36,300.00 for the purpose of constructing and repairing street paving, curb and gutter and sidewalks on Main Street between 1st Avenue and 4th Avenue, and on 1st Avenue from 50th Street to 51st Street, was read a first time. The Secretary was directed to forward the said By-law to the Town Solicitor for submission to the local Authorities Board.

By-law No. 1005, providing for the cancellation of the special frontage assessment imposed by By-law No. 781 for the year 1962 against those lands fronting on Main Street between 1st Avenue and 4th Avenue was read a first time. The Secretary was directed to forward the By-law to the Town Solicitor for submission to the Local Authorities Board.

The report of the Health Inspector with respect to bacteriological water report, indicating satisfactory conditions, was placed before Council.

A letter from the Workmen's Compensation Board with respect to ... of $6824.13 earned by the Town in 1962 was read.

Moved by Councillor ... that accounts as read be paid Carried.

The matter of street lighting additions was discussed and the Utilities Committee was requested to bring in a report and recommendation.

Council granted its approval to a replot of Lot 4 and 5 in Block 36, whereby a portion of Lot 4 (being a parcel held by the Town as park and sewer easement) and being 7 feet wide by approximately 112 feet long, along the north east boundary of the said lot was given to the owner of Lot 5, in the said block in exchange for a rectangular portion at the north-west corner of the said Lot 5, subject to the owner of Lot 5 paying the cost of legal survey. The Secretary was directed to proceed with necessary steps to the implementation of such exchange.

"A people may prefer a free government, but if, from indolence, or carelessness, or cowardice, or want of public spirit, they are unequal to the exertions necessary for preserving it — they are unlikely long to enjoy it" John Stuart Mill.

10¢

Arena plebiscite fails to get two third vote

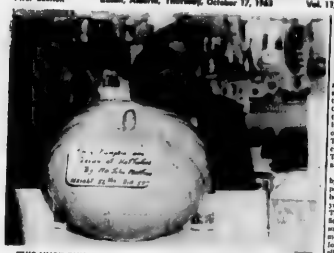
Not enough of the 275 property owners who voted Wednesday on the arena modernization plebiscite were in favor to pass the by-law by the two-thirds majority needed.

Yes votes totalled 145 for the by-law to make 52.27 per cent while 130 citizens voted against the by-law for 47.27 per cent.

The project had been estimated to cost $140,000 by the engineers and would have included artificial ice, more seating, permanent walls etc. The Town would have to have issued debentures for $135,000 over twenty years

According to Returning Officer Peter Serdiuk, if enough interest is shown the plebiscite can be put to the people again in next year's civic election.

Following the vote comments we have heard range all the way from "I have no kids who could use it" to "Well my children never seem to have been able to skate in the old one they're always flooding for a hockey game or something." The sports minded all feel a bit badly about it judging from comments after the vote.



THIS HUGE PUMKIN all 56 pounds of it, was grown by Mr. John Mattson at Hattonford. The enormous pie filler measured 57 inches in diameter. Mr. Mattson, here standing behind his pride and joy, brought it to Edson where it has been attracting a lot of attention on display in Bud's Supertobacco and this year had the same good luck with tomatoes, huge cabbages, etc. that seemed to prevail over most of the district.

—Leader Photo

Lions Club to canvass for CNIB Funds

The Edson Lions Club are asking the co-operation of Edson citizens when they conduct their canvass for funds for the Canadian National Institute for the Blind. A canvass of the business section will be carried out this Saturday, October 19. The residential areas will be canvassed next Wednesday and Thursday evenings, October 23 and 24.

Through the funds provided by Alberta citizens 1537 blind people in this province were helped by the CNIB in the year ending March 31st, 1963. This help was given in various fields including, home teaching, social services, library, employment, concessions, residences for the blind, supplementary allowances, correction.

A registration of basic information is also kept on each blind person known in the province.

Give generously when the canvasser calls.

BOB VAN KOUGHNETT stands behind a real "spud" that he picked up at the Jack Welbourne farm. The specimen is of the Norland Gum strain and needless to say is an oddity rather than an example of what a good potato should look like.

—Leader Photo

Honored by baby shower

Mrs. Howard Soenes was a very surprised person last Friday evening when she called around to Mrs. Jack Soenes's home, to find a group of friends awaiting her. The reason for the gathering was a baby shower for Mrs. Soenes.

About 18 persons spent a very pleasant social evening the highlight of which was the presentation of gifts to Mrs. Soenes. Lunch was served to the evening.

Celebrates birthday

Relatives gathered at the home of Mrs. Jane Smith in Glenwood on Thanksgiving Day to help here celebrate her 77th birthday. A Thanksgiving dinner was enjoyed and "Granny" was presented with a purse of money.

Attending were Mr and Mrs. Jack Smith and family, Mr. and Mrs. Ken Smith, Mr. and Mrs. A. Cooper and family, Mr. and Mrs. J. Robinson and family, Mr. Mrs. Jane Peterson and family.

Guests Mr. and Mrs. Fl[illegible] Robinson and [illegible] all of Edson.

Absent [illegible] the family gathering was Mr. and Mrs. Jack Robinson and Mrs. Nelson Brady of Vancouver; Mr. and Mrs. Jim Smith of Brampton Ontario, Mr and Mrs R Gird ipor

Edson Locals

Mr and Mrs Jock Garvie spent the Thanksgiving week end in Edmonton and Mirnont, Alberta

Miss Robyn Stanton, accompanied by Miss Dianne Hamentuk of Red Deer, spent the weekend at the home of Rob[illegible]'s parents. Robyn is attending the MacTavish Business College in Edmonton.

Doctor Crawford guest speaker at C of C

Medical doctors have not always gotten their point of view across to the public, Dr J. C. Crawford of the Edson Medical Clinic told the regular monthly meeting of the Edson Chamber of Commerce in the Commodore Hotel on Wednesday evening.

Dr Crawford was pointing out in a talk on the medical point of view, some of the problems his profession faces. He emphasized that relationships with patients were excellent, but that the public image of doctors as a group was not as good.

He told the meeting, that the modern facilities for treatment of the sick combined with the fact that modern drugs such as the antibiotics make it preferable to admit [illegible] treatment at the hospital or clinic.

This, he felt, brought the criticism that doctors do not make as many house calls as the old time physician. He mentioned that the modern means available to general day physicians, while more impersonal perhaps were much more effective [illegible] the patient as well

SHIRLEY AND RANDY NIXON children of Mr. and Mrs. Ralph Nixon, proudly hold their outsize beets that were among the Nixon crop at harvesting time. The huge vegetables weighed 3 lbs. 6 oz. and 2 lbs. 10 oz.

THESE SIX Edson and district residents were among the 26 persons who received their Canadian Citizenship papers in Citizenship Court last Friday, October 11. In his short address of welcome and congratulations Judge Orval W. Alton told the new citizens that they had received the highest honor any country could bestow on a person. Following the ceremony the new citizens and their families were guests at a reception by the United Church W.A. Seated above are Mrs. Charlotte Urbansiak and Mr. Ernest Urbanisk of Robb. Standing are: Mrs. Elizabeth Maria Harmon of Marlboro, Mrs. Kirsten Viola Carter of Edson, Mrs. Elizabeth Brandenburg of Marcoal and Mrs. Inger Lis Davidge of Edson. In the background are members of the Canadian Legion Auxiliary Color Party who added color and dignity to the proceedings. They are left to right, Mrs. Margo Hosier, Mrs. Mary Lind and Mrs. Lillian Edwards. —Leader Photo

Robb and Branch News

Mr. and Mrs Bill Forsam of Flin Flon, Manitoba, were weekend guests of the Hoglins on their return trip from an extended holiday

The Frank Bird family left on Sunday to take up residence in Edmonton.

Mr. Jack Aldrich is away at present on a goose hunt

Due to the regular meeting of the Robb Community Association falling on Thanksgiving weekend, it was postponed till the following Sunday, October 20. It is hoped that members will be out in full force

The heavy frosts at night have taken their toll of local gardens but the days are just beautiful.

Mr. Elmer Johnson, foreman of Consolidated Salvage, now working at Cluff Valley suffered several broken ribs and internal injuries recently when he fell while on the job. He was rushed to Hinton Hospital by ambulance and at last report was recovering satisfactorily. Mrs. Johnson came from the city to be with her husband.

With the hunting season in abeyance for a short period, animals are closing in again and apparently have no fear. They not only take their time in cross roads, but give you a dirty look too. I know I had the experience both Saturday and Sunday evening. (I suppose in he News Report. Ed) Others have had the same trouble on the road between Robb and Edson as well as the Robb-Hinton road. A word in the motorists — drive carefully at dawn and dusk.

There is also a cougar supposed to be checking our camp in various places.

Old time residents, especially those at Mercoal who subscribe to The Leader, will be interested to know the Kemperville Brothers operating the mine at D.I. Mercoal, are already shipping coal. Let's hope they have all the luck in the world. Maybe, we old timers will be enjoying life together once more.

Several of our Branch residents have been out picking potatoes lately. Apparently the crop was real good. They have nothing on our local gardens though. Mr Ed Alcolo had a potato as big his wife had to cut it in four to get it in the pot.

The Branch saw many visitors over the Thanksgiving weekend.

Friends and relatives visited at the Charltons' Mr. Brand Jr. and Moffat's were at the Ilers Branches; Lan and Pat Keibe spent the weekend at Gary Cougers; Mr Castello and Peter spent Monday at the Kennedy's and Pat returned to Hinton with them Monday evening.

Mr. and Mrs. Lloyd Davies and family of the city spent Thanksgiving weekend with Mr and Mrs. Steve Orinsky and family.

Miss Margaret Beatty and James from Edmonton were visitors at her home at Mile 22

Deepest sympathy is extended to Rosalie Cuzzi in the loss of his father, Mr. Edmund Cuzzi Sr. at Entwistle.

The weather remains beautiful, complemented by a panorama of color. The oncoming hunting season with red jacketed hunters will add color to replace the fallen leaves.

Niton News

A Thanksgiving turkey supper in honor of the wedding anniversaries of Gerald McIlson and Mrs. Alex Russell (nee Geraldine Hakson) of Calgary. It also marked the birthday of Miss Jean Mahon and was enjoyed by the family Mrs Gerald Hakson's mother; Mrs. K. Peterson, attended from Niton.

Mr. and Mrs. H. Brownlee and family from Edmonton recently visited Mr. and Mrs. H Belzer. Mrs. Brownlee is the daughter of the late Mr and Mrs. J. Cartwright, and was raised in this district.

Niton Community whist was held at the home of Mrs E. Peterson. Ladies' 1st prize went to Mrs. Don Belzer. 2nd to Mrs. Fred Rosenchuk, consolation to Mrs F. J McCormack. Men's 1st to Mr Louie Mercopolis; 2nd to Fred Rosenchuk, consolation to A. Lidsoover The evening came to a close with a nice lunch served by Mrs. E. Peterson next whist will be held at Mr I. Mercopolis on October 18.

Mr. and Mrs. Peter Setzer and family motored to Rocky Mt. Bridge and visited Mr. and Mrs. J. Ellis and Marie then on to Whitecourt for a visit with Mr. and Mrs. Floyd Hosier.

Mr Jon Wings is spending a few days in Edmonton visiting his sister's Mrs. Russell Holdsworth and family and Mrs Ken McMullen and family.

Congratulations to Mr. and Mrs. J. Holmes of Edmonton on the birth of a son. The Holmes's were on from Ed monton and spent the long weekend at their place here

Mr. and Mrs. Cecil Wright and family were out from Edmonton and spent the weekend with Cecil's parents, Mr and Mrs. James Wright. They also visited his sister Mrs. S. Kjelland and family.

Mr. and Mrs. P. J McCormack have returned from a trip to Smith, Alberta, other points visiting friends and relatives.

THOUGHT FOR THE WEEK

There is no real wealth but the labor of a man. Were the valleys of silver, the world would not be one grain of mountains of gold and the corn richer; no one comfort would be added to the human race.

Post Office announces new Canada Goose stamp

Details of a new 12 cent regular issue stamp were announced today by the Hon. Acelius Denis, Postmaster General. The stamp is to be placed on sale across the country on October 30th.

The new stamp shows four Canada Geese in flight and will be printed in blue. The drawing of the four geese is the work of Angus Sheriff, noted ornithological artist from Winnipeg. The layout of the stamp is the work of Paul Arthur of Ottawa.

In addition to the four geese, the words "Canada, postes, postage" and the denomination appear at the low er edge of the stamp.

In making the announcement, Mr. Denis pointed out that the 7 cent air mail stamp showing a single goose had been very popular with philatelists and the public for many years. Since this stamp is being replaced early in the new year, it was felt that the Canada Goose should be kept on at least one of the regular stamps, both because of its popularity as a stamp subject and because it is the only su perfluent which bears the name of Canada.

The new stamps is of the large size, in a vertical format. The 15 cent denomination is used most frequently for air mail letters overseas and for parcel post.

The stamp will be printed by a steel line engraving process and will be in service for many years.

Of Canada's 4,882,000 occupied dwellings as of May, 1963, 3,600,000 were single-detached houses and 1,300 000 were apartments or flats.

Cubs and Scouts

CUB & SCOUT CALENDAR

"A" Pack meet Monday, 6.30 p.m. at the A. H. Dahlin School.

"B" Pack meets Wednesday 6.30 p.m. at the A. H. Dahlin School.

"C" Pack meets Wednesday 6.30 p.m. at th. Evergreen School.

Edson Boy Scout Troop meets Wednesday, 7:00 p.m. at the Optimist Boys' Centre. The Yellowhead District Council will hold their next meeting at Jasper, November 16th.

A Basic "B" Training Course for Scouters will be held at Williams Park, Edson, October 25, 26, and 27.

The Park Training Course held last weekend at the A. H. Dahlin School was very successful and encouraging both from the point of view of the instructors and the six teen would-be leaders who took the course. Adult self consciousness soon gave way to fun and enjoyment of Park instruction and games.

Jasper A Pack was represented by Lois Kaye, Art Dreyshyn and Irma Hopkins. while Ken Whitaker and Ed Leitch represented Provincial Headquarters, Edmonton.

Those close to the Wolf Cub Packs are always assured of the number of New Chums applying for membership in the Boy Scout Movement. In larger centers religious groups or service clubs may sponsor a Cloued Pack, but Cubs Packs are favored in small towns Here we have an Open Pack, which means that the boys are adopted into the Boy Scout family in receive the basic training in brotherhood, religious tolerance, and respect for his brothers-in uniform and to teach him to be a good citizen Hereby lies our strength

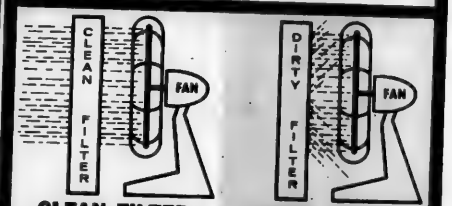
Dirty Furnace Filters will Rob Your Home of Heat this Winter!

Replace or clean the air filters in your furnace now—for the heating season ahead! Plugged filters cause loss of heat and may cause expensive damage to your furnace.

$1.9

THESE ILLUSTRATIONS SHOW THE IMPORTANCE OF KEEPING FILTERS CLEAN.



CLEAN FILTER
Clean furnace filters function correctly, allow the free passage of clean, warm air to heat your home. Your furnace works efficiently, gets the most from the natural gas you are burning.

DIRTY FILTER
Clogged furnace filters reduce the flow of warm air. The result: Loss of heat and possible over-heating of the furnace, which could cause serious damage, and entail expensive repairs.

HERE IS YOUR SEVEN-POINT HEATING SYSTEM CHECK LIST

1. **MOST FILTERS** are of the disposable type. Remove them and you'll find that you can clean them by a good shaking; or use your vacuum cleaner. If they obviously need replacing you can obtain proper-sized filters at filmware or department stores or from your local heating contractor. Permanent-type filters (Metallic Filters) should be cleaned and re-oiled as required.

2. **AT LEAST TWICE A YEAR** your furnace filters should be checked and cleaned. This can be a "do-it-yourself" project for the average homeowner. If you prefer, call your heating contractor, plumber or furnace serviceman and arrange for a complete heating system check-over.

3. **FURNACE MOTOR AND FAN** bearings should be lubricated to the manufacturer's instructions.

4. **FURNACE VENTS** should be free of any blockage and checked for state of repair.

5. **REGISTERS** should be cleaned of dust and foreign objects.

6. **LOOSE FITTING DOORS** and windows result in an overall loss of heat. Application of weather stripping will prevent this. But don't turn your house into a "sealed box". Some fresh air inlets are important to health and safety.

7. **FURNITURE** should be placed so that hot or cold air registers are not obstructed.

"The Church of the Lutheran Hour"

Mr. and Mrs. Fred Lyphie of Edmonton and the late of Mr. and Mrs. Fred Preer of Beaverlow.

Mixed bouquets decorated the church for the 2:30 p.m. wedding. Organist was Mrs. Sharpe and soloist was Mrs. O. J. Larson. The bride was given in marriage by her father.

For her wedding the bride chose a floor length gown of white nylon lace over taffeta with semi train flowing from a semi-circle of white nylon roses. A three strand crystal necklace and matching ear rings, a gift of the groom, completed her jewellery and accented the sculpted neckline of her gown. She carried a bouquet of red sweetheart roses. Her chapel length veil was held in place by a crown of matador braid with simulated pearls and crystal beads.

Bridal attendants were Miss Irene Lyphie of Edson as maid of honor, Misses Judith Lovell of Edson and Miss Carol Lotnick of Edmonton as bridesmaids. All three were identical dresses of gold acetate prom de net satin highlighted by sequin embroidery on the bodice front. The belted skirts were accented by a bow at the waist front. Their headpieces were comprised of circlets of nylon roses with circle veiling. Their jewellery was of three strand gold chains studded with pearls and with matching earrings. They carried white carnations set on a background of gold lace.

Five year old Brenda Bacon was flower girl. She wore a yellow nylon dress and carried a bouquet of mixed flowers. Eight year old Bruce Lyphie was ring bearer.

Groomsmen were Mr Dennis Pesetti of Lodge, Donald Lyphie and Berry Salmers of Edson. Ushers were Wilson Smith and Leroy Pesetti.

Receiving with the wedding party the bride's mother wore an afternoon dress of beige nylon with brown accessories and corsage of white roses. Mrs. Preer chose a gray two piece ensemble with blue accessories and white rose corsage.

The reception held at 4:00 in the Afternoon for 150 guests was held in the Anglican Parish Hall in Edson. The blending of the gathering was given by Mr William Pesetti. The toast to the bride was proposed by Mr William Tomchik, brother-in-law of the bride and answered by the groom.

For her honeymoon trip to Vancouver the bride wore a beige sheath with matching jacket of heavy rayon brocade. Her ensemble was accented by white accessories and a white corsage. The newlyweds are making their home in Edson.

Out of town guests includ ed Mr. and Mrs Wm Pesetti and family, Mr. and Mrs. Leroy Pesetti all of Leduc; Mr and Mrs. A. Kunkel of Stony Plain; Mr. Elmer Saari, Mr and Mrs. Walter Schmidek, Mr. and Mrs. Wilfred Schmidek, Mr and Mrs. Elmer Schmidek, Mr. and Mrs William Tomich, all of Hinton; Mr and Mrs Dave Bacon of Obed

Miss Janet Bubel, Mr. and Mrs. Wilhelmz Mentz, Mr and Mrs. Gustav Mentz, Mr. and Mrs. H. Mentz and family, Mr. and Mrs. Nick Toth, Mr and Mrs. Kosowski, Mr and Mrs. Bob Chorniesky, Mr. and Mrs. R. E. Bacon, all of Edmonton

Mr. and Mrs. Dale Sarver of Grande Prairie; Mr and Mrs Norman Bleti of Kane, Manitoba; Mr and Mrs. Henry Holmbrand of Kane, Manitoba; Mr. George Lyphie of Vancouver, B.C.; Mr and Mrs. W Gosling of Peace Coupe, B.C.; Mr and Mrs. Mike Lyphie of Wildwood; Miss Margaret Klotz, Mr and Mrs. William Obe Jr., Miss Penny O'Neil all of Edmonton.

Students Union to sell subscriptions

The Students Union of the Jubilee Junior High School are planning to launch a magazine selling campaign on Thursday, October 17.

Most of the more popular magazines will be sold at regular subscription prices. Since the students may keep from 20 to 40 per cent of gross sales it will give the common 4) an excellent opportunity to support its school.

With the funds raised the students hope to provide scholarships for worthy students.

The full support of this campaign will be appreciated.

"I'm going across to the bank for a minute"

Wherever Canadians live and work, a local chartered bank is nearby — a familiar, friendly source of financial services. Banking in Canada has been brought to people as in few other countries—the proportion of banking centres to population is among the highest in the world.

Every day more customers become aware that a chartered bank can not only guard their savings, cash their cheques and make loans, but help in many other ways too. They find new banking services being introduced, others being changed, improved or enlarged. For example: personal money orders, life-insured loans, company payroll plans, night depositories, banking by mail, safety deposit boxes—the list could go on and on.

The local branch of the bank is the one place where you'll find complete banking facilities—all under one roof.

THE CHARTERED BANKS SERVING YOUR COMMUNITY
through full-range banking responsive to growing, changing needs

PEAT HARVESTER which picks up the dried peat moss off the field like a vacuum cleaner and dumps the moss in a stock pile of the new Styal industry.

CONVEYER SYSTEM that takes peat from the unloading shed to the main plant for separation at the Mountain Meadow Peat Moss Co. at Styal.

District industry will benefit whole area

About three years ago a company now at Styal (just West of Evansburg) surveyed the land from Pinetree Creek to Rocky Mountain House and up the Whitecourt line.

Their investigations revealed that Styal is the ideal location for a peat moss industry that has enough of a supply for a hundred years.

The company, Mountain Meadow Peat Moss Co., formed by five Albertans, has been greatly encouraged by the usual market outlets for peat moss, as well as for floor cleaner, for example which promises to retail for much less than products now on the market.

Operations actually started at Styal about two and a half years ago by clearing the land and digging ditches for drainage. In May of this year construction of the main plant was started and is expected to be in operation some time this month or early in November. A railroad spur for train service is also ready to haul away the plant product.

After the land has been cleared the moss is dug up and spread around about three inches deep in the fields to dry for a day and then picked up by a machine called a harvester which in turn dumps it on a stock pile.

From the stock pile trucks haul the moss to a conveyor shed which delivers it to the main plant. There it is run through a separator which produces six different grades of moss pressure packed into sacks.

Farmers in the area have been enthusiastic about the new industry as they get a million in laborers wages.

Last year Canadian smokers paid Ottawa a total of $382 in taxes.

It is expected jobs will eventually be created for as many as 50 people in the industry gets rolling.

Home & School Assoc again plan adult classes

BY IRENE ROCHER

An executive meeting of the Home and School Association was held at the High School on Wednesday October 9th Mr Jon Reid presided in the chair. Officers as elected last May for the coming term were as follows: President, Mrs Thelma Lambeth Past President Mr Ted Vennemer Vice president Mr Jon Reid Secretary Miss Carla MacDonald Treasurer Mrs Kay Wilson

Program committee Mr Ben Fidelino Mrs Eileen McGreer and Mrs Jardine Membership Mrs Mary Sabourin Mrs Babe Wasley and Mrs Concrette Schultz Publicity Mrs Irene Rochers

Mrs Thelma Lambeth has now resigned from the presidency because of illness, and Mrs Schultz has moved from Edson.

With the resignation of Mr Ben Fidelino from the program committee the remaining two members were given the authority to elect a third member.

It was decided to have eight meetings during the 1963-64 term. Four of these meetings will be general business meetings and four will be town craft program meetings. The public will be invited to each meeting to be held the fourth Wednesday of each month with the exception of December when the meeting will be held on the second Wednesday. There will be a program meeting in November.

Adult education classes will begin in November with six lessons in 1963 and fourteen lessons in 1964. Payment for lessons to be made in advance for each block.

Mr Alex Jardine Supt of Schools for Edson, is looking into the possibility of a grant for several of the classes. Members of the adult education committee are Chairman Mr Jon Reid, Mrs McKnight and Mrs Kay Wilson.

CARD OF THANKS

We would like to extend our sincere appreciation and thanks for offers of help and messages of sympathy received since the death of our brother, Stanley Mitchell. Special thanks is extended to Fr J. Hinel Lib Joe, Mr and Mrs Harris MacRae Mrs Frances Mahon and to the pallbearers Pete Dawson Corporal John Russell Mathew Manchur and Constables Bill McCoy, A. Campbell and Ian Parsons.

LETTER TO EDITOR

Dear Editor

On behalf of the Red Cross Branch of Edson, I would like to take the opportunity to thank all those who donated blood at the Blood Clinic last Tuesday.

I would also like to thank the Kinsmen for their help. The Legion and the Ladies Auxiliary to the Legion for donating the Hall and kitchen.

Also a special thanks to the Ladies who helped with the care and comfort of those people after they had donated and all the Ladies who helped us generally.

And may I also take this opportunity to thank you Mr Eadon for your publicity.

Yours truly,
Mrs M Morrison
President Red Cross

United Church holds conference at Banff

Recently laymen of the United Church gathered at Banff School of Fine Arts to attend a conference for lay men. The meeting took place over the October 4 to 6 week end.

The following is a report on the Conference

Five hundred and fifty United Church men and other Christians have just completed an inspiring experience designed to ordinate lay leadership with a new conviction, to commit themselves as a company of Christ's followers.

Challenged by one of the most provocative preachers in America Rev Donald L. Benedict, the gathering was stimulated by revelations of the inhumanity of technological progress. People have become inventories, Mr. Benedict declared. He cited shocking instances of indifference to human understanding and suffering, arising out of the impersonality of the great and expanding metropolis. Describing these attitudes as "the plight of urban culture", the theme speaker urged that we risk "newness" in the church, so that in using the church as a rock it will not become an anchor

The primary objective of Jesus Christ is to redeem the world and the men in it, but this requires human urgency and compassion, Mr. Benedict said. We can both feed and kill more people than in any time in history, but our capacity to destroy always increases faster than our capacity to construct.

Among the major revolutionary forces which are changing the shape of the world is this sheer fact of continuous technological change, and man's inability to adjust himself to it, both psychologically and socially. This has contributed to our acceptance of poverty as a way of life, for a sizable proportion of our North American population.

In a result of this acceptance, we in America are on the verge of the most civilized and rigid economic and social caste system the world has ever seen. We have created an endless chain of economic degradation which impels educational and social degradation, especially in the great metropolis which presents the foremost challenge to the modern church.

The members of this conference call themselves the Company of the Committed, representing the world institution known as the Christian Church. This raises the question of how we carry out our commitment.

We are calling people into the church for the wrong reasons, Mr Benedict charged. The church has developed a doctrine of institutional competency, in which the organization is more important than the function We want the church to "take care of our spiritual needs" and especially to have the right kind of activity program, a good men's club and proximity to our home

The original call of Jesus had nothing to do with any of these considerations, Mr Benedict explained Jesus visualized the church as reaching out into the world. This is the significant element in our church problem, that we have made no time to turn outward into the role of servant to the world and the community

Being a servant to the world stimulates questions in people's minds. When the church faces the urban world it claims the services of competent and discerning laymen to help in carrying out this responsibility to God The modern urban church is almost totally dependent on laymen, the speaker said, because the clergy do not know the world as laymen do; they are bound to the bricks and mortar of the church's structure.

Arising out of this, Mr. Benedict continued, is the obligation of the church, through its laymen, to take part in the corporate political structure. It must start to deal with the urgent questions of political and economic life. It must recognize how it can help in a life which makes it hard to help individuals directly but easy to help them through political and economic action.

We must broaden our outlook towards the church's function, Mr. Benedict declared. We have split our personalities between job and home, so that our church and clergy have been boxed into a residential ghetto. The church must break out of this residential trap into the world of business and economic decision to fulfill its historic function The exercise and renewal of our faith depends on you men addressing yourselves to this problem.

C.W.I. Activities

BY IRENE BOCHEK

The Edson C W I. has held its second meeting of the season, with Mrs. Terry Binette as president. Some of the conveners have proven that a great deal can be accomplished in a short time.

Mrs. Eileen McGreer, as the educational convener, has started what appears to be a very interesting and broad new program for the meetings.

Mrs. Chris Fontaine, as home convener, has come forth with some brilliant ideas and hopes to have some evening work parties to insure all will be in readiness for the C W I. tea, bazaar and bake sale on December 4.

HATTONFORD

Mrs. Marion Cuthbert, Loch Cuthbert, Mr. and Mrs. Don Hannaford, Darlene Phillips, Miss Mr. and Mrs Ted Phillips from Edmonton all spent part of the pas long weekend with Mrs J Cuthbert They also went to visit Miss Carol Cuthbert who is working at Jasper

Mr Dale Wigley was home from Vermilion Agricultural School to spend the Thanksgiving weekend with his parents, Mr and Mrs. Wm Wigley.

Mr and Mrs R Ralston and baby from Edson were week-end visitors with Mrs Ralston's parents, Mr and Mrs F Wiseman.

Mr and Mrs F. Strauss and boys spent Monday at Spruce Grove with Mr and Mrs Ted Strauss and family

Congratulations to Mr and Mrs Leonard Rogers of Carrol Creek on the arrival of their second son born October 6th at Drayton Valley

UP AT THE RINK
WITH IRENE

The Edson curling rink has taken on a new appearance within the last few weeks. Work parties comprising vol unteer help from both the La dies' and men's curling clubs painted the woodwork, walls and floor of the waiting room.

Don Murrell volunteered his services to install new counter and lights on the up stairs club room.

Helen McEvoy and her crew of ladies painted the woodwork and cupboards, while Ken Harlow with assist ance from John Pyear and Ed McVanchan painted the walls and floor. Len Erickson vol unteered his help to finish off the woodwork above the lat ches area. The total effect of the renovations has brighten ed up the interior of the curl ing rink considerably.

Last Saturday a crew of men helped ice maker Mike Talpash spread sand between the brine pipes. Leveling work on the north side of the rink was done by Bill Kozyk to improve the drainage prob lem. Many other people have assisted in numerous ways. The executive of the curling club wishes to thank all those who have so willingly taken several their services.

Bert Keuller and Mike Tal pash reported that the ice maker's school which was held in Edmonton, was a big suc cess. The two men represent ed Edson at the school. Curlers interested in curl ing in the men's league should contact S. Morris by phoning 723-3316 or 723-3535. The draw committee will endeavor to place individual players on regular teams which may be short one or two players.

One new regulation will be inaugurated this year. Reg lar curlers will not have to pay for any extra games they play, except for bonspiels, while non members will be charged $1.50 per game. Ice rentals for bonspiels also have been changed to $120 per day. Clubs or curlers wishing to rent ice should contact the secretary, S. Morris, as soon as possible so as to have the ice reserved for the date they desire.

The curling season will offi cially begin on Saturday, Nov ember 2 at 8 p.m. A turkey curl has been organized and should be just as popular as the one held last year.

Entertainment and refresh ments will be available for the curlers as well as the onlook ers. All curlers, whether men bers or non members, are in vited to match their skill with their opponents in order to win the turkeys.

Congratulations go to Don and Yeomans for winning the World Series Baseball Raffle. Don't forget the curling club dance on Friday, October 18. Music will be supplied by the Vengers orchestra.

Without money

PASTOR SHOWALTER

"The best things in life cost money" states a recent com mercial.

There is a little truth in this. It does cost money to eat, sleep and be clothed. Home, school and church are not without bills to pay but let not the above datum blind us to its basic error.

The best things in life do not cost money. If they did, the rich would be the happiest on earth which is far from the real truth.

The beauty of sunset or mountain costs nothing. No ticket is required at the gate way of spring when the snow begins. The smile of a friend, the word of appreciation, the glance of understanding, have no price tag attached.

God's Word is free. We of course pay for the printing, but God reveals Himself gra tuously, without price. God's grace is free, that is the very meaning of grace. The pre cious blood of Christ redeems us from sin, not a bank ac count or pittance of good deeds. The most bankrupt people are those who have nothing but money.

Isaiah arrests our attention with the following. "Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come buy wine and milk without money and with out price."

The first air transport of mail in Canada was by Capt Brian Peck, who in 1918 flew from Montreal to Toronto with 128 letters on board.

BUY CSB 63
YOU CAN EARN 5.03% ON SAVINGS
EASY TO BUY
You can buy Canada Savings Bonds for cash or on instalments. Buy them on the Payroll Savings Plan at work—or at banks, authorized investment dealers, stockbrokers, trust or loan companies. They come in denominations of $50, $100, $500, $1,000 and $5,000 up to a limit of $10,000 per person. They fit every pocket book!
SIMPLE TO CASH
You can cash Canada Savings Bonds anytime at their full face value plus earned interest. When ready money is required all you have to do is complete the redemption form on the Bond, and present it to your Bank. You will receive your money immediately. Canada Savings Bonds are better than cash!
GOOD TO KEEP
You get interest on Canada Savings Bonds on November 1st each year —4% for each of the first 2 years; 5% for each of the next 6 years and 5.5% for each of the remaining 4 years—giving an average return of 5.03% a year when held to maturity. In 12 years with accumulated interest every $100 Bond will be worth $161.00.
CANADA SAVINGS BONDS/63

Teen and Herd

BY SUN

I finally made Bob's column in the Hinton Herald. You know I think that Hinton is really out to get us this year in basketball. I'm an avid reader of Bob's Teenage col umns and they are really get ting the game the works — even to practising in the morning before school. We can see that they mean busi ness and usually that pays off. Maybe not on this one.

☆

Our invitation to taking shape the fresh or freshmen to join their ranks. I'm the day the Edson High will be one big entanglement of Indians that is the theme. All fresh will be dressed as Indian maid ens and Indian boys. I think that is about time they start to pay homage to the Big Chiefs from our just to be in real with them when Indi ans take place next week.

☆

There were quite a few fans from out of town attend ing the long weekend at home Sunday. Come inform! Way to go Edson Eagles.

☆

Mayor John Condon, Reeve Malcom Sandy Fraser, Hinton Chamber of Commerce Pres ident Ted Sutton who could leave for Germany. Wally Hetiuk, Bobby Manton and a few from Hinton.

☆

Speaking of Hinton where is it? I hear that quite a few Edson kids are making plans to attend the Ray Orbison show on the 24th ... this month and of course we can't forget about the Ski Titans on November 8. How's that for free publicity? We think that Ray is one of the best of the new singing stars.

☆

The basketball reports from Hinton have really got me worried. I think that it would be a good idea if we practised more than one night a week, don't you coach? Our school has always been at the top in basketball, something we can really brag about and we see no reason why we can't do well this year. Let's get on the ball fellows and show Hinton that we mean business.

☆

Our cheerleaders are prac ticing their routines. Pretty good too.

☆

Former school pupil Bob McLeod was in an accident last weekend. Luckily no one was too seriously hurt. Saw two of them walking around the other day. We all hope you get better soon Bob.

☆

The high school received a new coat of paint last week, a nice shade grey.

☆

Butch Brand has a car for sale. Looks real good on the outside and is in good condi tion otherwise. Anyone want a new car new to them?

☆

The dance at the Parish Hall last Friday was very good. What's the matter with you Teens. Good music, good hall but there could have been a lot more teens there.

JUNIOR CITIZEN AWARD WINNER

MARLENE HERNBERG
BRETON, ALBERTA

Imagine the terror of a twelve year old girl, awakened in the early morning by her mother's muffled cry for help. Imagine the presence of mind it took to see what she could do for her mother - to call the doctor, and make breakfast for the family - and to nurse her mother through the long weeks after she suffered a heart attack.

This is what Marlene Hernberg did!

Now, imagine yourself only twelve - with complete charge of a household - you're cooking, cleaning, washing and ironing. You're looking after your father, brother and blind grandmother - and nursing your mother back to health.

It was three months until Mar lene's mother was able to resume any of her household responsibil ties. During this time Marlene proved to be a most efficient nurse, housekeeper and cook.

With all this overpowering re sponsibility you'd think something would be neglected. But Marlene missed only one day of school (the day her mother suffered the heart attack) and maintained her grades just as though nothing were wrong at home.

We join with the editors of Al berta's weekly newspapers in congratulating Marlene Hernberg and her parents on her outstand ing performance under adverse conditions. Truly a "Junior Citizen of the Year".

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen pro gram possible. For this winner our special thanks go to the Editor of the Thorsby Western Messenger who nom inated Marlene for the award.

Town of Edson NOTICE

NOTICE is hereby given that a petition has been presented to the Council of the Town of Edson under the provisions of the Early Closing Act praying for the passing of the following amendment to Closing By-law No 602 of the Town of Edson.

A By-law of the Town of Edson, under authority of the Early Closing Act of Alberta, to amend Closing By-law No. 602 fixing the hours of closing for BARBER SHOPS within the Town of Edson.

1. That Clause 1 of By-law No 602 be and is hereby amended by inserting in the first line thereof, immediately after the words "retail stores and shops", the words "except barber shops."

2. That By-law No. 602 be and is hereby amended by adding the following clause immediately after Clause 1 where it appears in the said By-law:

1 (a) That all Barber Shops within the Town of Edson shall be closed for serving customers on every day of the week at the hour of six o'clock in the afternoon with the exception of Wednesday in each and every week when the hour of closing shall be one o'clock in the afternoon

Notice is further hereby given that objections to the petition presented to the Council praying for the passing of such an amendment to the By-law on the grounds that such petition is insufficiently signed or otherwise affecting the validity or sufficiency thereof must be filed with the Secretary Manager of the Town of Edson on or before the 6th day of November 1963; and that if no objections are filed before the said date the Council will forthwith proceed to pass the said amendment to the Closing By-law No. 602.

Parent-Teacher Night at Niton Central School

By PETER J. GORUK

A parent-teacher night was held at Niton Central School on Wednesday, October 9. While a meeting of parents of high school children and their teachers took place in the auditorium, the parents of elementary grade children met with teachers in the various classrooms.

Mr. M. Kondruk, Principal, introduced the teachers of the Senior and Junior High Schools: Mr. Maharjh, Grade 12. Mr. Perry Grade 11, Mr. Hanson, Vice-Principal and Grade 10, Miss Sutherland, Grade 9, Mrs. Shand, Grade 8 and Mr. Lloyd, Grade 7.

Important topics were the subject of discussion by Mr. Kondruk, Mr. Hanson and Mr. Perry.

An explanation of the credit system in high school and an outline of new regulations regarding matriculation and diploma requirements was presented by Mr Hanson. He explained what subjects are being made available to students at Niton Central School towards attainment of these two standards.

Mr Hanson brought attention to the fact that a 60% or better average is required for qualification in matriculation while a 40% average was necessary for a high school diploma.

A forceful presentation on student and parent values was made by Mr. Perry who made it clear that the student who does not realize the tremendous importance of obtaining a good education and who does not apply himself to his fullest capacity faces difficult times in this modern world.

On the other hand, the hard working pupil who makes qualifying marks can look forward to University recognition in the form of scholarships to help him in his preparation in making a livelihood. He stressed that parents have a sacred duty to provide their children providing them moral support as well as financial support in education.

Mr. Kondruk spoke several times throughout the meeting enlarging on various topics discussed by the other teachers. He gave an interesting explanation regarding the method used to grade department of examinations. The number of students receiving various grades in a certain exam is calculated on a percentage basis.

Regardless of whether exams are easy or difficult, a certain percentage will fail, another percentage will receive a "C" mark, etc. In this manner it is assured that students receive their fair grading not on the basis of their individual papers but on the basis of the papers of all the students in the province writing any particular examination.

The principal expressed disapproval of parents who withhold their children from school in order to help with farm or other work. Great damage is thereby done to pupils, especially those who are having some difficulty with their studies, because of the subject to miss important classes which may be the foundation of new work. When the pupil resumes school, he may become hopelessly lost, confused and badly discouraged.

Funeral services held for Stan Mitchell

Funeral services were held Wednesday, October 9 for Stanley Mitchell who died at Red Deer on October 8th. He was 34 years of age. He is survived by three brothers, Charles and George in Edmonton and Gordon at Bickerdike; two sisters, Mrs. E. (Dorothy) Hill of Edmonton and Mrs. Don (Joan) McDonald of Jasper.

Stanley was born at Marcoal and lived at Bickerdike for 21 years spending the last 3½ years at Red Deer.

The funeral was held from St. Catherine's Anglican Church with Fr. James Stout conducting the service. Interment was made in Glenwood cemetery.

Floral and other tributes were received from: Charlie, Lacy, Sandy and Christopher; Dorothy and Eddie; George, Joan and Family, Don and Joan; Gordon, June and Family; Aunt Jennie; Jim and Donald Imber; Ken and Jessie; Uncle Walt, Aunt Ethel and Dan; Granny Rose.

The Woods and the Websters; Marilyn Graham; Chris and Chas; Corporal Russell, Constable McCoy, Constable Campbell and Constable Parsons; Mr. and Mrs. R. E. Broom; Steve Ruhavina and Family; R. C. Lovell and Family; Mrs. J. Robson and Jean; Nellie and Bud Millis; Mr. and Mrs. S. A. Munro; Johnny and Nellie Latarick and Family; Mrs. Tand.

Steve and Sonya Craddock; Mr. and Mrs. Harninski; Mr. and Mrs. Winward and Family; Mr and Mrs. L. Hadley; George and Hilda; Bert and Helen; Abe and Ann; Frank and Gladys Marshall; Bob, Johnny and Lorna Forsberg; Andy and Gwen Ellings; Mr. and Mrs. David Jamieson and Lorne; Jack Munro and Family; Dot and Norman Willmore; Mike and Lydia Gullion; Bill and Marion; Ed Rose and Family; Mr. and Mrs. Raymond Gibbons.

A donation to the Anglican Church Building Fund was received in his memory from: Claude and Edith Haight.

Edson Funeral Home was in charge of arrangements.

Drostan News

Mr. and Mrs. Nick Romaniuk and baby drove to Chipman to visit with Mr. and Mrs. Steve Klenisk for a few days.

Don't forget the whist drive on the Drostan Hall on Saturday 19 at 9 p.m. Everyone is welcome.

Mr. and Mrs. Bob Jablonski, Christine and Hubert of Edmonton, visited at the homes of Mrs. Biz, Mrs. Haubi and other old friends in the district on Sunday. Mr. and Mrs. John Stutzenberger, former district allotmers also visited numerous friends in the area on Sunday.

Mr. and Mrs. Frank Stone and Sandy of Edmonton spent the weekend here with Mr and Mrs. John Groshko.

Richard Pahrson spent the weekend with his parents from his Job at Penoka.

Mrs. Cora Brons was an Edmonton visitor over the week end and while there attended the weddine of a nephew.

There will be a dance in the Drostan Hall on Saturday, October 26 from 9 to 12 p.m. Come on out, folks and enjoy yourselves

With Guides and Brownies

BY IRENE ROCHON

Twenty-one parents, leaders and assistants were present at the Oct. 15th meeting in the Commodore Hotel banquet room to become acquainted with the Brownie and Guide program.

Mrs. Boddoch of Guide Headquarters in Edmonton felt that a good start had been made. However, in order to register the group, a local organization must be formed. Therefore, an organizational meeting is being called for Monday evening, October 21st at 7:30 p.m. in the Boy's Centre.

All interested adults are asked to attend. At this time, election of officers will take place for a badge secretary, chairman, vice-chairman, secretary and treasurer.

The purpose of the local organization is threefold. Besides upholding the high standards of the Packs and keeping continuity in the program, they would organize car pools when necessary, and occasionally foster money raising projects.

Cost of the Brownie and Guide groups is nominal. This year the organization will be registered for one dollar. Next year cost will be higher, at $1.00 per child.

Expenses for the parents includes the cost of the uniform. Since a new uniform for the Brownies is being issued in March, parents are advised to wait until then to purchase a uniform. Old uniforms may still be worn. Cost of the whole outfit, including shirt, skirt, knee socks, leather belt, beret and tie, is ten dollars.

Adam'n Eve's Scrapbook

Irate wife: "Okay, have it your way — it's tomato juice, not lipstick. Who was the lucky?"

☆

Several secretaries were enjoying one of many coffee breaks. One of them glanced at her watch and rushed toward the door.

"I've got to hurry back to the office," she said over her shoulder or I'll be late for lunch time."

☆

He: How do you like bathing beauties?

Him: Can't tell. I never bathed any.

Optimists honor Little Leaguers with banquet

One of Edson's strongest links with its Optimists Club in the great boom in the popularity of kids baseball.

And "Mr. Boys Baseball" in Edson is Optimist Boys Work Director Wesley Rogers, who was hailed in the official program of the 1963 Little League Competitions as one of the most vitally instrumental and energetic co-operators has contributed in large measure to the growth of the Little Leagues in Edson.

And its growth has been fantastic — in 1962 some 120 boys participated in the local league. Sponsors were amazed when they saw so many boys play the game.

Those who give generously of their time and talents to further the cause of baseball along with the ball players of this past summer were treated to a banquet by the Optimist Club of Edson at the Edson Motor Hotel last Monday evening.

The evenings proceedings were chaired by Optimist President Harold Wortman at which he introduced the wholesome family unit of sponsors, coaches, assistants, score-keepers, managers and umpires. Mothers as well as fathers assisted the Optimists to man the little leagues by acting as scorekeepers and by organizing the games invited Mrs Billie Gardine, W J McKnight, Mr. and Mrs. Al Severson, Mr. and Mrs. Jack Matheson, Dennis Lonegan, Ted Yeomans, Bill Mitchell, Jim Thomas, and Larry Onyshko.

Harold Wortman, coach of the Waterloo Motors team, introduced each player of that team; Coach Nino Chiesa introduced the league champions (Molson Electric) stars who later presented him with a golf club in appreciation of his good coaching; Guy Coulombe, coach of the Knights of Columbus introduced his players and Coach John Harbinson introduced the Union Civil Service team.

Chief Constable John MacDonald on behalf of the Knights of Columbus, encouraged the boys to further take the advantages presented by the Optimists. He emphasized that being a Little Leaguer on the ball field, was being a leader off the streets, and he said that it was a great pleasure for the K of C's to be associated in the Little League of the classes last year, it was felt that the same subjects would be offered again, plus the possibility of other classes beginning where enough interest was shown and where an instructor was available There is a minimum enrollment of ten persons in each class.

Beginning dates for the subjects already organized are as follows:

Basic English, Monday, Nov 4th.

Typing, Monday, Nov. 4th

Shorthand, Thursday, Nov 7th.

French, Thursday, Nov. 7th

German, Thursday, Nov. 7th

Public Speaking, Thursday, Nov 7th.

Basic sewing class, Thursday, Nov. 7th.

Advanced sewing class, Wednesday, Nov. 6th.

All classes start at 7:30 p.m

Fees are $6, payable on first night of classes, for the first six lessons.

If you are interested in taking any of the above subjects, please phone your name to 723-2328, 723-2108, 723-6064 or 723-2420.

If you are interested in any other subject, please submit your name and subject desired to Box 1071, Edson.

Register by mail by sending your name and subject desired to Box 1071, Edson.

Adult Education classes start on November 4th

Adult education classes, sponsored by the Edson Home and School Assoc., will begin on November 4th.

With the tremendous response of the classes last year, it was felt that the same subjects would be offered again, plus the possibility of other classes beginning where enough interest was shown and where an instructor was available There is a minimum enrollment of ten persons in each class.

Beginning dates for the subjects already organized are as follows:

Basic English, Monday, Nov 4th.

Westbound CN train now hour earlier

Effective Sunday, October 27, Canadian National Railways' passenger train schedule will be altered as follows:

The "Super Continental" westbound, will arrive Edson at 3:30 p.m. and depart at 3:35 p.m., approximately one hour earlier.

The eastbound "Super Continental" will arrive at 12:05 p.m. and depart at 12:10 p.m., five minutes earlier.

CN will introduce its new Red, White and Blue passenger fares on the 27th, offering greater travel savings than ever before. For example on a Red or "bargain" day, Edson residents can travel to Edmonton for $2.85, a saving of $2.05 over the old rail fare.

Passengers are reminded that under the new plan, all accommodations, including coach seats, require reservations.

Adding to the Chief's remarks of encouragement and appreciation to the youth included Manager of Waterloo Motors, Jim Griffiths; Boynton Mahon of Mahon Electric and the Civil Service President Bill Coburn.

Program chairman Optimist Tommy Fowler treated every-

WHEN HOUSEHOLDERS open their doors next Thursday evening, Hallowe'en, they will be confronted with groups of Edson youngsters dressed in a variety of costumes, asking for treats or threatening tricks in the time honored chant. The students from the A. H. Dakin School will be asking householders to help them share their Hallowe'en treats with needy children the world over. Starting at 5:30 cars will deliver Dakin students all over town so that every residence will have one caller asking for "Pennies for UNICEF". The youngsters will have little UNICEF boxes for the pennies which will be taken back to school for later counting by the teaching staff. Through the UNICEF organization these pennies are multiplied in value for buying milk, medicine etc., for the sick and undernourished children in other parts of the world.

Home construction permits still received by Town

The open fall season would seem to be an encouragement for prospective new home builders as the Council at its meeting last Tuesday evening considered another application for a new home among other routine business

Present at the meeting were Mayor W R Brunello and Councillors M. E. Collin, A. Goldstick, M. D Meade, J. Scott and P. W. Walls.

Council granted its approval of a caveat by the Lions Club on behalf of the Canadian National Institute for the Blind, October 18 23 and 24.

Council granted its approval to issuance of Provincial Lic'ense to A J Sleepchuk for operation of liquified petroleum (propane) gas outlet at Site Lot 14, Block 212, subject to plans conforming to regulations made with respect to such installations.

Proposed development was approved and Lot 14 and the South Westerly Half of Lot 15, Block 10, said to Hubert Peter Maria and Eunice Mary Maria upon payment of the sum of $600.00, land sale, and their undertaking to erect a home at estimated cost of $16,000.00. Transfer of the said parcel was authorized, subject to approval of Director of Town and Rural Planning, for delivery to the lending institution.

Council granted its approval to Insurance Development Project to Vernon McLeod for dwelling proposed to be constructed on Lots 29 and 30 Block A, at estimated cost of $10,000. Approval was granted to immediate moving on of 24' x 16' structure on basis of construction of proposed dwelling being commenced, no later

DORP to hold peanut drive next Wednesday

The ladies of the Edson Lodge DORP will be holding their Annual Peanut Drive next Wednesday, October 30. The drive will be a blitz campaign of the town during the afternoon and evening. They will be assisted by Scouts and Girl Guides.

The canvass is held each year to raise funds for the children's Christmas party. Each Christmas the proceeds from the Peanut drive is used to buy treats that are handed out during the free show for the younger school children.

It is an opportunity to help yourselves to some delicious Planters nut treats and at the same time help the DORP Ladies in this worthwhile effort

AROUND TOWN

Mr. and Mrs. Frank Klein were weekend visitors to Hinton, where they visited with Mrs. Klein's brother and family.

Mr. and Mrs. Mel Soltys of Edmonton spent the long weekend with Mrs. Soltys' parents, Mr. and Mrs. Jack Pallimore.

Mr. and Mrs. G. Dowsley spent a few days with their daughter Anne and family in Red Deer.

Mr. and Mrs. Alex Russel of Calgary visited the Gerald Mathens on the long weekend.

Mr. Gordon McIlroy, Valerie and Brian of Hinton visited the Andy Sellyens in Edson on the weekend.

Mr. and Mrs. Jim Smith of Whitecourt spent the Thanksgiving weekend at the home of Mrs. Smith's sister, Mr. and Mrs. Vern Goodwin. Mrs. Goodwin's parents, Mr. and Mrs. Bray, and her twin sister Mrs. MacKay and daughter also visited recently.

Mr. and Mrs. John Hodge of Nigeria are visiting at the home of Mr. Hodge's brother, Mr. and Mrs. D. Hodge in Edson. Mr. Hodge, who is the Inspector General of Nigeria Police has attended a session here in Texas. Mr. and Mrs. Hodge stopped over in Washington, New York and Ottawa, before coming to Edson.

Mr. and Mrs. Gordon Johnson enjoyed a visit from the Les Billington family of Bickerton on the weekend.

Mr. and Mrs. Art Schultz motored to Berwind recently to attend the wedding of Art's sister.

Mr. and Mrs. J. Isaac and family were recent visitors to Tofield.

Guests at the home of Mr. and Mrs. Bill Gettle include Mr. and Mrs. Bill Locke and family from Rocky Mountain House.

Members of the Lady Lions have something unique planned for Friday evening, Nov. 22nd. A tea and sale of articles made from felt will be held in the Parkland Lodge from 7 to 10 p.m. Personalized Christmas stockings may be ordered by phoning 723-3177 or 723 - 4122.

Cubs AND Scouts

Edson Boy Scout organizations will hold a door to door light bulb sale, Friday, November 1st. Boys are to meet at the United Church at 6:30 p.m. The Basic 'B' Scoutcraft Course in camping planned for Willmore Park, October 25, 26, 27 had to be cancelled due to lack of applicants.

A Yellowhead District Council meeting is to be held at Jasper, November 16.

Those persons who took the Park training Course for Cubmasters and Assistants will receive certificates. Other courses are available anytime you wish to continue.

The Edson Group Committee held their regular monthly meeting at the home of Mrs. Bert Davidge, at which time a new slate of officers for 1963-64 was elected.

Heading the committe is Mr. Dunter McCulloch, chairman; Mr. Jack Pyper, secretary-treasurer; Mr. Larry Osyuba, training program; Mr. A. Rolls, camping; Mr. Ralph Wadey, transportation; Mr. R. Mahon, finance; Mrs. H. Mabel, canteen; Mrs. M. Ahlf, public relations.

The next group committee meeting will be held at Mrs. S. Pattens on November 14th, at 8:30 p.m.

An Investiture for Edson's Scouts will be held in the Legislative Chambers, Parliament Buildings, Edmonton, October 25. Here the Queen's representative in Alberta, Dr. J. Percy Page, will meet these Boy Scouts who with diligence have qualified for this honor. Among those attending will be two from Edson, Queen Scout Ken Davidge and Queen Scout Kevin Jarvie. These boys are to be congratulated on their progress and achievements and in the exceptional leadership that encouraged them.

The Thanksgiving weekend provided Edson Scouts with an opportunity to put in time at the Scout Camp on the Mc-Leod River. How much did they see? What story did they read in signs, tracks and rocks? For instance:—a large moose and pestle; the signs of a startled deer or a coyote in a hurry; a ground hog hole beneath a large root; an old stump measuring 87 inches in circumference; another old sting with the heart burnt out, resembling a canoe; that location where deer play on moonlight nights; and an infinite number of such samples to arouse the curiously. You can find these and more.

MARLBORO

A pyjama party was held at the home of Elaine Belcourt on Friday night. Eleven teenage girls spent the night and all reported it was loads of fun.

Mrs. Lauterbach and Mrs Huffman took the girls for a hike on Saturday and ended the trip with a marshmal low roast.

Mrs. Miles Lee and Mrs Pat Dejarlais are ill and patients in St John's Hospital.

The Vince Trudwin family from Hinton visited Lavelle' on Thanksgiving Day.

Wilbur and Mary Litwiller and daughter Beth of Calling Lake, Alta., visited the Kauffman family at Thanksgiving. They enjoyed a drive to Jasper at the weekend as did Mr. Lauterbachs.

It is reported that a dance will be held in the hall on Friday, October 25.

Scout Ken Jarvie. These boys are to be congratulated on their progress and achievements and in the exceptional leadership that encouraged them.

The children are planning a Hallowe'en party in the hall too. Everyone has to be in costume to gain admittance. The exact date of the party has not been set as yet.

The turkey shoot at Miller's was well attended and some good shooting was observed.

THE "FACELESS" CHILDREN

In today's world millions of children are ill-fed, poorly clothed and unschooled. We have never seen them; they are the "faceless" children

Canadians as world citizens are increasingly aware that knowledge and understanding, tolerance and compassion, are the golden keys to the future. UNICEF (United Nations Children's Fund) is one of these golden keys. Established under United Nations, it is an international effort to give every child freedom from disease and hunger, an education and opportunity to earn a living

UNICEF, participated in by more than a hundred countries, is not a charity but a co-operative effort to improve the lot of the world's children. Interested governments must first request UNICEF assistance. For each UNICEF dollar from the International UNICEF Fund these governments spend $2.50 for local buildings, personnel, domestic food and facilities. UNICEF assistance is given on the basis of need regardless of political beliefs, race or creed.

On Hallowe'en night gaily dressed youngsters will come knocking at your door. For them you will have ready the traditional treats. But Canadian youngsters will feel happier if you place in their UNICEF collection boxes pennies for their "faceless" friends.

The youngsters are playing a part in working for world peace when they collect pennies for UNICEF on Hallowe'en night. Householders are asked to help the kiddies who are sharing their Hallowe'en treats with impoverished youngsters in other lands. Be sure to have pennies on hand when the young UNICEF tricks or treaters call on Hallowe'en night.

POPPY DAY'S MEANING

It was nearly half a century ago that World War I started. Nearly a quarter of a century has passed since World War II came to a close. Veterans who are still with us from the first upheaval are aging men now, and the passing of time is leaving its mark. Those who saw service in the second major outbreak of this century are well past forty.

Those who were not directly involved in either tragedy may find it difficult to imagine exactly what happened. All are well aware that many dynasties of kings, and governments both left and right have been swept away. Out of the struggle of war and its aftermath of famine and disease have come forth other governments and mankind has turned again to his old dream of peace.

There are many lives still with us which were broken in the throes of war — the cripples, the blind, the scarred. Others, quite as seriously injured but not so apparent, are still with us too. Those who were gassed, the victims of shock, those who crashed up internally as a result of factors over which they had no control.

Out of the despair of the First World War came a song which may be doubted in last as long as language lasts . . . . . where poppies blow. That mark our place;"

The poppies of Flanders Fields are the markers of the resting places of the men who fell then. Poppy Day has been with the Western World ever since to provide an opportunity to all to play some part in helping those who still live in part who will never be able to live in full again. Poppies sold on Poppy Day remind one and all of something great which we can only half understand. They mark our place

Letters to the Editor

Dear Sir;

I am writing to ask if you will consider the following as worthy of a few lines in your news column. It is probably not of interest except to a family from "the Cool Branch", but perhaps if I tell the story first you may understand.

On July 4, this past summer we were at Medicine Lake near Jasper and two teen-age girls and their dad and mother were trying in vain to release a chipmunk from a crevice in the rocks by the lake. They had to leave and as the ladies in our group took over and finally were successful after another hour. We then plugged up the crevice to prevent any further casualties.

I have the towel which they left and which was to serve the main help to give something to pull himself out with, after which he simply took up a branch for an hour before he was able to scamper off.

A minor thing, I know, but the two girls were really upset, so if it is possible they may see an item in your paper and they wish their towel back they could write to me.

Only other identification I can think of is that they were driving a small station wagon, possibly a Volkswagen.

Am enclosing a stamped self-addressed envelope for either your reply or theirs.

Thank you.

Mrs. Albert Johnson
Grysmo, Alberta

Eyes that gleam in the night

One of the convenient subjects for argument around the campfire is the question "Why do some creature's eyes glow when darkness falls?" The light is not like the miner's headlamp that guides his steps.

On the contrary, the owner of the gleam has no knowledge of it and the gleam differs greatly in color and size. The coon's light is yellow, the coyote's golden, an ox sees red the bear,' and the wildcat's gleam is green.

Even the reptiles may show an orange glow and the stark gives out a silver gleam. Creatures that hunt in the dark may be carrying a beam for their mate or their young.

No other reason can be given, for the light should not reveal the hunter. The different glows are interesting, but they seem to be of no benefit to the wanderers in the dark.

HUMOR COLUMN

Several secretaries were enjoying one of many coffee breaks. One of them glanced at her watch and rushed toward the door.

"I've got to hurry back to the office," she said over her shoulder or I'll be late for lunch time."

☆

If you can't make both ends meet, try making one vegetable.

☆

In terms of cost to you, the newspaper costs almost nothing... a few cents. In terms of what a newspaper means to you... everything.

BAD DRIVING DUE TO DULL WIT

It is self-evident that many traffic accidents are the result of stupidity. Newspaper reports of tragedies often reveal evidence of utter folly — teenage drivers who switch cars while driving down hill, side by side; men so befuddled by drink that they speed for miles down the wrong side of a divided highway; young lives lost as the result of playing "chicken."

The best drivers are usually clever people, according to a study by Professor Hans Eysenck, head of the Psychological Department of London University. Reckless driving is not only stupid in itself — it is often the sign of a person of below-average intelligence.

Tests proved, he said, that people with intelligence quotient of 80 (the average is between 100 and 110) had many more accidents than people with a higher IQ. He felt that considerable caution should be shown before granting licenses to the dullest 20 per cent of the population.

Dull-witted people prefer to conceal their deficiency, as a rule. But when driving, they often advertise it, blatantly.

Perhaps the standard of driving on the roads today would rise if society as a whole treated bad driving as a manifestation of sub-normal intelligence. Too many people glorify reckless, aggressive behaviour behind the wheel. To some minds, to drive dangerously and selfishly is to show courage, and strength of character.

This sort of "courage" never impresses those who have to deal with the aftermath of a traffic crash — police, ambulance attendants, distraught relatives. Whether or not blame and good driving always go together, says the Ontario Safety League, there is no doubt that recklessness is always a mark of stupidity.

FOUNDATION STUDIES TEEN-AGE DRINKING

Teen-age involvement in alcohol use is receiving increasing attention from The Alcoholism Foundation of Alberta. Foundation specialists feel that, insofar as the teen-ager may be considered a living commentary on the generation that rears them, a searching examination of teen-age attitudes and behaviour will in regard to alcohol is of paramount importance.

The suggestion that considerable , older-age drinking is occurring among Alberta's youth was frequently put to The Foundation from its inception a decade ago. Some observers attributed this primarily to rural youth, others maintained that the cities were rife with teen-age drinking problems.

J. George Strachan, Executive Director of The Alcoholism Foundation of Alberta pointed out that the development of effective social science techniques has taken much of the guesswork out of enquiries into what the teen-age thinks and does about alcohol.

Discussing the background of The Foundation's recent teen-age drinking research, Mr. Strachan commented:

"Even in its legal context, drinking in Alberta is prohibited to all under 21 years of age, with the exception of members of the armed forces. This legislation is aimed at protecting juveniles and is simply based on empirical evidence."

"As in every other learning experience drinking holds hazards for the novice. These include impulsive behavior, impaired judgment, slowed reflexes, plus a variety of other unpredictable results from drinking even small quantities of alcohol. A combination of lack of knowledge about alcohol effects, coupled with lack of experience can be — and often is — lethal", Mr Strachan pointed out.

In summary, The Alcoholism Foundation's studies of teen-age drinking in Alberta have yielded the following facts:

1. Most teenage drinking falls into the 'testing' category. As an imitation of adult behavior this is more or less a part of the normal learning process.
2. First drinking experiences usually occur at home — often with adult approval and limited largely to experimentation. When this is forbidden, such experimentation often takes place elsewhere

"We all know that many of our laws have no consistency in them", Mr. Strachan added, "and even concerning drinking by minors are no exception. 18 year olds can marry and undertake the responsibilities of having children before the are legally permitted to drink. The age of 21 has been accepted as marking their transition between infancy and adulthood. For some, maturity occurs much earlier, but the law has to choose an age for all, rather than a few, and 21 has long been prescribed by common law. This age prevails throughout Canada except for the province of Quebec where 20 is the legal drinking age."

A study of the prevailing sentiments about the legal drinking age among a sample of 981 persons — including college and high school students, nurses, police, rover scouts, adult groups, Foundation patient groups and others — revealed that the majority of persons favoured 21; 71% of the under 21's admitted using alcohol; 78% of the over 21's admitted using alcohol. This indicates that under-age drinking is almost as frequent as legal age drinking.

Arguments favoring lowering of the drinking age were; a person old enough to drive a car, to vote and get married, to serve in the armed forces, etc. should also have the right to drink. Since the majority of persons under 21 drink despite existing regulations, it is argued to retain the present law. Legal prohibition encourages teen-agers to drink for the thrill of prestige of participating in the forbidden. Therefore, lowering the age limit would reduce these violations.

Contrasted with these views, those favoring the present legal drinking age of 21 maintain that the right to vote neither proves nor requires maturity, and since this is a variable, 21 is as logical as any other arbitrary point. Frequent violation of the law is not in itself a sound reason for repeal or revision, but could be constructed as an equally valid argument for more stringent law enforcement. Finally, teen-age drinking for 'kicks', parents adulthood, etc. is in itself evidence of immaturity.

More 16 to 21 year olds are working than are attending schools at the present time. Since this group is not organized and therefore difficult to survey, it has not as yet been explored, and The Foundation is sharply aware of the need for such an investigation in the future.

"It is a sound principle for all working in the treatment of a disease to be equally concerned with its prevention", Mr. Strachan concluded. "For this excellent reason, The Alcoholism Foundation of Alberta will continue to engage in research and education to reduce the heavy toll of alcoholism and the occurrence of problem drinking in youth."

"I am happy to say with confidence, that Alberta's youth are not indifferent to the problems of inherent in drinking. Many have come to The Foundation over the years for help with their own drinking problems or with the need to find help in coping with an alcoholic parent. We receive constant requests from groups of young people for films, speakers and discussion groups. This lively concern on the part of our young people to gain more knowledge, is a reassuring token of their good mental health."

District 13 Optimist convene in Hinton

Close to 100 Optimists, Opti Mrs and guests attended a banquet and dance at the Athabasca Valley Hotel last Saturday evening which brought to an end a highly successful Optimist Convention for district 13, zone C and D.

Attending the convention were presidents and delegates of Optimist Clubs in South Edmonton, Beverley, High Prairie and Edson. Optimist Lieut Gov. Henry Todd of Edmonton, and Past Governor Hal Stebbins of Calgary were also in attendance.

During Saturday afternoon meetings at the hotel reports were given by the presidents of each club outlining club activities and projects. Many new ideas for programming and fund-raising were exchanged, and were found most interesting and helpful Harold McBride, past president of the Edmonton Club who has 25 years of Optimism behind him, gave an interesting talk on club building.

Wives of local Optimists were hostesses Saturday afternoon at a tea in honor of visiting Opti Mrs. Members of the Op-teen Club were charming secretaries and six Op-teens modelled sportswear from Teta-Thru-Teens and the Hudson's Bay Co. at a miniature fashion show held during the tea.

Winner of a draw for a souvenir gift of Hinton was Mrs. H Heslop of Edmonton.

Mrs. A. Albert, wife of Optimist president Al Albert, greeted guests and extended a welcome.

Many of the out-of-town visitors toured the pulp mill Sunday morning before leaving for home.

During the Saturday evening banquet two new members Louis Lirette, and Alex Mottler, were inducted in the Hinton Optimist Club.

Guest speaker at the banquet was Wayne Sawyer, Personnel Supervisor, North Western Pulp and Power Ltd.

Kids are smarter than we give them credit for

Fun-loving youngsters were un-cowed by this adult restriction. Hallowe'en is still their night, but they have made it also a night for children round the world. Over the years Canadian youngsters have learned and enjoyed the privilege of sharing with their friends. Through education in schools and libraries they know that their help with UNICEF Hallowe'en pennies is needed. Hence their pride in collecting for UNICEF equals the joyous acceptance of jolly beans and candy bits.

Last Hallowe'en Canadian weather was as variable as today's political climate. Rain fell in the Atlantic Provinces, in Quebec and British Columbia. It was a clear lovely night on the Prairie and in Ontario. Regardless of weather, approximately 400,000 fantastically costumed youngsters milled forth with paper bags for treats and UNICEF collection boxes. Neighbours were generous; in the bags youngsters brought home candy, cookies and apples. In the UNICEF collection boxes were almost $400,000 in pennies, nickels and dimes — this for the world-wide humanitarian work of UNICEF.

UNICEF is a crusade by children for children. Let's not dampen the ardour of youthful unselfish giving. Today's world needs it.

"I forget"

Of all the lame excuses, The poorest of the lot Is about summons for salary, That could mean "I forget"

The one who cleaned his ride Was startled by a shot; The loss of two good fingers Was caused by "I forgot"

In every cemetery You'll thinly find a plot With headstone prayer: "Rest in Peace" It should read: "I forgot"

That kid whose ladder tumbled Lies bandaged on a cot, He knows he should have tied it But remembers "I forgot"

The gent who wore no goggles Around the acid pot And one who wore no gas mask Both use the "I forgot"

Mistakes may often be cause of; Forgetfulness cannot, Be absent-minded we must be, Forgot the "I forgot"

F.U.A. News

Since the high school accumulated scholarship recipients several people have inquired "What happened to the F.U.A. scholarship?" Well, its there for the qualifying student. Some changes were made in regards to who is eligible i.e agriculture students, home economics students and veterinary medicine plus other objectives.

A committee comprising of members from each local in sub-district 6 was set up. The secretary of this committee is Mrs. Wanda Pambrun and in quiries may be directed to her or to the secretary of each local.

The annual membership drive will be held in November, hope you will be ready when your canvasser calls The F.U.A. is your voice in agriculture and to the govern ments concerned with the changes you would like to see in government policy in regard to agriculture.

Let us hope you are not one of the lazy ones who believe in letting Wilbur do it and then all back in complain on how we did the job. Join up this fall and take an active part in the F.U.A.

Sub-district 6 is planning a dinner for F.U.A. members and fellow farmers. Attend your next F.U.A. meeting to hear all the details.

School Division enrollment figures interesting

Enrollment in schools throughout the Edson School Division increased by a staggering 325 pupils to a total of 4,090 this term.

These figures were given in a chart kept by the Edson School Division office. Some of the schools show an increase of up to 100 students, this at the Evansview elementary school; to a decrease of 85, this at the Evansburg school. In this case it is due to a change in schools where part of the students in the district are attending school in new classrooms in the enlarged Evansview school. Following is the enrollment as of September 30.

SCHOOL	GRADES 1	2	3	4	5	6	7	8	9	10	11	12	TOTAL

Opti-Mrs plan coming events

Members of the Opti-Mrs Club held their monthly dinner meeting in the Edson Motor Hotel with 12 members and three new members in attendance. The new members welcomed were Mrs. Eleanor Anne Quinerla, Anne Senecowski and Olive Mitchell.

Plans were completed for a whist drive to be held at Parkland Lodge.

Monthly draw raffle tickets are now available. Contact any Opti-Mrs member for tickets.

Next month's meeting on Tuesday, November 19, will take the form of a Member and Daughter banquet. It will be limited to members and their daughters only.

Edson Elks install officers

Deputy Grand Exalted Ruler Albert Newman of Hinton officiated last Saturday evening, October 19, when the Edson Elks Lodge installed their officers for the 1963-64 season. He was ably assisted by the ODRP Ladies drill team.

New officers are as follows: Exalted Ruler, Bro. Don Switzer; Leading Knight, Bro. Stan Jewett; Loyal Knight, Lee Harris; Lecturing Knight, Bro. Big Manthey; Treasurer, Bro. James Quinnie; Secretary, Bro. H. A. Bettner; Publicity Director, Bro. T. S. Johnson; Historian, Bro. John Kerbywick; Esquire, Bro. Ray Weinert; Inner Guard, Bro. John Rudzenk; Tyler, Bro. John Lundvall; Trustee, Bro. Bob Irwin; Trustee, Bro. Rudy Kendall.

The Jasper Elks Lodge presented the travelling guest during the evening. There was a good turnout of both Hinton and Jasper Lodges with their ladies.

A dance and lunch followed the colorful installation and an enjoyable time was had by the members.

ENGAGEMENT

Mr. and Mrs. John Hnain are proud to announce the engagement of their daughter, Marian Joan to Andy Lopuh, baby of Thorhild, Alberta.

DON'T BE CAUGHT WITH YOUR POLICY DOWN
"I'll never let it happen again!" How many of us have made this vow when an emergency arose . . . when we were caught without insurance following a car accident . . . a fire at our home or place of business? A Our first impulse was to rush out and buy an insurance policy. But, if we were wise, we looked before we leaped. "Just any insurance" won't do. You want the best financial coverage at The Difference is insurance is the continuing personal attention you can expect and receive from an Independent Insurance Agency. He gives you Guidance in choosing the right policy from the right company; Advice on economical ways of handling changes in personal insurance requirements; The latest information on new, improved policies which are frequently added; and Frequently Help with claims and follow-through until you receive fast, fair settlement. An Independent Agent represents several large reputable companies and knows he will stand in the comfort world of policies. But the most important fact about your independent agent is that he works for YOU . . . not for the company.

Delays in construction of school additions reported

Up to one month's delay would be encountered in the construction of the additions to the schools at Evansburg and Wildwood it was reported at the meeting of the Edson School Divisional Board held in Edson on October 16. The largest date for the completion of the work had been October 16.

Progress on completion of the auditorium gym at Edson Jubilee Junior High School was discussed with the architect. Completion date for this project has been set for February 28.

The resignation of Trustee M. Kudrenecky of Hinton, vice chairman of the Board and Trustee for Subdivision No 5 was received by the meeting and accepted with regret. No election to fill the position will be held before the regular nomination period of January 1 to 15

The new trustee elected at that time will take his seat in March. In the meantime the board operates with five trustees. Had the resignation occurred prior to September an election would have been necessary according to Secretary Treasurer D. S. Blondell.

Present at the meeting were Messrs. A. L. Pisani, D. Hodgson, J. H. Lawton, G. Messmer, M. Kudrenecky, Trustees, Superintendent of Schools, A. D. Jardine, Assistant Superintendent, S. G. Harris, Superintendent of Works, P. E. O'Hara and Secretary-Treasurer, D. S. Blondell.

The Board interviewed representatives of Sherro Gas who submitted prices for the propane requirements of the Division for the forthcoming year. It was moved that the Secretary call for tenders for the Division's propane requirements from Canadian Propane Limited and Sherro Gas Limited with a decision to be made at the next regular meeting.

The Board approved the application of Jean E. Jones as clerk stenographer of the Mountain View School, Hinton, subject to the normal provisions of such employment and whether duties commence immediately.

The Secretary advised that he had received the necessary forms for the Trustees Convention to be held on November 8th to the 8th inclusive at the MacDonald Hotel, Edmonton. The Secretary was instructed to make the necessary reservations for those members who will be able to attend.

Other matters discussed included: Hotinette land and brokerage building, Hinton Apartments, Report of the Superintendent of Works, Typewriter repair tender, Van Committee Meeting Minutes, Piano repair, By-law 17 and 18 Debenture, Financial Statement, Payment of Accounts, Correspondence, A.T.A. Convention invitations, Trade Meet Grant, Peers teacherage telephone, Report of the Superintendent of Schools, Business of Individual Trustees, rearrangement of Board Committees due to the resignation of Mr. Kudrenecky.

The next regular meeting will be in the Wildwood School, November 13, at 9:00 a.m.

THE BANK OF NOVA SCOTIA

East District Doin's

Allen, Clarence, Rolland and Roy Bowman left Monday morning for South Eastern Saskatchewan, where they hope to deliver a trailer to Roger Bowman. Mrs. Bowman and Evelyn left by bus Friday morning to spend some time with relatives in Edmonton before going on to their new home in Cowbrator.

☆

Mr. and Mrs. Herb Heintz Sr. accompanied Mr. and Mrs. Bill Heintz to Edmonton Monday to visit Melvin who is recuperating in hospital from an emergency appendectomy. Melvin was on his way home following a visit with local relatives when he became suddenly ill. He stopped at Fraser Lake for medical attention and was rushed to hospital in the city.

☆

Clarion Barrow is recovering from a ruptured appendix in St. John's Hospital in Edmonton.

☆

We finally heard from Mr. and Mrs. H. Peterson who visited us during the holidays. Learned that a sick dog delayed the arrival home. How many months has it been since they left? Oh no! the dog couldn't have been that sick. The Petersons spent two days with the Russell family at Oliver, B.C., where the Russells own and operate a cafe. Family and friends are happy to learn that Hal Peterson does not need a coronary operation after all.

☆

Mr. and Mrs. Reg Cooper and baby, and Mr. and Mrs. Hilliis Simmons and family were weekend guests at the home of Mr. and Mrs. Harold Thomas and Mr. and Mrs. Pat Beardy.

Bud and Bud got together and Bud Thomas drove home in a pretty snazzy means of conveyance. An Overland Willys jeep no less. Just the thing for the driver who prefers the by ways rather than the main drag.

☆

Mr. and Mrs. Bill Hollis and family spent the weekend at the Hotels home.

☆

Mr. and Mrs. Bruce Reilly and Dinh were Hinton visitors on Thanksgiving Day. Eddy Reilly, from Calgary called on

Robb and Branch News

On Monday Robb experienced a real wind storm which disrupted telephone lines, tore roofing off houses and really scattered the accumulation of garbage.

In spite of the fact that we have a main tree grounds people still persist in pitching everything just any place. Much of it could be burned.

Mr. Adam Kanuik returned on Tuesday to the Edson hospital and is recovering from a leg injury.

The Robb Community Association held their regular meeting last Sunday with a small attendance. It seems as though people don't realize that the purpose of the Association is to make life in the community better and the

her parents during the long weekend.

☆

Farmer local resident Ernie McLean enjoyed Thanksgiving dinner with the W. Novosiancy.

☆

This is for our California readers. Received a letter today from Charlotte Finley of Black Diamond who tells us her 89 year old mother is recuperating in Turner Valley hospital from a bout with the flu.

☆

Mrs. Bill Hollis received many lovely gifts at a miscellaneous shower Friday, October 11; hostessed by Mrs. Raymond Birkenshaw and Mrs. Ed Birkenshaw. Mrs. Hollis enjoyed meeting several of her new neighbors for the first time. At the same time the guests correctly were entertained in another part of the house by the Birkenshaw twins.

community a better place to live. It is every resident's duty, especially those with children, to attend those meetings.

With the beginning of the second season hunters are arriving back on the Branch. Not too numerous yet though as the fine weather prevails in spite of the rain that followed Monday's wind. Some of the hunters have come from as far as California.

The weatherman must have put his best foot forward for the salvage crews who are dismantling at Fiochille, Chief Valley and Luscar.

Mr. and Mrs. John Kemper, Bob and girls of Robb have taken up residence in Hermel.

Mr. Jack Aldrich went to the city Tuesday evening.

Mr. and Mrs. Bruce McNeely are on holidays and while they are away their son is a guest at the hotel.

Perhaps our destinies are decided not by chance but by choice — our choice.

HALLOWE'EN SNARES

To the traditional Hallowe'en fun something has been added, the privilege of sharing. The gaily dressed young stars with their funny false faces know that you will provide customary treats. But as well as the "treat" bag, youngsters carry a UNICEF box for your pennies to be sent to the United Nations Children's Fund. On Hallowe'en Canadian youngsters share fun and good fortune with friends around the world.

PARTY PACKS - PEANUTS - PEANUT BUTTER

Why not hold a Hallowe'en Party?

This year at Hallowe'en, instead of having your children "trick-or-treating", why not treat them to a party?

The Hallowe'en most vividly in my memory was one at which I, along with the other younger pupils and parents, was a guest of the pupils of grades seven and eight. The party was held in the evening at the school, and was, as I recall, completely mastermind ed by the older pupils.

After the guests had all arrived, we were seated in a circle, and one of the boys took the Coleman lamp into the porch, leaving us in total darkness. A second boy began a weird narrative about a wicked old witch who was having trouble with a dinched leni cat.

Suddenly, there was a swish of a broom, and the rackling of an old witch. "Yeah, ha, ha, ha, and because my cat disobeyed me, I pulled off her tail, and here it is!"

Then into the hands of the first guest was pressed the cat's tail. Round the circle of parents and children it went amid screams of horror "And here," continued the witch, "are her ears!" Them, too were passed along, as were the cat's eyes, tongue, stomach, paws and finally intest lines!

I don't recall how many had fainted by this time, but we eventually learned that the tail and ears had merely been a piece of an old fur coat, her eyes, two big blue grapes minus their skins, tongue a piece of sandpaper, the stomach a blown up pig's bladder and those slithery intestines cooked cold spaghetti!

I believe the witch, upon observing had shook hands with several people, using an owl's claw for the purpose, but I can't recall how this fit into the story.

We played other games that evening. Among them dunking, or bobbing for apples floating in a tub of water, trying to bite an apple (with hands tied behind one back which was suspended from the ceiling by a string, and many

"BABY IT'S GOING TO BE COLD OUTSIDE"

J&K General Supply Ltd.
Phone 723-3391 Edson

Here are more games you might like to try at your party.

Fold-a-word: Have everyone sit in a circle. Pass paper and pencils and instruct your guests to write any adjective at the top of their sheet of paper. Then tell them to make a narrow fold in the paper that will just cover the word, and pass the paper to the person to the right. Then tell the group to write a noun, fold the paper and pass it on. A conjunction may follow, then a noun, a verb, and an adverb and so on. When you are certain your instructions have completed a sentence and each person to unfold the paper he is holding and read it aloud.

Pass Pussy — Pussy, of course, is "it." The other players remain seated while pussy goes to each one, in turn, kneels down and begins to purr, mew, scratch and do anything else he can think of. The seated player must fondly stroke pussy's head and say three times, "Poor pussy." If he can do this without laughing or smiling, pussy moves on to the next person. If he laughs or smiles, he must then take pussy's place.

Art classes to start November 1st

Once again the time has come to prepare for the 1963-64 season in the Art Classes.

A meeting has been called for Thursday, October 24th at 7:30 p.m. in Edson High School.

Since this is the first meeting of the season to find out the number of persons interested in the classes, it is hoped that a large number will be present.

Behold the turtle. He makes progress only when he sticks his neck out.

James Bryan Conant

ested in taking the Art Course at the meeting will not be of long duration.

Mr. Henry Charles will again be the instructor and he will give his first lesson on Friday, Nov. 1st, at 8:30 p.m. All lessons will take place once a month on a Friday and full details of Mr. Charles' schedule will be given at his first lesson.

The class has met with success during the past two years and all who wish to develop and follow this interesting hobby are welcome.

JUNIOR CITIZEN AWARD WINNER

LARRY MORIN
8715 - 156 ST., EDMONTON

When Larry was only twelve he learned he was a diabetic. He had to forego active school sports, baseball and football - all the sports a boy loves. This was quite a sentence to impose on such a young boy. But far from feeling sorry for himself, Larry developed talents for helping other people.

His aim in life is to become a doctor specializing in the problems of diabetic children. A worthwhile goal - don't you agree?

He has done exceptionally well in school. He completed his Grade 10 with an "H" average. He is a Sunday School teacher, and an enthusiastic member of his church's Young People's Group.

During the past winter, sixteen-year old Larry toured Northern Alberta with the "Search for Talent" show. He is an accomplished pantomimist, and used his talent to help raise money for crippled children. He has taught himself to play the guitar and banjo, and has formed his own folk singing group "The Balladeers" which entertain in and around Edmonton.

Larry has been a counsellor at the Lake Isle Camp for crippled children and last summer worked with diabetic children.

Calgary Power joins with the editors of Alberta's weekly newspapers in congratulating Larry on his courage and determination to live a full life in spite of his handicap.

This is one of six announcements about the 1963-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledges the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mrs. Elsie M. Barnes of 9911 - 170 Ave., Edmonton and to the Editor of the Beverly Page, who nominated Larry for the award.

'Partnership Program' launched by Edson UC

What improvements would you suggest in the religious program of our church? What can be done to increase adult participation in church activities? How can we encourage greater interest of the young people in our church? What are the greatest needs in equipment and buildings to improve our Christian Education program?

These and other searching questions have asked recently of United Church members and adherents attending the first General Meeting in the church's "Partnership in the Gospel Program."

Purpose of the Partnership Program is to have learned "take stock", appraising the work of their church, both at home and abroad, to suggest improvements in any phase of the church's work in spreading the Gospel of Jesus, and to look to the present and future building requirements in an expanded program.

Members are being urged to view the Church as a re-flection of their faith!

The questionnaire completed at the General Meeting on October 11th are being evaluated by the "Vision" Committee, headed by Mr. John Berry.

A definite program of action will be drawn up, based upon the recommendations in the survey. Presentation of this program will be made to church members at congregational dinners to be held in the United Church November 16 and 18. The dinners will be served by members of the "Special Events" committee, whose Chairwoman is Mrs. A. Leonard.

Sunday November 17th will be Dedication Sunday, for the Edson United Church. On this day Chairman Jack Patterson and members of his "Contact" committee, in groups of two, will make house visitations to each member and adherent of the Edson congregation, to invite their active participation and support in the program of the church.

Mr. Stan Mantz is chairman of the General Committee planning the "Partnership in the Gospel Program" for the Edson United Church. This program was born out of the combined experience, research and testing of other denominations throughout North America.

Craft Centre Highlights

Two series of slides will be shown at the Edson Craft Centre on Friday, October 25 at 8:00 p.m. The first series will be on Alberta Potters, and the second series will be on leather and copper.

These slides are provided by the Recreation and Cultural Activities Branch in Edmonton. There will be a silver collection to help pay for shipping charges.

Everyone is welcome, and craft members especially are urged to attend.

Drayton News

There will be a dance in the Drayton Hall this Saturday evening, October 26 from 9 p.m. to midnight. It promises to be a lot of fun. Don't miss it.

Mrs. Lena Verpoeist of Edmonton has been visiting friends and relations in the district.

We are all so glad that Mr. Donald Pasalonis, who was missing, was found all safe and sound.

The Welfare State that hands away the rewards for responsible behaviour, so that it can reassure the age-old proposition of irresponsible behaviour, is building on a foundation of folly.

Joakim Edvard Zimmer

Shot!

PASTOR SHOWALTER

Does it pay to be righteous? Isn't it a disadvantage sometimes to always be honest, fair and right?

Too wicked never seem to talk about trials of life. They seem to get along without particular worries. They may even be among the most wealthy and prosperous of the land. Their life appears to be quite happy go-lucky.

Be careful not to be one of them. Don't envy them. They are shot!

They do not realize that in truth God has judged them. The Psalmist put it this way "But God shall shoot at them with an arrow; suddenly shall they be wounded." Psalm 64.7

IN MEMORIAM

In memory of our Mother and Grandmother Marie Gard who passed away October 17, 1962.

"We cannot bring the old days back,
Much as we would try,
But loving hearts and happy thoughts,
Will stay with us forever."

Walter and Ann Lovdahl
Cyril and Linda Glasswood

With Guides & Brownies

A meeting was held in the Boy's Centre on Monday, Oct. 21st, for the purpose of forming a local organization which would be responsible for the Brownie and Guide groups.

Ministers interested adults were present for the installation of the members of the executive.

Chairman of the organization is Mrs. Leona Schultz. Vice - Chairman - Mrs. Ray Jewell, Secretary - Mrs. Lorna Woodward, Treasurer, Mrs. T. Hislop; and Badge secretary, Mrs. Jean Sevenhuis.

The lists of the committees groups were incomplete, but these will be announced at a later date.

It was decided to hold reinauguration of the Brownie and Guide groups on Monday, Oct. 28th from 3:30 to 5:00 p.m. and from 7:00 to 8:30 p.m. at the Boy's Centre.

To be eligible for the Brownie Pack, a girl must be eight years old before Nov. 30th. To be eligible for the Guide company, a girl must be eleven before Nov. 30th. However, it is possible to join either group any time throughout the year when the child becomes eight or eleven years old.

Please note: parents must register their child at the Boy's Centre. It is not necessary to have your girl registered yet, but

Brownie groups will meet Saturday evenings from 7 to 8:30 p.m. and the Brownies on Monday and Tuesdays, after school. Both groups will begin in the first week in November.

The local organization will meet the last Monday of each month. Parents, leaders and their assistants, and any interested adults are invited to attend these meetings. Success of the program depends on the adults who give their time and energy to support the movement in the Social Association.

MR. AND MRS. RONALD J. TANTON sign the register following their marriage on Saturday, September 7, in St. Bedes Anglican Church, Winnipeg, Manitoba. The groom is the son of Mr. and Mrs. F. J. Tanton of Edson and the bride is the daughter of Mrs. Isabel Jury of Winnipeg. Canon A. G. Gardiner, formerly of St. Catherine's Edson, and now of St. Bedes, conducted the marriage ceremony. The couple will make their home in Winnipeg where the groom is employed with an electrical firm.

PRIZES FOR UNICEF

The pied-pie witches and ruskies will be ready for goblins calling on neighbors this Hallowe'en know that treats of candies, apples and them But three young friends also ask you to drop into their UNICEF boxes the pennies which through the United Nations Children's Fund will help a child somewhere in the world.

THE PIN PRICK IS THE WORST part say the fellows in the line while the ladies just smile when the evening lineup wound out the door of the Legion Hall during the night session of the local Red Cross blood donor clinic.

—Leader Photo

A CUP OF COFFEE AND A COOKIE or sandwich are always served when people give blood at Red Cross donor clinics. The one in the Legion Hall on October 18, now 190 give the life saving fluid while 11 other volunteers were told they had better not give this time.

—Leader Photo

Max Kudrenecky resigns from School Division

HINTON—

Max Kudrenecky, Hinton trustee on the Edson School Board, last week submitted his resignation to the Board due to additional responsibilities in connection with his work.

Mr. Kudrenecky has served as trustee for Hinton since last February when he succeeded former trustee, Mel MacLeod. Although Mr. Kudrenecky's resignation is effective immediately he has offered to carry out any work already started. One such project is the establishing of scholarship funds for the graduating class at Hardisty High School.

Mr. Kudrenecky reported that construction of the Wildrose School should be completed by the end of this month. The Drumheller addition is expected to be completed about November 15. Work is progressing on the Jubilee Auditorium at Edson, he said, with footings already in and walls presently under construction.

HALLOWE'EN FUN NIGHT

Hallowe'en for youngsters is one of the big "fun" nights of the year. In fact some centres they knock at the door and drop into their "treat" bag your cookies, candies and apples. But notice the UNICEF box that also means calling!

It is for your contribution of pennies to the United Nations Children's Fund. This is the World's Children.

Gamekeeper

You can be sure if it's Westinghouse

(HOME FREEZER!) There's nothing like a freezer to cash in on the spoils of the hunt. Game, fish, fowl . . . by preserving the food you bag with rod and gun, a Home Freezer can quickly pay for itself. With a Home Freezer you can also make a killing by stocking up on supermarket specials and on local produce when it is cheap and plentiful.

Winter is the time when you especially appreciate a Home Freezer. Shopping in cold, miserable weather is no fun. A well-stocked Home Freezer saves you that chore. It's just like having a supermarket in your home

CLUB PRESIDENT and Optimist dignitaries attending the District 13 Optimist convention at Hinton last week stop for an after dinner photo before getting down to the business of enjoying a pleasant social evening with the approximately 300 Optimists and guests who attended the meeting. —Left to right are: Past Governor Nat Robbins from Calgary; Lieut. Governor Henry Todd from Edmonton; Al Alberts, president of the hosting Hinton club; Harold McNabb, and Optimist for 37 years and Secretary-treasurer of the Edmonton club; Oliver Clare, president of the High River club; Mike Stolarchuk, president of the Beverly club; Harry Buoy, president of the South Edmonton club; and Harold Wortman, president of the Edson club. Eight clubs were represented.

Home construction permits

Continued from page 1

It was moved that upon payment of $4,250.00, land sale, and subject to submission of Development Permit applications and required plans and specifications, and the understanding to erect Homes on the sites to C.M.H.C. standards, that approval of sale of Lots 13 and 18, Block 10, be granted subject to construction of buildings being commenced before June 10, 1964.

The submission of Edson Leaseholds Ltd. requesting a first refusal on the South Westerly portion of Block 9, was placed before Council.

It was moved by Councillor Meade that Edson Leaseholds Ltd. were granted a first refusal purchase option, of term 30 days, on the South Westerly fraction (147.67 ft. x 130 ft.) and until June 10th, 1964, subject to any proposed development being approved and accepted by Council.

A letter from Mrs. Rita Steiter setting out that the Dental Service presently available in the Town is not adequate and requesting that a second dentist should be obtained was placed before Council.

Mrs. Reiter was to be informed that the obtaining of dental practitioners is considered to be outside the province of the Council and that it be suggested that she refer the matter in the Chamber of Commerce and/or the Dental Association of Alberta.

It was moved that the Town do not participate in the proposed advertising in the Trade & Commerce Publication.

Letter from Mr. A. T. Severson (Al's Barber Shop) protesting the proposed reduction of hours on Saturdays, of Barber Shops as requested by the petition of the proprietors of the majority of the barber shops in Town was read.

The letter was tabled and the Secretary was directed to seek advice of Solicitor with respect to an interpretation of Section 11 of the Early Closing Act in its reference to "class of shop."

A petition, signed by more than ten per cent of the bar grams, requesting Council to proceed toward the establishment of a "Municipal Library" was placed before Council and the Secretary was directed to prepare a by-law, in conformity with the Libraries Act, for consideration of Council.

The Minister of Municipal Affairs is to be requested to issue an Order providing for the cancellation of the assessment of the following lands:

Lots 6 to 12 (incl.), Block 6; lots 6 to 10 (incl.), Block 7; lots 24 to 31 (incl.), Block 7; lots 13 to 20 (incl.), Block 8; lot 20, Block 9; and the re-assessment of such lands in order to bring the assessments into line with that of adjoining lands allowed by the Division of the Alberta Assessment Appeal Board.

That the assessment of Lots 1 to 6 (inclusive), Block 17, be cancelled and re-assessed to bring the assessment into line with comparative serviced commercial lands.

Council granted its approval to the placing of "Taxi No Parking" signs to screen number one car only on Main Street in front of premises occupied by Western Cab Lines, Lot 2, Block 13, subject to the applicant, W. Gleksaw, paying the cost of provision and installation of signs.

A submission of 4-Way Wholesale Ltd. and Canadian Salt Company Ltd. with respect to an supply of salt was placed before Council.

Authority was granted to the purchase of 20 tons of highway coarse salt from Canadian Salt Company Ltd. at quoted price $35.20 per ton F.O.B. Town yard

Rev. Alvin Vee Berg was appointed Probation Officer for the Town of Edson and authority was granted to payment of annual fee of $250.00

Little League

Continued from page 1

ame with a very interesting and delightful program including numerous games, door prizes. Smiles of appreciation lit up as Murray Kastenson played several popular selections on his piano accordian.

The evenings program concluded with a variety of interesting and very entertaining short movies courtesy of Optimists Gerald Mahon and Ted Yeomans.

It was noted that "so far the parents of these young stars, we can all work together to provide the necessary facilities for our kids to part tripate in the great sport of baseball and train our youth how not to be delinquent.

Mutual phone officially opened for Peers area

Monday night, October 28, marked an epoch in the development of the Peers-Fulham district. Oldest resident Mrs. Florence Tomlinson made a symbolic telephone call in the presence of two provincial cabinet ministers and a goodly number of her neighbors in Peers School auditorium.

The occasion was the official celebration of putting into use of the Peers-Fulham Mutual Telephone Company line through Peers.

Present for the history making night was the Minister of Telephones the Hon Raymond Reirson and the Hon Norman Willmore, MLA for Edson Constituency and Minister of Lands and Forests Chairman of the meeting was the Mutual Company's Chairman Mr George Mosmna and Secretary Treasurer Fred West occupied a place of honor at the speakers table as well

Introducing the Hon Mr Reirson, Mr Willmore added his own congratulations to the people of the district on their initiative in going ahead and working toward getting this modern convenience for their area.

Mr Reirson in his remarks mentioned that the Alberta Government Telephones system was valued at only 30 million dollars 20 years ago compared to 200 million dollars today He reminded the gathering that a telephone system was not just a few land lines any more, but comprised micro wave towers and the latest electronic inventions in the field of communications He said it was an exciting field for young people to be in.

He told the meeting that the local Peers district line will be marked into the overall Alberta system via the Edson exchange in "less time than you might imagine."

Dealing with rural telephone lines in the province the speaker said that around 60 per cent of the occupied farms in Alberta now have phones Just as with the Peers line, the government has assisted with the financing of many of these through the years

Mr Reirson paid tribute to the pioneers who came to the country "They were not looking for the same things we are looking for nowadays. They were not looking for security, but rather the opportunities that were available" To the young people he added "don't be afraid of losing Can-

Mr Fred West gave a resume of the efforts through the years made by district people in getting the mutual line going There are 32 shareholders he told the meeting and 62 miles of line

Chairman Mosmna introduced the directors who had served on the company with herself and Mr West Messrs H Arsen B Larsen L Sandin F Maurer and M Rebill The officers present subsequently rendered a couple of vocal numbers to the enjoyment of the audience Several young people gave recitations, instrumentals and dances to complete the evening.

LONGTIME RESIDENT MRS. FLORENCE TOMLINSON made a symbolic call Monday night October 28, while from left to right Mr. George Mosmna, Hon. Raymond Reirson, Minister of Telephones, the Hon. Norman Willmore, and Mr. Fred West look on approvingly. The occasion was the official opening of the Peers-Fulham Mutual Telephone Company which has been in operation over the latter part of the summer.

MISS PAT LANGSTON who received her R.N. in graduation exercises from the Royal Alexandra Hospital's School of Nursing on October 23. Miss Langston is the daughter of Mr. and Mrs. Martin Langston of Edson. She took her high school in Edson, coming here from Longvale, Alberta. She is presently on the staff of the Royal Alex. Mr. and Mrs. Langston attended the graduation exercises and other events in connection with the ceremony.

Injured in car accident

A Jasper man, Hamilton Finlay, was taken by ambulance to Edmonton, last Sunday evening following a car accident about 22 miles west of Hinton.

The driver had apparently lost control of his vehicle which left the road, travelled a considerable distance and rolled over a few times, coming to rest on its wheels The accident took place about 6 p.m.

Mr Duncan suffered back injuries. Keven Cowan, a passenger in the car, was unhurt.

Benefit dance for district fire victims

The Carrot Creek Comenun ity Association have organiz ed a benefit dance, proceeds of which will go to Wendy Row and Debbie Hodgson, district girls.

Debbie and Wendy were playing around a bonfire the first week in October when their clothing caught fire Wendy was badly burned and is a patient in a city hospital, while Debbie who received minor burns was hospitalized in St. John's Hospital in Edmon.

The benefit dance will take place Friday, November 8 in the Carrot Creek Hall Music will be provided by Jensen's Orchestra and others who are contributing their help to making the benefit dance a big success.

Accident proves fatal

An Entrance and Edson District man, Carl Carlson, 72 years old, died at 4 o'clock Tuesday afternoon as a result of a head-on collision that occurred Monday afternoon about 53 miles north of Hinton.

Mr. Carlson and a passenger, 73 year old Ehart McIntyre of Edmonton, were travelling north when they met an empty pulp truck on a hill curve, skidding on the hard packed snow they collided head-on with the pulp truck which was driven by Edgar Ritchings.

The impact of the collision pinned Mr. Carlson between the door and the steering wheel an hour and a half passed before he could be freed and rushed to hospital

Mr McIntyre was less seriously injured and is reported in fair condition in Hinton Hospital. Mr. Ritchings escaped injury.

The funeral service will be held Saturday, November 2, at 10 a.m from the Hinton United Church

EDSON WAS INVADED last Friday by a horde of war-whooping wild Indians. This group stopped a moment outside their lodge (the Edson High School) for The Leader photographer. At 3 p.m. a snake dance down town was watched with amusement by Edsonites as many recalled their own grade ten initiation shenanigans and envied the exuberance of youth. The big event of the day was the initiation dance and Kangaroo Kourt Friday night when initiates had performing whatever menial or squeamish 'fine' the judge handed down to their one plea of "Guilty".

IN MEMORIAM

In loving memory of our brother Cpl. Dennis Lovdahl RCAF who passed away at Cheremisa, Quebec, November 4, 1959.

Friends may think we have forgotten,
When at times they see us smile,
But they little know the heart ache;
Which the smile hides all the while,
For the ones that always loved him,
Are the ones that don't forget.

Always Remembered by Cecil and Linnea

Teen and Heard

BY BEN

Now that my ears (and I have such nice big ears, have been thoroughly pinned back at the recent Students' Union Meeting I shall, in the future endeavour to give a more comprehensive and accurate report of our school activities, one after school fun and any other items which I think will be of interest.

Of course, being a mere teenager I might miss out on a few names, etc. but being a teenager I should think that that is understandable (You've all heard that trite expression, "Oh, he's just a teenager.")

This column is intended primarily for the teens. Any opinions I express are expressed with a teenage point of view and none are intended to be malicious or to hurt anyone's feelings or cause any one any trouble.

I thought that everyone knew "Ben." I shall still use "Ben," cause I like it, but if anyone has any news for the column, and nerve is always welcome, they may contact "Ben," Teddy Worton, Room 1231 Edson High.

☆

Louis Blupar and Mark Irwin went ballers on a new car. Michael Evanchuk tells us that he wants to get rid of his.

☆

The Jubilee Junior High is having a dance on Nov. 1 in the High School Auditorium. As a matter of fact it is only for the Jubilee pupils.

☆

Something new is to be added in the way of students cards this year. The cards are supposed to have our pictures pasted or put on them. Real nice, huh.

☆

Everyone whooped it up at the "Square Stomp" last Friday when the Frosh were initiated. It was a very, very successful affair and much of the credit goes to the Frosh who were such good sports; the social convenor Joan Strongman and her assistant Bonnie McIntyre the very capable and just "Keeneen on it" and all those who took part and helped in any way.

The Frosh really enjoyed themselves. The punishment which was handed out by Chief Ken Walker was very appropriate. The spokesman for the elders, Barney, showed everyone with his eloquent vocabulary. . . "gulp." The Frosh also make danced in the down town area at three o'clock. The Indians of yesteryear would have been ashamed at the replica of their costumes that graced the dance Friday. The stunts at the Vengers would also have amused the Indians. It was real hot and the heat. . .

☆

Hallowe'en again. Remember last year? We sure had fun playing cops and robbers, even if we were captured. It was all in fun of course and it was fun. Now we are a year older and should behave accordingly. . . No one minds a few pranks but let's not do anything that will cause any harm.

☆

Curling should be starting soon. Everyone will be digging out their old brooms or buying new ones. Hope there is a good supply of new brooms on hand as we have a lot of new curlers this year trying out the game for the first time.

☆

Hear from a few of the teenagers who went to Hinton that the Ray Orbison show was great. Too bad a few more couldn't have gone but. . .

☆

The flag football games held on Sunday took us down a peg or two. We weren't as hot as we thought we were to let Hinton beat us which they did to the score of 7-6. Hinton went on to defeat Hinton by a score of 24 while Edson beat Drumheller 25-0 to take second place. No doubt former Edsonites Wayne Mitchener and Benedict (Alder) Gamlan had something to do with it, but they all played a very good game and I guess were just to good for us. Congrats, Hinton

Social Credit Annual meeting coming Nov. 6

The annual convention of the Edson Constituency Social Credit organization will be held in the I.O.O.F. Hall, Edson, on Wednesday, Nov. 6 at 7:30 p.m.

The Hon Norman Willmore MLA for Edson constituency and Minister of Lands and Forests, will give his annual report. Other business will include election of officers and consideration of resolutions for the provincial convention.

The Hon. Mrs. Ethel Wilson will be guest speaker at the public meeting in the same hall starting at 8:30 p.m.

Mrs. Wilson is the only female cabinet minister in the Alberta Government and is Minister without Portfolio. She was appointed about a year ago.

ANNIVERSARY

Mr. and Mrs. William MacLeville of Red River Bridge, N.B., are pleased to announce the forthcoming marriage of their daughter Valerie to Mr. Ray Cecil Lovdahl son of Mr and Mrs. Walter Lovdahl of Clearwood. The wedding will take place on November 9, 1963 at 4 p.m. at Grace-Lutheran Church, Edson.

Look who's buying the 4-WHEEL DRIVE SCOUT!

Haddock Happenings

Mr. and Mrs. I. Shmahaven spent a couple of days at the A. A. Krinke homestead last week. They were enroute home to Calahad after looking over land prospects in the Grande Prairie district.

Mrs. Hayes Sr. and Pat Hayes both of Bine Ridge were guests of the Sk Chair Hayes family this week.

We are glad to be able to report that Clayton Barnes is home again from hospital and feeling fine.

The fine fall weather has favored those combining elsewhere and grass seed. Almost all combining is completed.

The weather has helped those who are building too. Mr. Kelly is building a new cattle barn and George Priebe has the roof and chimney up on his house.

Dale Krinke has returned to work for Stable at Grande Prairie.

Mrs. Wm. Becker is still in Edmonton, plack hitting, for a friend who is on holiday in California.

Ken Upstone of Cynthia was a guest of A. A. Krinke this past week. He and a friend were enroute to Jasper and called on his uncle Al.

Lorne Neale has been staying with his parents Mr and Mrs. Bob Neale this past week while he has been hunting.

Mrs. W. Klingston and Mrs. H. Klingston of Edmonton were weekend guests of the Harold Haddocks.

Ill Turner has closed down the rig operating near the Bailey Creek Bridge and have sealed the hole off. This is a disappointment to those who were hoping for a gusher instead of a dry hole.

Mrs Gertrude Tilley of Edmonton and family have moved into the former Lloyd Larson place.

The little wife uses Plain simple logic

BY PERN ICE

In every life a little rain must fall — but just try to make your husband believe those words of wisdom.

Problems and frustrations beset us all but it takes a woman to meet with fortitude grace and down right broad mindedness.

For example hubby runs into one of those days where everything goes wrong. He reacts in one of several manners. 1. Throws a tantrum and creates a state of complete pandemonium. 2. Sits down and sulks or 3 sets out on a tour of self destruction.

There are any number of ways in which this last can be accomplished. He can, and quite often does — slam the car door and enter his thumb, or in the way of a cranky bull; bumps his head on a low beam; steps on the garden rake and cracks his skull when the handle scores a direct hit; or falls in the well. Any of these have the desired effect.

After he has been shaved massaged, bandaged or wrung out — whatever the case may be — and pampered back into shape, he decides he might be worth salvaging after all so returns to the job that caused all the trouble in the first place and everything goes smooth as silk.

Now with his wife it's a different story. She sees her bread. When he objects to finding burnt mercurial in his lunch pail, she doesn't scream and run home to mother. Not any more — she packs his lunch in a paper bag. That takes care of the lunch pail lyrics.

If he tips off because his Sunday shirt shrunk in the wash she reminds him that she is his wife — not a laundry maid — and there are establishments run by people who make their living washing clothes for such as she. All very lofty like and above board.

If she decides to farm the kids out and resume her pre-marriage career, stop balling her light under a bushel; she convinces him that her salary is essential by having herself a car to drive to work.

That is a clincher. He can't afford two cars — so has to let her go to work. It is all very simple when you use a scientific approach.

Suppose the baby sitter, new clothes for the job extra gas, shop perm, laundry, and sim ilar incidentals do absorb all of her wages and half of his — she is slaving to do her part isn't she? So what is wrong with that.

We regret it takes a woman to figure things out in a some sensible manner No touch stuff for her. Just plain logic There is nothing to beat it.

Un-tame-able

PASTOR SHOWALTER

Man seldom takes "no" for an answer

He has conquered the high est mountains, probed the depths of the sea and reaches into space

With infinite patience and persistance he has been able to train the falcon to hunt, the King of Beasts to act like a lamb, the parrot to play dead, snakes to be still and they don't flow to perform at his will, but he's ability finds its match in trying to tame his tongue

The Bible indicates that there is only One who is equal to the task.

"Every kind of beasts, and of birds, and of serpents, and of things in the sea, is tamed, and hath been tamed of mankind: but the tongue can no man tame; it is an unruly evil, full of deadly poison." James 3:7,8.

Adult Education classes gets underway next week

The success of the Adult Education classes given last year has prompted the Home & School Association to re sume these classes this year and offers the teaching of the following subjects by competent leaders

Classes will start on the dates given:

Monday, November 4th at 7 p.m., Basic English and Typing

Wednesday, November 6th at 7:30 p.m., Advanced Sewing, Rhythmics, Conversational French and German.

Unfortunately, because of other commitments, the teacher of Public Speaking is not able to resume his class this year, but will most likely be available the latter part of the winter to complete the six lessons to the students of last year so that they may complete their course

Enquiries have been many to carry on a course in Public speaking and every effort is being made to find a competent instructor

These adult classes give an opportunity for interested persons to add to their achievements as well as the opportunity to brush up on subjects they have long wanted to re here.

Again, note that all classes start in the week beginning November 4

Coming Events

MONDAY, NOV. 4 — Ladies Auxiliary to Canadian Legion monthly meeting in the Legion Hall at 8 p.m.

TUESDAY, NOV. 5 — Hospital Aux meeting at 8 p.m. in the Health Centre.

Niton News

Mr Jon Wingo was an Edmonton visitor and returned with a new car

Mrs. Raymond Shields has gone to Burns Lake, B.C., to attend the wedding of her daughter Mary

Niton community what was held at the home of Mr Mrs Leonard Rodgers of Carrot Creek on the birth of a son

A surprise birthday party was held at the home of Mr and Mrs J D McArthur in honor of Mr McArthur's sister, Mrs Harvey Setzer After a pleasant social time many lovely gifts were opened and Mrs Setzer thanked all for their kindness. The party came to a close with the serving of a delicious lunch by Mrs. McArthur and Mrs Peter Simms

UNICEF program well organized

Last year 600,000 Canadian youngsters went gaily asweeping on Hallowe'en. When pennies in their UNICEF boxes were counted it was found that they had collected approximately $400,000.00 for children in need all round the world.

In more than 100 different countries children benefitted from this sharing This year local children will again be collecting pennies for UNICEF as they go their Hallowe'en rounds So that both children and parents will know what UNICEF is and the work it does, Dahlia School along with others across Canada have provided the following information.

"UNICEF is the United Nations Children's Fund When you hand you are part of UNICEF.

One of your pennies buys five glasses of milk.

Five of your pennies buy penicillin to make a child well.

Other pennies buy basic medicine, trained nurses, make things clean.

"UNICEF feeds hungry children, helps them to get well if they are sick, vaccinates them to keep them well UNICEF helps train teachers to teach children, shows mothers how to take better care of their families and shows children how to take care of themselves"

"A little goes such a long way."

Let's not forget children in other lands this Halloween

Guardian Magic says:

Practical pointers for good driving.

Open the garage doors before you start your car You obtain your car — keep the windows open enough for protection against carbon monoxide

Drive only at speeds that are safe Traffic rules, weather, road, and car conditions set the safe limit.

Pass only on level, straight roads. Be sure it's clear to pass — both ahead and behind. Don't pass on hills or curves.

NOW 5 DIFFERENT KINDS OF CHEVROLETS FOR MORE CHOICE

1 '64 CHEVROLET

'64 LUXURY JET-SMOOTH CHEVROLET — In a class all its own in everything but price, the '64 Chevrolet rivals just about anything on the road today in styling, comfort and performance. 14 power teams, 7 different engines. 15 models in four series including exciting new Impala Super Sports, luxurious Impalas, handsome Bel Aire and low-cost Biscaynes.

2 NEW CHEVELLE!

THE ALL-NEW LINE, CHEVELLE! BY CHEVROLET — It's a good foot shorter than big cars — yet Chevelle has surprising interior room and luggage space. Line includes Malibu Super Sports, Malibu Sport Coupe, Sedan, Convertible, Wagons and Chevelle 300 Series. Choice of 120-hp Six, 195-hp V8 or extra-cost 155-hp Six and 220-hp V8. New size, new style, new comfort — a new experience.

3 '64 CHEVY II

ALL OUT FOR THRIFT WITH NEW V8 PEP! '64 CHEVY II — Sparkling new performance with traditional Chevy II economy. Choose the extra-cost optional 195-hp V8 or the standard 120-hp Six or thrifty four-cylinder engine. Series include smart Nova and improved Chevy II 100. All seats have Body by Fisher and such easy-care features as self-adjusting brakes.

4 '64 CORVAIR

EVEN EASIER TO GET AROUND IN! CORVAIR FOR '64 — New horsed-up air-cooled engine is now 95-hp (nearly 19% increase!). 110-hp extra-cost high-performance version and 180-hp Spyder with 150-hp Turbo-charged engine also available. Bright new styling touches, tasteful and more comfortable interiors, wide range of accessories and extra-cost options for all models.

5 '64 CORVETTE

NEW REFINEMENTS IN NORTH AMERICA'S ONLY TRUE SPORTS CAR, CORVETTE STING RAY — New one-piece rear window and improved interior ventilation on Sport Coupe. New smoother ride and improved sound insulation on Coupe and Convertible. Power or regular V8s.

THERE'S D IN 64

SEE THEM NOW AT YOUR CHEVROLET DEALER'S ONE-STOP SHOPPING CENTRE

Canadian Movie Playing in Edson and Edmonton

"DRYLANDERS", a story of the pioneer settlers on the Saskatchewan prairies, opens at the Edson Theatre, Friday, November 1st, 'day and date' with its Alberta Premiere at the Garneau Theatre in Edmonton.

The Canadian Premiere for "Drylanders" was held in Regina recently, and was hailed by critics and movie fans alike as a moving, entertaining drama of pioneer courage in the Canadian West.

Edmonton Journal reviewer Barry Westgate, in his "Night-side" column of October 26th, reports comments such as "A stirring epic . . . superbly filmed . . . strongly moving . . . brutal honesty . . . magnificent . . . tears and applause" after the Regina showing.

The National Film Board's first feature-length movie has, in fact, been such a hit that it quite unexpectedly has received bookings from large theatres in New York!

The picture has an all-Canadian cast and principal stars Frances Hyland, James Douglas, Mary Savage and Dan Francks have been praised for their fine performances. Director of "Drylanders" is Don Haldane, a westerner produced Peter Jones is also a product of the prairies and was Director of Drama at the University of Saskatchewan.

A story of pioneers in Saskatchewan, "Drylanders" focuses on James Douglas and Frances Hyland as guardians of two motherless children on the prairies, the hard chips they endured to establish their farm, the years of good crops and bad followed by the trials of the depression, together with the drought of the 'dirty thirties'.

Many movie-goers have found it a pleasant change to see a movie with Canadian actors in a believable story about Canadians, set in their own country!

"Drylanders" . . . it play at the Edson Theatre Friday and Saturday, November 1st and 2nd, with shows at 7 and 9 p.m. nightly.

IN MEMORIAM

HART — In loving memory of Mr. Myrl Hart who passed away October 31st, 1948.

This day comes with deep regret,
Brings back a day I'll never forget,
Memories drift to scenes long past,
Time rolls on but memories last.
Ever remembered by his loving Wife.

JAMES DOUGLAS FRANCES HYLAND

Two Canadian actors are the stars of "The Drylanders" which is showing at the Edson Theatre next week. Douglas claims Toronto as his town while Frances Hyland was born at Shaunavon near Regina. The film about the "dirty thirties" on the Prairies is the first full-length feature produced by the National Film Board of Canada and has been widely acclaimed for bringing back the hard times before the Second World War.

'The cars with the 50,000 mile or 5 year guarantee'

Most people do something special for their Silver Anniversary. Mercury creates its most luxurious cars in 25 years.

For 1964, all eight Mercurys are special Silver Anniversary cars. Special in the sense that even if you don't intend to buy a car this year—they may make you change your mind.

Mercury offers two rooflines this year. The fastback model in the foreground typifies the spirit of the Montclair Marauder. Mercury's famous Breezeway Roof (the rear window lowers) is available on both the Montclair and the ultra-sophisticated Park Lane, in the background.

These cars are special inside, too. Ostrich-grained vinyls feel like hand-rubbed leather. Box-pleated fabrics are rich and elegant. Bucket seats are of a special shell-type design. Carpeting is deep pile. Doors are finished in walnut-grained panelling and soft suede. The rear seat has a big pull-down arm rest. Even the foot pedals are accented with bright metal.

It takes a big car to give a truly luxurious ride — that's why Mercury is built on a big 120 inch wheelbase.

Mercury also has a suspension that allows wheel movement backward and forward as well as up and down. You drive the level line of luxury — powered by your choice of big Mercury V8's.

But above everything, there's an intangible something extra that makes the 1964 Mercury a car to remember. It is the anticipation with which you'll look forward to driving it and even seeing parked in front of your home.

Silver Anniversary Mercury for 1964, be sure to see it soon at your Mercury dealer.

'64 MERCURY

Montclair Marauder 4-door hardtop, in foreground. Park Lane 4-door sedan in background — two of the Ford Family of Fine Cars made in Canada.

Certain features shown or mentioned are optional at extra cost.

See the 1964 Mercury, Meteor and Comet!

NINE AIRCRAFT LINE UP ON THE TARMAC of Edson's increasingly busy air strip on Sunday morning. Two others had just taken off prior to the picture being taken. Several members of the Edmonton Flying Club had flown out for breakfast at the Commodore Hotel and were getting ready for the flight back to the city. On the right are aircraft owned by Edson flight operators.

JUNIOR CITIZEN AWARD WINNER

BRIAN SWITZER
R.R. 2, WETASKIWIN, ALTA.

Do you remember when you were sixteen? The "teens are great years - full of carefree days at school and play.

But being sixteen means something else to Brian. Living on a farm ten miles from Wetaskiwin, he was like any other rural teenager until last year when his mother became ill. Her illness culminated in a serious operation last June in Edmonton.

Taking complete charge of a household is a big job. Helping your father with meals, housekeeping, the outside chores and looking after your sister, brother and farm helper may be fun for a weekend, but for a whole year it's not much fun. Brian has done all this for over a year with cheerfulness, competence and amazing good humour.

Brian has had a busy year at school too! He is enrolled in the matriculation program at Wetaskiwin High School and passed into Grade 12 with a good standing.

And, he hasn't forgotten his extra-curricular activities. He is an active 4-H worker, and has continued with this worthwhile work all year.

We join with the editors of Alberta's weekly newspapers in congratulating Brian, and other responsible teenagers who contribute so much to family and community life.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mrs. Morley E. Werner of Box 428, Wetaskiwin and to the Editor of the Wetaskiwin Times who nominated Brian for the award.

Shower honors Gail Deakin

A miscellaneous shower was held recently at the home of Mrs. J. Pattinson in honor of Miss Gail Deakin whose marriage to Mr Don Lougheery is an event of November 9

Guests enjoyed an evening of fun and games A gaily decorated basket of beautiful gifts was presented to the bride elect after which she thanked the guests Mrs. G Wahl, aunt of the bride, was a guest from Edmonton.

WITH!

Guides and Brownies

The registration of Brownies and Guides Monday afternoon and evening, October 28 was a very successful Total registration for the Guide company was thirty six, with fifty one registering for the Brownie Pack.

Due to the tremendous interest shown, the girls were grouped according to place of residence and age Each group must have girls of all ages to run successfully, as no comparisons could be made.

A letter will be sent to each girl in care of her mother, to inform her of the date, place and time of meeting.

Edson Brownie Pack number one under the leadership of Brown Owl Mrs. Cindy Russel and Tawny Owl Mrs Anske Parenteau will meet Tuesday afternoon November 5th, at the Evergreen School Mrs. Russell will provide transportation from the A. H. Dahlke School immediately after classes are out.

Edson Brownie Pack number two, under the leadership of Brown Owl Mrs. Debe Koch and Tawny Owl Mrs. Anne May and assisted by Mrs. Ben Scott, will meet Thursday, November 7th at the A. H. Dahlke School

Edson Girl Guide company number one under Captain, Mrs Mary Campbell and Lieutenant Mrs Amelia Betog will meet Monday, November 11th at 7 p.m. in the music room of the Evergreen school.

Edson Girl Guide company number two under Captain Mrs Frances Bishop and Lieutenant Mrs. Maureen Kiehlbourch and assistant Marjorie Blaker will meet Wednesday November 13 at 7 p.m. in the music room of the Evergreen

Registration is now closed, but waiting lists are now being compiled.

Any girl missing more than three meetings without a valid excuse will be automatically expelled

The Edson local Association sponsoring the Brownie Packs and Guide companies is in dire need of funds for books, supplies and equipment. The Association will sponsor a pie and bake sale at Eldon's order office on Saturday, November 9th, from two to five p.m. All donations will be gratefully accepted

IN MEMORIAM

In loving memory of Dennis who left us so suddenly on November 4, 1960 at the age of 28

"But he learned the touch of Time will always be our lad."

Dearly loved and always missed by his Mom and Dad, Glenwood.

Thursday, October 31, 1963 — EDSON LEADER — 15

Friends honor G. Johnsons'

Approximately fifty friends and neighbors gathered at the home of Bert Partridge on Saturday, October 26, to bid farewell to Mr and Mrs. Gordon Johnson Mrs. Johnson was given a lovely corsage, and later in the evening was presented with an electric fry pan on behalf of the guests. Mr Johnson was presented with a Legion ashtray

Throughout the evening dancing and singing were enjoyed after which a delicious buffet style luncheon was served by the ladies.

Mr and Mrs Johnson will be missed by their many friends Mr Johnson has been transferred with Alberta Gas Trunk Lines to Brooks, Alberta

Robb and Branch News

Our beautiful fall weather continues.

A speedy recovery is extended to Mrs. Carde who is a patient in St. John's Hospital in Edson and to Mrs. Charlton who is a patient in the Hinton Hospital.

Guests at the Brundies over the weekend were Ben and Bob and children from the city.

There are several red coats around, but not the usual influx of hunters as the weather has been too mild.

Visitors to the Branch include a couple of ladies from Quebec on Tuesday.

Mr. and Mrs. Jack Finlayson are visiting their daughter and son-in-law and family Mr. and Mrs. Steve Orlosky.

A Remembrance Day dance will be held in the Robb Hall on Friday, November 8. Music will be supplied by the Robb Rythmaires.

Through the medium of this paper (1 your news reporter) wish to remind people, that our local hotel manager is having a headache keeping our little spot on the map, with lights not only in the homes, but also streets. The excess amount of power used now doubled of last year at this time, leads to one thing. People are abusing it sadly! If all these gadgets are going to continue being used we will all be left suddenly in the dark. Let's try and cooperate just a little

News Reporter A. Kennedy

Marlboro News

A dance was held in the hall on Friday but a very small crowd attended, but all reported it was lots of fun. The orchestra was from Edson.

Tommy Plante is ill in the St. John's Hospital.

There will be a Hallowe'en party for the little ones at school on Thursday.

Mr. and Mrs. Jim Angus and baby of Westlock spent the weekend with Shirley's folks, the Tommy Plantes.

Mrs. Myles Lee is still in the Hospital and not feeling too well yet.

☆

HALLOWE'EN PARTY

Thirty-seven young people enjoyed the Hallowe'en party held at the Community Hall October 26. Everyone came in costume, and prizes were given for the scariest, prettiest, funniest and the most original. The scariest prize was won by Norman L'Hirondelle, the prettiest by Vivian Dreger lois, the funniest by Florence Moyan and Debbie Landsmore, and the most original by Betty Desjarlais.

Some close runners-up included Gilbert Belcourt, Victoria Belcourt, Ginny Belcourt and Elaine Belcourt. The hall was decorated in Hallowe'en fashion and the refreshments also carried out the theme. Cupcakes decorated as pumpkin faces, cookies, orange and black candy and orange kool-aid were served.

☆

MOVIE

The Christian Reformed Church of Edson showed a good film, "The Wiretapper," at the Community Hall on October 26. The movie was the story of Jim Vaus, a one-time gangster associated with syndicated crime, who made an about face when a sermon made him begin to think. There was a good attendance for the showing.

The children sing at the beginning of the show before the picture started under the direction of Mrs. Lauterback and they did very well.

Peers H&S guest speaker

The Rev Leslie Halliwell will be the guest speaker at the meeting of the Peers Home & School meeting scheduled for the auditorium at Peers on Monday, Nov. 4 at 8:30 p.m.

Mr. Halliwell is probation officer for the area and will speak to the meeting on matters affecting young people.

A special reminder to mem bers — it's dues night too.

COST OF COURTESY

"How did you happen to hit this pedestrian?" the police man asked.

"I didn't hit him," was the reply.

"I came to a stop sign. I stopped. I motioned for him to go across the street, and he fainted."

Funeral held for Murdoch McLeod

The funeral service was held on Friday, October 25 for Murdoch Angus McLeod of Edson who died in St. John's Hospital October 22.

Surviving are his wife, Annie Rose; three sons, Craig of Dawsonview, Ontario, Professor of Kamloops, B.C., and two daughters Mrs. A. C. (Bertha) Shindel of Cranbrook, B.C., and Mrs. R. (Wanda) Cooper of Vancouver, B.C. Thirteen grandchildren also survive.

The funeral service was held in Bethel Pentecostal Church with Rev. L. B. Halliwell officiating. Interment was made in Glenwood Cemetery.

Floral tributes were received from: Loving Family, Commanding Officer and Staff, 13 TBU, RCAF, Weston, Ont.; Edson Old Timers Assoc.; Royal Canadian Legion No. 81, Edson; Mr. and Mrs. Wm. MacDonald; Clarence and Kay Wilson.

Edson Funeral Home were in charge of arrangements.

Opera company opens concert

The Canadian Opera Company, Canada's first professional company will open the Festivals Overture Concert Association program for the 1963-64 season with the comic opera "Women are like that" The performance will be next Thursday, November 7, in the Hinton High School auditorium starting at 8:15 p.m.

The opera, by Mozart, will be sung in English. It will be under the direction of Dr George Brough, and the cast will include such well known performers as Jan Rubes Mendoza, Dodi Protero and Alexander Gray.

Overture Concert Association members are reminded once more that refunds can no longer be given on membership of anyone moving away. If anyone wishes to sell their membership, they must find a buyer themselves. However, they are reminded that the membership is good for any Overture Concert Association group in any town or city across Canada and not only for the local concerts

FORMULA FOR SUCCESS

1. Keep your ear in the ground.
2. Keep your shoulder to the wheel.
3. Keep your nose to the grindstone.

Remembrance Service Monday morning

A public serve of Remembrance is to be conducted in the Royal Canadian Legion Hall starting at 10:30 Monday morning, November 11, with Rev. D. MacPherson of the United Church and Rev. Jack Purdy of the Baptist Church taking part. As in previous years a mixed choir will add to the service and everyone wishing to take part should contact Rev. MacPherson as soon as possible

All war veterans are urged to come on parade at 10:15 to be formed up ready for parade down to 6th Ave., then east to Main Street, up Main to 5th Ave. and back to the Legion Hall. The parade will also include Legion Auxiliary members, RCMP, Cadets, etc.

Medals will be worn.

Following the service a short ceremony will take place outdoors with wreaths being laid on the graves of ex-servicemen in Glenwood Cemetery by Auxiliary members.

Many veterans will then adjourn to the Legion for a banquet and social.

The Dutch remember, do you?

Will you buy your poppy when November 11th draws near?
Or will you dodge the seller and forget that's why we're here.
Do you realize your wearing of the poppy, oh so red,
In just one small tribute to that dear one who is dead.
One hundred thousand of our land gave up their lives that we,
Could be here to wear a poppy, while enjoying liberty.

—Audrey Jones

Mon. statutory holiday in Edson

Remembrance Day falling on a Monday, Nov. 11, has been gazetted statutory holiday according to word received from the provincial authorities by the Town.

Retail stores will remain closed in observance of the day. Special services are scheduled in the churches on Sunday, and in some instances Monday. A Service of Remembrance is being held in the Legion Hall on November 11th morning as is customary.

Hunter shot accidentally

A twenty two year old Edmonton man, Paul Schafer, was treated for a gunshot wound in his stomach last Saturday following a hunting accident.

Mr Schafer was hunting in the Carrot Creek district when the incident occurred. His rifle accidently discharged while he was in the process of maneuvering his way across a creek.

On Wednesday his condition was reported to be serious, but not dangerous.

Lessons for new curlers

Novice curlers are invited to take part in the special practice and training session which will be held at the rink this Saturday. The session will get underway at 2 p.m.

The practice was planned for men and women who are curling for the first time this year in the men's or ladies' rink draws.

The more this week will be getting all curlers definitely in "the mood" and this is a perfect chance for the newcomers to get off on the right foot.

Cruelty charge against bush worker dismissed

A charge of cruelty to animals commanded from the previous Wednesday was dismissed in Edson Police Court by Magistrate P. L. Keyes this week for lack of evidence

A complaint by the foreman at Camp 20 north of Edson against Armon Knechel of Edson had resulted in the laying of the charge

Knechel had been engaged in cutting pulp at the camp and the skid horse he had been using accidentally snagged itself in the grain and bled to death

Appearing on behalf of the defendant was barrister Emanuel Olesky of Edmonton.

Edson Locals

Mr and Mrs. G Redborne and Mr. and Mrs. D. Innes of the Treasury Branch staff attended the 25th Anniversary convention in Edmonton last week.

Mrs. Trueman Thomas was seen around town visiting with old friends while on a visit to her home here.

Council receives shopping centre application

Deputy Mayor A. Goldstick took the chair at the Edson Council meeting on Tuesday evening while Council official ly received a building permit application from W. R. Brunelle for his proposed new shopping centre super market.

Construction on the "headliner" is to start early next spring on the Third Avenue location just West of Main which Mr. Brunelle has been preparing with fill and clearing of buildings during the last several months.

EDITORIAL

The Public Library Vote

Although the Edson Library has used the name 'public', it has not the status of a public library. According to the Alberta Library Act, Edson has a Community Library, supported by membership fees, a limited Provincial book grant of $300 per year and is staffed by volunteer library clerks.

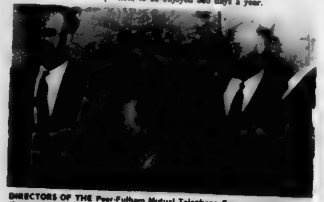
A public library would provide library service to residents within the Town limits. A public library is supported by the Municipality and the Provincial Government. The staff is hired on a permanent basis.

The original Edson Library, founded in 1944, consisted of a collection of books donated by interested citizens. In 1954, membership fees, penalties and a grant of $200 enabled the Library Board to purchase $480 worth of books. By 1955 the maximum book grant of $300 was received in accordance with the Library's classification. In 1963, due to the increase in the number of memberships and fines, $1438 19 was spent on periodicals and books.

The Provincial Library Supervisor points out that, although the Edson Library has a very respectable book stock and is giving more than satisfactory hours of service, the further we extend the voluntary service the less value is obtained from our library resources.

According to the Libraries Act, a Municipal (Public) Library is entitled to a grant of 25c per capita provided the local appropriation amounts to 50c per capita Calculating on the basis of our present population, this would amount to $1,238 from the Province and a required appropriation of $1,769 from the Town (not including the provision of premises). To the individual taxpayer, this means an increase approximately half a mill on his tax assessment.

You are urged to give this matter your earnest consideration before voting on this By-law on Monday, November 25th. The Library has books appealing to all ages, for information and relaxation, to be enjoyed 365 days a year.



DIRECTORS OF THE Peer-Fulham Mutual Telephone Company entertained those who gathered at Peers last week for the official opening of the phone company with two chorvans. The examples of barbershop harmony were given by left to right: M. Acorn, E. Hoover, M. Rehill, G. Simmons with Fred Hunt at the piano. Other directors are L. Beadle and B. Larson.

REAL PROGRESS

All manner of things are put up with in the name of "progress" and sometimes we wonder at the use of the word. The official opening of the Peers-Pulham Mutual Telephone Company line last week at Peers is in the category of real progress in our opinion.

Through the years, and especially in the last couple since the present directors took hold, we have all hoped for this modern convenience in our immediate farming district. Like most things the people in the area must want the facility badly enough to do something about it.

The formation of a mutual telephone is in the class of group private enterprise (although there is a Governmental matching of dollar for dollar in capital investment). The people who formed the Board of the company in turn talked fifty odd other neighbors into signing up. It took time, but the whole district is proud of this venture, on a community basis, for what we town people take for granted because the government provides for us nationally as our members increase.

The poem below, by district poet S. G. Clark, pretty well sums up the feelings of all thinking district people.

THE TELEPHONE

Two slender wires stretched from pole to pole
Connecting us with all the world of men,
More closely with our neighbors: this, our goal
Our dream is realized at last. No pen
Could span so swiftly all the leagues of space
And bring back vague things of a friend
Remembered well, though in some distant place.
Thus pleasure and convenience do blend
But contact with our neighbors day by day
Is more important still to us, and though
They may be only half a mile away,
It's far enough at times here deep in snow.
In death or sickness nevermore alone.
Glad ideas the man who made the telephone.

S. G. CLARK,
Peers, Alberta

Letters to the Editor

Dear:

How in the world did we ever come to [illegible] rollers and pincurls in public? What has made us think it is okay on Main Street — the supermarket — the movies — the bus — the train — or anywhere we can be seen?

It's not okay! It's a state of undress! It belongs at home — and no where else!

When you consider that the whole point of a hair setting is to look pretty to people who see you — letting them see you in rollers makes no sense. Setting your hair is like crossing your face or putting on your slip. It's a behind the scenes preparation for the finished product. The idea is to show the result — not how you got the results. Or where's the illusion?

Let's say no more. And let's have no more hairdresser heads on view. Are you with it?

No! Not on the street! It's like going out in your slip.

A Man

HUMOR COLUMN

Two camera bugs were dragged over a table in one of those sucicene restaurants in Paris discussing their experiences.

"This morning I saw an old crone huddled beneath a bundle of rags," one said. "She was hungry and homeless. She told me she was once a countess but lost her family and money and now was a wretch of old woman with nothing to live for."

"The poor thing," said the other photographer. "What did you give her?"

"Well, it was sunny," the first replied, "so I gave her F-11 at 1/100."

Far off in Switzerland, two skiers were descending the Matterhorn when they were caught in a snow slide. Ulties slowly a Saint Bernard dog tied ed through to them, a keg of brandy tied under its chin.

"Hurrah," cried one skier "Here comes man's best friend."

"Yup," agreed the other skier "And look at the size of the dog that's bringing it!"

GREGORY PECK won an Oscar Award for Best Actor of the Year for his lead role on "To Kill a Mockingbird." This outstanding film is showing at the Edson Theatre next Monday, Tuesday and Wednesday, November 11, 12 and 13.

THEY DESERVE PUBLICITY, TOO!

WHAT IS A LETTER TO THE EDITOR?

First of all letters to the editor must be signed. A pen name may be requested and used when the letter appears in print but the editor MUST know who writes the letter.

A letter to the editor is not, as the phrase might imply, a letter to the gentleman who owns the local newspaper. It is, in essence, a letter to the public, not to an individual. It is an expression of opinion which the writer wishes to place before the public. The editor may agree with its contents one hundred percent — or he may disagree violently.

There are good letters to the editor — and there are bad. There are those which vilify people. There are those which obviously can do nothing but harm. There are those which are ill-advised and poorly thought out. And there are, of course, good ones. Whether or not the editor agrees with the letters does not have a thing to do with whether or not they are good, bad or indifferent; nor should it have anything to do with whether or not he chooses to publish them. But if he publishes them, for better or worse, for negative or for positive, the editor has associated himself with them — this is his privilege, his duty, his hazard. By merely choosing to publish them he is running the risk of having people get the idea he approves of their contents. He may not. He is simply recognizing the fact that his paper is, and should be, a clearing house for public opinion.

And there are times the editor takes a letter and tears it up. This is his privilege too. Whether or not the letter agrees with his opinions entails has no bearing on his decision. The letter may be signed; or it may not be. What many persons do not understand, that, signed or unsigned, a "letter to the editor" is the editor's cross to bear for better or for worse. A letter to the editor which contains libelous material (and we have received some like that) will land the editor in court even though the letter was signed by someone else and the editor may have republished it in print. If the editor chose to publish it, he is, with the author a co-defendant in a libel case.

The editor can also refuse to publish a letter for other reasons. He may not have room, for example. We do have mechanical limitations. He may feel that he should be good for it — and who is to deny his right to ask for cash for his work? Or he may feel, rightly or wrongly, that the letter is unsignished and can serve no good purpose and may cause vastly more grief than it is worth.

He may feel, for example, that too many persons use the pages of his newspaper as a substitute for real action. A problem is rarely solved only through letters to the editor. It can help, of course, but it is still only an adjunct to other grease and personal conduct.

In past years we have rejected letters, signed and unsigned, and we reserve this right to do so again at our discretion for one of the reasons given herein. If you feel you must write one dear readers, go right ahead. Chances are we'll publish it. But keep it level, logical and straight to the point. Keep personalities out of it as much as possible, keep hysteria out of it and document your case. And don't expect it to do the whole job for you. You can't get rid of a headache by reading the label on an aspirin bottle.

—Montreal Forum

WHILE THIS IS A BIG GAME AREA nimrods have a habit of slipping down to the Prairies and trying for the wild geese or the grain fed mallard. This official Alberta Government photo is enough to remind wild fowl hunters of this aspect of their favorite sport.

With the HOMEMAKER

A FAULT WHEN FREEZING BREAD

A common problem faced by many homemakers who freeze their own home baked bread is having the crust come loose from the loaf. This can be very annoying. The following quote from the Bakery Foods and Foundation of Canada offers an explanation:

"When bread is cooled to room temperatures after baking, the loaf shrinks about 5% to 8.5% in volume. When bread is frozen the loaf shrinks about 7.5% in volume (nearly half again as much). In hard-crusted breads, such as French or Italian bread or kaiser rolls are overbaked, the crust is rigid and does not shrink as much or as quickly as the crumb. Therefore crust and crumb often tear apart.

This may also occur on freezing whole wheat bread. In this case the crumb structure is very weak compared to that of white pan bread and the strain set up by uneven rate of shrinking may tear the crumb, usually just below the top crust where the crumb structure is weakest.

"This fault does not occur on freezing white pan bread because the crust and crumb shrink at nearly the same rate. Crust separation can be prevented by wrapping the bread in moisture-vapour proof material before freezing. Crisp crusted breads, such as those with a weak crumb structure."

Thawing leaves of bread completely in their wrappers results in decreasing this fault every time.

Civil servants meet Friday

The Edson branch of the Civil Service Association is holding their regular monthly meeting in the meeting room at the Provincial Building this Friday November 8. The meeting starts at 7:30.

Members are urged to be on hand to hear Lloyd Ruppert and Amos Lalonde give traditions of the pioneer days. This will be the main item of business.

The Branch welcomes another three new members. Mr. Marchbow who was transferred in the Fish and Game

[illegible] occur in freezing bread's white pan bread because when wrapped the crust is soft and resilient and the crumb and crust shrink together.

"If this fault occurs in white pan bread the solution is to decrease baking somewhat. We do not know of any way to prevent the fault when freezing crisp crusted breads."

HE'S GOT HIS STERN TURNED AWAY but this Jasper National Park bear is typical of what many thousands each year come to the park to see, in this setting of the mountain wonderland. The photo is courtesy of the Alberta Government information service.

WINNERS OF THE COSTUME PARTY at the Jubilee Jr. High School last Friday evening were this original quartet. The students showed an abundance of versatility in their costumes and the judges had a real job in making the final choice. Left to right are: Pat Teddy who won most original for his mushroom; Gerald Stanton, best fictional as the scarecrow in the Martian; Bonny Teddy, best historical as Queen Elizabeth.

Mrs. Shirley Lueck new president Craft Centre

At the monthly Craft Centre meeting on Monday, Novem ber 4th, a new slate of officers was installed.

President for the coming year is Mrs. Shirley Lueck, with Miss Vi Davies as vice president; Mrs Myrtle Madge is secretary and Mrs. Rene Bi Marie is treasurer.

Mrs. Lena Leyden is in charge of the supper depart ment, with Mrs. Myrtle Madge in charge of pottery.

Mrs. Rita Stelter as past president, gave a vote of thanks to her executive. Miss Vi Davies then moved a vote of thanks to Mrs. Stelter for her unstinting efforts as president for the past two years.

Mrs. Frances Mahon was present at the meeting as a representative of the Art Class. Lessons are being held every Monday evening in a basement room of the Meadowcrest School (Red Brick)

Mr Charles, art instructor from Edmonton holds classes in Edson on the last Friday of each month. Mrs. Betty Andrews carries on classes every Monday evening.

Craft and Arts Centre meetings will be held the second Monday of every month.

Copper classes, under the leadership of Mrs. Lena Leyden, will be held from 7:30 to 9:30 p.m. on Tuesdays at the Craft Centre. Mrs. Leyden has learned some very interesting modern designs in copper, which she will be passing on to anyone interested

Coming Events

Robb and Branch News

Mr George Maloney accompanied his brother from Hinton to B.C., on an urgent call to their ailing father's bedside. Reports are now heard that his brother was hospitalized on the way out as a result of an accident, but that George escaped injury

Mr Jim Price of the Edmonton Police Force has been driving bus for a few days while our local driver took a few days off to go hunting.

Nice to see Mrs. Castle and Mrs. Charlton home from hospital.

Bobb Hellowe'en goblins were very quiet with only the odd little house being tipped over. I guess that is to be expected.

Mr and Mrs. Heglin, accompanied by Mrs. Grechel and daughter drove over to Hinton to see Mr. Grechel who is recuperating following an operation on his foot. After suffering with the bad foot all summer it is to be hoped he is now on the mend

Mr. Erwin Miller of Kitimat, B.C., was an overnight visitor at the Kennedy's on Tuesday. Mr. and Mrs. Miller and family moved to Kitimat from Merrcval when the mine closed There he can fractiol pulls and as soon as it was possible for him to be moved he was taken by plane to where he could be given physical therapy

His wife and family joined him later. While Mrs. Miller was on her way to the hospital to visit him she was in a car accident which left her paralized. Mrs. Miller is now in the Good Samaritan home in Edmonton so that she can be close to her relations.

To friends and acquaintances of Mrs. Miller, when in the city why not drop in to see her, as she is only able to talk, and would enjoy seeing old friends.

A general meeting of the Robb Community Club will be held this Thursday, November 14th at 8 p.m. in the hall.

Funeral service held for the late Carl Carlson

A large number of friends and business acquaintances paid tribute to the late Carl Carlson, long time lumber operator in the Entrance, Edson, Berland River area, at funeral services in the Hinton United Church, Saturday, November 2 at 10:00 a.m.

Mr Carlson 72 passed away in Hinton Municipal Hospital Tuesday, October 29 from injuries sustained in a car accident approximately 32 miles north of Hinton on October 26. He is survived by his wife, Harriet of Calgary, son, Randall, Edmonton, and daughter, Mrs. Fred Newland, Edmonton; one brother, Hjalmar, Gainford, and six sisters in Sweden.

Funeral services were conducted by Rev. Clyde Taylor. Pallbearers included Grater Hewins, John Lotitek, Earl Lebrech, Gordon Watt, Wm. Switzer and Art Dunn. Arrangements were handled by the Borrhead Funeral Home with interment in the Evergreen Memorial Gardens, Edmonton.

Mr. Carlson was a well known lumber operator in this area for the past 30 years. Prior to entering the lumbering industry he resided in the Wetaskiwin - Camrose area where he operated tie camps in the Winfield-Bruce district during the 1920's and 30's.

He was an accomplished carpenter and spent some years in the building contract business. Mr Carlson also worked as an engineer at the Brule pulp mill during part of its operation, and logged in the Cranmore, Edson, Pedley, Hinton areas in the late 1920's and 40's. During that time he logged within one mile of the townsite of Hinton in the area now known as Edson sub-division. During the past 10 years he operated Carlson's Camp north of Entrance, logging from Jarvis Lake to the Berland River.

Students make $327 in sale of subscriptions

The teachers and students of the Jubilee Junior High School wish to thank the residents of Edson and the surrounding area for the tremendous support of our magazine sales campaign

Total receipts were $961.00 of which the Jubilee Junior High may keep $327.00 This money will be put to constructive use for our school.

Should anyone not have received his subscription within a ten week period from November 1st please feel free to notify the school and the matter will receive immediate attention

If the students missed anyone who desired to purchase magazines, the school would appreciate them phoning in their orders or asking a student to call

This type of community support will go a long way in supporting the morale of the school

Six out of ten students who complete the 8th grade go on to graduate from high school and half of all high school graduates complete at least one year of college

JUDGES AT THE JR. HIGH SCHOOL Masquerade last Friday night, finally narrowed the contestants down to these fifteen well costumed students. From here the choice was even harder to decide the four prize winners. Left to right are: Audrey Mallorah, Pat Saboorin, Doug Semeniuk, Bonnie Vallad, Allan Ronneseth, Barbara Mailliet, Sylvia Antonenko, Tina Pintke, Gerald Tanton, Pat Teddy, Daryne Dunks and Bonnie Teddy. Seated in front are: Donald Spurgeon, Jody Worton, Greg Guenette and Valerie Johnson.
—Photo by Grant

Jr. High Masquerade successful season opener

The first social event of the term for the Jubilee Junior High students, held in the High School auditorium on November 1st, proved to be very successful. The scene was a masquerade party

The decorated auditorium played with costumes of every size shape and color including Snow White, Rose Red, Clowns, Giants, General Grant, robots, mushrooms, farmers, hillbillies, Chinese maidens, cowboys and many more.

The teachers present found it very difficult to judge the costumes, since everyone appeared in such excellent array. However it was reached that Bonny Teddy, as Queen Elizabeth, was to be presented with first prize for history, Pat Teddy, as a mushroom, was first prize for originality; Valerie Johnson was given first prize for appearing comical as a Martian. Gerald Tanton, the scarecrow from "The Wizard of Oz" brought honors to the grade seven by winning first prize for fiction.

Teen and Herd

BY Ellen

The ghosts and goblins were out in full force on Hallowe'en. It was a perfect night There was no evidence of vandalism due no doubt to the good work of the police The majority of those found on the streets were taken to the Parish Hall where they spent an enjoyable evening under supervision

Curling got underway this Tuesday with eight rinks taking part The first draw saw the McCardia rink win over Werlen Ballsbier took La Ballo, Schyb won over Long ston, and the Rowan rink beat out Straub Thursday's six more rinks curled This schedule will continue during the curling season

Dawn Pfannemueller tried the old trick of putting her finger in a pop bottle, took some time before she got it out too

Wayne Gerling will be on best now. He sold his car for a good sum.

Basketball on Sunday and Monday Kent Bubel is bringing his team of seniors from Dawson Creek This is our first exhibition game of the season

We expect our report cards soon We've been having tests lately and they'll show how much we'll need to buckle down and study.

We received our students privilege cards today These cards entitle a student to special prices for shows, good for regular performances only Don't forget to attach your head picture to the card No picture, no privilege and they are not transferable

Youth Appreciation week is observed all next week, Nov. 11 to 17. That is when our students are given the opportunity to take over the administrative positions of the town This will enable us to learn how our town is governed and the responsibilities of each of our town's officials The Edson Optimist Club is sponsoring this deal through its co-operation of Mr Meade and and Mrs Parnall

MR. AND MRS. RONALD W. WADLEY

St Catherine's Anglican Church was the setting on October 5th for a pretty wedding that united two Edson families, when Linda Diann Johnson became the bride of Ronald William Wadley.

Rev Fr James Shuel of Hinton performed the ceremony for the daughter of Mr. and Mrs. James Johnson and the son of Mrs. Harry Wadley and the late Mr Wadley.

For the occasion the church was decorated with bouquets of garden flowers. Organist was Neil Horne. The outdoor fall colors of red and yellow were carried out in the decorations.

Given in marriage by her father, the bride was radiant in a floor length gown of nylon chiffon net over taffetta with tiny pearlies gathering the shirt on either side. Her rosette headpiece was set on a chapel length veil. The rounded neckline was set off by a simple gold cross, a gift of the groom. She carried a bouquet of yellow roses.

Maid of honor was Betty Hitchman and the bridesmaids were Gloria Johnson and Sharon Phillips, sister and cousin of the bride. All the bridal attendants wore gowns of lemon yellow nylon chiffon, the maid of honor's topped with a lace jacket. Their headpieces were of yellow rosettes and bows.

Best man was Robert McNaughton and guests were ushered by Gerald Johnson, brother of the bride and Gary McNiven.

A reception followed for about 120 guests in the Anglican Parish Hall. Receiving with the wedding party Mrs. Johnson wore a light green two piece dress with brown accessories and white corsage. Mrs. Wadley wore a brown dress with orange accessories and white corsage.

The young couple are making their home in Edson.

Out of town guests included the bride's grandparents, Mr. and Mrs. Jim Johnson and her aunt and uncle, Mr. and Mrs. Fred Douglas, all of Vermilion; the groom's grandmother, Mrs. Wm. Lockhart and his uncle, Mr. Dick Wadley, of Irma, Alberta.

In one year the newsprint consumed by newspapers in American cities and communities would make a continuous ribbon of paper fifteen inches wide and more than 300 million miles long.

'Grande Cache' [illegible] on postal lists

"Grande Cache" is the new name for the Muskeg River settlement located about 70 miles north of Hinton on the Grande Prairie Forestry road.

The change of name was made officially recently by the provincial government who has seen fit to provide the settlement with a post office. Residents of the area formerly used Entrance as their mailing address.

The new post office is located in the Grande Cache Hunting Lodge and Trading Post Ltd. which is owned by Hinton's R P Smith with Frank Roberts as manager. In addition to the latter, Grande Cache consists of a school bunch, district ranger station and a number of Indian families.

The Grande Cache post office will provide mail services for approximately 200 persons living in the area. Approximately 125 are residents and the remainder are trappers who are transient population while tending their trap lines.

New Baptist Minister

Rev. Jack H. Purdie arrived in Edson recently with his family to take the charge of the Edson Baptist Church. Rev. Purdie has just completed three years work as the Associated Educational Secretary and Youth Director of the Associated Temperance Forces of Alberta. Previous to that he was pastor of the Benalto Baptist Church in central Alberta. He took his theological training in British Columbia.

REV. JACK PURDIE

Rev. Purdie's arrival in Edson is good news for the Yellowhead District Boy Scouts as he has long been active in Scouting, is presently a member of the Alberta Team of the Boy Scouts of Canada and is under appointment to the International Training Team of the World Boy Scouts Association.

A native of Edmonton, Rev. Purdie is married and has two children, an eleven year old son, Murray and an eight year old daughter, Danny.

IN MEMORIAM

In loving memory of Will Innis (Tom) Cooper who passed away Nov. 8, 1961

You are gone, but not forgotten

By the ones who loved you best

And our love with you will Roger

Until we, too, are laid to rest.

Ever remembered by Loving wife, Children and Grandchildren.

LEADER STAFFER Marilyn Johnson pulled a fast one on staff members Monday. Instead of coming to work she took the day off to become Mrs. Dietir Laupitz. Marilyn, the daughter of Mr. and Mrs. Eric Johnson and; and Dietir, the son of Mr. and Mrs. Hans Laupitz, all of Edson, were married in a quiet ceremony in the Sacred Heart Church at noon Monday. Following a honeymoon motor trip south of the border Dietir and Marilyn will be making their home in Edson.

Haddock Happenings

Bill Pitcher, left on Oct. her 21st for Saskatoon to spend the winter with his old er sister who is 80 years old.

Jim Conn is out for a few days on his homestead here. Many of the former neighbors have been dropping in on him since they see smoke from the chimney now more.

Mr and Mrs Verna Nordvedt returned last week from a motor trip to Rosedale, B.C. Mrs. Frank Finlay is home once again after a few days in Edson hospital.

Bill Napier of Edmonton was a visitor in the Haydell-Haddock home last week.

Work crews are busy at Fulham Community Hall in preparation for the dance on November 9th being sponsored by the Hubanks Baseball Club.

The mild weather has caused a light hibernation in the bear population. Across Her ron shot one last week.

There was a fair attendance at Pelis United Church on October 27th. There will be services there again on November 10th and 24th at 3 p.m.

Paul Johnson has commenced building on the quarter east of Clarence's store. He was pouring cement this past week.

There were plenty of small pienics, wieners and goblins on the loose the evening of October 31st in the district, as the cry "Treats or tricks" went up on most people's doorsteps.

Dale Krinke was home for a brief visit last week.

Very few people from this district attended the Yellowhead Boy Scouts Banquet in Peers.

SHOWER FOR GAIL GOWAN

The shower given for bride-elect Gail Gowan of Shunda Bank on October 26th was very well attended, indeed. Seventy two guests taxed the capacity of the Clairets home.

Mrs. A. Sebastianelli and Mrs. N. Cameria were co-hostesses. The house was tastefully decorated with streamers of pastel crepe paper.

The bride-elect whose marriage to Clarence Barrass took place on Nov. 2nd received many lovely gifts.

Mrs C. Heliekson M.C.'d a contest for the guests before the gifts were opened.

Miss M. Giles and Miss Donna Ire assisted Miss Gowan with the gift opening.

Miss Gowan and Mr Barrass both expressed their appreciation in a few well chosen words.

A delicious lunch was served by Gail's former school mates.

I think if I were a woman,
I'd wear cedar as a perfume

Congratulations to Mr. and Mrs. Allen Parkes on the recent arrival of a son. Mrs Forbes and Michael Dean arrived at their home Saturday of last week both feeling fine. Big brothers Tom and Tim stayed at the home of Mr and Mrs. Malcolm Ett, during their mothers confinement in St. John's Hospital.

Congratulations and best wishes are extended to Mr and Mrs Clarence Barrass (nee Gail Gowan) of Shunda Bank who were married Saturday, November 4th. The wedding dance Saturday night attracted a capacity attendance. Music was supplied by the Ice Fiends.

Can you beat it? There are folk who find reason to complain about the current unseasonable weather. What ever they name it is their business, personally we love it. Just think, so many shopping days till Christmas and not a speck of snow!

Hunting season appears to be just that in this particular area, lots of hunting but no game.

Lloyd Williams of Red Deer B.C., veteran hunter of days gone by, spent Sunday at the R Thomas home.

ANNOUNCEMENT

Mr and Mrs. Leo Brown of Edson are pleased to announce the engagement of their daughter Beatrice May to Mr Gary Drader, the son of Mrs Nona Drader and the late Mr William (Guenee) Drader. The wedding will take place November 30, at 2.30 p.m. in the Edson United Church.

CARD OF THANKS

I wish to take this opportunity to thank all my friends who sent well wishes to me while in the hospital and for the kindnesses shown to my family during that time.

THE ROGERS BROTHERS (above) and their band, together with Joyce Smith, all well known recording stars, will be guest stars in Hinton this Sunday evening. They will not only appear as an added attraction at the Knights of Columbus District Talent Show in the Roxy Theatre, but will play for a midnight dance in the Athabasca Valley Hotel.

Rowan Galbraith takes Optimists on slide tour

Rowan Galbraith, son of Mr and Mrs. Neil Galbraith of Edson, was the highlight of the regular meeting of the Optimist Club of Edson Monday evening in the Edson Motor Hotel.

Young Galbraith took the Optimists and the eight visiting guests present on a very interesting tour, via slides, to the United Nations in New York. Rowan won this trip to New York through a speaking contest sponsored by the Cloverdale Lodge.

Since the formation of the Optimist Organization in 1956, Rowan has participated in all the speaking contests. In 1962, he represented the Edson Optimist Club at the International convention in Regina where he placed second in the competition. In Regina, the judges were well acquainted members of the Toastmasters club, giving the decision for first place to a lad from Moose Jaw and to Rowan. To split the tie the decision was put into the hands of the timekeeper who in fact gave Rowan second place.

Rowan has a good collection of trophies to prove his effort in public speaking.

He expressed his appreciation to the Optimist Club of Edson for the time and energy given to him in the educational contests. These and many Galbraith have been and will be a very valuable asset to me in every phase of every day life." Past President Pete Serdiuk introduced Rowan and Optimist Ron Boone thanked him for the interesting slides.

During the evening, program chairman, Optimist Tom Fowler ran an "On the Level" story telling contest with Rev Jack Purdy winning. HE. Nora Theatre pass for two for the best tall tale of the evening. Guests included nee George Bergman Neil Galbraith, Ben Eldridge, Harvey Hilliard, Duke Langlois, Armand Lord, Rev Jack Purdy, Buster McCullough and Lloyd Warkentine.

DROSTAN NEWS

Our deepest sympathy to all the Laughans family in the death of their mother, Mrs Hertha Laughans.

Mr and Mrs. Louis Boutin returned home from Penticton, B.C., on Saturday evening.

Miss Sarah Fasbenin left on Friday for Lloydminster to attend the wedding of a friend.

We are happy to hear that Mrs. John Stutenberger has returned home from Edson where she was under medical care.

A PAT ON THE BACK — AND A HELPING HAND

Two young boys entered a corner grocery store, held up the store owners and fled with a petty amount of cash. Their deeds were the topic of irate citizens' conversation the next morning.

A young Queen Scout applied mouth-to-mouth artificial respiration in a successful attempt to save the life of a man whom he had rescued from the swirling waters of a flooding stream. His actions were little heeded by the public.

A 15-year-old boy fatally shot his father during a family quarrel. Local news media reported the incident listing the boys' previous delinquent actions.

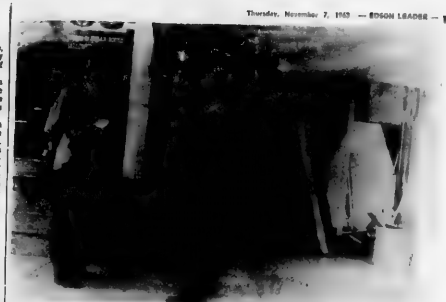
On the same day a 14-year-old boy reported as usual for an after school part time job he had secured to sustain his family until his injured father could resume work. Other than his family, no one knew of the lad's efforts. Incidents similar to these occur every hour of every day in Canada and the United States. In many cases, delinquent youths receive much publicity while deserving ones receive [illegible]

Optimist International, however, convinced that North America's decent youth deserve more recognition, seven years ago launched a program dedicated to giving a pat on the back to the younger generation's juvenile standard bearers.

Known as Youth Appreciation Week, the program is held annually in November. Youth Appreciation Week will be Nov. 11 - 17 this year. During this week Optimist International's 2100 clubs sponsor such programs as youth in government days, scholarship awards, outstanding student awards and youth in industry days, which are designed to show the younger set that their elders are interested in their hopes, their dreams, their future. During this week Optimists also attempt to balance the publicity scales by pointing out that 95 per cent of today's youth are high calibre youngsters.

Optimist Club members need your support during Youth Appreciation Week in your community in order to fulfill our youngster's need for appreciation and to create a favorable rather than unfavorable image for our youth. Do your share. Give our youth a pat on the back.

The reward for your time and effort? A new respect for our teenagers and the knowledge that the responsibility for a promising future will be placed in their capable hands.



IT IS A GOOD THING the weather was unseasonably warm when Slim Collins decided to remove half the front of his store last week. Slim, here doing some sidewalk kibitzing with Neil Galbraith, has had a new [illegible] like sandwich. Then fold the other two ends over. If you only plan to freeze the sandwiches for a week or less, double thickness of waxed paper will do, using the "drug store fold".

—Each package should be clearly marked with name of the filling and date of freezing.

When making sandwiches to freeze, don't be skimpy with the butter. A good layer of butter prevents moisture getting from the filling into the bread. Store sandwiches away from side walls and bottom of the freezer.

—Salad dressings or mayonnaise won't help — they don't freeze well as they separate during freezing.

—Sandwich fillings that freeze well include cold meats such as leftover roast beef, roast pork, baked ham, dried beef, cooked chicken and turkey, canned luncheon meats, canned salmon, cheese spreads and yolks only of hard cooked eggs.

—Only a few ingredients are unsuitable to use in sandwiches that are to be frozen. Avoid the crisp raw vegetables like lettuce, for they don't stay crisp when thawed. Tomato sandwiches are taboo for they get soggy at all times when made. Jelly, jam, fruit jelly broth [illegible] the bread during thawing.

Luncheon From the Freezer

If you're lucky enough to own a freezer and haven't quite filled it with summer vegetables, and fruit, maybe it can help you prepare for those lunch boxes many of you make each day for school children. Here are some points on about freezing sandwiches.

—Only freshly prepared sandwiches should be frozen and they should be wrapped and put into the freezer immediately.

—Freeze them properly by wrapping each sandwich in freezer paper or in metal foil (small plastic bags tightly closed are handy, too), using what we call the "drug store fold", that is, bringing two opposite sides of the paper together, then folding the edges over and over until it rests against the top of [illegible]

Funeral Service held for Mrs. Langhans

Funeral services were held from St. Catherine's Anglican Church on Thursday, October 31 for Mrs. Hestha Langhans. Mrs. Langhans passed away in Edmonton on October 28 at the age of 66 years.

Surviving are four sons (Carl of Edson, Edmund of Hinton; two daughters Mrs. Vida Maurer and Mrs. [illegible] Brussels; 16 grandchildren; two great grandchildren; sisters Mrs. Hestha Steele of Stony Plain and Mrs. [illegible] Rhode of Rosevale.

Fr. J. Shael of Hinton conducted the funeral service. Interment was made in the Edson cemetery.

Floral tributes were received from [illegible]

Mr. and Mrs. Lonnie Maynard and Mrs. [illegible] Maynard [illegible] Mr. and Mrs. John [illegible] Mike and Bill [illegible] Family, Ross Marie Ralph [illegible] and Family, Alma Fitch and [illegible]

EDSON

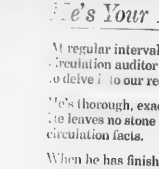
He's Your Man...

At regular intervals, an A.B.C. circulation auditor visits our office to delve into our records on your behalf.

He's thorough, exacting, complete. He leaves no stone unturned to get the circulation facts.

When he has finished his audit, he tells us what we have. He produces the facts on the quantity and quality of our circulation.

He's your man, actually—he works for you.



The A.B.C. report, based on the auditor's findings, is your guide to more productive advertising. The facts he reports are your protection.

They tell you, in the precise language of an accountant, exactly how big a circulation audience you are buying, where members of that audience live, and some of the reasons why they chose to be a part of that audience.

Ask to see a copy of our latest A.B.C. report.

[illegible] VALUE

N.E.S.... and YOU

[The following job opportunities are listed by the National Employment Office in Edson, and is present ed in the public interest by this newspaper.]

Are you looking for work or are you thinking of changing your job? On the other hand, if you are an employer, are you having trouble finding the right person to fill a vacancy in your organization?

Whether you are a worker or employer there is a nation wide service at your disposal which is equipped to find jobs for people and people for jobs. Every person living in Canada is free to make use of the services of the National Employment service.

There are no restrictions governing who may avail themselves of the National Employment service. Whether you are married or single man or woman, young or old experienced, efficient people are ready to help you in your search for employment. Every one is entitled to the same free help in finding work regardless of color, race, creed or national origin.

If you are having difficulty finding the kind of job you are best suited for, or if you are an employer and having trouble finding the workers you need, your National Employment Office can put you in touch with job opportunities, or with workers in all other parts of Canada, through its nation wide clearance system.

CARD OF THANKS

We would like to extend our grateful thanks to the many people who remembered us in the loss of our mother with floral tributes, messages of sympathy and kind acts. Special thanks to the Ladies Auxiliary of the Anglican Church, Fr. Shael, Gus and Rita Redler, Bill and Rose Wilson.

The Langhans Family

Anybody lose a canary?

Students at Heatherwood School have been enjoying a stray canary. The little song bird was found and brought into the school last Friday morning by one of the students.

The bird was very cold and didn't appear to have much life, but it revived in the warm room and was put in a box. That afternoon someone took a cage to school and since then the bird has been fed and cared for.

The children told their parents about it, but it must belong to someone without children. The owner may pick it up at Heatherwood School.

The little bird is the centre of attraction among the students, and they will hate to give it up.

The world is full of willing people. Some are willing to work; others are willing to let them.

People are still willing to do an honest day's work. The only drawback is that they want a week's pay for it.

Hallowe'en marred by potential fire bombs

For the majority of young people, children calling out their traditional "Hallowe'en Apples" and like older young in heart later on in the evening, Hallowe'en in Hinton was the best type of fun. For a handful of young bucks the implications of what they thought of as fun were much more serious. Chief John MacDonald has issued the following statement:

"For the past three Hallowe'en nights, 1961, 1962 and 1963, Fire Bombs known as "Molotov Cocktails" have plagued the Edson Police Department. The knowledge of their origin and those responsible for manufacturing them and the throwing of them embodied the Police. However, on the night of October 31st this year two local boys were caught in possession of one Molotov Cocktail sphere.

"The Molotov Cocktails," or otherwise known as Fire Bombs that were found in the possession of these two boys were 13 oz. bottles half full of gasoline with cloth saturounding a wooden cork. The cloth acting as a wick, making it easy to ignite.

"The wick would be ignited and when burning fairly good would be hoped at the property, in front of cars, into a crowd or onto the street, wherever suited party in possession of same. If the bottle broke there would be a sheet of flame if the bottle didn't break, in a short while it would explode and wherever was near by or right there would be destroyed.

"These Fire Bombs originated during the 2nd World War. They were used by Canadian troops and were go tent enough to knock German tanks out of commission and also route German machine gun nests.

"In the Fire Prevention News, it states that one gallon of gas exploding is equal to 82 pounds of dynamite.

Roughly estimating that a gallon of gas is 128 oz of fluid, therefore a beer bottle half full of gasoline would be 64 oz. and would be then equal to 4 and ½ pounds of dynamite.

The Fire Bombs as manufactured and used by the local boys in Edson. Hallowe'en night comes under the classification as set out in Sections 79 and 80 of the Criminal Code of Canada. Section 79 where death and serious damage to property is caused, has a penalty of life imprisonment. Another part of Section 79, where injury is caused and damage to property has a penalty of up to 14 years. Section 80, Possessing Explosives without Lawful excuse, provides a penalty of up to Five Years.

Investigation by the Town Police Hallowe'en night of October 31 revealed the source of these Fire Bombs and equipment was taken charge of by the Police. 15 to 20 Molotov Cocktails were made and only the quick action taken by the Police may have saved someone's life, their property or serious injury to innocent children on the streets that night."

KC Talent Show weekend district highlight

Outstanding talent from Hinton, Jasper and Edson will be having a 177 ct the prizes this Sunday evening when the Hinton Council Knights of Columbus hold their second annual talent show in the Roxy Theatre at Hinton.

Organizer of the show and talented emcee is Roger Dairon, well known in all three towns for his nimble tongue and quick wit. Mr. Dolron can be counted on to have the show running smoothly from start to finish through the help of pre-show auditions.

An added attraction this year is a stage show featuring Decca recording star Joyce Smith and London recording artists the Rodgers Brothers. The guest artists will also play for a midnight Armistice Day dance starting at 12:00

Broyda Findlay, Jasper, dance the Irish Jig; Roy Stoddaby, Hinton, violin solo, Kathy Allen and Vonia Tredwin, Hinton, vocal duet

Richard Robichard, Hinton, vocal; Joan Melvin, Hinton, baton art; Archie Miller, Scottish entertainer, Terry Hayward, Hinton, accordion solo, Shirley Calleaux and Irene Mehen, Hinton, vocal duet

Admission to the show will be by advance ticket sale only and anyone planning on attending are reminded to get their tickets from any Knights of Columbus member in Hinton, from the Edson Leader in Edson or from Mrs. Rourke in Jasper

1,700 more pennies for UNICEF this year

A total of $169.04 cents was collected by students of the A. H. Dakin School this year on Hallowe'en night. This is $17.00 more than last year.

Most homebreaks in Edson were covered as the students many driven around in cars and one call only made at each house. The penny boxes were then returned to the school where the teaching staff had the mammoth task of counting and rolling them for delivery to the bank.

Thanks are extended to the residents of Edson who gave pennies to the UNICEF collector. Thanks also go to the following people who drove the youngsters around the various parts of town: Mrs. J. Page, Dr. K. Robbins, Mrs. K. Perkins, Mrs. Ervin Barber, Mr. Ted Yeomans and Mrs. H. Workman.

The Edson Leader
"The Voice of Edson Constituency"
THIRD SECTION November 7, 1963 Edson, Alberta

Are you ready for Christmas?

Christmas is just seven weeks away. What about your Christmas cakes? Just to start you on the merry go-round, we thought you might be interested in a few recipes. Don't put off your cakes much longer as they do need to age a few weeks.

We would like a dark fruit cake and a light fruit cake recipe from our readers. Have you a special recipe for that occasion? Would you like to share the goodies with your fellow readers? We would like you to, just drop your recipe in to The Herald office by the Monday of each week, earlier if possible and we will pass it through this column.

Who has a good basic sugar cookie recipe?

This week we are starting you off with a "neither light nor dark cake," just delicious! Mrs. M. Guilmet of the Alta beers Apts. uses this recipe and has passed it on to many friends. Here is your chance, neighbor, to have this recipe.

BRENDAN FRUIT CAKE

1 lb. butter
2 cups sugar
10 egg yolks
Juice of 1 orange
Juice of 1 lemon
1 cup bottled grape juice
½ cup molasses
1 lb. currants
1 lb. seedless raisins
1 lb. sultana raisins
2 8-oz. pkgs. cut up mixed peel
10 egg whites
2 8-oz. pkgs. candied cherries
4 4-oz. pkgs. candied pineapple
1 lb. flaked almonds
Grated rind of 1 orange
Grated rind of 1 lemon
3 cups sifted all purpose flour
2 tsps. cinnamon
1 tsp. cloves
1 tsp. nutmeg
1 tsp. allspice
1 tsp. soda

Grease 2 9-inch-inch loaf pans and 1 10-inch tube pan well. Line bottom and sides of all pans with greased heavy brown paper.

Cream butter. Add sugar gradually and continue creaming until fluffy. Blend in egg yolks and beat thoroughly. Add orange juice, lemon juice, grape juice and molasses. Mixture will look curdled.

Combine fruit, nuts and orange and lemon rind in a large bowl. Sift flour, spices and soda over fruit and blend well so fruit is coated with flour. Add to egg yolk mixture. Beat egg whites stiff and fold in.

Fill small loaf pan about ¾ full and put remaining mixture into tube pan. Let stand several hours or overnight.

Heat oven to 300 degrees. Bake loaves about 2 hours and tube cake about 2 hours and 30 minutes, or until a toothpick inserted in centre comes out clean.

To mellow fruit cakes: Cool cake completely and peel off paper. Soak several thicknesses of cheesecloth in sherry, rum or brandy. Wrap cake tightly in cloth, then in heavy duty foil. Store in a cool place in an airtight container several weeks. Moisten cheesecloth again if required.

TROUBLE AT ARARAT

A farmer was losing his potatoes in trying to drive a team of mules and was using forceful language when his parson came along.

"Don't speak like that to those dumb animals," he said.

"You're just the man I want to see," replied the farmer. "How did Noah get the unearned mules into the Ark?"

JOHN VERKERK

Seek missing Bowness youth

Assistance is sought in trying to locate a 20-year-old Bowness youth who spent the summer working at Hinton and who was due to arrive home in the early part of September.

John Verkerk, son of Mr. and Mrs. John Verkerk, 8115 24th Ave N.W., had been in touch with his family regularly during the summer while working at a pulp mill.

He received his last pay cheque Sept. 6 and was believed to be driving home by the Banff-Jasper Highway. It was thought he planned to visit a Finnish family in the Edson area before returning home. He was driving a 1953 model half-ton truck with licence number 7X1092. Anyone knowing the whereabouts of the youth or his vehicle is asked to get in touch with the local RCMP detachment.

Pat 'em on the Back!
YOUTH APPRECIATION WEEK
NOV. 11 17

SPONSORED BY OPTIMIST CLUBS

Dealing with today's youth and their problems can teach adults much about the moral fiber of the younger generation. Upon examination, adults will find that the younger set are concerned about the future and the role they will play in the space age. They believe in the merits of juvenile decency and abhore the stigma which has been placed upon them simply because of the actions of a few of their contemporaries.

The majority of our teenagers strive to be law abiding citizens. They attempt to acquire today the knowledge they will need tomorrow. You can give these youngsters a pat on the back for their outlook on life by joining the Optimist Club in supporting Youth Appreciation Week in Edson.

How many times have you heard it said that the future lies in the heads of our youth? Countless times, no doubt. It is reassuring then, to know that the adults have placed the future in capable hands as the youth of today are able and willing to accept the challenge of the future.

Most of our youngsters are making plans to fit themselves for leadership roles of tomorrow. These youth are the standard bearers for decency. Give them your support by co-operating. Have another good look at youth and their activities (club work, sports). A pat on the back goes a long way. Let our future leaders know that adults care about them and the future they will mold.

WITH FACE SMUDGED and pungent odor of oil smoke about him, Naval Officer Cadet Paul Wayne, 19, Lindsay, Ontario, considers breathing mask to follow Officer Cadet Eric Carlson, 20, of Edson. The young men were early training in the navy's new Short Service Officer Training Plan. Completely garbed in heat-resistant gear, Cadets plunge into simulated ship's compartment to extinguish vicious oil blaze.

Optimists to sponsor "Youth in Government"

The Optimist Club of Edson will sponsor a Youth Appreciation Week program November 11 to 17, according to club President Harold Wortman who made the announcement on Monday at the club's regular meeting in the Edson Motor Hotel.

Dedicated to giving deserving youth a pat on the back, the program which originated seven years ago is sponsored annually by the 2,100 Optimist Clubs throughout Canada and the United States. The program emphasizes the fact that 95 per cent of today's youth practice juvenile deliquency, not delinquency, President Wortman said.

Optimists Don Rutherford, Denis Lanigan, Bill Mitchell and George Chilin will serve as a committee of the Youth Appreciation Week program.

Activities included in this year's observance will be highlighted by a "Youth in Government" plan sponsored by the Optimist Club of Edson and organized through the cooperation of High School Principal M. D. Meade and the Social Studies 20 teacher, Mrs. Dennis Parnell.

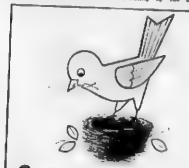
The Youth in Government plan will see 52 pupils of the grade twelve Social Studies class, assume, for one day, the positions of mayor, councilors, police magistrate, town secretary, engineer, police officers, fire chief, health inspector and positions in the School Division offices as well as the provincial and federal departments.

Mayor Brunelle is very enthusiastic about the scheme believing it will give the students an insight into the responsibilities of Town officials and arouse interest in the workings of local governments. Mayor Brunelle has pledged full support for the project, and will have the young mayor and councillors attend a regular meeting of the Town Council.

A "Father and Son" banquet is being planned as a finale to Youth Appreciation Week activities, and is set for Friday, November 15th. Fathers who are not members of the Optimist club are cordially invited to attend this banquet, bringing along sons or young friends. Tickets will be on sale shortly and full details will be announced.

A special guest and some fine entertainment is being planned by the committee.

Optimist International is a major men's service organization with 70,000 members in more than 2,100 clubs throughout Canada and the United States. The organization's motto is to "Friend of the Boy" Its International Office is located in St. Louis, Mo.



Spring is for the birds!

Sure Spring is when the birds build. But is that any reason why we should do the same?

Winter's a far better time to have those renovating and redecorating jobs done around your home. Men and materials are more readily available for one thing. For another, you can often save money through off-season discounts. To help you do it now, Home Improvement Loans under the National Housing Act are available through your bank. You may be able to obtain up to $4,000 with up to ten years to repay. Your contractor or building supply dealer can offer other extended payment plans. Why wait for Spring? Spring is for the birds. Do It Now!

Inquire about low interest rate Farm Improvement Loans at your bank—up to $7,000 with up to ten years to repay.

For advice and assistance call your National Employment Office.

Issued by authority of HON. ALLAN J. MacEACHEN MINISTER OF LABOUR, CANADA

Ref. No. 163a.

Shower honors November bride

Miss Laverne Langridge was feted at a bridal shower on Tuesday, November 5th, at the Strasbourg residence. Hostesses, Mrs. Edie Strasbourg and Mrs. Joe Folk assisted the twelve guests with bingo games.

The gifts were presented in a decorated container. Miss Gloria Hearns, who will be bridesmaid, assisted Miss Langridge open her gifts.

The marriage of Miss Laverne Langridge and Mr. Richard Bellamery will be solemnized in the Sacred Heart Church on Saturday, November 16.

We go to the physician

BY REV. G. S. MUELLER

Everyone should have periodic checkups. Even though we may feel well and seem to be in good health it is wise to be certain. With today's modern medicine and medical skill, we go to our physician to discover whether we are in good health.

What is more important, our bodies or our immortal souls? The answer is apparent.

Speaking to the self right-eous Pharisees who thought they were perfect in God's sight, Jesus said, "They that are whole need not a physician, but they that are sick."

In view of this remark it is good that we seriously ask ourselves: "Do we need the heavenly Physician?"

First of all we must let Him do what any physician does when we come, namely, diagnose our condition. Jesus does this through the Law, especially through the Ten Commandments, for "by the law is the knowledge of sin." When the Law shows us our sins, which it does, for all have come short of the glory of God, then let us not despair.

Let us accept in faith the one, the only, and the sure cure for our spiritual sickness, namely, the righteousness which Jesus Himself gained for us as our substitute.

Jesus took those sins upon Himself and paid the penalty in full for us, for "this is a faithful saying and worthy of all acceptation, that Christ Jesus came into the world to save sinners."

THE ALBERTA DIVISION of the Canadian Petroleum Association is making a School Education Kit available to science teachers in Alberta. The Kit shows the development of Petroleum, both oil and natural gas, from its origin in ancient seas through the exploration, production, transportation, refining and processing phases to its final products familiar to consumers. The first Kit was presented by O. H. Bisaillon, president of Scony Mobil Oil of Canada Ltd., and chairman of the Public Information Committee, Alberta Division, CPA, (left) to the Hon. A. O. Aalborg, Minister of Education (right), both of the Government of Alberta. The Kit, containing large instruction charts, duplicate notebook size student charts and a core sample box, is available free of charge from the Canadian Petroleum Association, 330 Ninth Avenue S.W., Calgary, Alberta.

Athabasca tar sand available to science classes

Science students will now have an opportunity to examine Alberta's famous Athabasca tar sands. A sample of the tar sand, contained in a plastic vial, is part and parcel of a school education Kit designed and arranged by the Alberta Division of the Canadian Petroleum Association.

The kit also contains five core samples from geological formations producing oil or natural gas in Alberta fields and nine graphic instructional charts showing the development of petroleum, both oil and natural gas, from its origin in ancient seas through the exploration, production, transportation, refining and processing phases to its final products familiar to consumers. A duplicate set of these charts, notebook size, is also available for each student.

A presentation of the CPA School Education Kit was made by O. H. Bisaillard, president of Scony Mobil Oil of Canada Ltd. and chairman of the Public Information Committee, Alberta Division, CPA, to the Hon. A. R. Patrick, Minister of Mines and Minerals, and the Hon. A. O. Aalborg, Minister of Education, both of the Government of Alberta. Mr. A. Aalborg remarked at the presentation, "I regard this Education Kit as a valuable aid to our Alberta science teachers and as a worthy contribution by the Canadian Petroleum Association in keeping with the petroleum industry's keen interest in aiding education."

Several months went into the design and arrangement of the material for the Kit. It is available, free of charge, to Alberta science teachers. Requests should be in writing to the Canadian Petroleum Association, Alberta Division, 330 Ninth Avenue West, Calgary, Alberta.

Unanimous nomination for Overture Concert exec.

Dr Anne Reid will once again serve as president of the Foothills Overture Concert Association following her recent unanimous selection by Association members.

Other members of the executive who also received unanimous nominations are vice president Mrs A Anderson, secretary, Mrs. J Clark, treasurer, Marcia Hansen, publicity, Miss Carol Ahlf of Edson.

The first concert of the present season will be held this Thursday Nov 7 in the High School auditorium when the Canadian Opera Company presents Mozart's comic opera "Cosi Fan Tutti." The opera will be sung in English and included in the cast is well known radio and TV performer, Jan Rubes. Mr. Rubes, C.B.C. program, "Songs Of My People" has been a favorite with the public for many years.

These committees of the Association will also offer concert arrangements, receptions and membership campaigns during the current year Committees are composed as follows

Concert arrangements Mrs Shingwa Hansson, Mrs J Beeche, Mrs. C. Sherrier, Mrs. H Kemmer, Mrs J Livingstone

Receptions Mrs. D. Cranbey, Mrs. R Anderson Mrs N Hamilton, Mrs B Levasseur

Membership campaign Mrs J McVarry, Mrs L. Gay, Mrs Wm Denholm, Mrs A. Gorman, Miss Frances Cleaveth of Edson and Mrs D Harris.

Highland Dancing NOT Costly

There has been some misunderstanding regarding the cost of dancing and kilting the pupils in Edson. Lessons run at $1.50 for one hour's tuition. Special consideration will be given regarding paying of lessons. Most mothers make the kilt, or are able to buy one second hand. Novice dancers require ONLY a kilt and white [illegible] wear footards or old shorts — they do not have to be in costume. Kilted outfits are worn only for demonstration.

There are still openings for new pupils on Saturdays at the Optimists Boy's Club.

JUNIOR CITIZEN AWARD WINNER

RONNIE LEIREN

BAWLF, ALBERTA

It was the Easter holidays, and Ronnie and his brother and sister were initiating their cousin from the city into the mysteries of farm life.

It was a week though, that turned out to be almost tragic!

The afternoon was lovely, just meant for exploring - and when they found some logs in the drainage ditch, the temptation to use them to cross proved too great.

Returning back across the drainage ditch three of the children crossed safely, but Ronnie's six year old sister slipped and fell into the water. Ronnie jumped into the water and grabbed for the parka his sister was wearing. The parka had come off over her head and the girl was floating downstream. Ronnie swam after her and pulled her to safety. But for his quick action his sister would have drowned.

Not only did he save her life, but also showed the presence of mind to remove her wet clothes and wrap his dry jacket around her before carrying her home.

The editors of Alberta's weekly newspapers join with us in congratulating Ronnie - a member of the Bawlf Scout Troop.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mr. and Mrs. James Thirsk of Kelsey, Alberta and to the Editor of the Camrose Canadian who nominated Ronnie for the award.

CALGARY POWER LTD.
SERVING THE PROVINCE OF ALBERTA

EDMONTON, October 31, 1863. Two Alberta farmers both from the Medicine Hat area, and now residing in Edmonton, are shown here taking part in an activity which is occuring again and again all over the province. The Hon. H. E. Strom, Alberta Minister of Agriculture, is renewing his F.U.A. membership. U-Day membership co-ordinator, Gerald Schuler (left) writes out Mr. Strom's receipt as the Minister readies his cheque. Both men continue to serve agriculture though at present they are not living on their farms. However, they keep active interest in their home places, where Mr. Strom's family farms 2320 acres part dry land and part irrigated at Bardett, and the Schulers operate a large dry land farm near Hilda. The two men are next door neighbors in Edmonton.

WITH Cubs AND Scouts

The annual meeting of the Yellowhead District Council will be held Friday, November 15th, 7:30 p.m. at Jasper. Those wishing to attend are asked to contact Guy Vaughn or J. Pyper and make arrangements for transportation.

The next Group Committee will be held at the home of Mrs Bert Potter, Wednesday, November 20th at 8:30 p.m.

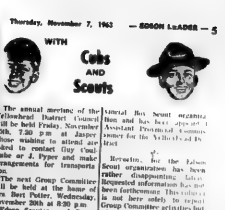
Edson Scouters and Group Committee members are very pleased to welcome Rev J. Purdy to Edson and to the Yellowhead District Council. Mr. Purdy is very active in higher echelons of the Pro

General Boy Scout organization and has been appointed Assistant Provincial Commissioner for the Yellowhead District.

Recently, for the Edson Scout organization has been rather disappointing. Little Requested information has not been forthcoming. This culminated is not here solely to report Group Committee activities but of all those branches that make up the local Boy Scout Movement. May I urge closer co-operation with leaders of the Wolf Cub Pack, Scout Troop and Rover Crew.

—Hrs M Aldi

N. G. JENSEN
retires



E. S. HUESTIS
... new appointee

Past Edson Forestry man named Deputy Minister

Heber G. Jensen, Deputy Minister of the Department of Lands and Forests, retires from the Alberta public service on November 1, 1963.

Mr Jensen is a native of Cardston, Alberta, his parents Mr and Mrs Andrew Jensen are residents of Cardston, they came to Southern Alberta from Utah in 1887.

Heber Jensen received his formal education at Cardston and at National School in Calgary. He taught school at Aetna, Hillspring and Card ston between the year 1919 and 1927. He became princi pal of Cardston School before resigning to accept a Magist rate's appointment in 1937.

In 1946, Mr Jensen was ap pointed police court magistrate in Calgary. The following year he became the sole Provincial member of the new ly formed Eastern Rockies Forest Conservation Board in 1951 he accepted the position of Deputy Minister of the Department of Lands and Forests, the post he is relinquishing twelve years later.

Mr and Mrs Jensen reared four children, three daughters and two sons. Four are married there are seventeen grandchildren. The Jensen family are members of The Church of Jesus Christ of Latter Day Saints and both Heber and Mrs Jensen have been lead ing [illegible] in church af fairs. Mr Jensen is a director of the Canadian Forestry Association and has worked closely with the Boy Scouts movement in Canada. He has served on executive councils of both National and Alberta Provincial Scouts associations.

Mr Eric S. Huestis, Alberta's new Deputy Minister of Forestry [illegible] was born in [illegible] and came with his parents to Alberta in 1903 [illegible] he received [illegible] Edmonton and graduated in [illegible] Alberta for his early training.

He [illegible] commenced his career with the Dominion Forest Service in Alberta in 1925. He became assistant district superintendent of the Crowsnest Forest and in 1926 He [illegible] became Superintendent of the Clearwater Forest and served in that capacity at the time of the transfer of natural resources from federal to provincial authority in 1930.

Mr Huestis was appointed acting assistant director of forestry in the Alberta Department of Lands and Mines in 1950 following a period with the Forestry Department at Edson. He received an additional duty under an appointment as Fish and Game Commissioner in 1961. By 1947 he was Assistant Director of Forestry and Fish and Game Commissioner. In March, 1948 he became Director while retaining his fish and game responsibilities.

Under pressure of growing forestry responsibilities, Mr Huestis relinquished his fish and game duties in 1950. His appointment to Deputy Minister of the Department of Lands and Forests is effective immediately.

Adult Education classes

Do you know of anyone who might be interested in taking basic English? So often, those who must need this particular course can not, or do not, read the weekly paper. You can help by passing this information along.

Classes are being held Monday evenings at 7:30 in the High School. Course content includes writing and printing the alphabet, spelling reading, and comprehensive exercises, understanding our monetary system, language and events, simple composing letters and speeches.

There have been enquiries about the possibility of setting up a more advanced level course. Such a course is presently being organized and would include reading, language and spelling on the junior high level.

For more information, or to enroll in the course, please phone 723-2103 or 723-4079. Classes will be held Monday evenings at 7:30 in the High School.

IN MEMORIAM

In memory of mother, Margaret Noaam, who passed away November 12, 1954.

However long our life may last,
Wherever we may be;
Whatever joys or sorrows be ours,
We will still remember you.
Ever remembered by Joyce, Pearl, Delphine, Karen, Barbara, Melvin, Leonard and Families.

You can't lose!

— PASTOR SNOWALTER

Here record are three words: The gambler would like to believe. The business executive would like to convince his company of them.

The farmer would be happy to think that he would surely win.

The student would smile at the beginning of a test if he knew he could not possibly fail.

Indeed, life is made of sterner stuff than that. There are too many possibilities of failure — either yours or someone else's.

The Christian is subject to a lot of failures along with everybody else. However, there is one area, the most important (at him) where he is assured that he cannot lose. That is, he does not need to lose in the struggle against temptation to sin, for God, who is mightier than Satan, is on his side and sees to it.

Believe this message from God, "No temptation has overpower you that is too hard for flesh and blood to bear. But God can be trusted not to allow you to suffer any temptation beyond your powers of endurance. He will see to it that every temptation has a way out, so that it will never be impossible for you to bear it."

I Cor. 10:13 Phillips

IN MEMORIAM

UP AT THE RINK

WITH IRENE

Last week was a busybee of activity at the Edson curling rink. Two weeks ago a host twenty curlers enthusiastic paint brushes for their irons, dilemal curling brooms and pointed the curling rings on the ice. The following day each sheet received a hot water flood.

Reynold Reitbezer had some of the high school boys assist in the flooding operation. The curling club wishes to thank these boys and the other curlers for their assistance.

Ivemaker and caretaker Mike Tulpash worked diligently to provide a smooth and level ice surface for the turkey curl. In the waiting room Joe Kotyn applied tape to the ceiling over the kitchen area. He was assisted in the final painting operation by Helen McEvoy and John Nadurak.

The turkey curl was held Saturday evening and proved to be very enjoyable as well as financially successful. The club members ran off a total of twenty three turkey draws.

Four visitors, one from Edmonton and three from Hinton, won turkeys. Elmer Pitcher from Hinton made the highest score during the evening among the men curlers with a score of forty-five points. Nan Ellenwood of Edmonton and Helen Deskin each made thirty-five points to top the lady competitors. The competition was keen which was indicated by the fact that there were only three people who won two turkeys. Helen Deskin, Al Grant and Mike Resp were the successful winners of two turkeys.

Winners of one turkey were Simon St. Marie, Lou Blondell, Nan Ellenwood (Edmonton), Hazel Wigelsworth, Rose Wilson, Dick Fontaine, Jim Williams (Hinton), Bert Hansen (Hinton), Roy Horne, Paul Giacomette, Morley Johnson, Don McCardle, Bill Taylor, Gib Switzer, Larry Ellenwood, Odin Field and Elmer Patrick (Hinton).

The mixed bonspiel got off to a flying start on Monday. Drawmaster Monty Wiesbrecht and Secretary Stan Maertz have made provision for three events which will guarantee each rink a minimum of three games. Twenty rinks have entered the week long competition.

The men's round robin league has a total of twenty three rinks. One more rink is needed to complete a drawmaster's ideal draw. No more rinks will be accepted once there are twenty-four rinks. Any one interested in entering a rink should contact Stan Maertz as soon as possible

Mixed Curling Results
Monday 7 p.m.

Nadurak defeated Ernie Walsh; Erikson defeated Rahelan; Hutchison defeated Grant; Yeomans defeated Taylor.

9 p.m. Draw

Enerb defeated Maxwell; Klark defeated Elmer Walsh; Ellenwood defeated Blundell; Pilage defeated Fyaar.

7 p.m. Draw

Yeomans defeated Hutchinson, Symington defeated Maltbrainne; Erickson defeated Nadurak; Rach defeated Switzer

9 p.m. Draw

Halston defeated Ernie Walsh; Maxwell defeated Elmer Walsh; Blundell defeated Pylsar; Grant defeated Taylor

Rosevear News

The sympathy of the district is extended to the family of Mrs. Hertha Langhaner on the loss of th - mother Mrs. Langhaner was a one time resident in this district For the past few years she has been living with her daughter Mrs. Vonda Maurer in Edmonton.

Weekend visitors at the home of Mr. and Mrs. A. Sahen were Mr and Mrs. Bill Parent and family from Fonoka and Mr. and Mrs. Walter Sahen and family from Edmonton.

Mr and Mrs. A. Elsinga went to Neerlandia for the weekend attending a wedding

People are still willing to do an honest day's work. The only drawback is that they want a week's pay for it

AROUND TOWN

Mr Robert Fowler and Mr Byron Orcutt of Kamloops, B.C., spent some time in Edson last week.

Mr and Mrs. Merlin Berg ersen of Edmonton visited at Merlin's home in the weekend

Mr and Mrs. Eric Kaluske of Campbell River, B.C., were visitors to the home of Mrs. Kaluske's brother, Mr and Mrs. Erk Knight.

Congratulations to Mr and Mrs. Stanley Gogowitch on the birth of a son, Bradley Stan on October 27th in St. John's Hospital in Edson.

Word has arrived of the marriage of Mr. Frank Mah in Hong Kong. Frank is an employee of the Blue Cafe in Edson and has been holidaying in China.

Mr. and Mrs. Gordon Johnson were entertained on Friday, November 1st at the McCullough home. Approximately thirty Alberta Gas Trunk Line residents were present to bestow a gift and best wishes to the John ... Pearman ... to Brooks, Alberta. Some of persons Trunkline parties were shown to the amusement of the guests. Dancing was also enjoyed. A delicious lunch served by the ladies, brought the evening to a close.

Mr A J Berggren was in Edmonton on the weekend to visit his wife who is in the University Hospital in Edmonton.

Visitors at the Odin Field residence for the past few days have been Odin's brother Art Field and friends Joe Shaw, Wes Parr and Fred Thorp, all of Portland, Oregon.

Has anyone ever before in Edson's history been able to golf and curl the same day? I'm sure this must be some sort of a record for the first week in November. I understand the golf course was quite busy on Sunday, but on Monday the mixed curling bonspiel was the order of the day.

Remembrance Day observed in Edson

LEAD BY THE EDSON BAND this year's Remembrance parade of veterans of Canada's two world wars, the Ladies Auxiliary, members of the RCMP and Ranked by Edson Army Cadets shouted the flag in the bright morning sunshine of November 11th this year. The usual well filled Legion Hall took part in a service conducted through the co-operation of Edson Churches.

Edson and District people, young and old, turned out to fill the Legion Memorial Hall on Monday morning, November 11, to pay tribute to the dead of two World Wars at the Remembrance Day service

Under bright sunny skies, and with crisp morning temperatures, the parade assembled in front of the Legion and paraded down to the highway and back up Main to the cenotaph.

Taking part in the parade under command of Legion Sgt-at-Arms Joe Falk and President Harold Gold were members of Legion, the Ladies Auxiliary, the RCMP and the Legion sponsored Army Cadets Leading the lead were members of the Edson Band lead by Bandmaster Dick Christie

Taking the service this year were the Rev J H Purdie of Edson Baptist Church and the Rev Don MacPherson of the United Church. Mrs G M MacLean played the piano and Bugler Dirk Christie sounded the Last Post and Reveille during the traditional two minutes silence

Wreaths were laid at the Cenotaph following the service by President Gold for the Legion and Mrs J Carlson for the Ladies Auxiliary. Councillor Jim Scott for the Town Constable W McVay for the RCMP Ladies Auxiliary member of long standing Mrs. J Smith laid a wreath in remembrance as well

An informal social was enjoyed during the afternoon and evening by Legion members and invited guests

Hunter Story of Season

We've been waiting most of our newspaper life for a story like this one. We print it at the risk of offending as it is in the once-in-a-lifetime category.

Two hunters were out in the bush in Edson district and, it is explained as an extenuating circumstance for their actions, had apparently been using a little barley corn to keep out the cold.

Hunter A, in answering the call of nature, as the story goes, suggested to his colleague that he couldn't "hit the last drop."

His pal fired at the ground and a piece of shrapnel penetrated a vital part of his anatomy, which required embarrassing medical attention. The chaps came from out of the district and were referred to the city for specialist attention.

Peers resident killed in car accident

A 74 year old Peers district resident lost his life in a car accident that occurred approximately 7 p.m. Tuesday evening about 20½ miles east of Edson.

Killed was Steve Lenchan, driver of an eastbound Volkswagen which was involved in a collision with a west bound truck. A passenger in the Volkswagen, Andrea Szepoti of the Pioneer district received injuries in the accident while the truck driver, Peter Wiebarat of Edmonton escaped injury.

The accident was investigated by the Edson Detachment RCMP.

Coroner Dr. J. R. Crawford has ordered that an inquest be held.

PILOT RUSSELL TYMRICK of Alpine Helicopters Ltd. of Calgary and Edson shows the helicopter stationed at Edson to Councillor Jim Scott of Edson. Russell took up representatives of various industrial companies in Edson for a flight to show the advantages for line patrols, etc., with the aid of a vertical flight machine.

Talk on local oil and gas potential C of C feature

Carl O Nickle, noted publisher of "Oil in Canada" of Calgary, will be the featured speaker at the annual meeting of the Edson Chamber of Commerce in the Edson Motor Hotel on Wednesday evening, November 20, at 6:30.

Mr. Nickle has been asked to speak on what Edson's future in the petroleum industry could be if present indications continue to develop and expand.

The Chamber is anxious that everyone who wishes to attend can be seated and all interested are asked to get their tickets by Tuesday from a Chamber member. A special invitation is extended to ladies as annual meeting night has become a ladies night as well.

Election of officers for the new year will take place, but routine business will be kept to a minimum as have been assured.

Lions auction on Saturday

Local residents are reminded of the Lions Club Auction Sale to be held this Saturday in the Shirley Motor Building on Main Street. The sale will begin at 1 p.m. sharp.

Many items have been donated for sale during the sort ton and a lot of used boys can be expected Harold Chapman will be doing the calling

Proceeds from the sale will go to help complete the new Edson Tourist Bureau which the Lions Club built and staffed this past summer

2nd accident victim dies

A head on collision 52 miles north of Hinton on October 28 has claimed it's second victim with the passing of 72 year old Ebert (Mac) McIntyre of 10503 - 122 St. Edmonton, in an Edmonton hospital last Thursday.

Mr. McIntyre was a passenger in a car driven by Carl Carlson who succumbed to injuries the day after the accident. The two men had been friends for many years and their camps were located next to one another north of Edson. Like Mr Carlson, Mr McIntyre was well known in Edson and district

Funeral services were held at 1:30 p.m Tuesday, November 12, at the Roy and Owen Chapel of the Chimes, Edmonton. Surviving are Mr McIntyre's wife, Mary and daughter, Mrs. Bruce Chandler (Donna) of St Mary's, Ontario

EDITORIAL

The Public Library Vote

Since its founding in 1944, the Edson Library has been operated by volunteer librarians. They have worked diligently to make the Library an integral and necessary part of the Edson community. Now that their dream has been realized, a further step is necessary in order to give the Edson Library continuity and stability.

Library practices evolved over the past 20 years have depended the work load on a few dedicated persons, on call fifty-two weeks a year, without remuneration. In order to meet this emergency, we ask you to vote for the Library By-law on Monday, November 25th

A favorable vote for this By-law will give the Edson Town Council authority to set up a Municipal Library, under the Libraries Act, and employ the necessary staff to alternate the work load and thereby lay the foundations for library expansion

A public library has a responsibility to its patrons to serve as an unbiased agency which provides great sources of knowledge What could be more rewarding to the founders of the Edson Library than to view with satisfaction the growth and importance of an organization that grew from a small collection of donated books to 5220 volumes

Sentry: "Halt, who goes there?"

Voice: "You wouldn't recognize me anyway, I'm new here."

Truck registration starts for winter work projects

Hon Gordon E. Taylor, Minister of Highways, has announced that truck registration for winter work would commence on Wednesday, November 13. The necessary forms will be available on or after that date in the Highways Building, Edmonton, and in the offices of the District Engineer at Medicine Hat, Lethbridge, Calgary, Red Deer, Edson, St. Paul, Peace River and Grande Prairie.

Truckers interested in participating in this program must register early as registration will cease as of December 31, 1963.

As in previous years, registration forms must be completed in every detail, in duplicate, and both copies must be returned in at the point of registration, or returned to the Department of Highways at Edmonton.

Once the returned forms have been checked, entered and numbered in Edmonton, one copy will be returned to the trucker and this copy must be retained by him and presented to the Engineer on the job when the trucker answers the call for work.

The registration forms must be completed by the truckers before a Commissioner of Oaths and in order to expedite the completion of registration, Commissioner of Oaths are available at the points of registration. It is again emphasized that the registration forms are to be completed in every detail.

The gross carrings amount has been set at $1000 per carrier called to the work. However, this figure may be adjusted, depending on the number registering and the amount of work available through the winter.

The truck registration system, which was introduced some six years ago in Alberta is designed to distribute the work among gravel dump truck operators presently depending wholly on this work for their living. The system is not set up as a guarantee of employment, but as an endeavor to distribute the work among as many truckers as possible in order to provide some cash income during the winter months.

Only one truck per owner may be registered. This provision has not been adopted to provide work opportunities for those truck owners who operate trucks as a side line, and who have other major income sources.

In past instances, large firms, professional men, and others, who have substantial business endeavors and also own trucks, registered these units to obtain winter work essential to others who rely on such opportunities as their basic means of livelihood. Attempts to obtain work in this manner is certainly outside the intent of the program and is considered wholly unfair to those truckers requiring this limited source of income during the winter months.

The co-operation of everyone registering is essential and an accurate picture must be presented on the registration form such that the Department is in a position to fairly distribute the work as far as it will go.

The outlook for this winter would indicate that there will be a reduction in the amount of stockpiling to be done. Further to this, the work by nature will be scattered and many of the areas where stockpiling is economical are isolated.

In order to effectively operate this scheme, truckers must be ready to go anywhere in the Province when called and those truckers who are not prepared to do so should not register. It is impossible to handle this system when a trucker is only interested in picking and choosing a project to which he would like to go.

There is no alternative in which truckers are called on and do not report but to drop them from the list, as it must be assumed they are not interested in working under the scheme during the winter.

Truckers receiving a call must be prepared to go to work on the date set in the dispatch issue.

More visitors to Jasper Park this year

Jasper National Park attracted many more visitors during the past season than last year, figures recently released by the National Parks Service reveal.

Approximately 59,679 more persons entered the park from April on, this year, than persons during the same period a year ago. There were 880 more vehicles.

During the month of September there was a particularly noticable increase in traffic entering the Park over September 1962. Fine weather brought 8,953 persons through the Park Gates, approximately 1,370 more than last year.

TELEVISION - RADIO

A modern day youngster, attending Sunday school for the first time, was asked who the first man was.

"Hoss," he answered.

"Simon," echoed his teacher. "It was Adam."

"Oh," said the lad. "I knew it was one of those Cartwrights."

—

The TV producer came rolling in one morning at 9 a.m. to face his very angry wife.

"The rehearsals lasted 'til m i d n i g h t," he explained. "Then I drove one of the chorus girls home and she asked me in for a nightcap. We had a few drinks and by that time it was so late that she asked me to stay all night. So I did."

"A likely story," said the wife angrily. "You've been out playing poker with the boys again."

SENTINELS OF A BY-GONE ERA those tall posts are remains of an old trestle bridge constructed to span a gap between hills near Hinton during the building of the Canadian National Railway. Numerous trestle bridges were built between Edson and Jasper and some closer to Edson are much more intact. Robin Huth, and daughter Nancy, sitting on a beam at the left enjoy the view of the countryside from the top as they contemplate the work that must have been involved in building the structure in days when heavy equipment was almost unknown.

—Photo by Robin Huth

NOW IN RUINS, Park Gate Station was the last station on the Grand Trunk Pacific inside of Jasper National Park. Winds and nature are wearing it away. One cannot help but wonder about the station master who one time lived here or the many passengers who passed on their way to seek their fortune in the mountains or at the coast.

—Photo by Robin Huth

Hardwork and heartbreak mark early railroads

A few miles from Hinton remnants of this area's early history protrude skyward, or lie rotting in the ground covered in many places by drifted sand or growing shrubs

The rotting timbers are the remains of trestle bridges constructed during the building of the Canadian Northern Railway, one of two trans-continental railroads constructed during the early part of the century to link eastern Canada with the west coast. The original railway ties still lie in the rail bed both east and west of Hinton and anyone interested can follow the course Robin Huth, a local resident who enjoys hunting and exploring, has walked the old railroad's path in stages, all the way from Jasper to near Edson, accompanied much of the time by his family.

On such trampe history comes alive. Unexpected discoveries are adding greatly to the interest of the walks.

One thing Mr Huth found particularly interesting was the old Park Gate station which was located on the Grand Trunk Pacific line about four miles from the present highway near the Jasper Park boundary. Still standing, although partly in ruin, the station is a lonely sentinel to by-gone days. Sand has drifted at one end to almost top floor level, while trees and shrubbery have obscured parts of the station from view. Remnants of furniture still remain within and the old and weathered "Park Gate" sign is expected to hang over the fireplace in the home of a district resident.

Powder caches, and parts of coaches or engines have also been found along the rail beds. It is not surprising as one favorite story tells of the stranding of a locomotive west of Hinton when the Grand Trunk track was torn up so that the steel could be used for war purposes during the First World War. This occurred after both the Canadian Northern and the Grand Trunk Pacific had ended in bankruptcy The hell from the stranded locomotive today hangs over Walt's General Store at Entrance

The story of the building of both railroads is a fascinating one The Grand Trunk Pacific was built first, in about 1912, and its rail bed is the one essentially used by the CNR A few years after the Grand Trunk was completed visions of Prince Rupert becoming a great seaport for trade with the Orient prompted the building of a second railroad, the Canadian Northern From Edmonton west much of the track for the two railroads ran almost side by side. If one story is to believed porters on both lines occasionally enjoyed a little sport by flipping flap-jacks back and forth as their trains sped, or perhaps in those days, chugged along.

Ironically enough, timber and other supplies needed to construct the Canadian Northern were transported by the Grand Trunk Pacific There was insufficient traffic for the railroads to prosper, and both were relatively short-lived. Each fell into bankruptcy and shortly after the First World War the federal government amalgamated the two to form the C N R

Who built the railroads? Mostly immigrants from Eastern Europe and China, along with laborers from eastern Canada Work days were long, labor was hard and the variety of food was limited Many died during epidemics of typhoid or dysentry and their graves can be found along the route Many days when heavy equipment was largely unknown dynamite was used to push through banks and wooden trestle bridges were built to span gaps between hills Almost all work was accomplished by men and horses even to the removal of earth by horse-drawn scoops.

Times have changed, and the railroad is grown over with the weeds Only the scenery is the same. As workers labored to push the railroad through, they too must have paused to admire the beauty of the not too distant mountains.

EDITORIAL PAGE

THAT TIME OF YEAR

Yes, they're in the mail again. Those "wholesale" jewellery catalogues which will sell you anything your heart may desire, what with Christmas coming on and all. We admit they look attractive and quite a number of people must be attracted by the alluring illustrations of things for "wholesale."

Many of the items are reputable, we imagine, but how can you tell — the way you can is to deal with a local merchant. He has been your neighbor for many years. His merchandise is right there in his store for you to see, feel even, and get a good idea of whether it is what you want or not.

Shopping by mail for "wholesale" bargains that may or may not be bargains or even what you want it's a risky business. And when you've paid your COD charges the shocking thing is that you are stuck with whatever you find when you open the package

ANOTHER REMEMBRANCE DAY

Fine weather prevailed for the Remembrance Services but it takes more than fine weather to bring out the quietly reminiscent crowds who annually pay tribute to their country's war dead. As we watched the faces of those who silently filed out of the Remembrance Service on Monday we realized again this year how almost everyone had a memory of a loved one who didn't come back. The memory was sweetly sad and the faces showed it.

Two sermons in our local town mentioned the words of Abraham Lincoln. Mr. Lincoln had the heart rending problem of winning a war against his own people. The "enemy" were kith and kin. The principles on which the war was fought were probably even more heart breaking than opposing strangers for an ideal

In the Hitler war the words of a dead pilot keep recurring in our thoughts: "We fight an enemy we do not know, we oppose a people we do not hate."

HUMOR COLUMN

DO LIKE HE DONE

New York Journal American columnist, Doug Welch, reported on the "finest business letter" story related to him by a prominent business consultant.

The letter, obviously written by an illiterate salesman read: "Dear Sos. I sove this outfit which they ain't never bought a dime's worth of nothing from us and I sole them a couple hundred thousand dollars worth of gode. I am now going to Chenge."

Two days later a second letter arrived at the home office:

"I cum here and I sole them hold a million," it said.

Both letters were posted on the bulletin board with a note appended by the company president.

"We've been spending too much time here trying to spel, instead of trying to sel. Lets watch those sails. I want everybody should read those letters from Gooch who is on the rode doing a great job for us, and you should go out and do like he dun."

☆

"Do you know the motto of this company?" the personnel manager asked.

"I think it is 'Push'," the applicant replied.

"What gave you that idea?"

"I saw it on the door when I came in."

Words of wisdom

Every citizen must be a volunteer in the intellectual and spiritual struggle to preserve freedom for man-kind.
—Franklin Delano Roosevelt

☆

A man who had been keeping company with a girl for a number of years took her out one night to a Chinese restaurant. They began studying the menu and he inquired, "How would you like your rice — fried or boiled?"

She looked up at him and said, very distinctly, "Thrown."

☆

In 1962, advertisers again spent more money in newspapers than in any other medium, and the newspaper remains overwhelmingly dominant as a local advertising medium.

☆

A democracy can only be strong if all the citizens are properly educated and careers are freely open to all the talented.
—James B Conant

☆

Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave.
—Henry Peter Brougham

☆

News papers produce more sales per dollar of advertising cost

☆

A man, standing up to a gold ball, armed only with a club, undergoes shortness of breath, tightness in the chest, a curling of the toes, backache, clenched teeth, locked knees, muscle spasms, paralysis and neurasthenicalsynesthesia. In other words, he's ready to hit.

☆

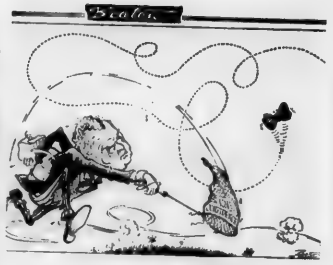
There's a new sports car on the market where you can hear the roar of the motor but your wife will be muffled.

☆

The trouble with being a parent is that by the time you are experienced, you are unemployed.

☆

Newspapers are the only medium offering the magnetic appeal of classified ads.



CO-OPS NOT DIFFERENT FROM OTHER BUSINESSES

By D. A. Gilbert, Equitable Income Tax Foundation

A recent article in the "Alberta Wheat Pool Budget," states as follows: "In Canada, government leaders and senior civil servants seem reluctant to give more than passing support to the co-operative movement. Apparently they fear being accused of partisanship by those in other types of business."

There is no valid reason why the co-operative movement should expect special assistance from any government department or agency. Co-operatives, as they are constituted today, are just one of the many forms of business enterprise in our free economy. The co-operative is just as much a business entity as any other business corporation. The fact that the co-operative form of enterprise has a number of superficial differences from the other form of co-operation does not alter the fact that it is distinct and separate from its owners, and earning income from its operations.

This form of business seeks to perpetuate the special treatment it has received from the hands of government as the co-ops are increasingly apprehensive that they will not be able to continue to avoid the payment of their fair share of the national budget by almost a total exemption from corporation income tax. Co-operatives have been assisted in their growth through retention of profits which other corporations are required to pay in tax.

There is no argument with the co-operative form of business organization and co-operatives will still thrive even when required to meet their fair share of the tax burden, but their competitors in private enterprise will have equal opportunities. To support government subsidization to continue to promote their growth is far too great an imposition on the rest of the already overburdened business community.

Surely the writer of this article does not hope to brainwash or indoctrinate Government leaders and civil servants so that they may turn into propaganda servants for co-operatives' trading advancement instead of unbiased servants of the state? They should be proud of our civil service and cause to civil because so far they have been unsuccessful in any effort to prejudice its impartiality.

HOW WRETCHED IS OUR ENGLISH TODAY!

To read or listen to many advertisements today, one would gain the impression that the American people are a race of semi-illiterates, that it neither spends current English nor is interested in seeing or hearing it. For some unexplained reason, the young men believe it or not, college-bred advertising copy writers of Madison Avenue have persuaded themselves that they are grammar rule runners.

Thus we are treated to the incongruous and ridiculous spectacle of men and women, beautifully dressed, comfortably housed and often endowed with a sportscoop elegant accent, using grammar more rankly associated with a character from Tobacco Road.

In this self-imposed world of illiteracy the adverb has disappeared, and we hear such phrases as "the engine runs good," "he did it smooth" or "he walked quick to the office." And we are all familiar with that indefinable monstrosity of Madison Avenue, the substitution of "this" for "an," "as if" and "as though." We are now told that a certain type of bread is baked "just like mother baked it" and that "this kind of motor oil works like it should."

On top of this, these same writers seem to believe that the American people are hopelessly addicted to "slang" — words such as "through" as "thru" and "although" as "altho," however cheap and childish such spelling may be. To this can also be added the fetishism of dropping the apostrophe with the genitive case and ending up with such examples as "Johns house" and "Business traffic problems."

PREFERS TINY CANADIAN SCHOOL

An American writer whose children have attended some of the biggest and most modern schools in the United States, says in the current Maclean's that they learned the most important principles of education during two years at a two-room schoolhouse in the Canadian town of Rockport. Rockport is near the border in the Thousand Islands district of Ontario.

Some of the things John Kenir' children learned about in Rockport, which they never experienced in the slick, suburban schools of the U.S., were: homework; separation of boys and girls; discipline by the switch; and objective rather than personal standards of achievement.

"They returned to Maryland for almost of their classmates in every subject. 'Kissie says, "and here it must be said that their Maryland School enjoyed an A-1 rating by U.S. standards. . . But more important, however, the Canadian school presented our children with a concept absolutely new to them; the idea that hard work and discipline might have something to do with acquiring an education."

With the Scouts

For Calendar of meetings of Cubs, Scouts, and Rover Crew, see Coming Events.

The next Edson Group Committee meeting will be held at Mrs. B. Potter's home, Wednesday, November 20.

The program at the Edson Wolf Cub Pack is in full swing under the capable guidance of Cubmasters and assistants. Those parents considering the purchase of uniforms will find them available at any of the large department stores in the province. In ordering the green sweater, it is advisable to obtain larger than the boy's present measurement, he will then be able to wear it smartly until he is 11½ years old.

With Christmas a few weeks away, the Cub committee welcomes suggestions for boys active in Cub Pack.

EDSON SCOUTS

The following are the boys active in the Edson Scout Troop:

BULL PATROL — Hilmer Patrol for October. Patrol Leader Rick Gardener; Second, Ian Oliver; The Caswell, Jay Wortinat, Murray McPherson, Allan Easton.

PANTHER PATROL — Patrol Leader Terry Caswell; second, Warren Harrison. Gerald Tanton, Clay Lansberry, Terry Kelsher, Harold Wynne, Trevor Bevan.

WOLVERINE PATROL — Patrol Leader Davidge; Second, Doug Abel, Grant Schultz, Doug Bowran, Greg Gold, Bill Vanadi, Ian Veldstal.

EAGLE PATROL — Duty Patrol. Patrol Leader Wayne Callaghan; Second, Pon Barrow, Barry Kendall, Frank McCulloch, Pat Sherrell, Larry Holland.

East District Doin's

Lynn Thomas is recuperating at the home of sister and brother-in-law Kit and Merlin Sumner in Edmonton, from an emergency dental surgery performed in a city hospital.

Grandma Thomas, Harold Kin and Shirley drove to the city Thursday

The angry marks of several chain saws about the district are not so rude evidence that pulpwood cutters are back on the job with vengence. We often wonder why someone doesn't invent a power saw that puts out nothing wasted noise, to replace the vicious snarls it or I'll mow you down' monsters now in operation

Proceeds from a dance held last Friday in Carrot Creek Hall were donated to the Bighorn and Raw families to help pay for medical care and hospitalization of their young daughters. The little girls were severely burned some weeks ago while playing near a bonfire.

The benefit dance, sponsored by Carrot Creek Community Association, attracted a good attendance. Music was donated by Jerome Orchestra, Karl Jensen, Art Dunton and Frank Raw.

Mr. and Mrs. Malcolm Ehly have as their guest Mr. Ehly's mother from Edmonton.

Annie and Otto Kuhn have taken up residence in their newly new home and were hosts to several friends and neighbors who called for a house-warming party recently.

Mr. and Mrs. Bill Heintz and Mr and Mrs Herb Heintz Sr enjoyed a visit to Red Deer last weekend.

Donall Heintz is working for his brother Melvin at the Schneider farm near Edmonton.

Our district had its first taste of winter for the season on Wednesday, that caught several motorists with their snow tweeds down. Numerous vehicles, a snowmobile trust included, wound up in trouble in the ditch or mussed up with guard rails.

We wish to announce that reports involving a local man in a recent shooting accident are in error. The accidental shooting occured in the vicinity of his farm — within a few miles — according to our information — but he was in no way involved. One report says he fired the shot — another says he was on the receiving end and a more reckless story hints of a duel

Reports such as these cause embarrassment and uneasiness if nothing else, and we would suggest folk either get the details or keep quiet.

PLEASE BRING YOUR LADIES

Phones have many uses good old days tale tells

BY MRS. JESSIE SHANTZ

The new telephone line in Edson district reported in your paper a week ago, brings to mind an incident that happened in this, the Carrot Creek district in the good old days.

An enterprising young man decided that the ladies in his neighborhood should have a communication system. Therefore he acquired a few telephones and hooked up a line to a half dozen or so homesteads with some surprising results.

A mother and daughter sat at the table enjoying the meal. The dead lady complained bond and clear about these weary cupcakes steaming her chickens She never did find out that two of them were sitting at the table with her supper and invite the neighbors but after counting her own chickens thought somehow else could have to supply the chicken.

The daughter enlisted the help of two gay young bachelors to procure the chickens from the mothers' chicken coop while she engaged the mother on the phone This was easily done as the dead lady shouted in the phone so loud that people half a mile away could hear her

They were all gathered at the table enjoying the meal when the dead lady complained bond and clear about these weary cupcakes stealing her chickens She never did find out that two of them were sitting at the table with her

They were 10 miles apart. The daughter was a supervisor person. The mother was up in years and very dead.

The daughter decided it was time to have a chicken

Edson Hoopsters drop two to Northern visitors

Edson Hoopsters played host to Dawson Creek Kinsmen Club and Monday the 10th and 11th of November. The two exhibition games that were played saw the Edson lose to Dawson Creek 82-52, and 62-62.

The high scorers for the first game were Edson, L. Bisley, 16 points; S Reil, 10 points; Sandy Dynes, 8 points. For Dawson Creek; D Bothamley, 16 points; G Hoch, 14 points; L. Klenbenkum, 13 points

The second game saw Dawson Creek defeat Edson by a narrow score of 62-62. Top getters for this game were: Dawson Creek; K. Hoch, 15 points; L. Kleinbenkum, 12 points; G Monk, 10 points; D Bothenbley, 8 points; and G Schelton, 7 points. Completing the Dawson Creek line-up was Jim Cole.

For Edson it was: G. Shirley, 16 points; T. Wurtzn, 6 points, R Evans, 8 points; R. Reil, 6 points; W Mallett, 2 points; and L. Bruger, 2 points. Completing the lineup was R. Hadcen. D Sarin, R Lee and R. Galbraith.

Dawson Creek showed superior shooting ability throughout both games.

Are You Ready for Christmas?

SOME HELPFUL HINTS FROM YOUR NEIGHBORS

Last week we featured a Medium Christmas Cake. This week we offer the recipe for a dark fruit cake from Mrs. H. Felsher's kitchen. Just follow directions and you'll slice the finished product with pride:

DARK FRUIT CAKE

3 cups bleached sultana raisins
1½ cups seeded raisins
1 cup seedless raisins
1 cup currants
1 cup slivered blanched almonds
1 cup chopped pecans
½ cup rum
2 cups of sifted all purpose flour
½ teaspoon salt
½ teaspoon nutmeg
½ cup butter
1 cup brown sugar
1 tablespoon of rereal cream
1 cup cut citron peel
½ cup cut lemon peel
½ cup cut orange peel
2 cups glazed pineapple
½ cup glazed green cherries
2 cups of halved red glazed cherries
½ teaspoon baking powder
½ teaspoon cinnamon
1/16 teaspoon allspice
1 cup sugar (white)
2 eggs
1 teaspoon almond extract
Pour boiling water over raisins and currants. Drain and pat dry between towels. Add cherries, peel and pineapple. Drizzle with rum. Cover with towel and let stand overnight. Add nuts. Sift then measure flour; sift one cup over fruit and nuts.

Preheat oven to 275 deg. F Line two 8x5x3 inch loaf pans with heavy duty foil. Resift remaining flour with baking powder, salt and spices. Cream butter until light, gradually add sugar beating until fluffy. Add eggs one at a time, beating after each addition until well blended. Combine cereal cream and almond extract. Add flour, mixture; then add fruit and nuts. Spoon into loaf pans. Bake for 2 to 2½ hours or until cakes test done. Let cool in cake pans on cake rack. Wrap cakes and store in airtight containers.

Age this cake — you'll have to hide it. It takes weeks to ripen to spicy goodness.

Peers 4-H Clothing Club report

Our first 4-H meeting of this season was held on September 13 We elected new officers for the year They are as follows: President, Anna Reinsma; Vice President, Arlene Neilsen; Secretary, Sandra Elings; Treasurer, Gertrude Van Leeuwen; News Reporter, Colleen Fabrino; Lunch Convener, Anny Veldstra.

Eleven members joined the club for this year. Mrs. Acorn, Mrs. Young, and Mrs. Neilsen are our 4-H leaders. Our meetings will be on the second and fourth Fridays after school in the school auditorium.

Our second 4-H meeting was held on September 27. We had a perfect attendance again this meeting. Mrs. Atkinson, District Home Economist, was guest and gave a speech on the first and second year project "Books", and first and second year sewing articles. The meeting was then adjourned and lunch was served by Sandra Elings and Anny Veldstra.

On October 4 our third 4-H meeting was held. Mrs. Acorn gave us a report on the leaders conference in Mayerthorpe.

She also explained what was expected of the girls with regards to their sewing and project books. The meeting was adjourned and lunch was served by Anna Reinsma and Hazlette Roman. The next meeting will be held on November 8.

JUNIOR CITIZEN AWARD WINNER

BOB HARTELL

STRATHMORE, ALBERTA

Bob was out in the farmyard doing his usual chores. He looked back towards the house and noticed smoke was coming from the back door. What was even worse, he knew his brother Jackie - an unfortunate victim of multiple sclerosis, was in the house alone unable to help himself.

Bob rushed to the house and carried his brother to safety. He went back to extinguish the fire which was already burning well into the ceiling.

He called the nearest neighbour two miles away. By the time the neighbour arrived, fifteen year old Bob had everything under control and was still checking throughout the house for signs of any smouldering fire that might burst into flame.

There is no doubt that Bob's prompt and courageous action saved the life of his brother - and saved the family's farm home.

Bob is a most worthy winner of the Junior Citizen Award - not only for this heroic deed, but for the day by day concern and help he cheerfully extends to make his brother's life easier.

We join with the editors of Alberta's weekly newspapers in wishing him every success in the future.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to the Cheadle Lion's Club and to the Editor of the Strathmore Standard who nominated Bob for the award.

CALGARY POWER LTD.
SERVING THE PROVINCE OF ALBERTA

Your MP Dr. Hugh Horner Reports

BY DR. HUGH M. HORNER

During the past week two major debates have taken place on Parliament Hill. One on Defence and the other on a Bill to enact the Government's proposed action for Depressed Areas. The Defence debate centered round the Government's intention to discontinue the building of general purpose frigates for the Navy, and the cancellation of the conversion of the BCAF training base at Penhold.

The Official Opposition pointed out that the commitee on defence was set up to aid the Government to formulate future policy and plans for Canada's participation in the defence of the "free world," and yet these decisions were being made before the problems had been discussed in committee. The cancellation of a 300 million dollar frigate program will cause chaos in the shipbuilding industry and may, in effect, be the beginning of the scrapping of the Royal Canadian Navy.

The defence policy of Canada, being very difficult to assess in the fast changing technological world we live in, was perhaps the real reason for setting up the defence committee. In the past, defence problems had been discussed in committee studying defence estimates. In other words the defence committee has studied the past expenditure of the Department of Defence. The present committee is in use past experience as a guide for policy decisions in the future.

General Pearkes had this to say recently when he appeared before the committee regarding the cancellation of the Avro Arrow. He said the program to develop the Avro Arrow was made in 1952 and by 1958 the Government realized it would cost too much and would be obsolete before being utilized. He said the Government in 1958 had delayed the decision to cancel the Arrow because of an election and didn't want a money situation at such a time This perhaps compares in some ways with the frigate and jet training base programs.

The frigates were meant to be for general purposes of training and service requirements of the Navy It is difficult to see the future R.C.N without ships, and in the same way it is difficult to see the Airforce without jet planes and jet training facilities. Pro bold, as a jet training base, is said to be too close to the commercial air lan- through It is no closer than Moose Jaw, Saskatoon or Portage La Prairie which are the alternatives now being considered by the Government for a training base.

The Minister of National Defence has said he will refer the cancellation of the jet training base at Penhold to the Defence Committee. No decision should have been made in the first place without this reference having been made. Now it is left to be seen whether the committee can bring about a renewal. Certainly Albertans generally will be interested in a continuance of this study and its

The other debate centered around an Income Tax Bill which penalized foreign investment capital to some extent and tax concessions to industries in Depressed Areas Many M.P.'s, including myself took part the debate and I pointed out that the prairies had been discriminated again st Over the years it has been the general feeling that we have subsidized industry in Eastern Canada long enough

There has been a need for further industry in the West, yet according to the Bill, the Government has only seen fit to designate one area in the three prairie provinces as being a Depressed area and is based of this tax concession This is not in keeping with the desire of many in the West who believe we need greater Industrial development to offset the heavy freight costs of goods coming into this huge market

It is hoped the outcome of the debate will be that the Government will recognize the necessity of designating more areas in the three prairie provinces as areas ready for acceptable new industry. ###

IN MEMORIAM

In loving memory of Louis Lambie who passed away November 14, 1962.
We cannot bring the old days back,
When we were together;
But secret tears and loving hearts,
Will live with us forever.
You're not forgotten Grampa dear,
Nor shall you ever be;
As long as life and memories last.
We will remember thee
Ever remembered by his grandchildren, Elmer and Mary, Mark and Gloria and great grandchildren.

Ministerial Plans to sponsor Choral Festival

At the November meeting of the Edson Ministerial it was decided that the various churches represented by the ministerial be asked to take part in a joint Christmas Choral Festival. The concert is planned for sometime during the Christmas season and the public will be invited to attend. The Rev Jack Purdy is in charge of arrangements.

Rev. Don MacPherson presented an interesting paper on the chief doctrines of The United Church of Canada. The presentation was followed by a question period.

The ministerial has been investigating the feasibility of having some type of folder or poster printed for public relations purposes. Its main purpose would be to provide information to the tourist regarding the various churches in Edson, their location and time of service. The cost be such participating church will be ten dollars.

Mr Jack Purdy, the new pastor of the Edson Baptist Church was welcomed by the ministerium several weeks ago a farewell was held for Rev. E. Hurd, former pastor of the Baptist Church.

Promises

PASTOR SHOWALTER

So easily made and so hard to keep! I believe we all find this a truth regarding promises.

The word of certain individuals is hard to take seriously. Dr. Allen a while we came to learn about what their "dis count" is.

On the other hand, we also know of a few (too few) people whose word we would be inclined to believe even if it didn't seem quite possible.

Factually, we have all broken promises. Because we are human we have erred by forgetting, over-estimating our ability, or because we lacked sense of the facts.

God made a lot of promises to His people of Israel. Some were blessing and some were in judgement. Some were conditional; depending on what response there was from the people. The outstanding thing is that not one of His promises failed!

The people said, "There hath not cast out of any good thing which the Lord had spoken unto the House of Israel; all came to pass."

Prophetic path

REV. G. E. MUELLER

When Around the World in Eighty Days was first written many years ago, people thought that travelling at such a speed was fantastic! How could it be that anyone could travel so fast! In our age of jet and rockets, however, days can be reduced to minutes. Who, even a generation ago would have thought these things possible?

Yet hundreds of years before Jesus moved across the plains of Palestine, the prophets of the Old Testament foretold in detail His birth, sufferings, death, and resurrection of the Messiah. His path was planned in the eternal counsel of God, and this was recorded for us in the Bible.

Can we trust the accounts and promises of the Bible? Turn again to the Bible and find the complete fulfillments of these amazing prophecies. Those could by no "cleverly devised myths," but surely this is a very prophetic word shining as a lamp into the dark places of our hearts.

As we walk the path of our lives, we need this unfailing word of God to give light to our way. It made no mistakes concerning the Christ Messiah who came in Jesus, born of the Virgin Mary. He went to the cross and with our sins upon Him paid in full, that we by faith in Him might have everlasting life

Ken Tipman wins Butters Trophy

A capacity crowd turned out for the Rod Club dance at the North Derby Hall last Saturday, November 9.

Ernie Fabrion presented the trophies awarded to the three top batters on the Mahaska Ball Club First place went to Ken Tipman with a .627 average, second to Sandro Sabatinoski with .392, and third went to Martin Roberts with .378

Engraved wallets were presented to Manager J. Roberts and Umpire E. Jackson in appreciation of a job well done.

A sincere thanks is extended by the Mahaska Ball Club for the fine support they have received throughout the year.

CARD OF THANKS

We wish to express our sincere thanks to our many relatives, friends and neighbors for the lovely gift and surprise party held at our home on November 9th for our 25th Wedding Anniversary.

Mr. and Mrs.
Orley Thompson Sr.

CARD OF THANKS

To all those who feted us before our departure, who entertained on our behalf, and for the lovely gifts received, may we say to one and all of our Edson friends a heartfelt thanks

Large audience for 1st Overture Concert of year

A goodly share of the 600-plus members of the Football Overture Concert Association was on hand in the High School auditorium at Hinton last Thursday evening to hear the Canadian Opera Society's presentation of "Tom Fan Tutta."

The opera, with music by Mozart and words by Bodi and Martin Thomas was sung and Martin Thomas was sung in English by a cast of eight

The scenery was simple following a 18th century Italian theme. What appeared to be especially intriguing to the audience were the two men servants who, dressed in the style of the times, changed the props with a precision and flair that brought laughter each time they appeared on stage.

A scene stealer at every appearance, as she was intended to be, was the pert little lady in distress who was in on the plan of the elderly bachelor to prove to two young swains that their lady loves true.

It all added up to a very enjoyable evening. The setting of the school auditorium with its large stage and cream colored stage curtain added to the opera. The school's new memorial grand piano added to the enjoyment of the evening as of the accompanist Dr. George Brough was kept busy from start to finish and gave a sterling performance

Dr. Anne Reid, returned as president of the Association by a mail conducted vote, introduced the opera and spoke briefly on the Association activities. She said that about a quarter of the 600 members

Joan Melvin wins K of C Talent Show

HINTON

A capacity crowd filled the Roxy Theatre last Sunday evening to hear performers from Hinton, Jasper, Edson and Brule participate in a District Talent Show sponsored by Hillcrest Council 8138 of the Knights of Columbus

Winner of the show was 11 year old Joan Melvin of Hinton, whose baton twirling act was carried out with perfected rendition of the Irish Jig Third place winner was singer, Mrs. R. Chisan, a newcomer to Hinton. Mrs. Chisan's sweet voice and easy style made her a favorite with the audience She was accompanied by Bob Wilton on the guitar.

Talent show judges were B. Switzer and R. Hunt.

Witty and able Roger Doiron once again did an excellent job of M.C.'ing the show which included a wide variety of talent

Recording artist, Joyce Smith, country and western singer, and the Rodgers Brothers Band were featured as added entertainment and were enthusiastically received by the audience Their performances added greatly to an enjoyable evening and another successful show The band also played for a dance at the Athabasca Valley Hotel starting at 12:00 a.m Monday morning.

Hadstock Happenings

Congratulations to Mr. and Mrs. C. Hakes on the birth of a daughter Alice Elaine, on October 30 in Edson Hospital

Mr. and Mrs. Eugene Wilson of Hinton spend the weekend with Mr. and Mrs. Bob Neil

Mr. and Mrs. Dubec and family of Edmonton were weekend visitors in the C. F. Whale home.

Congratulations to Melvin Barron and Donna Lee whose engagement was announced recently

Fulham H&S Assoc. elect officers, plan concert

The November meeting of the Fulham School Association was very well attended It was held in the auditorium of the school, the evening of November 6th.

There had been such a poor attendance at the October meeting, due to the press of harvest work, that the election of new officers was left in this meeting.

Mark Rendin was elected president, Matt Beckner, vice president and Mrs. G. Norton was asked to continue as secretary for another year

A report was made on the purchase of basketball equipment, which had been discussed at the September meeting The equipment has been ordered.

The secretary read the reply to the query regarding swings which had been sent to the Division The teachers were able to report that the swings had been installed and were being used

A discussion regarding the skating rink followed which resulted in the appointment of Louis Baudin as organizer of work crews to begin work on this project The men were to meet at the school on the afternoon of November 16th to do the preliminary work on the rink

A discussion of Christmas activities at the school followed The mothers of the pupils in the primary room will have a party for the primary pupils the week before Christmas Some parents were in favor of a concert The parents are going to take charge of this, train the children at home and present the program leaving the teachers free to continue with the regular school work.

Each family is being asked to contribute $2.00 for the treats

Thursday, November 14, 1963 — EDSON LEADER — 11

Mrs. Wm. Becker was home for a few days last week before returning to the city to wait for a bed in the hospital She is to have surgery on her foot

In our district becoming more lawless. Wilson Gordon had a rail shot last Sunday morning with a 22 rifle The calf had to be destroyed

Mr Gordon was paid for the calf but is it not still illegal to hunt on Sunday?

A wedding dance held for Mr and Mrs Clarence Barron in Shining Rock Hall saw a record crowd The ice orchestra played and everyone reports a very good time

The grade 3 and 4 pupils of Fulham are hopefully waiting for the return of Mrs. Mc Vey, their teacher, who has been a patient in Edson hospital for this past week

The first snow of the season fell on November 8 but still having marvellous weather for November

Rumours are floating around that another well site is being cleared This one east of Berkers near the river

Soaking a wedding ring in dishwater three times daily makes it last longer

Surprise party marks Silver Wedding Day

Mr and Mrs Orley Thompson were surprised Saturday evening November 9, when they arrived home to find a houseful of friends and relatives gathered to honor them on their Silver Anniversary.

The rooms had been tastefully decorated in silver, pink and white streamers and bells. And centred on their table was a lovely wedding cake.

A rose corsage was pinned on the bride of twenty-five years ago by daughter Connie Milburn and a carnation on the

Hos. Auxiliary monthly meet

Nominations of new officers and plans for the Christmas party were the main items of interest at the monthly meeting of the Hospital Auxiliary.

President, Mrs Radbourne gave a very interesting talk on the Hospital Auxiliary Convention which she and Mrs Cornette attended recently in Edmonton. Mrs Cornette told the meeting about the social aspect of the convention especially the banquet at the Derrick Club which was in a Hawaiian theme.

Mrs Mary Johnson reported on the banquet and meeting which a number of local members attended at Jasper. Members of the Hinton Hospital Auxiliary also attended and the meeting proved very interesting.

Following the meeting the ladies adjourned to the home of Mrs. Radbourne where their hostess had tea and lunch waiting

grooms by their daughter-in-law Lynne Thompson

An enjoyable evening was spent visiting after which lunch was served. Following that Mr Bob Lyon presented Mr and Mrs. Thompson with a set of "Rogers Bros Stainless Steel Ballware from their family and friends. Other gifts were also received.

Mr and Mrs Thompson thanked everyone for the "Bliss" surprise party and gaits Honorees were Mrs Bud Lyon and Mrs. Lou Hutchinson.

Out of towners attending were Mr and Mrs. Orley Thompson Jr and Debbie; Mr and Mrs Gordon Harris, all of Edmonton Mr and Mrs. Bob Milburn of Vancouver; Pat Sylvester and Mike Tomas cowals of Drayton Valley.

UP AT THE RINK

WITH SHANE

A 16-open money bonspiel is planned for Sunday, November 24 Men's, ladies' or mixed rinks are free to enter the event Entries will be accepted until the quota of 16 rinks has been filled Rinks that have filed entries so far are the Edson Motor Hotel rink, Albert Taylor, John Koch, Lloyd Bossert, and Ted Yeomans Many other rinks have hinted they are interested in the event and a few of town rinks are expected to fill their entry forms. Fifty dollars will go to the winning rink while the runner-up will receive twenty dollars. The consolation winner will receive sixteen dollars for the rink while the runner-up will obtain the equivalent of their entry fee of twelve dollars.

The round robin curling leagues priced off the lid of the new curling season The men opened their season on Monday evening while the ladies began their schedule Tuesday evening. A new league also began play Wednesday afternoon The ladies afternoon and Friday of each week Complete results of these games will be ready for next week's paper

Skips are reminded to post the results of their games immediately after they are play ed. The Birds on each rink they may be delegated to post the results of their games. The men's round robin league may be divided into two sections.

Manny Wiglesworth, 1 k s draw maker, will propose this type of schedule at an executive meeting which will be held in the curling rink on Monday at 8 p.m Rinks which have the most wins after all or any other predetermined number of games will go into A section while the other rinks will comprise B section

At the end of the schedule the first four rinks would play-off to determine the winner of each section The winner of each section then would play-off for the club championship It is hoped that this arrangement will keep the curlers' interest right up to the last few scheduled games

Tentative plans have been made to have the men's open bonspiel after the ladies' open so that the round robin play will have the minimum of interruption.

Lois Switzer was the winner of the curling draw which was made at the conclusion of the mixed bonspiel A new card has been started and tickets can be obtained at the concession booth on the curling rink A maximum of 100 Tickets are sold and a prize of $25.00 is awarded to the person who has the lucky number The tickets may be had from the purchaser is or some amount up to $1.00 The lucky ticket last week cost 50c.

Ir D Zoerb and his mixed rink are to be congratulated for winning the consolation bonspiel Twenty rinks competed in the week-long event Al Grant's foursome took the second event while Albert Taylor and his rink were success ful in the third event

A total of over one dozen skins have been ordered by Edson business men These sign will be put up in the curling rink and the rink has accessed a small rental charge Any businessman who is interested in putting up a sign should contact Manny Wiglesworth or Ted Yeomans Some businesses outside Edson have indicated an interest in renting space but first preference will be given to local business es.

A work party has been organized for this Saturday and Sunday to get the wall ready for the signs and to floor some of the sheets with river water. Bill Pilage has volunteered the use of his water truck to carry out the operation. If the experiment is successful Edson curlers may say good bye to tough ice Any one who can use a hammer or saw or who can help floor or scrape will be very welcome at this work party.

On Remembrance Monday a rink from Edson attended the Northern Alberta Curling Association invitational curl fest The Edson rink composed of Larry Ellsworth, Del Hodgson, Roy Horne and Ted Yeomans invaded the precincts of the Balmoral Curling Rink and posted two impressive wins over their city cohorts

The two host rinks from the Balmoral Club were skipped by Lloyd Christensen and Bill Mach, who later was relieved by his third man A sumptuous meal was provided at noon to add to the very enjoyable day

The report about the turkey curl unfortunately forgot to thank Ed Rominzak and Elsie Pyzer for the excellent music they provided and to John Pyzer and Ed McNaughton who were kept busy seeing that no one went thirsty Any other turkey curl is being planned for December Watch for the announcement.

Father and son banquet set for Friday

Final event in the "Youth Appreciation Week" activities sponsored by the Optimist Club of Edson is the Father and Son banquet being held in the Edson Motor Hotel at 6:30 p.m. on Friday, November 15th.

Attendance is not restricted to Optimist members and a sincere invitation is extended to all fathers to attend the banquet in company of a son, or sons.

Grade 12 students taking part in the Optimist Club's "Youth in Government" plan will be guests along with staff chiefs and a lively, enjoyable time is assured for all by the Committee men Don Rather ford Neals Lanigan and Bill Mitchell

Tickets for the Father and Son Banquet may be purchased from any member of the Optimist Club convenient to you or on Main Street selling tickets are Frosh's Radio, Rex Rite, Reusche's and Mach Mailbox at the Leader office

Edson Locals

Patrick Stevens home from Camp Luke is visiting his parents, Mr and Mrs Ken Stevens, for a couple of weeks

OUR APOLOGIES

Our apologies to Mrs Merry Lee last week in The Leader we gave the credit for counting and rolling the EDSON STORY promise to the teaching staff of the A H Dakin School We have since learned that it was Mrs. Merry Lee and her family who rolled the money.

Youth in Government plan lauded by Council

The "Youth in Government" plan sponsored by the Optimist Club of Edson has aroused keen interest of town officials and high school students alike, and promises to be an outstanding success.

At least 52 students of Grade 12 will be taking part in the activities, all part of the "Youth Appreciation Week" program of the Optimist Club.

Mayor Reynolds and the Town Council, school officials, High School Principal M. D. Menzie and all the other officials concerned have been very enthusiastic about the "Youth in Government" plan, and have been most co-operative and helpful in planning necessary details.

Positions in Local Government will be assumed by the following grade twelve Social Studies 30 class, with time and place of meeting noted wherever possible

Mayor, Mary Irwin, Councillors Louis Bugar, Barbara Marshall, Audrey Sommerville, Douglas Kolbe, Eddy May and Shirley O'Hara. Secretary to Council James Pawlow. Assistant, Iris Putter Delegation to Council Peter Brunelle, Maurice Deschamps, Wendy Erickson, and Irma Drumm are to meet as Council at 7:30 p.m on Wednesday November 13th.

School Board Chairman, Bonnie Mercer. Board members Vivian Medsen, Alec Kolyk, Hank Ed Rominzak, Larry Prospert and Karen Foudenin Secretary Board Bernadette Lavoie and Assistant Dale McIntyre. Secretary to Mr Jay Kaufman: to be chosen by Mr Smerts and General office Wayne Gierling and Reynold Hollenbeer.

Town Police Ted Warton and Jane Rabale. Town Engineer Robert Carlson and Jan Jakubow; Health Unit to Dr. Zoerb are Jack Mendak and

Robb and Branch News

Mr Bill Nickiforuk of Edmonton visiting his parents, Mr. and Mrs. George Nickiforuk.

The Armistice Dance held in Robb Hall was enjoyed by all in spite of the rather small attendance

Mr Mel Brandle and Doris were weekend guests of the Ken Brandles

Hunters in their bright red still come and go adding color to our Sportsmans Paradise With only a skiff of snow, which is all gone, the game seems to have moved to the hills.

A bingo will be held in the school also in Joe St. Marie, who has been sick

☆

I forgot to mention that Dawson Creek also beat us at Valley Ball on Monday They took us to the count of 2 out of 3 games There will be two valley ball tournaments within the next two weeks here with Hinton, Edson, Evansburg and Wildwood taking part.

☆

Curling this week saw McCardle's rink win over Langston, Wetton over Rowan, Straub beat Lalonde, and Selzyk beat out Belleisler.

☆

I don't feel well this week.

Youth in Govt. group attend Council session

As part of a program of familiarizing youth with the problems encountered in local government a group of Grade 12 students attended the regular Council meeting Tuesday, November 5. The visit is part of the "Youth in Government" project sponsored by the Edson Optimist Club.

Introduced by Councilor M. D. Meade the young people were welcomed by Mayor W. R. Brunelle and introduced officially to the Council and Staff.

The meeting itself was a pretty well routine one and should have conveyed to the group the many problems that the "grass-roots" government in the three levels of our parliamentary democracy encounters.

Present for the meeting besides the youths were Mayor W. R. Brunelle, Councillors A. Goodrich, W. F. Kartzmus, M. D. Meade, J. Scott and P. Wells and four ratepayers.

Council granted its approval to the carrying out of a door to door canvass and a tag day November 9, by the Ladies Auxiliary of the Royal Canadian Legion in sale of Remembrance Day Poppies.

The application of A.M.C. Construction Ltd. to purchase Lot 20, Block 10, and proposal to erect home under C.M.H.C. was placed before Council. Upon payment of $850.00 land sale, and subject to submission and approval of development permit application and required plans and specifications and undertaking to erect residence on site to C.M.H.C. standards, approval of sale of Lot 20, Block 10, granted, subject to construction of building being commenced before June 15, 1964.

The submission from Ithaca Development Corporation Ltd. of Edmonton, submitting a plan and proposal for an apartment building with respect to site being negotiated for by Western Investments Ltd. on Block 8, was placed before Council. The Secretary was directed to advise Ithaca Development Corporation that the subject parcel, on Block 8, referred to in location being held under privilege of Westlawn Investments Ltd to submit a firm proposal not later than November 20th, and that the submission of Ithaca Development Corporation in respect to this parcel cannot be considered until the matter of said privilege of Westlawn Investments and its relationship to Ithaca Development is cleared up.

Letter from D. L. Mahaffy with respect to the plans of Westlawn Investments Ltd. for proposed apartment building was placed before Council.

Council approved plans submitted by Westlawn Investments for proposed apartment and the Secretary was directed to point to recommendations of Mr. Mahaffy as to soil test and sound barriers.

A letter from Sivert Sivertson applying for privilege to cut pulp and poles in the area North-West Town, and elsewhere, and his undertaking to clear and burn all timber south was placed before Council. The submission was referred to the Parks Committee to bring in a report and recommendation.

LEGION PRESIDENT HAROLD GOLD salutes Navy style after laying the Legion's wreath in honor of the war dead at the November 11th service in front of Edson's cenotaph. Other representatives included Councillor Jon Scott for the Town and Const. W. McKay for the RCMP representing the senior governments.

The matter of the offer of the Anglican Church to sell Lot 4, Block 24, to the Town was further tabled to the next meeting of Council.

By-law No. 1202, under the authority of the Early Closing Act, amending Early Closing By-law No. 682 and setting the hours for closing of Barber Shops in the Town of Edson, was given three readings and passed. The effect is six o'clock closing each night except Wednesday which is at one o'clock.

A letter from Dr. A. G. Carden indicating interest in Edson as a possible place for his practice of Dentistry was placed before Council. The Secretary was directed to acknowledge Dr Carden's letter, and to the Edson Chamber of Commerce.

In accord with the request of the Optimist Club, the week of November 11 to 17 was proclaimed Youth Appreciation Week with a proclamation to be published over the signature of Mayor Brunelle.

MRS. JENNIE SMITH laid a wreath in Remembrance Day ceremonies at the cenotaph on Monday. President Mrs. J. Carlson of the Ladies Auxiliary also laid a wreath on behalf of the mothers of the lads who went to war.

Mayor Brunelle left his chair — Deputy Mayor Goldstick assumed the chair.

An application for Development Permit from W. R. Brunelle for groceteria building (128 x 74 ft.) proposed for construction in the spring of 1964, on Lots 15 to 26, Block 7, accompanied by plans and specifications duly approved by the Town Planning Consultant, was placed before Council.

The Council granted its approval to the issuance of a development permit for the proposed groceteria building, as submitted by Mr. W. R. Brunelle. In view of provision of clear and unobstructed loading doors on sides of building, no rear yard set back will be required.

Mayor Brunelle resumed his chair.

A bacteriological report, submitted by the Health Inspector, indicating water supply satisfactory was placed before Council.

Councillor Collis reported for the Parks Committee on the condition of a Swimming Pool deck and dressing room floors, giving estimate costs of repair at $4,500.00.

The problem will be brought up for consideration at the budget meeting in 1964

The Edson Leader
The Voice of Edson Constituency
and WESTERN WEEKLY SUPPLEMENT

FIRST SECTION Edson, Alberta, Thursday, November 21, 1963 Vol. 11, No. 46

Oil and Gas potential colossal says speaker

A "growing oil and gas boom" for the Edson area of West Central Alberta was forecast Wednesday night in an address to the Edson Chamber of Commerce by Carl O. Nickle of Calgary, publisher of the "Daily Oil Bulletin". Nickle, an internationally known authority on Canada's oil industry and past president of the Calgary Chamber of Commerce in Canada's Oil Capital, was optimistic about Edson's future, and warmly praised the constructive steps already taken by the town to make itself an Area Oil Capital.

Edson, 120 miles west of Edmonton, is already surrounded by a lengthy list of oil and gas fields discovered in recent years, Mr. Nickle said, and "will this winter host one of the most active exploratory and development drilling programs in Western Canada." Further exploration of the already large proved reserves around Edson can be expected, both in the immediate vicinity of the town, and in neighboring territory.

"So far, within a 75 mile radius of Edson, reserves exceeding two billion barrels of petroleum liquids and 5 000 billion cubic feet of natural gas have been found. These, through the long years of production, will yield gross revenue exceeding $3.2 billions. Within a 50 mile radius of Edson, reserves so far included over 4,300 billion cubic feet of natural gas and over 150 million barrels of petroleum liquids. These alone will yield over one billion dollars gross revenue. More reserves await discovery."

Continued on page 4

EDSON CHAMBER OF COMMERCE BANNER welcomes bearer of good news C. O. Nickle (left standing)

Father and Son Banquet highlights Youth Week

The Edson Motor Hotel was the proverbial "beehive of activity" on Friday, November 15th, as 120 fathers and sons enjoyed together the sixth annual Father and Son Banquet, sponsored by the Optimist Club of Edson.

This was youths night to shine, and they outdid their Dads in quickly disposing of the delicious dinner served by Haints Zahren. The meeting was conducted by Optimist Club President Harold Wortman with young members also taking part in the proceedings.

Marty Wortman gave the invocation and Eddie May proposed the Toast to the Queen.

Among the guests present ed as Mayor under the "Youth were Marc Irwin, who had act- in Government" plan, spon-sored by the Optimists, Other Grade 12 students who had assumed positions in town government during "Youth Appreciation Week" also attended. Optimist Past President Peter Berdiak introduced these participants. His Worship Mayor Brunelle paid tribute to the youth of Edson for their very fine record and encouraged the teenagers to greater achievements.

A toast to the fathers was proposed by Larry Langdon.

Optimist Art Leonard presented to Rowan Galbraith the Youth Appreciation Award. This award is made to a boy who excels in scholastic and community activities and is chosen by the High School teaching staff and Principal M. D. Skeels.

Guest speaker Rev. Ver Burg, Edson Christian Reform Church was introduced by Rev. MacPherson, United Church minister. Rev. Ver Burg in a very thought provoking and inspirational address to the fathers and sons asked how often do we get together as fathers and sons. He particularly told the fathers that a son expects love and understanding which is as simple and as ordinary as the youth expect to being accepted. He said that a son performs his jobs after somebody, generally an adult and generally that's Dad.

Rowan Galbraith on behalf of the sons thanked the fathers for appreciating them and paid tribute to the Optimist Club its fine work in Boys Work.

After Ken Schryk had the recitation of the Optimist Creed, the entertainment committee took over, directed by George Cullis, with a sing song lead by Buster McCallaugh and Mr. Ernie Fowler.

Numerous door prize drawn were made during the evening by Optimist Don Rutherford and Denis Lanigan. Although he was in Calgary, the father of three all won Mr. John Kosh who sponsored ten boys to the banquet who ordinarily would have not been able to attend.

Attention skating groups

Following their meeting last week the Edson Recreation Commission asks that any group wishing ice time at the skating rink during the 1963-64 season should let their wishes be known in the Commission.

An application stating their time preference should be submitted to Nine Chiefs, P.O. Box 305, before December 1st. This is primarily for hockey teams or figure skating club, etc., so that rink hours can be allocated to the best advantage of all.

Weather forecast Cold...with snow & wind

After a near perfect fall with temperatures well above normal, Edson with the rest of the province, had a rude awakening this past weekend when they awoke on Sunday morning to find a number of inches of snow and more falling.

It was cold for school students and wage earners getting to their destination on Monday morning, but the real shocker came Wednesday when Edson awoke to find the temperature had dropped to a frigid 35 degrees below zero.

Six inches of snow up to that time, combined with the cold, had stranded motorists keeping the local tow trucks busy. Plumbers and utilities men were busy as household ers woke up to find that water pipes and furnaces couldn't stand the shock either

The weatherman could promise no relief for Thursday and didn't stick his neck out with any optimistic promises for the weekend Thursday morning was to be 30 below with a rise to 10 below for the day's high. Snow and light winds were also expected for Thursday with temperatures standing at about 30 degrees below normal for this time of the year

EDITORIAL

The Public Library Vote

Modern society demands that a library keep pace with other fields of community service. The Edson Library is currently facing such a situation; either, to lay the foundation for the extended services of a Public Library which will insure continuity and stability ion and twenty years hence, or continue under the present system and be stifled by the very system that gave it birth.

The exacting clerical work, that forms the basis of any smoothly operating library, has been left to a few who have performed this chore conscientiously. However, increased library membership and demands for other library services dictate a change in the basic system. Unfortunately, an organization staffed by volunteers cannot achieve permanency which is essential for healthy library growth

Because a change in library status is absolutely necessary, the residents within the Edson Town limits are asked to vote for the Library By-law on Monday, November 25th. A favorable vote will give them free library service, subject to recognition of their obligations and responsibilities for all books borrowed from the Edson Public Library.

A HIGHLIGHT of the Optimist Club Father and Son banquet last Friday evening was the presentation of the Youth appreciation Award to Rowan Galbraith at right above. The presentation was made by Mr. Art Leonard. the award is given by the Optimist Club each year to a boy who excels in scholastic and community activities as chosen by the Principal and teaching staff.

Haddock Happenings

Mr and Mrs Morris Williams and family of Westlock were weekend guests in the Prairie Rumball home

Mr and Mrs Nelis Camarta and family spent the weekend at Pincher Creek, Alta., visiting Mrs Camarta's sister from and her husband and family.

Mr and Mrs. G Hougen and family of Edmonton spent the long weekend with Mr. and Mrs. G Peterbo and family

Little Venetia Beadle is scheduled to come home from Edson Hospital this week. She has been a patient there for over five weeks with a broken leg.

Leonard Minelli and Barnett Conover left last week for Peoria, Alta. They are to start work near there.

Mr and Mrs. Ray Redpath of Edmonton were guests of the Fred Minelli family last weekend.

The baseball club dance held in North Derby was a great success. The club netted over $100 for their funds.

Mr. and Mrs. Pete Williams and family of Westlock are moving back to the coffee shop they formerly operated in the Mahaska district

The South West field on the Swellrock farm formerly H. Hildebrandt will be upcoming a new crop soon Crops have been leveling and stabling out a site for an oil well and digging the sump hole.

Guardian Hugh says:

The pedestrian can stop and start much more easily than the motorist. This is one advantage that the pedestrian has over the motorist but he should not abuse it. Too often the pedestrian creates a hazard for the motorist and to himself when he sidles weaving through traffic. If only the pedestrian would give full cooperation to the motorist, there how many accidents would be avoided. Guardian Hugh asks.

One of the ways a pedestrian can co-operate with the motorist is by never crossing a street except at an intersection.

PROBLEMS AND IDEAS were exchanged at the dinner table when twenty-one members of the Yellowhead District Council of the Boy Scout Association met in Jasper last Friday evening. Left to right above are: Mrs. Mabel Paul, chairman of the Jasper Group Committee; J. H. Holloway, Provincial Executive Commissioner for Alberta, Rex Martin, chairman of the Administration Committee for Alberta; Guy Coulombe, past chairman of the Yellowhead Council.

Are You Ready for Christmas?

Well you're in luck if you use this recipe. Honey acts as a moistening agent and even late cooks can look for a nice moist cake with only two weeks needed for aging.

OLD ENGLISH FRUIT CAKE

3 cups sifted all-purpose flour
½ teaspoon salt
½ teaspoon cloves
2 cups butter
8 eggs
1 lb. seeded raisins
1 lb. citron peel cut
1 lb. almonds blanched and slivered
1 cup glazed pineapple, diced
¾ cup honey
1 tsp. baking soda
1 tsp. cinnamon
½ teaspoon mace
2 lb. brown sugar
2 lbs. seedless raisins
1 lb. glazed cherries
½ lb each of lemon and orange peel, cut
½ lb. dates sliced
½ cup currant jelly
½ cup molasses

Preheat oven to 250 degrees. Sift, then measure flour; add baking soda, salt and spices. Sift half the flour mixture over the prepared fruit. Mix until thoroughly coated with flour.

Cream butter thoroughly gradually add sugar beating until light. Add the eggs one at a time, beating after each addition. Stir in floured fruit and nuts. Mix together, currant jelly, honey and molasses. Add to mixture then stir in the remainder of the flour. Turn into foil lined pans Yield ten pounds. Bake 4 hours to 4½.

LIGHT CHRISTMAS CAKE

1 cup butter
1½ cup sugar
5 eggs
1 tsp. salt
2 cups sifted all-purpose flour
1 tsp vanilla
2 teaspoons lemon rind
3 cups bleached sultana raisins
2 cups slivered citron peel
1 cup red glace cherries
½ cup green glace cherries
1 cup candied pineapple
1½ cup almonds
1 cup undrained crushed pineapple

Prepare fruits same as above method. The oven for this cake is 275 degrees for 3 hours. Two weeks aging time is required.

Next week prize winning shortbread.

DON'T BE CAUGHT WITH YOUR POLICY DOWN
"It never let it happen again!" How many of us have made this vow when an emergency arose . . . when we were caught without insurance following a car accident . . . a fire at our home or place of business? Or for that matter, when we were in need but hesitated to buy an insurance policy. Even if we were sure, we looked before we leapt. Now, you can insure your "policy" with us and save money at the same time. The difference in insurance is the continuing personal attention you can expect and receive from an Independent Insurance Agent. He gives you: Guidance in choosing the right policy from the right insurance . . . Advice on economical ways of handling changes in personal insurance requirements . . . Prompt and competent help with claims . . . Improved policies which are tailored to your needs . . . Help with claims details and follow-through until you receive fast, fair settlement. An Independent agent represents several large reputable companies and knows the type created in the market world of policies that the most important fact about your independent agent is that he works for YOU . . . and for the company.

Cubs AND Scouts

A Bottle Drive held by the Edson Scout organization last Saturday, was very successful Mr. Ralph Wadey, Transportation Committee, wishes to express his appreciation to the following for use of their trucks. P. Bednar, Edson Motors, Department of Lands and Forests, Alberta Gas Trunk, A. Worthing, Trans Mountain and Waterloo Motors.

A belated expression of appreciation to those parents who assisted in the door-to-door sale of light bulbs. Among those were E. Abel, P. Armstrong, Geo. Bergman, D. Blundell, P. Bednar, S. Crudgington, G. Coulombe, J. Fuhrman, V. Harrison and Ted Hicks.

Two Brown, Pt. Allan Beaconsfield and recently inventor Scout Murray Purdie were awarded from the list last week. So sorry, fellows!

A meeting of the Yellowhead District Council was held at the Astoria Hotel, Jasper, Friday, November 15th. This was actually the council ing portion of the Annual Meeting held earlier in September and was chiefly concerned with the election of officers for the ensuing year Twenty-one members were present.

One of the features of the evening was to have been official recognition of the Valemount, B.C. Scout Organization, recently transferred to the Yellowhead District Council. However, due to several unfortunate incidents, the Valemount representatives were unable to make the trip, but sent their best wishes to all present via District Commissioner D. Champion

The executive members of the Yellowhead District Council see for the most part, resident in Jasper They include Chairman, Bill Buddy, Secretary, Mrs. Vera Andrew, Treasurer, Mr. Don Reid, Member-at-Large, Lee Pearce Others included Harry Payne, Member-at-Large, Hinton, Reg Gardener and Mrs. Marguerite Ahlf, from Edson

Oil and Gas Potential

Continued from page 1

All Albertans will share many hundreds of millions of dollars," Mr. Nickle said, from production of Edson Area reserves, because of royalty, rental and bonus payments to the Provincial Treasury. Every Alberta citizen has a for larger stake than most realize, he said, in the "Crown owned but privately developed" minerals of the Province.

From its oil and gas rights all over the Province, the Alberta Treasury derived an estimated $1,412,000,000 since the boom started in 1947" and "in 1963 alone will receive over $140 millions, a new annual record."

PLANT NEEDS

"Over the next few years," Mr. Nickle said, "the Edson Area can reasonably count on fruitful million dollar investments in production facilities for both oil and gas, additions of many millions in gas pro cessing plants and more millions in exploration. All these will contribute to employment and population growth."

Among the promising prospects he reviewed is the "Yardbird Oil Alley," stretching some fifty miles from Edson town east and south to the northwest corner of Pembina. Cardium oilfield, the biggest field in Canada. Along the Cardium Alley, five widely separated oil pools have been discovered the past 18 months.

"Further development of this trend could put Edson right into a centre of oil production" he said. Cardium sand production along this trend is at depths from 7,300 to 8,000 feet.

He also stressed the bright future for the "Edson Gas field," one of the largest yet found in Canada. This was discovered by a wildcat well two miles west of Edson in January 1952. "This field so far has developed gas reserves of some 2,000 billion cubic feet, through drilling of a dozen wells scattered over and near 24 miles long and up to eight miles wide, immediately west and south of Edson."

He stated that "in from two to four years, Edson Gasfield will have a multi million dollar gas processing plant and a pipeline system that will link this huge reserve to North American gas markets as far distant as 2,000 miles. Many millions of barrels of petroleum liquids will be extracted from the gas before it leaves the Edson area." Productive zone is Ellerslie limestone, a thousand 9,000 feet below the surface.

FORWARD THINKING IN EDSON TOWN

The Forward Thinking of Edson town is deserving of warm praise said Mr Nickle in telling what the town could do. Mayor Hnatiuk and his town Councillors, Secretary Manager Gross and the Edson number of commerce are making an important contribution to their community and to the people and industry now or soon to be in the area, by their constructive planning for future Edson growth he told the meeting.

Edson properly described itself as a Small Town with a built-in Big City vitality and know-how, said the speaker. It realizes that the skill an of rich oil and gas resources in the forestry and agricultural resources around which Edson first built, will bring progressively larger industrial and commercial activities, and population, into the area. Edson is determined to capture the maximum possible share of that growth, and build a brighter, broader economic future as its Area's Oil Capital.

Metropolitan Edson now has a population of 5,000 and in its trading area a population of about 14,000 he, said in quoting statistics. These numbers are bound to grow, with the oil and gas expansion that lies ahead, but the degree of benefit to your community hinges in no small measure upon the success of your competition with other communities in persuading people and businesses to locate here What you have already accomplished towards that end surpasses the effort of most communities in Western Canada. for not too many are as awake as is Edson to the opportunities that nearby natural resources developments provide

The message that Edson is getting out to members of the oil and gas industry is, in brief, this: A warm welcome, come in, and make yourself at home. We are ready, willing and able to do our part in making your stay both pleasant and busy. Our business community and municipal leaders are well aware that a healthy, constructive and aggressive policy in municipal planning is part and parcel of our responsibility in encouraging you to establish here with us.

"Your Edson message," Mr. Nickle told the meeting continues "Our town is fully ready for the next twenty years of growth, with ample provision for various land uses, school sites, parks, major roads and utilities. Any unexpected acceleration of the growth will only require changing the time table, without any crash planning programs or disruption of the ultimate planned concept.

As part of Edson's plan for orderly development and growth, Council has placed it under interim Development Control, and has retained a Town Planning consultant. The town has established Zoning and regulations with respect to development of the various zones, and has adopted standards of construction tied to the National Building Code. The Town owns the largest part of available development land in Edson, and a firm land sale policy is followed."

Your message to the industry concludes, he said, "Over 200 residential lots have been replotted for development, 60 of these already being serviced. A very large area remains available in the town for further development. Sixty acres of industrial land is available in town, of which 30 acres are already serviced, in addition to a larger area held by the CNR on trackage Large tracts of land are held by the provincial government adjacent to Edson, and are also available."

Aside from the Welcome signs and land planning, Edson naturally has other factors working for it, said the speaker. It is on the transcontinental main line of the Canadian National Railways, on the newest highway running west from Edmonton, has daily trunk and bus service, and an adequate air strip. It has modern schools, from elementary through Grade XII; modern hospital and medical-dental facilities; good hotel and motel accommodation. It has a swimming pool, curling rink, golf course, arena, library — and has good fishing and hunting nearby. It has electrical power, natural gas and good water — together with a modern sewage lagoon disposal system capable of serving triple today's population.

Speaking as a citizen of Calgary, Canada's Oil Capital, I wish you every success in your drive to make Edson the Area Oil Capital of West-Central Alberta, said the oil magnate. Calgary earned its title honestly, despite belated efforts by Edmonton. Some Calgarians were first to recognize the tremendous potential opened up by the Leduc Discovery in 1947 — and went all out with friendly welcomes, sound planning and strong selling to bring all industry members into the city Today over ninety per cent of Western Canadian exploration, development and production operations are directed from Calgary offices, on a tremendously expanded modern city containing almost 300,000 more people than it did in 1947.

"In the same way, Edson can do much to make your Town the field headquarters for oil and gas companies, service and supply companies, and for people in this part of Alberta — and a home for a growing number of the people who will be engaged in field and plant operation in your district. I wish you well in this, your community effort," he added.

OIL & GAS IN THE EDSON AREA

Edson began, just over half a century ago, as a tiny settlement on an area of muskeg along the line of a new railway that eventually became part of the main line of the Canadian National. It began as a jumping off spot for stage coach and horsback travel northward into the Peace River region, and a service centre for the pioneers in farming and woodcutting in the then remote countryside.

A more decade ago the oil and gas industry reached Edson, with construction of the Trans-Mountain Oil Pipeline system from Edmonton to the Pacific. The line was built through Edson on its way to the Beaver, and was one of the major pumping stations for this. $100,000,000 project was built just west of this town.

In that same year, 1953, an oil discovery was made nearly 100 miles south-east of Edson, one that was soon attracting interest into the general Edson area. The discovery was Pembina, a field that has already produced over 300 million barrels of oil, and is expected to produce another 1,000 million. It is now the largest single oil field in Canada, both in reserves and in area — and it came about because the Sorcony Mobil-Seaboard team decided to test out a small oilfield near Cardium after failing to find production in deeper formations which had been the primary objective of its wildcat well. Cardium after previous wildcats in the Pembina area had drilled through it to Paleozoic, without making commercial finds of oil. Subsequent studies of that information became a prime target for a host of companies. Today the Pembina field covers over 600,000 acres, with its northwest boundary only 40 miles from Edson

Eight years ago, in 1955, Edson came up with its first important "new gas" discovery, at Windfall, some 60 miles north of the town. The Windfall discovery climaxed a four year geological, geophysical and drilling exploration program carried out by the team of Canadian Pine-Hudson's Bay-Pan American.

The team's discovery well found a 230 foot thick Devonian D2 limestone reef about 8,500 feet down, with an open flow potential of 100 million cubic feet daily of gas, accompanied by 8,000 barrels daily of condensate: a high quality petroleum liquid. Further drilling proved up a reserve of some 700 billion cubic feet of gas, and over 60 million barrels of petroleum liquids.

The Pine-H.B-Pan Am team has continued its exploration north of Edson, with considerable success. The team discovered the Beaver Creek gas field in 1956, 25 miles northwest of Edson, in a Devonian D1 zone at 10,700 feet, and established a reserve of about 100 billion cubic feet of dry gas with a very high sulphur content.

In 1957 the team discovered the Pine Creek gas field, between Beaver Creek and Windfall, with productive formations being Devonian D3 at 10,800 feet Pine Creek is a very large reserve — some 1,300 billion cubic feet — of dry gas with a fairly high sulphur content.

It wasn't until mid 1962 that the production of the North Edson reserves began Soon after production was on-stream, it was tied in to Alberta and Southern Gas Company, buying agent for the proposed great gas export pipeline system from Alberta to Northern California. Necessary government approvals came in 1963, and construction began on a quarter billion dollar, 1,000 mile long system of yard wide gas pipeline in the Canadian National. It began includes the Foothills System of Alberta Gas Trunk Line, which crosses 20 miles to the east of Edson, and opens this whole area to gas markets ranging from California to the U.S. Midwest in Eastern Canada.

The pipeline made Edson Area's first big processing plant possible — a $12,000,000 plant at Windfall, built by the Pine-H.B Pan Am team. Its operation is designed to get the maximum recovery of gas, petroleum liquids and sulphur out of three fields Wet gas is drawn from the Windfall field, for extraction of liquids and sulphur, and delivery of dry gas for distribution.

It is replaced in the formation with dry gas from Pine Creek field. Beaver Creek gas will in the future also be brought in to maintain High pressure in the Windfall reservoir Ultimately, over the years, the vast bulk of gas from the three fields will be withdrawn via Windfall, along with the valuable by-products, and will be sent to market The operation is comparable to that of a meat packing plant which makes use of everything in a pig except the last squeal.

The Windfall plant, latest report, was running through a 10 million cubic feet per day, recovering from it over 19,000 barrels of oil liquids and over 800 long tons of sulphur every 24 hours.

The third of the big fields in this vicinity that the Edson area is going to see multiply, as reserves and markets grow, is

The next important oil discoveries after Pembina in the general Edson area came in 1957, along a line 70 to 80 miles northwest, north and northeast of Edson. These original finds, and the additional finds discoveries since across the same belt, have already added several hundred million barrels of oil to Canada's reserves — and more is still to come.

This major pay began with discoveries by the team of Home Oil Aminex-Kerr Canada Hudson's Bay at Swan Hills and Virginia Hills, around 80 miles north-northwest of Edson. The pay zone, around 9,000 feet deep, is the Beaverhill Lake section of the Devonian, which lies below the D2 and D3 zones of Devonian reef that produces the Pembina, Pine Creek and Leduc and other fields near Edmonton.

The swan and Virginia discoveries were followed up by other fields in their small closer to Edson. These included Carson Creek gasfield, found by Socony-Mobil late in 1957, with a large wet gas reserve in the Beaverhill zone around 8,500 feet; the big Judy Creek oilfield, with Beaverhill production at 8,000 feet, discovered by Imperial, and the Carson Creek North oilfield, another sizeable Beaverhill reserve.

About 70 miles north of Edson, the Kaybob oil and gas field was discovered in 1957 by the Phillips-British American team, yielding a large reserve of Beaverhill oil and gas around 9,700 feet, and a gas find in the Nordegg zone around 3,700 feet. Late in 1961 the South Kaybob oilfield was discovered, less than 60 miles northwest of Edson, by the Hudson's Bay-Union Oil team This pool has been developed a substantial reserve of Triassic formation, at a 7,000 feet depth.

The Simonette oil field, about 70 miles northwest of Edson, was discovered by the Shell Petrol Oil Central Engineers team late in 1957. This fair sized field is a deep one, 11,700 feet, and produces from the Devonian D3 zone.

WORLD'S LARGEST

At Berland River, 53 miles northwest of Edson a fascinating discovery of wet gas was made in 1958 by the British American-Shell team. This 12,000 feet deep discovery well found a thick Devonian D3 reef containing gas under very high pressure. The calculated Open flow potential of the gas well is 1,300 million cubic feet per day — one of the largest anywhere in the world.

For the single well so far drilled, reserve is placed at 440 billion cubic feet, a volume greater than that of most gas fields Berland River will likely be developed within a few years, and tied in to the pipeline system to California By that time, more intensive exploration in the promising Berland area can be expected.

The most valuable find on Edson's doorstep so far has been the "Ekton Gas Trend," one of the largest single gas fields so far found in Canada, and one that will likely be officially named the "Edson Gasfield." It has already developed gas reserves of some 2,000 billion cubic feet through the drilling of a dozen wells over an area 24 miles long and up to eight miles wide, immediately west and south of Edson.

The discovery well, two miles west of Edson, was completed in January 1962 by Hamilton Brothers Canadian Gas Company, a Calgary-backed firm located at Calgary, Hamilton is now on lands obtained under farm-out from Hudson's Bay, in the Edson area of the Mississippian formation (conservable to the limestone zone produced the big Pembina field, Leduc and Jumping Pound fields near Calgary).

The Edson wildcat picked up a 42 foot thick pay section at 7,082 feet. It flowed gas on test at 14,000,000 cubic feet per day, taken with petroleum liquids.

Hamilton, on its own and in partnership with others, has so far drilled another seven wells. Six have been successful. One, a four mile northwest step-out, was a failure. Others have also joined in extending the field, including Hudson's Bay, Triad and Royalite, and — most recently — Dno-Tex Petroleum, that has just added six miles to the south extension of the proved area. Hudson's Bay, incidentally, came up with a Cardium oil discovery northwest of Edson, while trying to extend the Edson Gas Trend.

Already definitely a major "wet gas find," the Edson field may still grow further before the drilling fire flies thereon. Meantime two major gas export lines — Alberta & Southern, and Trans-Canada Pipelines) are discussing marketing contracts with owners of the Edson wells. With the Foothills system of Alberta Gas Trunk Line only 25 miles to the east, ready access to faraway markets isn't a major transport problem. It does require, however, authorizations from various governments

"I can safely predict that, in from two to four years, Edson Gasfield will have a multi-million dollar gas processing plant, and a pipeline system that will link this huge reserve to North American gas markets as far distant as 2,000 miles. Many millions of barrels of petroleum liquids will be extracted from the gas before it leaves the Edson area," Mr. Nickle emphasized.

The second "play" of close interest to Edson is the "Cardium Oil Alley," which has developed into nine fifty miles from a discovery well on a new Cardium oil pool, northwest of Edson. Several more oil pools have been discovered in the past 12 months.

Further development of this trend could put Edson right into a centre of oil production. While some millions of barrels of oil reserves are already proved, much more drilling is required to fully evaluate the "Alley." A lot or a little, of the land between the present Ben pools may be productive Unlike definable Devonian reef formations as the Mississippian and Devonian, the Cardium sand is difficult to track by seismograph interpretation. The drill has to do the hunting.

Oil and Gas Potential

Continued from page 4

and in this area that nearest going down 8,300 to 8,900 feet Several dry holes incidentally, have been drilled about the "Alley."

CARDIUM ALLEY

First discoveries in "Cardium Alley" were made about fifty miles apart in the same month, August, 1962. Hudson's Bay discovered the Edson North pool, seven miles northwest of the town, getting ten feet of Cardium oil sand at 8,000 feet It had since drilled another producer - plus one failure. Champlin Oil & Refining, a Texas independent based at Calgary, discovered the Cyn Pem pool just northwest of the Pembina field. That pool now has fifteen oilwells with average depths 8,350 feet, and pay thickness ranging up to 37 feet. Nine Cyn-Pem wells completed with potentials up to 1,000 barrels daily.

Three more discoveries this year, between the original two, have confirmed the "Alley." Pan-American in July discovered the Crest Creek pool, eight miles northwest of Cyn-Pem, with average depth 8,600 feet, and maximum pay thickness of 40 feet.

Three producers have so far been drilled. Champlin Oil has made like other two finds, both close to the town. The Edson East pool, four miles east of the town, was found last February. It now has three oilwells with average depth 8,000 feet, and with ten feet of pay zone. Edson Silver pool, five miles north of Edson, was discovered by Champlin two months ago. With about ten feet of Cardium pay, that discovery well is reported capable of producing 300 barrels per day. The first follow-up well is now being drilled.

Seismograph crews are vital tools in the search for oil and gas Handled by experts, the records of explosion sound waves bounced off of rock by one deep underground, are translated into contour maps of the sub-surface They indicate shape, size and depth of possible structures that might be productive. Seismograph crews — familiar to many residents of this area — help in the fixing of wildcat well sites, and in more accurate evaluation after wells have proded the underground

SOME DRY

Many millions of dollars have already been spent on seismograph surveys in the general Edson region, that is, within a 75 mile radius of the town. The results have contributed materially to all of the discoveries I have reviewed Even with the seismograph and all other scientific aids to exploration, the great majority of wildcats fail to get production While production is still at a fairly early stage in the Edson region, the countryside has already been spotted with dozens of dry holes — which have cost a lot of companies many millions of dollars.

In the immediate vicinity of Edson, about forty crew months of seismic work have so far been recorded. Half being in 1962-63, following the discoveries that have heated up the local area With each crew month costing about $80,000, seismic work alone has already meant a $3,200,000 investment in and around Edson

Nearly one-third of the Edson seismic work has been done by Hudson's Bay, but Imperial, British American, Triad, Pan American, Amerada and Shell have also been active. At present a Sun Oil seismic crew is working just west of Edson, and a C & E Corporation crew is 20 miles to the south knowledge of all seismic work in the Edson area is obviously widespread among members of the oil industry

Without active exploratory drilling, of course, there cannot be discoveries. The Edson area will, this winter, beat one of the most active exploratory and development drilling programs in Western Canada. Our survey of industry members indicates that no fewer than ten drilling rigs will be working in this area during the next few months. In round terms, that means an expenditure in drilling of some two million dollars during the industrial year — plus going into local payrolls, services and supply.

SOME DRY

Current operations which will have an important bearing on the Edson Area's future include a pair of wildcats 30 and 33 miles south of Edson in the Wolf Creek-Paskwa River area, one operated by Dno-Tex, the other by Triad another pair of wildcats about 30 miles northeast of Edson in the McLeod River area, backed by Mobil Oil and Associates; a wildcat 35 miles northwest of Edson in the Pine Creek area backed by Canadian Fina and its partners, Champlin's Edson River Cardium follow up well five miles north of the town

In addition a pair of wildcats in the Hinton area, 50 to 60 miles west-southwest of Edson, have an important bearing on the territory to Edson's west Central Del Rio Oils is drilling one of these, while British American, Socony Mobil, Triad and Sun back the other

The oil industry is confident that there will be further expansion of the already large proved oil and gas reserves around Edson, both in the immediate vicinity of the town, and in the neighboring territory.

So far within a 75 mile radius of Edson, reserves exceeding two million barrels of petroleum liquids and 2,000 billion cubic feet of natural gas have been found These, through the long years of production, will yield gross revenue exceeding 53.3 billions Within a 50 mile radius of Ed son, reserves so far found include over 4,300 billion cubic feet of natural gas and over 150 million barrels of petroleum liquids These alone will yield over one billion dollars gross revenue More reserves are still discovery

RESERVES SHIL THE OIL INDUSTRY:

To every businessman and farmer realizes there is a whole of a difference between "gross revenue" and "net profit" Profit is only what is left after deduction of all costs in oil and gas as in most everything else, costs are a big percentage of the gross

The only very "sure profits" in oil and gas are the revenue paid to those who do not take any part of the financial risks of exploration, and do not bear any part of the costs of development and production In this category are the governments who collect income, sales and other taxes; and, generally speaking, the owners of mineral rights

As Albertans, men, women or child, present or future, we are all doubly fortunate in being certain of oil and gas profits. Through our governments, we share in the taxes realized. Even more important, every Alberton is a co-owner of mineral rights, since the vast bulk of minerals under our Provinces are vested in the Alberta Government, Mr. Nickle reminded the gathering.

Every Alberta citizen has a far larger stake than most realize, in the Crown-owned but privately developed mineral wealth of the Province. The Government wisely, risks no public monies in exploration It rents mineral rights out to anyone willing to take the gamble collects rentals on leased lands and royalties on all production. By law, back half the rights covered in exploration permits and leases is returned to the land owners in the form of cash bonuses, to the richest "cash bonus" in history. And there is a substantial gross royalty on all oil, gas and other products as they are produced

As an Albertan I like the important Area Oil Capital

Letters to the Editor

Dear Sir:

May I appeal through the pages of your paper to all taxpayers in Edson to go and vote on the library by-law this coming Monday?

I hope people realize the importance of this matter. Books more than any other single item, are the mainstay of our national and human heritage. Where would we be as individuals without the ability to read? Where would we be as a nation, as a civilization, without the availability of books?

Books are expensive and not every family can afford to buy the books they would like to read for either the parents or the children and here the library with its wide range of reading matter is a real boon.

Our Edson Library is an institution to be proud of, but it has now grown out of its infancy and it is not realistic to expect it to be continued to be run on the same lines as at its inception The cost of half a mill per taxpayer would not exceed and most likely be less than the present library membership and would surely be a very worth while investment.

So please, everybody get out and vote on Monday. Show that Edson is interested in its cultural heritage and in the education of its children.

A Reading Mother

Dear Sir:

I appeal through the pages of your paper to all taxpayers in Edson to go and vote on the library by-law this coming Monday.

I hope people realize the importance of this matter. Books more than any other single item, are the mainstay of our national and human heritage. Where would we be as individuals without the ability to read? Where would we be as a nation, as a civilization, without the availability of books?

Books are expensive and not every family can afford to buy the books they would like to read for either the parents or the children and here the library with its wide range of reading matter is a real boon.

Our Edson Library is an institution to be proud of, but it has now grown out of its infancy and it is not realistic to expect it to be continued to be run on the same lines as at its inception The cost of half a mill per taxpayer would not exceed and most likely be less than the present library membership and would surely be a very worth while investment.

So please, everybody get out and vote on Monday. Show that Edson is interested in its cultural heritage and in the education of its children.

A Reading Mother

Between Leduc's discovery which started the boom in early 1947, and the end of September 1963, the Alberta Treasury received an estimate $1,412,000,000 from royalties, rentals and bonuses on government-owned oil and gas lands. In this calendar year 1963 alone, the Treasury will get a probably receive over $140,000,000 from oil and gas, a new annual record.

The "all money" has paid, and is paying, for a huge share of the cost of Alberta's highways, hospitals, educational facilities and a lot of other things that we would either have to do without, or pay for by far higher levies against our personal pocketbooks.

In years ahead, more billions of dollars will accrue for our provincial treasury. The efforts of the industry create greater local employment the need for new local services, new markets for the daily needs of people and industry. By them and in smaller percentage, so you obtain, do that the oil industry and the community are linked by partnership that can grow greater health and wealth together Edson oil becomes the important Area Oil Capital

MEMBERS OF THE YELLOWHEAD DISTRICT SCOUT COUNCIL must in Jasper last Friday evening with 21 persons in attendance. It has recently been decided to include Valemount in the Yellowhead Council, but due to a number of circumstances the Valemount representative was unable to attend. Left to right back row are: Guy Coulombe, Reg Gardener and Jim Oliver of Edson; Jack Fleming, Hinton; Mrs. Marg Morris, Jasper; Dexter Champion, Hinton; Mrs. Mabel Paul, Jasper; Ron Martin, Edmonton; Ron Jack Purdie, Edson; and Bill Robinson, Jasper. Front row left to right: Dick Riddle and Mrs. J. Riddle, Jasper; J. Pyper, Edson; Mrs. E. Ruddy, Jasper; Mrs. M. Ahlf, Edson; J. A. Holloway, Edmonton; Mrs. V. Peterson and Lee Pearce, Jasper; George Longe, Hinton. Missing from the picture is new chairman of the Council, Bill Ruddy, who took the picture.

Boy Scout Council meets in Jasper

The Yellowhead District Council, consisting of Edson, Hinton and Jasper, held a banquet meeting in the Astoria Hotel in Jasper, Friday, November 15.

This group of adults is made up of leaders, and interested citizens in the scouting movement.

Present at the meeting were; Mr. Reg Gardener, Dr. John Pyper, Rev. J. Purdie, Mr. Jim Oliver, Mr. Guy Coulombe and Mrs. Marguerite Ahlf of Edson; Mr. George Lange, Mr. Jack Fleming and Mr. Dexter Champion of Hinton; Mr. Harry Holloway and Mr. Rex Martin of Edmonton; Mrs. Vi Peterson, Mrs. E. Ruddy, Mr. Bill Reich, Mrs. M. Harris, Mrs. M. Paul, Mr. Leo Pearce, Mr. D. Riddle, Mrs. J. Riddle and Mr. Bill Robinson of Jasper.

After a delicious dinner served in the Astoria Hotel Dining Room the Council met in the Reception room at the Alpine Motor Lodge to discuss business matters.

Mr. G. Coulombe chaired the meeting and Mrs. Vi Peterson acted as secretary.

Some of the most interesting business arising out of the minutes were discussed. It was announced that Valemount had been incorporated into the Yellowhead District and was to have been officially welcomed at this meeting. However the delegation from Valemount were unable to be present.

A discussion ensued as to where the Cubs and Scouts should wear the Yellowhead crest on their uniform. It was decided that it should be worn over the left pocket.

The fee necessary the boys covers registration fee and a subscription to a very worthwhile magazine "The Canadian Boy."

Each of the representative troops gave a report as to the enrollment of boys and leaders.

Edson Because of a lack of a Scout Troop Leader the Beaver Crew here made it one of their projects to take care of the Scout Troop. There are 118 cubs, three Cub Masters and 15 assistants.

Hinton 15 Scouts, five 2nd class Scouts and six new recruits in Pack 1 - 40 Cubs, three assistant leaders and one Cub Master; in Pack 2 23 Cubs, with six Sixers as leaders.

Jasper A Pack - 30 Cubs, B Pack - 35 Cubs and 19 Scouts. Two Cub Masters, Mr. Don Hedberg and Mrs. Lois Kaye; five assistants Mrs. Pearl Thompson, Mr. John Bowen, Dr. Dewhurst, Mr. Ivan Hopkins and Mrs. V. Peterson.

The guest speaker of the evening was Mr. H. Holloway from Edmonton. He told of the results of a three year study on Scouting which has been carried on in Canada. This is the first country to have made such an intensive study.

There is to be a change in the entrance age for Scouting in that grades will be considered as well as the boy's age. More attention is to be paid on the actual work that the boy's do, and less attention to the attaining of badges.

The fundamental aims of Scouting are still the same as they have always been. It is apparent that the Scouting movement is starting to move forward again.

The Rev. J. Purdie was presented with his Yellowhead Beaver.

The officers for the Yellowhead District Council were elected Chairman, Mr. Bill Ruddy, Secretary, Mrs. Vera Andrew; Treasurer, Mr. Dick Biddle. Each district appoints a member at large who represents himself with the problems of his own district and reports these to Council. Mr. Leo Pearce of Jasper, Mr. H. Payne of Hinton and Mr. J. Gardener of Edson are the representatives for this duty.

Mrs. Marguerite Ahlf was appointed in charge of Public Relations.

A report was read from the Assistant Commissioner, Mr. Kevin Wallace along with his resignation, due to a move to Calgary. He will be missed greatly by the Council.

This was a very gratifying meeting. It is a satisfaction to know that this particular district, thanks to the interest of the adults, has not been too hard pressed for leaders. In some areas Scouting has had to be abandoned for lack of leaders.

It would appear from the registrations of boys in each of the towns in the Yellowhead District that the parents realize just what Scouting means to a youth and it is to be hoped that this movement may continue forever.

St. John's Ambulance Ass.

The St. John Ambulance Association is a charitable organization dedicated to aiding the injured and the sick. Little publicity is given to their work and few people realize the extent of their activities.

On Saturday, November 23 during the half-time interval of the tele-cast of the football game between Hamilton and Ottawa, a member of the St John Brigade will be interviewed. It is expected that the interviewer will bring out the work done by the Association at events such as this and other aspects of its activities.

F.U.A. News

Rare hope everyone has heard of the change of place for the F.U.A. sub-district supper. It will be held Nov. 23 in the Edson Motor Hotel at 7 p.m.

Mr. Herb Kotchreski district director will be on attendance. It is urged that all [illegible] attend as it will be [illegible] plans for [illegible] make the [illegible] of [illegible] and [illegible] If you can't [illegible] minimum of [illegible] and perhaps an impromptu [illegible] can be arranged.

The Edson local will have election of officers at their meeting on December 3 in the I.O.O.F. hall. Edson It is hoped that as many members as possible will attend.

Older worker job project being promoted locally

The newly instituted older worker employment and training incentive program is being promoted by members of the National Employment Service office at Edson.

Commencing November 1st [illegible] and [illegible] through to [illegible] of their own [illegible] To assist employers to hire and retrain older workers over 45 the government will pay 50 per cent of the wages [illegible] and $75 a month which ever is less for a period of 12 months. The prospective employees must have been unemployed at least six out of the last nine months. The work [illegible] must not be filling a job [illegible] by another worker since September 1st.

The point of view of the government agency is that the employer will be helping to increase the capacity of workers in the 45 and over group to obtain and hold steady employment.

Nothing is more important, they say, than the manpower resources of the country and nothing can make a greater contribution to the welfare and development of the coun try than effective use of that manpower.

For further information regarding the incentive program get in touch with Nils Mandsager Johnson at the Edson office.

New books in Edson Library for November

NEW! NEW! NEW!
When you buy a Used Car you get our Sensational
Guaranteed Warranty
6 REASONS WHY IT IS THE BEST USED CAR WARRANTY
1 The Guaranteed Warranty not only guarantees you 15% discount on all parts, but also guarantees you 15% discount on ALL LABOR for non-emission repairs and is good for ONE FULL YEAR without any mileage limitation
2. The Guaranteed Warranty assures you TRUE discount because you do not show the official Certificate UNTIL AFTER the repair work is done
3. The Guaranteed Warranty unlike other used car warranties, is good at thousands of franchised new car dealers in Canada and the U.S. not just at Edson Motors.
4 The Guaranteed Warranty assures you of quality warranty service by factory trained mechanics with genuine factory parts and specialized tools BECAUSE only franchised new car dealers can qualify as members of the Guaranteed Warranty Plan
5. The Guaranteed Warranty affords you more economical safe driving BECAUSE, unlike other warranties, it also includes most maintenance items such as tires, mufflers, batteries, brake adjustments and linings, lights, spark plugs, tune-ups, wheel balancing, front end alignments, etc
6. The Guaranteed Warranty plus is a permanent program.

This volume of refreshingly vital poems from a Canadian writer will claim for its publication a place in future anthologies of Canadian verse.

Canada's "Poetess of the Prairies" answers thoughtfully and appealingly the question, What are the real values of life?

Rarely receiving much praise since its recent publication by Mitchell Press Limited of Vancouver.

In this book Mrs. Sinkin has captured the atmosphere of the prairies and the spirit of its people. The poems run the gamut from gaiety and humor to deep philosophical meaning. Through them runs a theme of hope and optimism character istic of both the Maritimes, where the earliest poems were written and of the prairies where the authoress came to teach as a girl and remained to marry and savor all the varied experiences of life through the decades on a prairie wheat farm.

Canada's "Poetess of the Prairies" answers thoughtfully and appealingly the question, What are the real values of life?

This volume of refreshingly vital poems from a Canadian writer will claim for its publication's such a place in future anthologies of Canadian verse.

AROUND TOWN

WITH IRENE BOCHEK

Visiting at the home of their parents on the weekend were Betty Andrews of Red Deer and David Andrews, who has been attending Calgary Tech. Brian Andrews has also spent some time at home recently.

Visitors to the Klepachek home last week were Mr. Klepachek's brother and family from north of Blue River.

Mrs. W. Langhans of Edmonton spent the weekend with her parents the Jens Olsens.

Mr. and Mrs. Alder Gustafson have moved to Edmonton.

Congratulations to Mr. and Mrs. Paul Bay on the birth of a daughter on Nov. 16th.

Mrs. Emily Pollock spent the long weekend with her daughter Carol and husband, Mr. and Mrs. R. Hatch at Cold Lake. Last weekend she journeyed to Stony Plain to help her parents celebrate their 56th wedding anniversary.

Miss Karen Pollock who has just completed a ten-week cosmetician course in Edmonton, is home for a short holiday before starting work.

Mr. Leo Gallitzine has returned to Vancouver this week after being in Edson for the past several months.

Mrs. Fred Hindle is an Edmonton visitor this week.

Mr. Oden Eaton of Ontario is visiting at the home of his parents, Mr. and Mrs. Art Schools.

Calling all former students of Alberta College! If you have attended Alberta College within the last sixty years, you are invited to a complimentary banquet on December 19. Please submit your name to the Registrar at Alberta College.

The McCullochs motored to Rocky Mountain House on the long weekend, where they visited the Kormelsens, who were also entertaining other members of Mrs. McCullochs family.

Edson will miss Mr. and Mrs. Stan Jewett and family when they move to Edmonton this week. Mr. Jewett will be employed as a garage mechanic.

Mr. and Mrs. Gus Stelter and children motored to High Prairie on the long weekend, where they visited former Edsonites, Mr and Mrs. Matt Poncelis.

The Illiliards were White court visitors in the weekend.

A revealing light

The story of mankind is mainly a story of searching and groping. When man first turned away from God, he left the light and wandered off in darkness. Ever since he has been searching, hoping to find his own way out. This explains why mankind has created so many different kinds of religions. Due to the fact that man is a sinner who had no light either within or without it has not been possible for man by himself to find his own way back to God.

It is because of this that God, who is a God of love resolved to provide the light man needs. It is of this light, given by God, that the psalmist speaks when he says, "Thy Word is a lamp unto my feet and a light unto my path." Psalm 119:105

This light is first of all a diagnostic light. Just as the X-ray light makes it possible for the doctor to see lesions in man's lungs or stones in his gall bladder, so the light of God's Word reveals the things that lie hidden in the deepest, darkest crevices of our soul. This light lays bare the sin that is within us and enables us to see ourselves for what we are in the sight of God.

This light is a healing light. It shows us the only remedy for sin, the only power that can successfully combat and overcome its destructive forces. This remedy, this power, is none other than Christ Crucified, in whom we find forgiveness, peace and liberation.

—Adapted by G. E. Mueller

Celebrates 45 years married

A forty-fifth wedding anniversary celebration was held recently in the home of Mr. and Mrs. Erskine Taylor of Pioneer.

Friends and relatives gathered to wish them every happiness. All enjoyed dancing, singing and the delicious lunch, which included a beautifully decorated cake. The cake had been brought by their daughter Mrs. Steve Miller (Eleanor) of Vancouver Island, chief organizer of the celebration.

Their children and families presented them with a lovely Sheraton fruit bowl. They also received various beautiful gifts from friends.

Weekly dances planned for Peers

Dancing stimulates the blood and the winter months in this area requires people to have active blood streams Consequently regular Friday night dancing is planned for the Rainbow Hall in Peers.

A full schedule of top TV and radio guest artists have been contacted assuring the best of entertainment and dancing pleasure.

An invitation is also extended to any persons wishing to audition as vocalist or instrumentalist providing they are of the hall prior to 9:30 each Friday.

As in the past it may be assumed the RCMP will be curbing accidents with their safety controls on the roads some times expensive at the time but later appreciated in comparison with life and limb.

THOUGHT FOR THE WEEK

No man is completely worthless. He can always serve as a bad example.

MR. AND MRS. ROY C. LOVDAHL

The Edson Christian Reformed Church was the setting of a pretty autumn wedding Saturday afternoon, November 9th. At that time Paul or G. E. Mueller officiated at Lutheran Services that united in marriage Valerie, daughter of Mr. and Mrs. William Maenville of Fel River Bridge, New Brunswick, and Roy Cecil Lovdahl son of Mr. and Mrs. Walter Lovdahl of Glenwood.

Bouquets of mixed flowers decorated the altar of the church for the 4 p.m. wedding. Wedding music was beautifully rendered by Mrs Martin Langston

The bride, lovely in traditional white, entered the church on the arm of her father who gave his daughter in marriage. Set in a chapel length veil, she wore a head piece of mohair braid and iridescent crystal beads. She carried a cascading bouquet of red roses and her jewellery was a single pearl drop neck lace with tiny earrings to match.

Mrs Gerald Neilson, sister of the groom attended the bride as matron-of-honor wearing a full skirted nylon and tricot gown topped with a lace jacket in pastel blue. She carried a colonial bouquet of pink and white carnations with background of silver lace.

Best man was Emil Berg and the guests were ushered by George Clark and Alexander Leonard.

Mrs. Lovdahl, mother of the groom, wore a beige linen and brocade ensemble with accessories in brown tones and red sweetheart roses corsage.

Mrs Leonard, older sister of the bride chose a dress of blue embossed bengaline with white accessories and corsage of white sweetheart roses.

The reception at 6:30 in the evening for eighty-five guests, was held at 5102 - 51 St. Glenwood, the future home of the young couple. Flanked by bouquets of pink carnations and white "mums the wedding cake formed an attractive centre for the bride's table which was laid in white hand crocheted cloth. Mr. Emil Berg propposed the toast to the bride to which the groom responded.

Out of town guests including: Mr. Emil Berg and his mother; Mrs. C. Berg of Winfarborn; Mr. and Mrs. P. W. Whitson of Fort Saskatchewan; Mr. and Mrs. Duane Moseley of Holden; Mr. and Mrs. George Clark of Topley, B.C.; Mr. Wm. Maenville and Ladger Maenville, of Fel River Bridge, N.B.; Mr. and Mrs. Harold Christmon, Mr. Kenneth Christmon, Miss Linda Christmon, Mr. and Mrs. Floyd Barnhart, Christine, Roberta and Eddie Barnhart all of Rycal, Alberta; Mrs. Diona Land, Mrs. J. Letnick and Miss Carol Letnick of Hornbeck

Tribute to a Tree

"I think that I shall never see
Aught lovely as a pulpwood
Bill
A tree that grows through
sunny coasts
To furnish sporting page cartoons.
A tree whose girth will prove
its age,
In ample for a want ad page
A tree with grace toward
heaven rising,
Men macerate for advertising.
A tree that lists its arms and
laughs,
And then is made into paragraphs.
A tree that falls before the
saw,
A five-star final in the raw."

UP AT THE RINK

WITH IRENE

At the curling executive meeting last Monday it was decided to continue the mens two more events have been round robin schedule. One added. The over every rink has played each other. Rinks then could be separated into different sections if that is the wish of the curlers.

Ben Sinclair and John Walker's resignations from the curling club executive were accepted with regret. Both of these former executive members, over the past years, have given invaluable service to the Edson Curling Rink. Leo Eriksson was elected at an earlier meeting to become one of the new directors while Bv Zoerb was the new

Anniversary choose to fill the Tuesday, Nov. 26 is the last day for entries. Any interested rinks should write or phone Stan Skarrie at 723-3536

You know one ex-cellent curler said to another "I've never been a child so badly coddled as yours"

He's not spoiled

"Sure he is. Come and see what the fire engine did to

Opti-Mrs entertains teens during Youth Week

In conjunction with Youth Appreciation Week activities the Opti Mrs Club members entertained their daughters and high school students at a Mother and Daughter banquet in the Edson Motor Hotel on Tuesday of this week. The following high school girls who patronized as Youth for Government activities were guests: Barbara Marshall, Audrey Somerville, Shirley O'Hara, Iris Potter, Connie Erickson, Irma Dumont, Vivian Medbers, Karen Passhein, Bernadette Lavoie, Karen Kortzman, Janet Babula, Sophie Romanuik, Margaret Frith, Dianne Hoplin, Kay Jackson, Marilyn Wilson, Ann Bauerdat, Anne Jenkins, Martha Pisentzke, Lynda Dreader, Jahi Fellinga, Rosemarie Kopernak.

Rev. L. Hallnell was guest speaker

Two officers were installed to fill vacancies on the executive. They were Mrs. Margaret Cullis as treasurer and Mrs. Iris Leonard as a director

Plans were made for the Opti Mrs Christmas party to be held Monday, December 16 in the Optimist Boys Centre

The Opti Mrs are once again making up Christmas hampers for persons not so well off as some. A collection depot has been set up at the Sampson Sears order office and donations will be thankfully received. Clothing of all sizes from babies up will be accepted, as well as food items and toys.

Door prize winners for the evening were Karen Kortzman, Gaynor Smith, Carolyn Maitland and Lois Mather. Mrs Mildred Iwanciwski won the November dress raffle. Tickets for the December dress raffle are available from an Opti Mrs member

Spring is for the birds!

Sure Spring is when the birds build. But is that any reason why we should do the same?

Winter's a far better time to have those renovating and redecorating jobs done around your home. Men and materials are more readily available for one thing. For another, you can often save money through off-season discounts. To help you do it now, Home Improvement Loans under the National Housing Act are available through your bank. You may be able to obtain up to $3,000 with up to ten years to repay. Your contractor or building supply dealer can offer other extended payment plans. Why wait for Spring? Spring is for the birds. Do It Now.

Inquire about low interest rate Farm Improvement Loans at your bank—up to $7,500 with up to ten years to repay.

For advice and assistance call your National Employment Office

MR. AND MRS. CARL AHLF concentrate on the job at hand as they cut their 50th Anniversary wedding cake. Mr. and Mrs. Ahlf celebrated 50 married years on November 13th which also marked Mrs. Ahlf's birthday. All six of their children with son and daughter-in-law and grandchildren were on hand for a family dinner on Sunday, as well as close neighbors and Mrs. Ahlf's brother and sister-in-law, Mr. and Mrs. Karl Whiddon and Mr. and Mrs. George Whiddon and family. Mr. and Mrs. Ahlf can be classed as district oldtimers, having moved to their farm 7 miles east of Edson in 1930. Other friends called to help with festivities in the evening and on Monday.

Kinette project means busy time for members

The regular monthly meeting of the Kinette Club was held at the Edson Motor Hotel on November 18 with fifteen members present.

The club decided to introduce a new project in the way of collecting toys for Christmas presents for needy child ren With the co-operation of the businessmen, Christmas boxes will be set up at various stores and the people of Edson are asked to place a small toy in this box so that some child will have a happier Christmas.

The club feels that the members of the community will respond to this worthwhile activity and they and members of the hamper committee will see to it that the toys are distributed through out the district

Another special project was also undertaken by the Kinettes. Mrs. Lauterbach would like to start a kindergarten for all the five year old children in Marlboro but she needs financial assistance. The Kinettes have volunteered to sponsor this group for the year The children will be given milk daily and be provided with other necessary supplies that the teacher will require.

A motion was passed to give the Brownies and Explorers $25 00 to help them in their work.

Ball tickets are now on sale This year the raffle features "Chatty Twins" with a complete wardrobe. The twins will be displayed at Hazel's Beauty Salon Tickets may be obtained from any Kinette

Keivin Wallace promotion is loss to community

The Elks Hall was the setting on Saturday, November 30th, for a farewell party honoring Mr. and Mrs. Keivin Wallace, who will be moving to Calgary shortly. Keivin has been transferred to the South ern city by CN Telecommunications.

Since he came to Edson in 1958 Mr. Wallace has been very active in various groups in Edson which will certainly feel his absence His activities have included: Scoutmaster, Rover Crew Leader, Yellowhead District Scoutmaster, secretary of the Optimist Club, treasurer of St. Catherine's Anglican Church, secretary of the Edson Tri-Service Rodeo and Exhibition Assoc., Lt. Governor of District 15 Optimist International

The Scouting Code of Honor and Service with which every scout and inspiration he has received into all his boys' work activities in Scouting and the Optimist Club will be something which the community will miss from the normal function of these organiza tions

Yellowhead District Council chairman Guy Coulombe, Optimist President Harold Wortman, Tri-Service Assoc. president Jim Griffiths and Ed Deakin from the CNT were each on hand to present Keivin with a gift and their best wishes. On behalf of the la dies of the Opti Mrs. Club Mrs. Wallace was presented a bouquet of flowers by Mrs. Jim Oliver.

Master of ceremonies Jack Rourke presented a purse of money to Mr. and Mrs. Wallace on behalf of their many friends.

Over 60 persons, including Mrs Wallace's parents, Mr. and Mrs. Darby from Dawson Creek, enjoyed a full evening of dining and dancing

Jack Smiths move to Edson

Mr. Jack Smith came to Wolf Creek from England in 1907 and operated the Wolf Creek store in the hamlet of Wolf Creek with the help of his family for over 25 years.

A little over a month ago Mr. and Mrs. Smith moved in to Edson.

On Saturday, November 2 relations and district neighbors, part of whom also live in Edson now gathered at the Smith home for a house warming in their honor

A very enjoyable evening was spent visiting A delightful lunch was served with the traditional country style of goodness plus quantity

Mr Charlie Chilton spoke a few words of welcome on be half of the gathering and presented the Smiths with a small attractive pole lamp for their new home.

Library by-law given nod by ratepayers

At least 187 ratepayers in Edson consider a public library is a worthy institution according to results of the plebiscite conducted by the Town in Monday's vote.

According to figures released by Returning Officer Peter Sadlish there were 187 ballots cast for the by-law, 10 against and three spoiled ballots.

The plebiscite, being a money by-law, needed a two thirds majority of at least ten per cent of the eligible voters in the Town.

It will now be possible to hire staff to operate the library which has been built up during many years of voluntary service by various ladies who have believed and done something about providing Edsonites with library facilities.

The change to public library status will also qualify the facility for grants not previously available to the volunteer organization. It is expected Mrs. F B Mansel will assume the duties of librarian, assisted by Mrs. E. Ahlf

MR. A. O. JORGENSON teacher at Jubilee Jr. High School at right presents the Curtis Cup to top subscription salesman Richard Mercier. Next to Richard is Dale Griffiths who won 2nd prize and the Big Daddy statue and 3rd prize winner Richard Stelter. At left is Bill Evachuk, president of the Students Union at Jubilee Jr. High, who holds the Curtis Co. trophy which will be used for some student activity.

J. Griffiths heads Edson Chamber for new season

Edson businessman Jim Griffiths was elected president of the Edson Chamber of Commerce at the annual meeting held last Wednesday evening in the Edson Motor Hotel.

Besides being the annual election of officers night, the evening also honored the ladies. Special speaker C. O. Mickle of Calgary gave an encouraging talk on the tremendous potential of the oil and gas industry in the Edson area.

Other officers elected, following nomination by the nomination committee headed by Mrs. Lil McCardle, were: Past President W. H. Fowler, Vice President H. G. Radbourne, Secretary Jon Scott, and Treasurer G. V. Bolton.

Directors elected included: R. J. R. Kneller, L. Warkentine, A. L. Calende, J. Hines, Dr. J. C. Crawford, G. Linder, F. Klein, Mrs. N. Evachuk, M. D. Meade and Mrs. Lil McCardle and Al Worthing.

Industrial committee members named were R. E. Gard, chairman, R. C. Gregg and J. L. Walker. Abe Goldstick was renamed regional director to the Alberta Chamber of Commerce. Tribute was paid to the late L. A. Hudson at this time for his service in this latter capacity for many years.

In answer to the toast to the ladies by H. G. Radbourne, Mrs. Lil McCardle gave a charming reply.

Retiring President Walter Fowler gave a detailed report on the activities of the Chamber under his tutelage during the past year.

Starting with the discussions on Christmas shopping hours last year, the report ranged through such activities as the representations throughout the year to the Provincial Government on the Windfall road.

The Chamber started promotion of the tourist reception centre which was later taken over by the Lions Club to whom Mr Fowler expressed thanks of all. Brochures were distributed more widely last year. The Tourist Association was again joined.

Continued on page 5

Make representation on main improvements

A presentation concerning the sidewalks in parts of Town, particularly in the business area and requesting temporary repairs, with new walks to be laid as soon as possible was received by Edson Council last Tuesday from the Edson Chamber of Commerce.

Members of Council advised that efforts are being made to get appropriate by-laws processed so that construction of walks may be proceeded with.

Special frontage assessments are now in force on Main Street property for work on the street and sidewalks which are now deteriorating so badly. The Council has been investigating means of having this assessment suspended.

Present were Mayor W. R. Brunelle; Councillors: M. E. Collin, A. Goldstick, M. D. Meade, J. Scott and F. W Walls and one citizen.

The application of Fred Schreiner for permission to operate his shoe repair - rubber business in premises Lot 20, Block 23, being a non conforming type of business in the C-an 2 Commercial Area, was placed before Council. Approval was given on a six month basis subject to review and renewal at the discretion of Council.

The submission of D. M. McLeod and Associates, Architects, with respect to accounts for expenses incurred on redesign of arena and in sum $405.00 was placed before Council. The submission was tabled to the first meeting in February and the Secretary was instructed to advise Mr. McLeod that wheels of arena reconstruction is under further review.

The Secretary was directed to open tenders called for supply of conventional truck chassis 18,000 lbs. G.V.W. for garbage truck: Waterloo Motors Ltd., $,276.00; Linden Motors, 3,888.00; Edson Welding Co. Ltd., 3,888.42; Edson Motor Co. Ltd., 3,888.00.

Truck tenders, as submitted were referred to the Works Committee, in consultation with the Town Superintendent, for examination and recommendation to Council.

On the basis of undertakings given, the Town decided not to proceed with the acquisition of Lot 6, Block 24. Approval of Council was granted to its purchase from the Anglican Church by the Edson Masonic Lodge for the purpose of erecting a lodge building.

The submission of Sivert Sivertsen asking privilege to cut pulp wood and poals in certain areas of Town, tabled to this meeting, was placed before Council. The Secretary was directed to proceed with setting up the clearing of timber from Blocks 91, 92, 130 and 131 as a winter works project and was directed to advise Mr. Sivertsen that he may be employed on this project at going rates.

A standard, 15 inch, Remington Typewriter is to be purchased from Time Business Machines Ltd. at quoted price of $260.00 with trade in on old machine.

Authority to pay the bill minus of requisitions due December 1st was given: School Foundation Program, $83,967.

Continued on page 16

District FUA Locals hold annual banquet

Sub District Locals of District 5 FUA from Edson, Rosevear, Peers, Pella-Fulham and Carrot Creek, met last Saturday evening for their first annual banquet and dance in the banquet room of the Edson Motor Hotel. The banquet was attended by 119 members and guests and was voted a big success by all who attended. It was feared the poor roads would keep many people away, but most districts were well represented.

Master of ceremonies for the evening and chairman of the banquet committee was Ernie Fabrion of Rosevear.

Following introduction of head table guests, Mr. Fabrion called on Mr Walter Fowler, immediate past president of the Chamber of Commerce, who extended a welcome to the FUA members present. District Local representatives were asked to stand for recognition then Herb Ketscher-nicki, District 5 Director from Stony Plain spoke on how the FUA can help the farmer.

Mr Ketscherevetski told his audience that food or the lack of it, was the basic cause of tension in the world today. Population booms in various parts of the world make the situation worse rather than better. More food must be grown or raised and farmers must be better organized to do this.

We must have a new con-

Continued on page 16

MISS JULIANNA MAZURIN at right, receives the congratulations of Mr. A. D. Jardine, Superintendent of Schools for the Edson School Division as he presents her with the Governor Generals Award. Julianna won the award for having the highest aggregate marks of over 300 grade nine students for the six subjects in the Departmental Exams last June.

UP AT THE RINK

WITH EDNA

Inadvertantly missed from the results of the Opening Bonspiel was the names of the members of the winning rinks.

In the A Event, the Fish Scorch rink included Josie Gering, Bill and Mary Campbell. Taking 2nd prize the Bill Pillage rink included Bill and Phyllis Pillage, Amelia and Ted Bartag.

In the B Event Al Grant's first place rink included his wife, Marie, Helen McIvor and Syb Kuzyk; 2nd place winners were the Warkentine rink with Mr. and Mrs. Warkentine, Dupuy Morris and Don Moore.

Albert Taylor skipped Alice Hennessey, Ralph Linden and Ray McNaughton to take C Event from Skip Joe Elash, A. Dejohn, Dolores Bonnett and Ida Osadchuk.

AFTERNOON

WED., DEC. 4: Davidge - MacMillan; Miller - Leonard; Pryse - Maguire; Guennette - Herbert.

The Burt Hansen rink of Hinton won the main prize of $80.00 in the Edson money bonspiel. Howard Hutchison of Edson won second prize of $30. The consolation event was won by Lloyd Bossert who defeated Greg Symington's high school rink. The 2nd high school rink, skipped by Mike Swanchuk, did not win any prize but did show a great deal of determination by extending the Hansen rink right down to the final end before the latter was decided.

Curling with Burt Hansen were Walter Higgins (3rd), Al Moberly (2nd) and Len Williams (lead). Supporting Howard Hutchison were Ken Giblin (3rd), Jerry Taylor (2nd) and Al Campbell (lead). Lloyd Bossert had Norm Graham (3rd), Elmer Walsh (2nd) and Dave Simpkins (lead), while Greg Symington's rink was composed of Borton Rowan (3rd), Ted Worten (2nd), and Larry Langston (lead).

MUNICIPAL RESULTS

MAIN EVENT: Yeomans defeated Symington, Koch defeated Wiglesworth, Hutchison defeated Edson Motor Hotel, Alberta Gas Trunk defeated Bossert, Swanchuk defeated MacGregor (Wildwood), Hansen (Hinton) defeated Taylor, Koch defeated Yeomans, Hutchison defeated Alberta Gas Trunk, Hansen defeated Swanchuk, Hansen defeated Hutchison.

CONSOLATION EVENT: Taylor defeated MacGregor, Bossert defeated Edson Motor Hotel, Symington defeated Wiglesworth, Bossert defeated Symington.

Advertising sign space in the Edson Curling rink has been rented by several businesses and more are contemplating in doing so. The signs, painted by George Collin of Edson and Motley White of Whitecourt, now may be seen at the curling rink.

THIS IS A PICTURE OF A LITTLE GIRL and one of her best friends watching a blue jay in the little girl's garden. It is also the picture of a child who is horribly ill and a man who is trying to save her. She is eight-year-old Debbie Bohmer, poster child for the Muscular Dystrophy Association of Canada. He is Capt. Ben Bonser, a Vice-President of the International Association of Fire Fighters. Debbie, like thousands of other Canadian children, is gradually being paralysed by muscular dystrophy. Capt. Bonser, like thousands of other Canadian fire fighters, helps raise money for research on M.D. so a cure can be found. The March for Muscular Dystrophy will be held this year during the week of November 24 - 30. Canadians everywhere will be asked to contribute to the support of the Muscular Dystrophy Association's research program. They will be asked to help give children like Debbie a chance to live and grow up.

Drostan News

There was a large crowd out for the dance at North Rosevear on Saturday 16. The grocery hamper was won by Mrs. E. Roman of Pioneer.

Mr. and Mrs. A. Steeo drove out from Edmonton on Wednesday for a visit with their daughter, Mrs. John Groshko and other relations in the district.

His friends are sorry to learn that John Groshko in Grand Isle had quite badly on Monday.

Mr. N. Ilgh left on Thursday for Lloydminster to visit his brother who is in hospital there.

Mrs. A. Hashi returned home on Sunday following a visit in Edmonton.

Mr. and Mrs. Gordon Jones of Edmonton spent the week-end with their daughter and son-in-law, Mr. and Mrs. John Pullake and family.

Mr. Tom Rember has been out from Edmonton visiting his folks and old friends in the district this week.

There was a nice crowd at the dance at Drostan last Saturday evening. Mr. Bert Taylor got the lovely stuffed dog that was auctioned.

Many of the folks from the district attended the PTA banquet held last Saturday evening in Edson. Apparently it was a very enjoyable affair.

District W.I.'s honor Mrs. Maude Haddock

HADDOCK—

A surprise birthday party planned by the Hatfordvend Women's Institute for Mrs. Maude Haddock on the occasion of her 79th birthday, November 21st was very successful in spite of the inclement weather.

The women of the Carrot Creek Institute were unable to come but a carload of the Hattonford members arrived in spite of such difficulties as a dead battery and unplowed roads.

Gifts from the Hattonford Institute and Mahaska Institute were presented to Mrs. Haddock by the secretary of the Mahaska branch and the ladies serenaded Mrs. Haddock with "Happy Birthday." A pleasant afternoon was spent in just visiting, followed by a delightful lunch provided by the two branches.

The unanimous wish was that Mrs. Haddock would have many more happy birthdays.

WITH

CUBS

A successful bottle drive was held last Saturday. However there have been several complaints that bottles were not picked up it is appreciated if these home owners would phone either 723-3780 or 723-3740 and leave their names and addresses so that future pick-up can be arranged.

St. Catherine's Anglican Church was the setting on Saturday, November 9th for the wedding of a young Edson district couple, Irene Joan Lipske and Joseph Melvin Lederer Rev. Fr. James Shuel of Hinton performed the ceremony for the daughter of Mr. and Mrs. Fred Lypske and the son of Mr and Mrs. Frank Lederer, all of Edson.

The church was decorated for the occasion with bouquets of carnations and mums. Mr. Neil Horne played the wedding music.

The bride was given in marriage by her father, Mr. Fred Lypske.

For her wedding, the bride chose a waltz length dress of white taffeta. The bell shirt was accented by a tiny bow of self-material at the front and a large red velvet bow at the back. The lace bodice featured lily-point sleeves and a sweetheart front neckline which ended in a V at the back. Her chapel length veil, fastened to a crown of mohair braid set with simulated pearls and sequins, was worn over her face when she entered the church. A simple gold cross comprised her jewellery and she carried a white Bible topped with red and white roses from which white ribbons fell.

Bridal attendants were Mrs. Jean Preer, matron of honor and Miss Jean Lederer, bridesmaid. They were identical dresses of red velveteen. They jackets covered the strapless bodice and set off the bell skirts. The bridesmaids wore circlets of white net topped with red roses. Their bouquets consisted of Alaska black diamond necklace and earrings and in place of bouquets the attendants carried white Bibles. Red shoes and white gloves completed their ensembles.

Groomsmen were Mr. Herman Preer and Mr. Ernest Lederer.

A reception for immediate family and close friends was held at the home of the bride's sister. The bride's table was decorated in red and white and was centred by a three-tier wedding cake.

Mr. Herman Preer, brother-in-law of the bride proposed the bridal toast, which was answered by the groom.

For her daughter's wedding Mrs. Lypske wore a two piece dress in heavy wool accented by dark brown accessories and pink rose corsage. Mrs. Lederer chose an afternoon dress in blue floral crepe with yellow rose corsage and dark blue accessories.

Leaving next day for a honeymoon trip to Vancouver, B.C., where they will make their home, the bride wore a red wool three piece suit with black accessories.

Out of town guests included Mr and Mrs. Gordon Lederer and Mr. Albert Blum of Vancouver; Mr and Mrs. Mike Lypske and Cameron, Wildwood; Mr. and Mrs. William Tomich and Nickie of Hinton; Blake and Harold Edwards of Jasper.

SCOUTS

Jr. St. John's Ambulance training will be held next Thursday, November 28, 7:00 p.m. at the Edson Firehall under Mr. Nigel Aspelet

Jasper Campores/62 crests have arrived and have been distributed

First Edson Beaver Troop crests are available for 75c. These are to be worn on the neckerchief

Twenty-nine boys are currently registered in the Edson Troop. To date they are still without a Scoutmaster but are managing to maintain their program under the guidance of the Rover Crew. Instruction has been given in packing a packboard and winter camping.

Gerald Tanton received Tenderfoot badge.

2nd Class badges to Donald Bergman and Chuck Davidge.

Tt. Allen Bosworth received nine badges. Fireman, Musician, Salesman, Chemist, Master-at Arms, Missioner, Entertainer, Stalker, Healthy man.

Ten Jr. St. John's Ambulance badges were distributed to the following: Doug Ablf, Terry Caswell, Grant Schultz, Harold Wynne, Doug Steeves, Charles Davidge, Pat Mareeff, Greg Gold, Don Bergman.

The Bull Patrol has been changed to Elk Patrol under Rick Gardener

This paragraph was written by Tt. Allen Bosworth as a requirement for the Journalist Badge.

THE CAUSE OF SCOUTING
BY ALLAN BONNESETH

The cause of Scouting is to teach youth, regardless of color or creed; to teach them responsibility, teamwork, honesty and many other good qualities and therefore giving them an opportunity to become good citizens and an asset to their community and parents. A scout is taught proficiency in many skills, such as camping, first aid, leadership and many other fields.

In the case of responsibility he may be given a post or position in the troop or patrol and he is obliged to live up to this post and carry out his duties carefully and cheerfully.

Teamwork is another important part of Scouting, how every teamwork cannot be taught of the scout does not encourage himself to help and get along with other scouts or people. Teamwork is displayed when at camps or at home, everyone pitches in to get something done.

A Scout must be honest. There is always the temptation in a person's life to do the wrong thing if they know they can get away with it. But a Scout must by pass this temptation and do what is right, therefore proving he is living up to the Scout Law. Scouting teaches a boy many other things but they are too numerous to mention.

The John Diefenbaker I Know

By Dr. Hugh Horner, M.P. for Jasper-Edson

There has been a lot of talk about the most maligned man in the history of Canada — John Diefenbaker. Books have been written, telegrams taken and he just weathered the most sustained press assassination ever know of a public figure.

Why? Why this unrelenting attack upon this man, like a pack of wolves, closing in for the kill. An objective review of his term of office will find the good he did far outweighed anything bad that was done. These reviews are now coming out from outside of Canada. Do the power hungry fear him that much. Does the establishment, having survived a tremor fear that his return to power may cause an earthquake in their cushy environment.

I have served under him in Parliament for a number of years, know him before he was a leader, ran for public office because of him, supported him in his crisis, support him still. There is another side to tell. Whether the powerful sources lined up against him will ever allow it to be told is the question. Let's have a look at his background, his achievements and yes, his faults and his mistakes.

This man is a prairie man who grew up fighting the elements, fighting for survival in an area that knew the worst of all those things. No one who lived through the early years of a new country, then through a depression that had to be lived in Saskatchewan to be believed, could be anything but what John Diefenbaker was and is. A suspicion was born in all prairie men in those years of bonanza, money men, slick metropolitans of big business and government. To some it was more than this, it was also the avowed intention that if they ever had a chance to change it, they would.

These environmental winds made other prairie people radical, forced them to break with old established parties, but kept them to this day individualistic conservative, foreful and still suspicious of the moneybender. This accounts for the abandonment of a sound government in the most conservative of provinces, a social credit government in another. Was it John Diefenbaker's mistake that he would rather stay within an old line party to do what he thought right? Was it and is it wrong to believe that conservative philosophy was to be allowed only the select few? Is it not correct that socialism and communism comes from abuses and excesses of capitalism? Where else but in the depression on the prairies could those lessons be learned as well.

So this man came from the prairies with the idea that people wanted to have basic freedoms, wanted to be individuals, wanted to get away from bureaucracy. He attempted to get the leadership of his party many times. Some of us in the earlier years did not support him. In 1956 we know he was our man. Now he had his chance to mold a party that would make conservative philosophy work for all, but more particularly the ordinary man. He took that message across the country and won.

Now the battle was joined. Much has been written about what could have been done, what nonsense — where were those people who write so glibly now, when in those years we tried to put a new light into government. Much has also been written about mistakes. John Diefenbaker's biggest mistake was to stick to party loyalty and conservatism when he set up his cabinet. It was the mistake that was to cost him the earlier rounds. People who were content to let cabinet ministers who maintained the status quo, who failed to shake up their departments, who failed to bring into being the vision that John Diefenbaker had for Canada.

I ask you to look at the big clubsticks of his years in office. First, the Convention Loan — the idea pushed on a Prime Minister who didn't like it, but had to go along with it because senior advisors said it was the only way. Eastern Cabinet Ministers from the money centres who said it had to be. Here, because the first chink in the public, the attempt by people like Coyne to run the country. That round, the Establishment won.

Then the Arrow; here was by far the toughest decision of his political life, a decision that went against his grain as a Canadian, but one which was right and he knew it. It cost him enough seats in the Toronto area to unseat him as Prime Minister. It brought out into the open outcome of the power plays that take place. Unfortunately, because of bad reporting or a bought press, this was never generally publicized. How many people know that A. V. Roe had over the years since the war a billion dollars in cost, plus work. How many knew that this powerful business colossus with their finger in many pies openly threatened the government with shutdowns in its their mines and other associated factories. A good guess is that they spent a million at that cost plus in promoting themselves, their cushy operation and their aeroplane in the biggest lobby Canada has ever known.

Then this colossus in an evil mood with the help of the Government Broadcasting System engineered their dying spiteful drama. They let fourteen thousand workmen without warning, even though there were ample money to keep them on and let them off gradually. Instead they built it up into the greatest tear-jerker of them all, and dealt the Prime Minister a political blow, which he has not yet recovered. Surely the failure here was not with John Diefenbaker, but rather with big business. Even with government money, they couldn't do anything about getting other things to do. And these people sit and wonder about how socialism comes about.

Now the full story on the Arrow is known. The St. Laurent Government had made the decision to scrap it, but left it until after the election because it was too hot for them to handle. Yet a member of that government, the Associate Minister of Defence had the gall to move adjournment of debate in the House when John Diefenbaker had the courage to do it. How any honest man could say the things that ex-minister said, knowing what he knew is beyond me.

What about the role of the CBC here. Did they also feel treasure in their ivory tower that their blissful easy existence might be threatened. How else do you account for their biased one sided story of the Arrow. No, the real failure in the Arrow story is the communications media and their abject failure to report the fact. So John Diefenbaker won and did what was right for his country, but paid for it politically.

What of other things that happened in those eventful years. In agriculture we got a policy and got things done, why — because we went over heads and got them from John Diefenbaker as Prime Minister. Does anyone think we got acreage payments, effective support prices for farm products without a fight. We fought for them, got them because John Diefenbaker was on our side. Where were those rebellious ministers then. They gave in, but apparently still sulked.

We needed an oil policy, it never came until it was pushed in by backbenchers with the Prime Minister's help. Little things like decentralization of solicitors for the Farm Credit Act came only after battling heads of cabinet ministered wills, those were smashed and we got what was right and what was needed.

There came the Coyne Affair. No true prairieite could ever be on Coyne's side. Wills was the restrictive money policy that he felt had caused our lost depression, we wanted more of it. The Prime Minister had his way. Canada is better off for it. The mistake, and allowing Coyne to appear before the Banking and Commerce Committee. The backbenchers could have handled him, but from exalted ministerial benches, the thought never occured to them.

But it isn't hard to see John Diefenbaker's views and position. A country and a government must direct financial policy. We are all monetary reformers in the west (some to more of a degree than others), we do believe in our country and its assets, we believe that given the capital to do it, we can make all Canada tick. Pursue the statistics and see on them how this was done with farm credit, industrial development bank expansion, small business loans, export credits. Many billion dollars of additional C.M.H.C. capital made available to Canadians in many ways and his critics say he didn't try to do what he said was going to. I challenge them on monetary policy.

This fight with the most entrenched and powerful of the establishment helped Canada but hurt John Diefenbaker personally and politically.

What about the most recent bombs of them all, the defence issue. Built out of all proportion by a press more bent on building their own egos than reporting, more concerned with headlines than with Canada. There is no doubt in my mind that history has already proven him right. Now we have a government with them and they don't really want them. John Diefenbaker's mistake was not to come out flatly against them. This he didn't do in loyalty to his own cabinet who supported him for that loyalty.

Remember the headlines saying he was Anti-American, kind of blurred now and slightly ludicrous in light of the recent goings on in Ottawa. The white kids came to power in the U.S. and were enjoying that power so much they thought they should run at least all of the western world. They run into a little trouble north of the 49th parallel in America because some fellow up there called Diefenbaker was going to call the tune as he saw it best for his country. Is this failure on Diefenbaker's part? Where are the bragging donkeys of the press who built that one up? What are they saying now?

John Diefenbaker made mistakes. He is human and many of those mistakes were made because he acted too politically, but rather straight forwardly. The cabinet ministers who drank and played with prominent members of the press gallery got good boys. It is pretty hard to write anything bad about the fellow you got stewed with the night before.

Was one of John Diefenbaker's mistakes and failures that he didn't get the press drunk once a month? Politically it surely was. Somehow you can't get warmed up on orange juice.

The other failure of John Diefenbaker was that the city members in Eastern Canada of his own party never had his zeal to change anything, money, methods or politics and he couldn't get them to see that things like devaluation, selling wheat, policies [illegible] for ordinary people were worth a darn. Consequently, they never beckoned nothing them. This coupled with his fight with big business hurt when the votes were counted.

There is a strong and powerful force in this country that has for years insidiously controlled our economy and our government. John Diefenbaker, call him prairie radical, renegade if you will, took them on and while he hasn't won yet, has certainly frightened them. The next few years will decide the winner, and in my mind, the kind of country we are going to live in. For my money, give me the "RENEGADE."

EDITORIAL

THE WORLD MOURNS

The enormous tragedy of weekend events has touched Edson, as it has other communities in the free world. The premature death of John F. Kennedy, young and vigorous president of the United States of America, leaves this community and and heavy hearted. That he could meet death in such a way on this continent and in our time, seems preposterous.

His assassin's crime was a crime not only against the man or his country, but against humanity. That is why we and others in national capitals or in remote corners of the earth grieve his passing.

John Fitzgerald Kennedy recognized the equality of men regardless of color. He was a bold and determined champion of justice and human dignity. Let us hope that his death may be given meaning by the advancement of the ideals for which he was fighting.

A man may be struck down, but ideas are not so easily conquered

"And tell your girl friend that I DO mind running next door and using just as the phone!"

Two more hunters gassed in closed truck

The second case of death by asphyxiation to hunters in this area was reported on Wednesday of this week.

The bodies of George Achtymichuk of Warspite and Steve Temodrybuk of Smoky Lake, both 48 years of age, were discovered in a homemade camper about 12 miles south of Carrot Creek. They had been dead more than 72 hours when found.

No inquest has been ordered by Dr. Crawford, district coroner.

Earlier in the hunting season the bodies of three hunters was found in a home-made camper at Rabbit Lake as well as 2 in Southern Alberta.

SA to raise toys for kids

AA is for adults, mainly, but SA — Santa Anonymous — is a new Edson group dedicated to raising a few toys for kiddies of Christmas who might be missed when old St. Nick makes his rounds.

Sponsored by the Edson Kinsmen the annual mail have been in circulation, toys around town and members are asked to buy an extra small toy and put it in the box.

SA — for kiddies!

FOR THE TOURIST TRADE

A travel essay, extolling the glories of French Canada, speaks glowingly of the ancient streets within the walls of Quebec City "where Montcalm and Wolfe walked."

Alas for James Wolfe! Among the glories of French Canada is the fact that he did not walk inside the walls of old Quebec.

J. Griffiths heads C of C

Continued from page 1

A walkathon to promote the Yellowhead Route was held with officials of the organization from Edmonton being hosted that brought the project some publicity. The annual convension of the Yellowhead Route Association was held in Edson as well.

The Chamber sponsored the TB clinic in conjunction with the Hospital Auxiliary, held a federal political forum for all candidates during the election, Farmers Day combined with the Little Britches Rodeo was also promoted.

Al Worthing flew to Medicine Hat to represent Edson at an Industrial Board meeting Ambulance was given the annual Rodeo in August A showing of slides by Miss Frances Cwiarelli was also enjoyed

OTHER GUESTS

the Goldstick grew the address of welcome to Mr. Nicholas and other guests Mr. and Mrs J. Jackson, Regional Manager of the CN, and Town Planner D. Mahale, of Edmonton.

Former Calgarian Jon Scott introduced Mr. Nickle prior to his interesting speech. Mayor W R Brunelle thanked the guest speaker for taking time out from his busy life to come to Edson and bring us such encouraging news.

A special thanks was given Mr. Jackson who brought the Chamber's guests to Edson in his private rail car when road conditions made travel uncomfortable due to the cold and icy that day.

In an aside the Mayor expressed the hope that the music of the Edson Pageant should form part of the history of our town taught in the local schools Du ., the evening the throne song of the show. "We're a Town" had been twice sung by the gathering.

Nothing adds to a man's history like doing things when they're supposed to be done.
—O. A. Bellitis

Remember "Those are the good old days you're going to miss in 1980.

Drama Group to present classic plays

Edson Drama Group under the direction of Randall Murray is presenting condensed plays from two well known plays in the Edson High School Auditorium on Sunday, December 8 at 8 15 p.m.

The scenes will be from Macbeth by Wm. Shakespeare and from St. Joan by G. B. Shaw.

The plays are also being presented in the Crescent Valley School at Hinton on Monday evening Dec. 9 at 8 30 p.m. by the same players.

The proceeds from the Edson presentations will go to ward Kinsmen Club charities, while those of the Hinton appearance will go toward Moose Lodge charities.

Joy in all circumstances

What is the secret? How can we be joyful and content no matter what life brings?

Paul, the apostle, had learned to be content, because he had found the source of strength. "I can do all things through Christ, who strengthens me" (Philippians 4:13). Jesus Christ is a strong Savior, who endured every trial in His suffering life for us. He was content to go hungry forty days in the wilderness. He was content to do the will of His Father by giving Himself up to the hands of sinners. In Christ we have strength to be content at all times.

We can share this joy of Paul by faith. With him we are content in times of poverty and prosperity. We know the joy of God in days of pain and of robust health. The lonely days and the busy days do not affect the joy we know in God.

Is this true? Can we accept every situation of life as our opportunity to serve God? Or are we tempted to want more than we have. Advertising tries to make us dissatisfied with our possessions and to induce us to buy more. We grow unhappy with our friends and family.

We can be content in every situation, when we accept it as a gift of God. We may not be able to say, "I have learned to be content" like the Apostle St. Paul, but we go on learning, that we can be joyful in Christ.

IN MEMORIAM

In loving memory of our dear son and brother Orm Perkins who passed away December 1st, 1961.

In tears we saw you sinking,
We watched you fade away;
Our hearts were almost breaking,
You fought so hard to stay.
But when we saw you sleeping
So peaceful, free from pain,
We could not wish you back
To suffer that again.

Ever remembered and sadly missed by Mother and Dad, Madeleine and Kelly, Dorothy and Tom and Families.

My mother-in-law used to be bitter and sarcastic. But now she's just the opposite: sarcastic and bitter

—Jack Herbert

Show me a man who stands on his own two feet, and I'll show you a man whose car has been repossessed!

—Wayne Thomas

With Guides & Brownies

The monthly meeting of the Edson local organization of Brownies and Guides was held on Monday, Nov. 25th at the Boy's Center.

The Association has received a donation from the Kinsmen, which was greatly appreciated.

Enrollment for leaders and assistants will begin in about a week. The Association has decided to buy berets, belts and ties for the leaders and their assistants.

A reminder that Brownies and Guides will be rantasing the town Saturday morning, Nov 30th, for wire coat hangers. Your co-operation in donating these girls will be appreciated.

The December meeting of the Association has been postponed to January

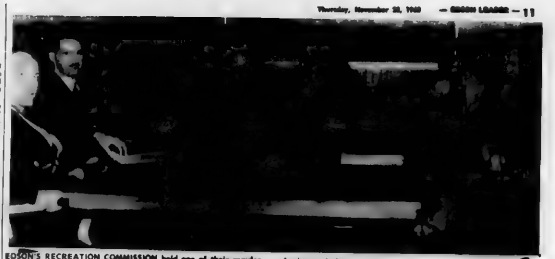
New orchestra featured at Peers dances

With regular Friday night dances being held at Peers a new name in the musical and entertainment field has been set up.

This group, known as the Western Ramblers, consists of a trio featuring Jimmy Bell on the accordian, George Pruden on guitar and Bill Dixon, bass fiddle

The first of the new series of dances at Peers proved very successful through the numerous requests ranging from twists to polkas

George Pruden's fine voice and selection of popular Ten nessee Ernie Ford's latest recording release has encouraged many of the young folks to make these Friday night dances a must on their entertainment list.



EDSON'S RECREATION COMMISSION held one of their regular meetings last week and shopped business proceedings long enough for The Leader camera to record them for posterity. Two visiting Kinsmen were also in attendance with some Kinsmen-Commission business. Left to right above are Commissoon members and guests: Neil Morris, Morton Collin, Kinsmen Vern Goodwin, Miss Sharon Strunk, Chairman Nigel Aspinall, Mrs. Helen Berman, Miss Claire and the legs belong to Kinsmen Ted Semeniuk.

IN MEMORIAM

In loving memory of our Dear brother and our uncle Orm Perkins. Who passed away December 1, 1961.

Two years have passed and gone,
Since one we loved so well,
Was taken from our family circle.

Ever remembered by Ken, Rita, Hugh and Ralph.

Robb and Branch News

The Branch news missed The Leader last week. A humble apology from your correspondent

Our Sportsmans Paradise basked in beautiful weather until a week ago Sunday when Jack Frost bit us with a full force. A foot of snow fell in the early hours of Sunday, accompanied by temperatures down in 45 degrees below. This Monday the snow is thawing some what water is pouring off the roof. A sudden change, but a welcome one

Our hotel manager has had trouble with the lights, which not only inconvenienced him but caused the school for the bitter cold snap of one week.

Mr. and Mrs. McLure have been visiting their daughter, Mrs. Batush and family, here in Robb

Mr. and Mrs. Jim Senger were guests of the Ken Brand ton last weekend.

Mr. and Mrs. Ben Brandle had the stork visit them at the Hinton Hospital on Tuesday, bringing them a baby girl, Rae Allison. Congratulations to you all.

The cold weather and snows of the past week has enabled our visiting hunters to get their game.

Robb at present is suffering from a very acute water short age. A well was promised us for back in June, but it hasn't materialized as yet. This makes it necessary to haul water from the creek. Our recent snowfall has helped considerably to alleviate the acute water shortage. It's a pity our town well has an abundance of water and residents can't get at it

Winston Farnell is home from Jasper Gierse he got scalped out

Miss Margaret Beatty and her fiance were home visiting with her parents Mr. and Mrs. Joe Beatty, over the weekend

The last, but by no means the least of the highlights of our Branch news this week regards a trapper from Robb named Jim Bell miles the other side of Foothills. The gentleman is well on in his 70's. He started out at midnight accompanied by the Hoglin and Brandle boys here in Robb as the store opened the next morning. Twice a year he comes out for supplies. He lives mostly on what old Mother Nature provides: dried berries, muskrats and wild game. Mr. Hoglin remarked that he was covered with frost, but was wearing leather boots as one of our most bitter nights.

Through the medium of The Leader, I, A. Kennedy extend to you, Worthy Hinton, my most humble apology for not being present at our last meeting due to the bitter weather and car troubles.

The Students Union members are holding a cash bingo in the Robb Community Hall this Saturday, November 30. Hope they have better luck than the Community Club

AROUND TOWN

WITH IRENE DOCHUK

The craft centre wishes to announce that slides on leather and copper will be shown on Thursday, Nov. 28th, at 7:30 p.m.

☆

Congratulations to Mr. and Mrs. U Mallett who celebrated their 35th wedding anniversary recently. A family gathering marked the occasion.

☆

A speedy recovery is wished Mrs Carl Sprowe, who is a patient in the University Hospital in Edmonton.

☆

Friends of Mr. Wilbur Perkins will be glad to learn that he is doing fine following a major operations in the Royal Alex Hospital in Edmonton. Following a visit with their daughter, Mrs. Tom Bishop and family, Mr. and Mrs. Perkins will spend the winter at the Senior Citizens lodge at Stony Plain. They plan to return to Edson in the spring.

Forgetfulness

BY PASTOR SHOWALTER

As a boy my mother would send me after a few things in the basement and if I came back without some of it she would merrily say, "What you don't have in your head you have in your heels," and that left only one alternative, go right back after it!

Forgetfulness can be very serious. To not put out a match, lock a door, turn a railway switch, watch a rear view mirror has meant the difference between life and death.

The most serious form of forgetfulness is to forget God! Judges, a book of the Old Testament recording the history of the people of God, is a sad story of repeated forgetfulness.

God would be very good to them. In a short time they would forget how good He was and turn their attention to worshiping or someone else. God would allow their enemies to oppress them until life got almost unbearable and they would come to their senses and call again upon God.

God in mercy would hear their cry, raise up a victorious leader and bless them again. But with the passing of this leader they would again forget.

When God writes our history may it not be blighted with the repeated phrase "And the children of Israel again did evil in the sight of the Lord."

Tickets from Kinsmen in Edson
Moose in Hinton

THIS GRAVEYARD ON THE BROW OF THE HILL overlooking the Athabasca Valley and the Miette river-mill is mute testimony to the hours of Pocahontas, a thriving coal mining community which existed until 1921. The graveyard, a number of cement foundations and remnants of household effects are all that remain of the town today, along with a decayed wooden staircase that led down to the valley town. The homemade crosses on graves in the Pocahontas graveyard still show the names of the dead after 40 years.

Pocahontas - Ghost Town in the wilderness

How many Hintonites have driven to Miette Hot Springs and yet never realized that they were passing within yards of the site of Pocahontas, an early coal mining town in the Hinton-Jasper area?

There are no markers to indicate that just beyound and above Punchbowl Falls hundreds of people made their home for a nine year period ending in 1921.

In that year the Peabody Coal Co., which employed the miners and provided a living for their families, ceased operation when the market collapsed for the type of coal they were producing. Families moved elsewhere and their homes were transported to Hinton and other centres. Pocahontas was deserted.

A walk through the old Mrs. Roy Sanders, who lived town site cannot help but a at Pocahontas as a child. There rouse one's curiosity and in- were two towns, she explains terest. Many vestiges of Po- ed, one on top of the hill not cahontas are still visible. far from Punchbowl Falls the Their graveyard, water sys- other below, behind the pre tem, basking foundations, fea- sent Pocahontas bungalows res, sloves and basins. One and restaurant. The mine man finds oneself musing about the agers home and houses of oth people who once lived there, er mine officials were in the the life of the town and why lower townsite, as well as a it was located on such high hotel, a store, a post office ground. tennis courts, mine offices and a power house, located near These questions and many the same tipple. others were answered by a The large concrete founda present day Hinton resident. tion of the power house can still be found near a large pile of coal. A vault still stands on the site of the administration building that was destroyed by fire. The present highway follows the old rail bed, and the Pocahontas station was located on the north side of the track not far from the Miette turn off.

The upper town was largely residential. There was a community hall, school and a water tower for residents had a water system. Water was piped from a water hole a half mile south along the Miette road, to the tower, then flowed down to a series of pumps which serviced houses nearby.

An old covered wooden staircase led from the top of the hill to a point just below the Punch Bowl Falls corner, where a path continued to the town below. Decayed by age and weather it's ruins can still be seen if one watches the bank closely on the way up to the Falls. Groceries and other supplies were delivered by team, sparing shoppers the hardship of carrying things up the steep staircase.

The mine where the men worked was located across the ravine on the opposite hillside and was reached by a footbridge. Mrs. Sanders remembers parking berries near the mine as a child though it had been strictly forbidden by her parents. A few years ago Mrs. Sanders and her brother Alex Stone, a former Hinton resident now living in Edmonton, visited the site of Pocahontas and did a good deal of reminiscing. Mr. Stone even found the trees that had supported his swing when he was a child.

Unfortunately no markers indicate that the town was there or provide information about it's existence.

In advertising America has found the key to unlock the consumer reluctance and ingenuity of our economy

School Division takes over Widwood school officially

The tee. were advised that the Wildwood School, which has been under construction for some months, was to be taken over officially, when they met in the Village Hall on November 13.

Class 5 has been moved into the new building and members inspected the new addition to the school during the meeting.

Present at the meeting were and Supt R. G. Maerta, Supervisor, R. Thrasher, Hinton Town Council Representative, William Newton and Secretary-Treasurer, D. S. Blundell.

Trustee Lawton is to assume the position of vice chairman until the next meeting in March 1964.

A letter from the Alberta Government for the purpose of [illegible] as Edson Outside Power Limited 1473 for Rat. Bird Gas Company Limited 1473 less share participation.

It was moved that the lend er of Burns Gas Company Limited and purchase of a certificate be approved.

DELEGATION

A delegation of residents from the Wildwood area interviewed the Board on the Water pickups by school vans and the related problems of road conditions. The delegation were advised that the Board's decision would be forthcoming after the meeting.

Reports were received on the Annual Trustees convention held in Edmonton on November 6th to the 8th in Calgary and it was the unanimous feeling that it was one of the best conventions held. Trustee Mr. Leonard read to the members some of the policy resolutions discussed which will greatly assist the associations in future years.

[illegible] Parkman accepting [illegible] at the Duffern Union [illegible] north of Wildwood, report of delegates at ATA convention, report of the Superintendent of works, architect's correspondence, issuance of debentures, teachers' salaries resolution resignation, student accident insurance, fire insurance renewal, Windfield School site, correspondence, payment of accounts, report of the superintendent of schools, industrial arts shops, report of the principal attending the principals' leadership course, business of individual trustees, sale of two room Evansburg school.

The next regular meeting will be in the Drayview School, Evansburg, December 11, at 10:00 a.m.

Teen and Herd

BY ERIN

There was a good turnout for the High School "Clash Dance" Friday except for an uneven of girls. There were some real good clash outfits. The next High School Dance is on the 20th of December.

Now to bring the curling up to date. Last Thursday Spurgeon beat Jarvie, Peacharnich won over Owen and Pompeit were Ambrosoko Tuesday's games showed Pompeit trounced McCardle, Warren took Peacharnich, Ralbetter beat Hrynuk and Robert defeated Lothalan.

There are only 16 more school days until Christmas holidays! I have heard that the holidays this year will be longer than usual.

There will be a continuation of the volley ball tourna

GUESTS OF THE DISTRICT LOCALS at the first annual FUA banquet last Saturday evening were these officers of District 5, who spoke during the evening. Each row left to right are: Charlie White, Jr. FUA Director from Keephills; Ray Gosson, alternate FUA Director for Sub District 6 and chairman of the evening from Resovoir. Front row left to right: Mrs. Norma Baron, Secretary of District 5 FUA, Stony Plain; Herb Kotschevrshki, District 5 Director from Stony Plain; and Mrs. Herb Kotschevrshki, alternate FUA Director from Stony Plain.

JUST BEFORE the floor was cleared for dancing following the FUA banquet, the representatives of the District Sub Locals gathered for a picture. Left to right back row are: A. J. Bergerson, president of the Edson Local; Louis Beaudin, 2nd vice president of Sub District 6; Ernie Fabrien, Director of the Sub District 6 Board; Karl Stitzenberger, 1st vice president of the Sub District 6 Board. Front row are: Erwin Maurer, president of the Resovoar Local; Mrs. A. Lowry, representing Peers Local on the Sub District Board; Mrs. Dorothy Cooper, secretary of the Sub District 6 Board. Missing from the picture are Mrs. M. Schnitzer, representative of Peers-Pullman Local and Syd Smith, president of the Carrot Creek Local.

Crisp Scandinavian styling is refined in the gentle curved sweep of the cabinet front. The Scandia reflects solid good taste in stereo sound and in custom crafted cabinet excellence. Veneers have been painstakingly selected to match when the doors are open to match when closed. Each panel emphasizes the beauty of the walnut grain and is carefully moulded to the contour of the curved cabinet. The Scandia features a 20 watt amplifier with all the convenience of built in FM stereo. The Garrard AT6 changer and Astatic floating ceramic cartridge an edge-illuminated handsome silver and matte black control center matched tone speaker system with two 10-inch woofers two 3" inch tweeters and a two-way crossover network. The outstanding simplicity of cabinet design accentuated with a pleasingly delicate front curve combines with Westinghouse Solid State Stereo makes the Scandia a thrilling acquisition for your living room. Walnut Model ST100

CATTLE SHRINKAGE

Watch the shrinkage in your cattle Remember the highest price per pound does not necessarily mean the highest returns per animal This depends upon the total number of pounds that are paid for the weights and conditions set out in the deal

Tests conducted in Alberta, showed the weight loss sustained by cattle after they had been trucked approximately 35 miles was about 2.5 per cent of their weight when they left the feedlot.

Research work, conducted in the United States has shown that the weight loss in fat cattle is greatest during the first two or three hours of transit Based upon gross weight this shrinkage can amount to over 3 per cent in the first five hours. For the next 25 it works out to approximately 17 per cent per hour Thus, a 1000 pound steer would lose about 30 pounds during the first five hours of its journey and about 42 pounds in the following 25 hours To keep this weight loss to a minimum it is very important to provide adequate feed and rest periods when travelling time exceeds twelve hours Since the feed and rest period will restore from 20 to 30 pounds of lost weight, the cost of the feed and yardage will be more than covered by the extra pounds of meat sold

Other practices recommended to minimize shrinkage include cows leaving the cattle two or three days before they are shipped. This can be done by reducing the amount of grain and rich feed (green feed - silage, etc.) and increasing the hay ration Animals should be kept off feed and water for several hours (not over 12) before they are shipped.

Good sturdy corrals and loading equipment will ensure that marketing preparations and loading are accomplished with the minimum amount of stress and excitement, both of

Adam 'n Eve's Jokebook

The wealthy suburbanite

☆

"I'm warning you!" he continued his handy man "I don't like your behavior lately. You drink my whiskey, eat my food, ruin my clothes. You drink my whiskey. Last night you even went out with my wife. I'm warning you, one of these days you'll go too far"

☆

Small daughter: "Daddy, don't drive so fast."
"Why not?"
"Because a policeman on a motorcycle is trying to get by."

☆

Hospital patient receiving bill for an operation: "No wonder they were masks in the operating room!"

☆

Doctor to overweight patient "Follow this diet and in three months I want to see three-fourths of you back here for a check-up."

☆

Wife "Why must you always wear that on the plane dress whenever we have company? Everyone knows you can't play a note"
Husband "Well, as long as I'm sitting here, neither can anyone else."

☆

THOUGHT FOR THE WEEK
The man who sleeps badly, are always proud of the fact

BRIGHT IDEA — Attractive pictures for a den or bedroom can be created inexpensively with cotton fabric. Here, gay checked gingham is glued or stapled to hardboard to provide an unusual "frame" for a floral picture cut from a magazine.

which take their toll in weight losses.

When pratical, separate the heifers from the steers Also calves which are going to be marketed immediately after weaning should be left with their mothers until the last possible moment A very considerable weight loss will be sustained before they even leave the farm if they are

FUA Locals hold banquet

(Continued from page 1

...ent in farm ...ops, he said Fa...m Unions used to be a ...thorn in the flesh ty...e of group, sending delegations to ...overnments with petitions that didn't have too much effect. Early day farmers depended on themselves only but now have turned to the government to help solve their problems.

There must be a develop...ment of...ome industry in ...Hinton like things that are ...ing done now. The Pul...ipers have taken the lead in this and have lots of land have organized an education branch to begin with the environment of ...Lower Athabasca.

Hinton Agricultural ...ty have indicated that the district is too big for the Dis... who is located at Stony Plain and must cover the whole area west of there. The report stated that too much time must be spent on the road. He wants to develop the whole field more ...ources, make more ...

...id FUA for the dis... hall to face them. ...visitors can be ... In order to get ... A petition must ...ted to the Minister ...ch is requesting the ...f farmers in this area ... has been given ... the same time the ...ip canvas had been ...ent.

Mrs. Bodnarchuk, Advisor to the Director of the FWUA told the meeting that some of the aims of objectives of the FWUA were to obtain ... and educa... for farm wo... a social plan, but ... serve. Jr. FUA camp at Gold Eye Lake and to work for bet... living for every member of the family.

Asked where the FUA could get ... book could be obtained, Mrs. Bodnarchuk told the ladies that they could get them by writing to the secretary of their local.

The activities of the Jr. FUA were described by Char... White, Jr. FUA Director. Although there is no Jr. FUA in this district it is hoped one can be formed and Jr...

RETIRING CHAMBER OF COMMERCE President Walter Fowler (left) took advantage of the annual ladies night last Wednesday to present Leader Publisher Doug Cooten with a certificate of merit from the Alberta Weekly Newspaper Association in recognition of an editorial excellence award in competition with other weeklies in the province. The award was made even more memorable as genial reporter Jack Deakin of the Edmonton Journal was on hand to operate the Leader press camera on a courtesy basis.

...White's remarks as to Junior activities were well put. He said that there was a gap between the 4-H Club and the FUA. Young people from 18 to 28 found they didn't have too much in common with either group and so the Jr. FUA had been formed.

Various workshops, courses, and activities help young people to get along with others in the community as well as teaching them how they can benefit their community through sports, entertainment, educational and other activities. Mr. White is also assistant field supervisor at Stony Plain.

Mrs. Norma Baron, secretary of District 3 asked why do members turn out to meetings like this but not when meetings and workshops are called. She said that turnouts of workshops that were held last winter had been very disappointing and they hoped for more this winter.

Mrs. Baron said, as had the other speakers, that the schools were only used a fraction of the time, farm men and women could use them for night courses by making arrangements with the principal or School Division. Courses in sewing, bookkeeping, typing and many others could be had. She said there was no need for farmers to be called "dumb farmers" in this day and age.

At the conclusion of the all the Friends addressed the remainder of the evening was spent dancing to volunteer musicians and listening to songs and musical entertainment.

IN MEMORIAM

In loving memory of our dear son, brother and Uncle, Orm Perkins who passed away Dec. 1, 1961.

Two years have passed since you have gone
And yet it doesn't seem that long,
You are in our thoughts in everyway,
Your memory is with us everyday.
Ever remembered and fondly missed by Mother, Dad and subscriptions won prizes, valued according to number of subscriptions sold. The Curtis Company also provided very official looking certificates for top sellers.

Richard Mercier won the cup as top seller having sold more than 800 worth of subs. Dale Griffiths as second highest seller won the Big Daddy statue. Richard Sieber had the 3rd highest sales record.

Prizes and certificates were presented at a special assembly in the High School auditorium on Wednesday, November 27.

Student commissions on the subscriptions sold is also known, towards which each of which will be used as in high school.

"You know," one neighbour said to another, "I've never seen a child so badly spoiled as yours."

"He's not spoiled."

"Sure he is. Come and see what the fire engine did to him."

Students win prizes for selling subs

Students of Jubilee Jr. High School have recently completed a campaign wherein they sold subscriptions for the Curtis Publishing Company through a Curtis Educational program that is being carried out all over the country. Through the program the Students Union or organization gets one third of the gross

...n annual convention as a unit ...ion they are affiliated ...s annual convention ...ustrial Canada. ...The theme is to be used ...ughout ...ntions during ...

Besides, the individual sales ...ers can win ...ments who sold more than a certain value in

CLAIRTONE perfects unique new aluminum heart speaker for breakthrough in stereo quality.

Clairtone has a revolutionary new oval speaker cone — with an aluminum heart. Unlike paper cones used in other sets, aluminum reacts instantly to sound waves. Every note is undistorted, pure and true.

Clairtone's new solid state system banishes tubes. Result: no heat deterioration — and a five-year guarantee.

And Clairtone' amazing new low level fidelity control lets you turn volume down without loving sound quality.

PROVINCIAL DEC 9 1963 EDMONTON

10¢

Last respects paid to long time Edson lady

One of Edson's oldest residents, Mrs. Mary Elizabeth Reid, passed away on November 28. She was 93 years of age.

Mrs. Reid was born in Economy, Nova Scotia, married 67 years ago, she came with Mr Reid to make her home in the promising town of Edson in 1910.

She has lived here ever since, bringing up her family of three sons and one daughter. Seeing many changes made over the years in the town of her choice Mrs Reid and her husband have been among Edson's well loved older residents for a good many years.

MRS. J. T. REID

Council sets Christmas shopping hours

Edson Town Council approved to an extention of shopping hours in usual stores at their regular meeting on Tuesday evening.

The normal hour Monday on Wednesday, Dec. 18, will be 9 a.m. to 6 p.m. stores open until 9 p.m.

Friday, Saturday and Monday, Dec. 20, 21 and 23 stores may stay open until 9 p.m.

Christmas Eve Tuesday, Dec. 24, stores will close at 6 p.m.

Carol Festival shaping up

Plans for the Christmas Carol festival, being co-ordinated by Rev. Jack Perdu, Bethany Baptist Church minister, are going along well and hopes are that the massed choir will include at least 50 voices.

Two practices have been arranged for, to be held Monday, December 9th and Tuesday, December 10 at 8:30 in the High School auditorium. The carol festival is set for Thursday evening, December 19, also in the auditorium.

The Edson Town Band will be taking in the program with several instrumental numbers and it is tentatively planned to have a few junior groups as well.

Adults and young people are invited to turn out in large numbers for the practices and the festival, which will loved Christmas carols will be enjoyed.

Home & School Assoc. hear of Social Studies

The first (general) program meeting of the Edson Home and School Assoc. was held Wednesday, November 27th in the A. H. Dakin school.

Mr. Jos Scott was elected president to replace Mrs. Thelma Lambeth who resigned because of illness. Mr. Stan Maertz was elected vice-president.

Mrs. Marion McKnight gave a brief report on the activities of the Adult Education Co-ordinating committee Classes are being held in basic and intermediate sewing, typing, shorthand and basic and advanced English.

The Home and School Association plans to sponsor the coming to Edson in February of the University Mixed Choir As the Association is allowed only one money-making project per term it was felt that this would be a profitable undertaking.

Following a discussion of membership fees, it was decided that fees should remain at $2.00 per card, or $3.00 per couple. Non-members are sincerely welcome. However, any organization requiring funds to operate efficiently. You are urged to support this very worthwhile project

Mr Paul Marshall, guest speaker for the evening, was introduced by the chairman of the program committee, Mrs. Vivian Jardine

Mr Marshall, who is Principal of the Mountain View School in Hinton, gave a very informative talk on the new approach to Social Studies. Teachers are striving to teach more meaningfully, and attempting to develop the skill

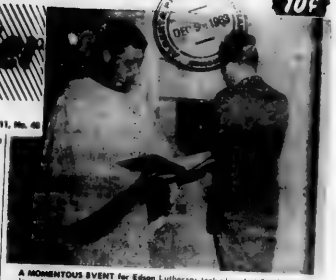
WONDER HOW MANY EDSONITES who mechanically pull the lever on their water closets would recognize this scene if we didn't say what it is. The pattern is from the newer lagoons built recently by the Town in providing for Edson's expansion. We snapped the pic through the plexiglass window of Russel Tymchick's helicopter. Rose even settled down on the grass beside between the lagoons for a minute. For those who are curious — there is a definite odor. —Leader Photo



A MOMENTOUS EVENT for Edson Lutherans took place last Sunday morning when the corner stone for their new church was laid. Above Rev. G. H. Mueller dedicates the building to God's use as Willie Grunsmann, a member of the building committee of Grace Lutheran Church holds the stone.

Edson Lutherans lay Church Cornerstone

In special ceremonies held as a part of the regular morning worship service last Sunday morning, Grace Lutheran Congregation, Edson, laid the cornerstone for their new church edifice.

The first portion of the service was conducted on initial in the Edson Christian Reformed Church. The service was concluded at the site of the new Church, located at the corner of 66th Street and 75th Avenue, Edson.

Purchased at cost from Mr Robert Jay, the stone is a gift to the congregation from Mr Reinhold Engel, president of Grace Lutheran Voters Assembly and member of the building committee.

Behind the black marble stone with the inscription "Grace Lutheran Church 1963" in modern gold lettering is a metal box containing the following items for posterity: a copy of the constitution of the congregation, a copy of Luther's Small Catechism a copy of The Augsburg Confession of 1530, a list containing the names of the pastor, the congregation officers, the building committee, the name of the contractor and the names of the architect; a list of all of the communicant members of Grace, Edson at the present time; a copy of The Edson Leader of October 10 1963 containing the article describing the ground breaking ceremony and setting the history of the congregation a copy of The Edson Leader of November 21, 1963 featuring details of the oil and coal potential in the Edson area a copy of The Edmonton Journal of Saturday, November 23 1963 describing the assassination of U.S. President J F Kennedy, several bulletins and letters dealing with the ground breaking and cornerstone laying ceremonies.

Designed by Mr Fred Klin, hall of Calgary and being constructed by Bronsch Brothers Contractors of Edmonton the building is scheduled for completion early in 1964

Edson Drama Group to present plays Sunday

Considerable interest is being displayed over the [illegible] plays from two well known classics being presented [illegible] the Edson Drama Group at the High School auditorium at 8 15 Sunday evening.

Directed and [illegible] Randall Murray the plays will be given by members of the group [illegible] their bedrooms ahead.

The [illegible] Shakespeare [illegible] Comic Period of Shakespeare.

The plays [illegible] takes to Rhyme [illegible] reason to the Turkey [illegible] Lean music [illegible] Christmas Spirit [illegible] toward her fellowmen.

MISSING WINNER

The holder [illegible] her 7 16 of the [illegible] radio should [illegible] Hardcase at [illegible]

The draw for the [illegible] made during the CWL [illegible] on Wednesday afternoon

Don't adjust your TV sets

The trouble with the reception of Channel 12 has been found.

Vandals have been shooting 22 bullets at the reflector on the Channel 9 relay tower at Corral Creek.

A box of empty shells has been found by RCMP near the tower and investigation is under way.

District No. 3 Rebekah Lodge meet in Edson

[illegible] social committee

What Would You Do?

We have recently come into possession of a short article entitled "If you're first on the scene." It deals with the rescue of victims of automobile accidents and how the rescuer, because of panic, inexperience and lack of first aid knowledge, so often aggravates injuries and in some cases, the death of a patient. The author is doubly well-suited to comment on the subject matter, he also writes:

Lack of knowledge often keeps about what to do in trying to help somebody be prevented. Not panic or hysterical rescuers operating without rationale. Find out the proper way of the people hurt on the road, are pulled out of cars by frantic rescuers. The condition of a lot of them is made worse by this.

No two crashes are alike so there can be no set rules, but for guidance the experts say—

First, park your own car some distance from the scene. This will help protect it and will also provide an "escape path" for vehicles that may approach the wreck too fast. Next, turn off the key in the wrecked car. Many people forget this simple precaution. How stop and think. What else can happen? Is anyone apt to die before medical help can be obtained? What is the quickest way to notify the police?

Before getting anyone out of the car determine their injuries. This is best done by talking to them, if they are conscious. Those not hurt should be assisted from the car. Anyone complaining of pain, or who is bleeding severely, should be left until trained help is on hand.

To move persons suffering from fractures requires skilled handling if further damage is to be avoided. This applies particularly in cases of spinal injury. Some doctors have said that they have seen people die whom they could have saved if the victim had been left until medical or first aid assistance got there.

Don't try to lift cars without the proper equipment, or until enough people are available to help. Sometimes this is tried, but cannot be done, and the car drops back, resulting at times in additional damage or injury.

People often appear to be trapped when actually they are merely held by a foot twisted under a seat. Crawl in and release the foot. The victim can then, if unhurt, get out himself. Other people are sometimes trapped under the dash. If not hurt, gentle pressure on the head will often free them. Do not use acetylene torches to free trapped occupants. Far better to get a tow-truck, hook on the chain and bend the car slowly.

Drivers pinned between seat and steering wheel can often be released by sliding the seat back.

If possible, signalmen should be sent both ways along the road, for a distance of 300-400 yards at least, so that on-coming traffic can be warned in good time.

Victims lying in the roadway must be protected from further possible injury. It is sometimes better to leave them there but an effective barrier must be thrown around them.

Rescuers often have a frantic fear of fire and hand victims out of cars because of this. About one car in seven catches fire, the experts say, and if it doesn't start immediately it probably won't at all.

Fire in wiring usually starts by smouldering. If this happens, disconnect the battery, being careful not to let the hot wire strike metal or sparks will fly. Locate the fire, then put it out. If you don't have an extinguisher, borrow one from a passing truck if possible.

To notify police not more than one person, as numerous may quit trying if they do not immediately find a phone or the police. By getting a number of people doing the job, there is better chance for success.

While waiting, if you are not skilled in first aid, there are some things you can do to help:

1. Keep the patient warm. (Blankets, coats, covers, etc.)
2. Loosen collars, ties, belts, so that the patient can breathe freely.
3. Try to stop severe bleeding. (Use thick dressings and bandages)
4. Talk to the injured. This will comfort them. (Do not however, discuss their injuries or tell them of any deaths or injuries, of other victims). Rescuers say they sometimes hold the patients hand. This seems to give them courage.
5. Get medical aid as quickly as possible.

IF IT'S NOT THE CAR . . . IT'S THE DRIVER

It isn't the car that begins to smoke
When forced to stop for an . . old step sign. . .
It's the driver!

It isn't the car that takes a drink,
Then quickly loses the power to think. . .
It's the driver!

It isn't the car that fails to heed,
The dangers of reckless driving
courteous speed. . .
It's the driver!

It isn't the car that steps on the gas,
And causes an accident trying to pass. . .
It's the driver!

A car may be beat and twisted awry,
But it isn't the car that will have to die,
It's the driver!

A lumberjack is a person who doesn't have to pass any civil service examinations to work for the government.

Haddock Happenings

Friends and neighbors of Mrs. Lee Minelli, gathered in her home on November 18th to help her celebrate her 21st birthday. The party was a complete surprise for Mrs. Minelli and was enjoyed by all present.

Debbie Camarta entertained her friends at a birthday party on November 20th. Debbie was 7 years old and her friends gathered in the home of her parents, Mr and Mrs Nello Camarta after school for the party.

Congratulations to Mr. and Mrs. Glenn Johnston on the birth of a son, Todd Charles, on November 22nd in Edson Hospital.

Mr and Mrs. James Stroud and family of Glenwood were weekend visitors to the Fred Johnston home.

Norman Hayes is mobile again after a weeks lay up for repairs to his truck.

Hiwells that Hi-tower and Hunter drilling had finished their wells. Seems to be unfounded, crews seem to be still operating even though visitors are not allowed on the well sites to confirm this.

Christmas tablecloths

A bright holiday cloth will make your dining table the center of attention at Christmas parties and keep it gay for every family meal. You can choose from a variety of cloths with attractive Christmas motifs now on the market.

One of the most striking ways to do was homemade done thusly: Take a plain solid-colored cloth and sew on contrasting colored Christmas trees gaily decorated with multicolored sequins. When the Yuletide festivities are over, simply remove the decorated trees and save for next year. The also can be made round.

You can easily whip up your own Christmas place mats from a yard or two of cotton cloth printed with colorful holiday designs. Cut out squares that contain printed designs. Hem edges and use as place mats, or as napkins to go with a solid-color tablecloth.

Around Parkland Lodge

A well attended tea and bake sale was held in the Lodge on Friday, November 22. It was sponsored by the Lady Lions.

Guests enjoyed the fresh young voices of the CUIT choral group when they entertained with song and lunch on Thursday, November 28th at the Lodge. Lynn Joy was also thoroughly appreciated when she treated the guests to some of her very enjoyable violin solos last Sunday afternoon.

A welcome is extended to the following new guests at the Lodge: Mr. M. Pilipovich, Mr. N Hawrylak and Mr E. Anthony all from Robb. Mr M. Fedorowski from Wildwood; Mr. Ed McDonald from Jasper and Mr. B Ingeman from Edson. We hope their stay with us will be very pleasant indeed.

Mr. Dave Osborne has returned from his stay in the University Hospital and is feeling better.

Birthdays were celebrated in November by Mr. N. E. Nelson and Mrs. L. E. M. Chapman.

Drostan News

There were some 16 members present at the Community Club meeting in the Drostan Hall on Monday evening. The main business was the arrangements for the Community Christmas Tree to be held Sunday, December 22.

Mr. D. Fosshaut went to Vancouver recently and returned by car with his daughter, Olga, who is being transferred from Vancouver to Edmonton.

Mrs. L. Verpaelst of Edmonton is visiting her children in the district for a few days. She came out with Dr. and Mrs. K. Robins who had been in the city.

Mr. Harold Fosshein has returned home on a month's leave, motoring here from Clinton, Ontario.

There will be a dance in North Rosevear School this Saturday, December 7. There will be good music to come on out folks and enjoy yourselves.

BEST GIFTS IN HOME TOWN

The present weather with its March-like atmosphere, makes it hard to realize that Christmas is almost upon us. There is a definite reminder in all the store windows as local merchants are stocked to the rafters with wonderful gift ideas.

May we remind Leader readers that there is no place like the old home town for Christmas shopping. It can be made a family affair Saturday evenings and a spur-of-the-moment pleasure anytime.

Local stores carry gift ideas from the simplest little thing for a child to give, to an appliance gift, furniture, clothing or all the wonderful things that you, personally, know a loved one will appreciate. If a local store doesn't carry what you wish they can usually get it in a few days.

Christmas shopping should be, and can be, a pleasure, if it is done where you don't have to jostle crowds, then carry bulky purchases for blocks to a parking lot

Of course, the main advantage to shopping at home is that you get better service on articles that you buy. Your credit is better because the merchant knows you, and you are helping your community by supporting the men who pay taxes, contribute to local funds and help community projects through service clubs, etc.

BICYCLE HAZARDS

The coming of winter with all its attendant hazards once again brings to our immediate attention the problem created by children riding bicycles on icy roads. This is a problem that crops up every winter. There is no solution other than a reminder to parents, children and motorists to be doubly careful.

Wednesday morning, when we were greeted with our first fall of snow illustrated perfectly the bicycle hazard. Within a very short time of the snow settling, the roads in town were like skating rinks. It was difficult enough to walk without any degree of safety, never mind ride bicycles.

But what might appear to be a calculated risk to some, seems like a load of fun to others, and children being what they are, should be doubly warned to ride their bikes with more than usual care.

A motorist has a difficult enough time driving on icy roads, without having to worry whether the cyclist in front of him is going to stay on or not. The cyclist has got to get to school and his navigational skill has to be sharper than anyone else and last but not least, those at home have their full load of chores without having to worry whether Johnny or Jane is going to make it safely. So if parents have any serious doubts about the conditions of the roads, it might be as well to let the children walk if they haven't got to far to go.

Letters to the Editor

Dear Editor:

Have you ever stood on a lonely country road in the early morning twilight and waited for the school bus?

Have you ever seen car lights approaching and stop and somebody about from the car, hiking a deer which is almost directly between you and the car?

"Well I have!" as I quaked in my boots I wondered how much I resembled a moose or deer in my dark clothes against that dark background.

I would like to caution all motorists that school children do not wear red hunting coats. I also think the law should be amended to make it an offence to shoot across or along any public road whether a numbered highway or not.

Yours truly,
A Yet Student

Dear Editor:

Without wishing to start a small war my husband and I have been thinking that maybe we weren't so smart as we thought when we built our little house in Glenwood.

Originally we thought we were going to save money. Our taxes would be much lower than Edson. We would not mind the lack of sewer or having to carry water.

We were overjoyed when the natural gas came. Now we look at our lower taxes and add the extra we pay, because Glenwood is smaller, for lights and gas and think perhaps we aren't getting a bargain after all. And it's awfully hard to sell for what we paid out too.

Have been wondering if there are more Glenwood people who are beginning to think like my husband and I that the time has come to join up with Edson and get some of the modern comforts of living in a medium size town. Let's hear from our neighbors.

Frustrated

☆

A lady who was a social climber constantly nagged her husband about finding a more expensive apartment in line with her desire to show off their station in life. One evening the husband came home in a good mood. "Good news dear," he cried. "We don't have to move. The landlord just raised the rent!"

☆

There is a nice distinction at a recent elementary ... "He was educated in the city's public schools and attended Columbia University."

☆

"Lady," said the cradle of flere a little weenie, "you just can't turn completely around in a street like this."

"I can't!" she exclaimed incredulously. "Didn't you just see me do it!"

CAPITAL REPORT

PREMIER MANNING SMOOTHLY MEETS THE PRESS

BY JOHN WARREN

EDMONTON — It was just as though he hadn't been away at all.

Premier Manning called a press conference last week—greeted a packed press corps with a smile, rapposed earlier pleasantries about his Mediterranean trip — and smuggled a few tid-bits about government affairs.

It was a typical press conference for Mr. Manning. His ability to say just what he wants to say has frequently frustrated reporters eager to get out something startling.

What he says is carefully considered, neatly phrased, and generally calculated to foster a lessing of smooth government efficiency rather than dynamic action.

At any rate — here's what the premier did have to say:

—Costs by the Calgary campus of the University of Alberta for full autonomy are "entirely premature." There is nothing in the present form of administration that interferes or curtails activities of the Calgary campus. Until the student population can sustain two independent universities, there is no point in expensive duplication of administrative machinery.

—Arrangements are being made to hold a meeting to discuss prairie water resources with the ministers in charge of such things in the other prairie provinces. It is hoped the meeting can be held in December.

—Adjustments in provincial social allowances which will be made because of the increase in income tax exemptions. The general persons has been increased by $40 to $50. Provincial supplementary payments, based on need, range from about $1 to $40. The subject will be discussed at the upcoming dominion-provincial social conference.

—The Alberta government is not opposed to amendments in the British North American Act. What it is against is a set-up whereby two or three bodies deal with the means of bringsomeone and beneficiaries. The question of constitutional amendments has been the subject of previous dominion-provincial conferences.

—Few Alberta residents are having trouble meeting house mortgage payments. A study by the Central Mortgage and Housing Corporation in Calgary and Edmonton showed that foreclosures had been instituted in only 108 of 20,000 cases.

—There is no reason why the two-thirds majority required to pass large money bylaws in Alberta cities should be changed. The two-thirds clause was put in the city act because the government feels a great percentage of taxpayers should be in favor of large investments. Edmonton had asked that this be reduced to a simple majority.

A typical press conference with the premier. No scene, no fuss, no bother... and little of the stuff that makes headlines.

MR. HINMAN'S COMMENTS

Recently Mr. E. W. Hinman, the provincial treasurer, stated in an interview that "there must be the greatest freedom of thought and expression at the university."

"But," he added, "it must be that which the culture and concepts of the age can accept. Universities which rely on tax contributions for the major part of their income must expect to accommodate intolerant freedom with the purpose the tax payer expects it (sic) to serve."

It is not the contradiction in Mr. Hinman's statement which interests us, but the notion that curtailment of thought can be rationalized.

There are two myths involved in this latest example of argument against the concept of a free university — free in all respects.

The first myth is that the university owes the public community an explanation for all of its professors' thoughts, without regard for the idea that professors have private lives which they cannot entirely divorce from their academic lives. As members of the larger community they have as much right to be critical of the system as the members at large. What criticism they direct in their public roles should be of no concern to the employer. Nor should the employer be held responsible for employees' indiscretions.

The second myth is that the university provides an environment where freedom of thought is the highest concern. Perhaps in some Platonic Utopia it could exist, but in our world of actuality there are considerations which must be given to consequences of thoughts which inevitably must use utterance as any thought.

As we pointed to Mr. Hinman's statement, with being intolerant of those, we can appreciate his natural fear because of thought that of that which the culture and concepts of the age can accept.

This is simply the most outrageous argument against the logical concept of the university which could be conceived. Mr. Hinman is saying, in short, that nothing should ever be thought of for the first time, or if it has to be, that it should not be thought of in the university.

The universal as we know it is a continuing development. But it has also been from its inception in the Middle Ages, the embodiment of the highest of thought in society.

If the concept of thought as it is seen in the university is destroyed we also see the stultification of society, preliminary to totalitarianism. As Erich Fromm puts it in "The Fear of Freedom", a system that, regardless under which name, makes the individual subservient to autonomous purposes and weakens the development of genuine individuality.

No man, no society, has the right to mould another individual to his way of thought. This does not mean that there is no room for intellectual persuasion. We ask Mr. Hinman to keep this in mind when he refers to the purposes which he says the taxpayer expects the university to serve.

SHARING EDUCATIONAL COSTS

Provincial municipalities, at their recent convention in Calgary, once more discussed their annual grievance — the drain which educational costs place on municipal coffers.

By a vote of the delegates — it was unanimous — it was agreed to ask the provincial government to cut municipal contributions to the educational foundation program from 33 to 22 mills immediately, and gradually to assume the total cost of basic education in the province over the next few years.

There is no doubt but that educational costs do form a terrific burden on the individual land-owner. But if we agree that the costs are legitimate — and the provincial government has done what it could to equalize costs throughout the province — it makes little difference whether the province pays for them or the municipalities foot the bill.

Provincial funds are just as much the taxpayer's money as are municipal funds.

It must be admitted that municipalities are strictly confined in the fields of taxation and it is possible that the province with its broader base of income resources, should contribute even more than at present to meet the costs of education.

But let us not forget that if the municipalities discontinue all contributions to education, they automatically relinquish control over the level of education which is to be offered to their children.

Independence of action always costs money. The municipalities should realize this before they, too, join the throng looking for something-for-nothing, which simply does not exist in the provincial treasury in Edmonton.

—Lacombe Globe

RIDING ON THE TRAIN it would be hard to realize that the tracks run as straight, but the view from the air is a perfect example of the perspective pictures that we have all had to draw at school. Edson is at the top of the picture, hidden by distance.

"Blessed is the motorist who drives not in the manner of the careless; nor stoppeth in the way of the drunken; nor sitteth as a scorner in the driver's seat.

But his enjoyment is in the laws of the road: and these laws doth he observe both day and night. And he shall be as leisurely as a tree planted in a wayside park: he shall arrive on time: his fenders shall not be crumpled; and wherever he goeth, his insurance company shall prosper.

The careless are not so: but are as the crippled when the ambulance taketh away.

Therefore, the careless shall stand in the police court, and the drunken in the congregation of the dead.

For the traffic officer knoweth the way of the careful, but the way of the careless comes to a dead end."

SA getting some toys

SA — Santa Anonymous knows around town are getting a few contributions of extra little gifts and it is hoped the fund will increase as the Christmas season hits its stride.

SA contributions is not limited to adults — teen agers and kiddies are asked to allocate part of their allowances for gifts to the less fortunate among Edson and District children.

SA — personal charity — given anonymously as all charity should.

BY REV. GLENN ASHFORD
BOX 517, JASPER

As I write this, the nation's most important religious festival is only one short week away. And by the time you read this it will be all over for another year, unless you are religiously indifferent to take time off from your devotions during the festival itself. What religious festival is that, you were asking?

Why, Grey Cup weekend, of course, I'm sorry, I mean GREY CUP WEEKEND. In this plural society it's wrong to offend anyone's religious sensibilities by deferring inadvertently to such an important religious festival.

Some years ago, a gentle columnist named Morris Gilbert wrote an essay on baseball's wrestling crowds, his dispensation of justice, his paternity, its saints and heroes, its ritual, all the things that combined to make baseball a matter of Ultimate Concern; that is, a religion.

If God had been Canadian instead of American he would have written all that from the same vein about hockey, which then occupied a similar position here. But alas: no more.

Since the Richard riots in Montreal a few years back some have questioned the omnipotence of Clarence Campbell and others have questioned his justice. Richard himself failed to accord him honors after his retirement and the Canadiens are no longer to secure an Olympus as they were then.

Hence, our faith in the God, the savior, and the saints of Canadian hockey has withered and almost died. The lofty strains of organ music and the adoring chants of the devotees still fill the shrines in Montreal and Toronto, but they no longer speak for the masses. They are an isolated faithful remnant, deserted by the fickle crowds.

But when one God dies, another is always here to take his place. Man cannot live without his Gods. Human nature abhors a religious vacuum as much as physical nature abhors a physical vacuum, so when hockey lost its religious football was there to fill the aching void.

What had been merely a sporting contest became a religion on that momentous weekend, was it in 1948 when the Calgary Stampeders invaded Toronto and converted its citizens from hockey to football. Since then, converts have been won with unprecedented speed, new shrines have been built to house and hallow their worship, myths and legends have accumulated, and the Prime Minister himself usually appears to give the call to worship which takes the form of a communal ticket.

The offerings are larger than ever before, although in some isolated cases like Edmonton, there is a noticeable reversal of the trend. The trouble in Edmonton seems to be that one of the high priests — Justice John Dickerson Parlow, suddenly switched his denomination.

Being merely a priest of a competing religion, you might expect me to denounce this new idolatry and decry brutality. All as I probably should. But with bitter remorse and tears of shame, I confess that I am a half-believer in it myself. I really do want to repent and reform, but not this weekend.

CARD OF THANKS

We wish to convey our heartfelt thanks to our friends and neighbors for their many acts of kindness during our recent bereavement. Our gratitude for the beautiful flowers, Provincial Memorial Fund, cards and all expressions of sympathy. These many kind acts brought a great deal of comfort to us.

J. T. Hood and Family

Thursday, December 5, 1963 — EDSON LEADER — 5

Handbag Wardrobe

An inexpensive envelope bag with a set of fabric slip covers makes an excellent Christmas gift for a teenager or career girl. If you sew, a handbag wardrobe is not hard to make.

Choose a handbag with a simple shape. Use fabrics that match favorite dresses, or make a corduroy cover for everybody and a cotton velveteen one for dress-up. A third purse cover could be made of gingham or denim for summer use.

Add a monogram or school letters to slip covers with simple machine embroidery. Sew the design on first, when the fabric is flat and easy to handle. Make your own basic slip cover pattern on heavy paper.

First, draw an outline of the bag from flap to tip to inside front. Then spread the bag's side panel to its fullest width and outline.

For each slip cover, cut a center and two side panels from fabric, adding a half-inch seam allowance all round. Cut matching pieces of lining from non-woven interfacing.

Make an envelope cover flap to hold the handbag secure by. Add gripper snaps at top center points of the side pieces. Close the bag with a button and loop, or punch holes through fabric opposite snaps on the bag. Finish holes with an overcast stitch.

CARD OF THANKS

We would like to extend our thanks to Mrs Gavin, the Welcome Wagon representative and to all the sponsoring merchants who welcomed us so warmly when we arrived in Edson. It was sincerely appreciated.

Mr and Mrs W Mosel

MAY WE SUGGEST

Your best Christmas present is that son, daughter, brother, Mother or Father now living away from home is

EDSON LEADER

It is a Year Round Gift, keeping them in touch with things back home and a constant reminder of your thoughtfulness.

Enclosed please find $

WILDMORSE LAKE at Camp 1 just west of Hinton, rollout's the drilling rig of Lelland Bros. at General Hall Elke's widcat well site. A couple of years ago a producing well was brought in in the Borland River area and the oil was transported by truck to the Trans-Mountain Pumping Station west of Edson for a number of months. Oil interest is high again now, not only in the Hinton area, but in a wide area around Edson where drilling rigs spring up overnight and a few weeks later are taken down and moved while local residents look on with interest. Non disappointment at no sign of oil. Twenty miles north of Edson is a producing oil and gas field with leases by Hudson Bay Oil and Gas and Canada Fina. At present every indication points to a rich oil and gas field that will extend from the Carrot Creek area north, west and south to take in the Coal Branch and Hinton areas.

Dec. 17 last date for local delivery

Teen and Herd

BY BEN

Suggestion: why not a few more chairs for the auditorium. Noticed a lot of the gentlemen standing.

☆

All you curlers had better really practice. How they are going to select a team to represent Edson in the Taylor, Pearson and Carson deal.

☆

We are going to have a "Snow Queen" at our Christmas Dance. One girl will be chosen from each room. They will be judged by a panel of judges. That is something different for our Christmas dance. The CHED Kaydy from Edmonton will provide the music. Don't forget now, to ask your girl early or else someone else might. Of hand I know of four girls who have not been asked for a date yet.

☆

Did you notice Reed Lollar's he's hair job? Didn't take that chestnut brown very well.

There's only 17 more shopping (21) Christmas and only 10 more days of school.

☆

The Edson "A" Boys took the volleyball tournament on Saturday and the Ermsberry girls were victorious. Teams taking part were from Hinton, Evansburg, Wildwood and Edson.

☆

Curling results this week — Sadlocier defeated McCardle; Lollallin flaked out and beat Werner, Hirsch defeated Owens, Swachinik defeated Sykes.

☆

Edson has formed an Ox-Teen Club with the Hinton Op-Teens. Anyone from the ages of 13 to 20 are welcome to attend the next general meeting. Just where it is to be held and when will be announced later.

☆

We must have a name for our basketball team. Every one get your thinking caps on and really suggest something appropriate. Remember there is a prize for the best name.

☆

The drama club of Edson must have been thinking of Grade XII when they chose the play "Macbeth" to be presented at the High School auditorium on Sunday, Dec. 8 at 8 p.m. Here is your chance to know your Macbeth better. Student tickets are only 50c and you may get yours from Mr. Pavich at the school. Don't forget you must obtain your ticket before Sunday.

Seven out of ten books sold today are paper bound.

☆

Oh, I think General de Gaulle will come around to our way of thinking — that is, if he wants the REAL Metro Lion back. Vaughn Monder

---

IN MEMORIAM

In loving memory of Robert C. Dauble who passed away December 8, 1963.
You bade no one a last farewell,
You said good-bye to none,
A dear heart had ceased to beat,
And suddenly you were gone.
Always remembered by his loving wife, children and grandchildren.

The Big Point is -

your dollars do most good when you

Shop at Home

The dollars you spend in your hometown stores do DOUBLE duty for you (1) In the merchandise you buy, you get VALUE equal to that obtainable ANYWHERE. (2) In promoting the progress and welfare of your own community, the dollars keep right on working for YOU Part of every dollar you spend at home goes into taxes and contributions that support your schools, streets, parks, churches, hospitals and other facilities that add up to better community living.

Robb and Branch News

This week's addition.

Mr. Heglin left for Edmonton Tuesday evening on a business trip. Mrs. Charlie Pambrun accompanied him as far as Wabamun.

Mr. Fred Skarzyko of Edmonton was a visitor of the Kennedy's on Monday. Hope you got some of that four leg grid wild stuff Fred

The weather in our Sports mans Paradise has been just wonderful after the latter surge of awhile ago. With the hunting season reaching its final hours the hunters are tapering off

The latest influx on the Branch is an army survival deal stationed at Luscar By the dress they are wearing it must be mighty cold up there Reports are 25 below at Coal Valley.

Mr. Jack Aldrich, our hotel manager, has been in the city to purchase another lighting plant. City lights now have nothing on '32' We have street lights too which really amazes visitors to the Branch

We are one of our Edson Leader employees up here quite regularly in search of game. Hope you were successful as it is later than you think.

The Students Union held a successful bingo last Friday evening. Baby Parnell was the winner of the pole lamp they raffled.

Mr. Johnny Fimlayson of Edmonton is a visitor at the Clarke home at present

Now to see Nick Marretta of Cadomin around after his back injury. He was lucky, it could have been really serious.

Here's one for Ripley. A bear was seen on the road between Hinton and Robb the Saturday before the cold snap This indicates a mild winter according to our Indians.

The next regular meeting of the Robb Community Association will be held Sunday, December 8th.

Housewarming for new home

Mr and Mrs. Merton Collin were honored on Saturday, November 30, with a housewarming party. Thirty guests arrived to bestow their best wishes to the Collins in their new home, the former Hastings residence on seventh avenue.

Dancing and singing were enjoyed during the evening, with music supplied by Mr. Collin Sr., Mr. Ernie Forster and two Collin girls on their accordians. A gift of two placemats and a magazine rack was presented Gustus Mrs. Wanda Fossheim, assisted by the other ladies, supplied a delicious lunch

Mr and Mrs. Holling are presently living with Miss Audrey Cumming, but plan to move to Calgary in the spring.

N.E.S... and YOU

(The following job opportunities are listed by the National Employment Office in Edson, and is presented in the public interest by this newspaper.)

This is the time of year when you, the businessmen industrialists, farmers and householders of Canada, are urged to join in the campaign to promote winter employment.

If you are an employer you are probably just as concerned with keeping your staff on the whole year round as you are with hiring workers during the slack winter months Here are some of the ways you can do this: get your machinery repaired, renovations and decorations done; build new plants, new additions to existing ones, insulate; and stockpile standard products.

If some of these jobs cannot be done by your regular staff that you wish to keep on, then you will need additional man power to complete the program. Your N.E.S. can supply you with the labor you need especially during the winter months when men are more readily available.

If you are a householder there are many repairs and renovations which can be done during the winter On the farm likewise, repairing buildings, tractors, plows and other equipment can be done in the winter

Your National Employment office can find men able to do these jobs for you If you would use advice or assistance on any aspect of the part you wish to play in the "Do It Now" Winter Employment Campaign, get in touch with your National Employment Office.

Baby Dolly Judd passes away

Dolly Judd beloved infant daughter of Mr. and Mrs. Harold Judd of Marlboro passed away in Edmonton on November 26th at the age of three months.

Besides her loving parents, she is survived by her brothers, George of Edson, Herbert of Edson and her sisters, Bolyna of Edson, Joyce of Edmonton, Jo Anne, V., and Bernice all at home in Marlboro She is also survived by her maternal grandmother Mrs. Wilma Chester of Prince Albert, Sask., and her paternal grandfather Mr Edson Anderson of Northside, Sask.

Funeral services were held on Wednesday, November 27 at Edson in the Edson Funeral Home Chapel Rev. D. MacPherson of the United Church of Canada officiated and the interment was made in the Glenwood cemetery.

Floral tributes were recevied from Mommy, Daddy, Sister's and Brothers; Mr. and Mrs. Ed Plante, Mr. and Mrs Hay Gideon; Mr. and Mrs. H Miller, Jack and Mae Lambert.

Edson Funeral Home was in charge of arrangements.

MARLBORO NEWS

The Edson Christian Reformed church showed a scarce movie in the Hall on Thursday, the week of the cold weather Due to the very cold weather not so many turned out.

Mr. J. Gleek of Calling Lake visited the Lauterbachs and Kaufmans on Tuesday.

The community extends their sympathy to Mr. and Mrs Harold Judd, whose infant daughter passed away on November 26.

The rummage sale held recently in the school was very successful and a nice sum was raised towards the Christmas concert and presents for the kindergarten class and the primary grades.

The Catholic ladies of Marlboro have been busy the past while getting items ready for the bazaar that was held this Wednesday, December 4. They met at the church on Monday to price articles and clear up last minute details.

Friends in Marlboro were saddened to learn of the death of Mrs. Freda Etheridge long time cook here for the Imperial pinnay crew here she died suddenly the week end of November 16th at her home at Blue Ridge, Alberta Sympathy is extended to Mr Etheridge by all here.

To return to Canada

Misses Joyce Bulles and Shirley Beales boarded ship on December 2 at Southampton for the return trip to Canada after a wonderful trip through continental Europe.

The girls arrived in London from the mainland, for a visit with Mr and Mrs. John Noble an aunt and uncle of Joyce's They both secured jobs in London which allowed them to visit many places of cultural interest as well as seeing many productions of live theatre currently running in the west end

Just before their return home the girls visited Edinburgh and Loch Lomond in Scotland.

AROUND TOWN

Congratulations to Mr. and Mrs. Tommy Mah on the arrival of their son on November 30.

☆

Recent visitors to Edmonton included Mr. and Mrs. J. Jansz, Mr. and Mrs. Gus Stelter and Mr. and Mrs. Bill Osborn.

☆

A quick trip to the city on Sunday was enjoyed by the Cuisset, Cheeseman and Al Mah families. Lionel was trying out his snappy new car.

☆

Hinton News

We hear Mrs. A. Gonzales is home from Edmonton and feeling better.

Community whist was played at the home of L. Merypoulis last Friday evening Ladies' 1st was Mrs. P. J. McCormack, 2nd Mrs. Rowsell; consolation, Mrs. H Set ter, Men's 1st, Mr. A. Goodale, 2nd, Harvey Setzer; consolation, Mr. A. Lalonsky.

WEDDING ANNIVERSARY

About 45 friends and relatives were on hand recently to honor Mr. and Mrs. Harvey Setzer with a surprise dinner on the occasion of their 40th wedding anniversary The dinner was put on on the old Nelson School by three family Mr. and Mrs. J. A. Sam and Marie and Mr and Mrs P. J Setzer and family.

After a delicious dinner the honored couple opened the many lovely gifts that had been presented to them During the after dinner festivities Mr. and Mrs. Setzer were put in the centre of a huge circle and serenaded with "For they are Jolly Good Fellows."

Many of the guests were from out of the district. They included: Mr. and Mrs. J. D. McArthur, Mrs. Emily White, Mr. and Mrs. Jack Reay and Susan, Mrs. Barbara, Mr. and Mrs. Ed Reay and Maryanna, Mr. and Mrs. Fred Zaplin, Mr. Will Wolfe and Mrs Frank Deck from Edmonton, Mr. and Mrs. J Sem, Mr. and Mrs. Raymond Semeda from Sangudo, Mr. and Mrs. Wiseman from Hattonford.

Success comes before work only in the dictionary.

Tomhintowns Club will soon be launched. Maximum membership has nearly been reached. So if you have not yet submitted your name please do so immediately. It is duly ed that Mrs. Betty Durrant of the Edmonton Tomhintowns Club will be in Edson in the near future at this time the first meeting will be arranged.

UP AT THE RINK

WITH IRENE

The Bush Challenge Trophy, emblematic of inter-town curling competition, was won last Sunday by two Edson rinks over two rinks from Hinton. The Trophy was donated several years ago by a resident of Brule who wished to promote good fellowship among the curlers of the Coal Branch, Hinton and nearby towns. Hinton has held possession of the trophy for almost the last four years.

Curling for Edson were Skip Dr. Dale Booth, 3rd, Ray Bisaillon, 2nd Dick Fontaine and Lead Norm Graham, who defeated the Hinton rink skipped by Len Williams. The Edson rink, consisting of Skip Ted Yeomans, 3rd Ken Gibbs, 2nd Jerry Tetzlaff and Lead Del Holmgren won a hard fought contest against the second Hinton rink, skipped by Bert Hansen.

The two rinks that represented Edson must remain intact to defend the trophy, unless one or more of the curlers move to another district.

The Howard Hutchison rink fell from the ranks of the undefeated by absorbing a loss at the hands of the Cliff Jim Rorie rink. Jack Woytiuk skipped the rink in the absence of their regular skip who is recuperating from an knee injury sustained last summer.

Cliff Ernst, our past president, is another skip who is waiting anxiously for his pebble to send. Bush Dixon who has been living at Greenwood during the summer, returned to Edson this week to reinforce the ranks of the short-handed Ernst rink.

Jerry Orysiuk has with draws from the round-robin competition because there were not enough curlers to make up his rink. All defaulted games registered against this rink have been deleted from the standing.

Men's Round-robin Standings	Won	Lost
Hutchison	5	1
Koch	6	1
Taylor	6	1
Wagelsworth	4	2
McRorie	4	2
Ellenwood	4	2

Rosevear News

Mr and Mrs. Walter Sakes and family were out from Edmonton to spend the weekend with Mr and Mrs. A. Aiken.

Mr and Mrs. Wm Gosling of Prince Conge, B.C. spent the weekend with Mr. and Mrs F. Scribner

Congratulations to Mr and Mrs. Clarence Hanson on the birth of a daughter Sunday, November 24.

Congratulations to Mr and Mrs. Sam Klot on their Turkish wedding anniversary. They went to Edmonton over the weekend for the occasion.

There will be a dance in the North Rosevear School on Saturday, Dec. 7th sponsored by the Rosevear PTA. There will also be a New Year's Dance held in the North Rosevear School.

IN MEMORIAM

In loving memory of Robert White Ashton who passed away December 8th, 1961.
We watched you suffer,
we heard you sigh
But all we could do was just stand by;
For when the time came
we suffered too,
For you never deserved what you went through.
God took your hand and we had to part,
He eased your pain but broke our hearts.
Although we smile and seem carefree,
Nobody misses you more than we.
Ever remembered by his son Norman and Daughter Ollie and Mel, and Mrs. Peel.

ANNOUNCEMENT

Mr. and Mrs. Evans Thibodeau wish to announce the marriage of their eldest daughter, Rose Marie, to Mr Bridger Trundale of Edmonton. The wedding took place November 29 in Edmonton.

Christmas Preparations

By D. A. MacPHERSON

Almost everyone seems to be preparing for Christmas. The merchants have been advertising and displaying their Christmas merchandise for some time now. Mother have been baking, and preparing delicacies. Children have been making up their minds as to what they hope to receive in their stockings Christmas morning.

Some were preparing long and far distances. The ingredients manufacturers, the Christmas card creators, the Japanese Orange salesmen were preparing months ago.

But God was preparing centuries ago for Christmas, preparing to send Jesus that we might have Christmas with all it should mean to us. The Angels, the Wise Men and some others were prepared for that first Christmas when it arrived They worshipped the Baby in the manger, offered him gifts fit for a king, and praised God. However, the innkeeper, Herod and many others were not prepared. As a result that first Christmas was not a happy one for them.

This should cause us to consider what we are preparing for. Are we preparing to commemorate that great event when God revealed that He so loved the world that He gave His only Begotten Son to be born in a humble stable, then later to die upon a cruel cross that we might have Eternal Life?

If we are preparing to celebrate CHRISTMAS, the anniversary of the birth of Jesus Christ let us do so in a fitting manner. Let us naturally give him a place in our Christmas preparations. Let us not keep Christ out of his own birthday celebrations. Do not substitute him with an unknown quantity X.

Prepare to celebrate Christ this not Xmas.

A False Proverb

BY PASTOR SHOWALTER

"The fathers have eaten sour grapes, and the children's teeth are set on edge."

God sent the Prophet Ezekiel to correct this false notion that one's life were set by his father before him — were my father was a drunkard, I can or will be also.

Influence to un-Godliness is from here pass and God places a responsibility upon any person who is instrumental in pushing another down into the gutter of sin with him.

However, at no point does God allow us the excuse that we could not help ourselves, that because someone else did not do as they should, parents did not give Christian training, teachers did not set good examples, got into the wrong company, or the circumstan

People who fly into a rage always make a bad landing.

The gratifying thing about your second childhood is that you usually have more money to spend than during your first.
— Irish Digest

Nobody ever gets anything for nothing, but a lot of people keep trying.

East District Doin's

A house warming party was enjoyed Saturday evening at the home of Mr. and Mrs. Harold Hodgson. We might say in passing that our announcement six months ago to the effect that the Hodgsons had moved into their new home was a wee bit premature. Sorry folks.

The meat of summary Thanksgiving menus will grace the tables of many successful hunters this winter — judging from the number we saw loaded in trailers the past few days. One happy hunter shot a white moose, of which he says "I'm really proud. It definitely was a moose and not somebody's cow as some suggested.

Clarence and Rolland Bowman had a nice little jaunt between sleeps recently, when they drove from Valleyview, B.C. to Beaverlodge and back to Carrot Creek non-stop — figuratively speaking. A couple of hours sleep in the cab of the house and they were off again for Valleyview.

Mrs. Frank Smith, Mrs. Herb Heintz, and Mrs. Joe Ice spent an enjoyable Thursday afternoon at the home of Mr and Mrs. Bruce Bowley.

CAMROT CREEK WI.

The November meeting, includes the annual election of officers of the Carrot Creek W.I. was held at the home of Mrs. Joe Morris.

Officers elected as follows: President, Mrs. Richard Ilsen asst. Vice President, Mrs. Herb Heintz Jr. Secretary Treasurer, Mrs. Allen Blundell. Publicity Reporter, Mrs. Annie Whyte. Four new members enrolled making a total of 14

Mrs. Shantz gave an interesting and humorous talk on "How to lose weight."

After the usual business session the meeting was adjourned. A draw was made for the lucky door prize which was won by Mrs. Grace Sowerby.

A delicious lunch was served by Mrs. Morris.

WHAT EVERYONE'S DOING

Kes Thomas is working on an oil rig in the Slumang Basin area, Melvin Barnes is doing likewise, same locality but a different rig. Jack Rogers has started work in the bush. Brian Lowery is hauling pulpwood for his neighbors.

Lynn Thomas is home following a couple of weeks in the city receiving dental work. Norne Roebuck has been busy tending the sick and ailing. Bert and Daisy Radcliffe have opened the coffee shop in Peers, Sakona Morris has accepted a job in Peers as main operator (or helper) for Art Dentag Ice is working in Edson and making her home with Mr. and Mrs. David McIntyre.

Dental Heintz returned to his home recently after spending some time working for his brother Melvin Heintz near Edmonton. Mrs Harold Thom as left Monday for the city where she will care for the 3 Poole children while they mother undergoes surgery in a city hospital

Turkey bingo at Peers

The Peers Home and School Association are sponsoring a turkey bingo in the Peers School auditorium on Saturday, December 14. The bingo will start at 8 p.m.

Proceeds of the evening will be used for cure taking and maintenance expenses of the Peers skating rink.

The Home and School Association has decided to cancel their December meeting as it falls during the Christmas week. The next meeting will be held the last Tuesday of January, that is January 28.

Hinton gift wares go all over the world

As the Christmas season approaches products made in Hinton will take the name of Our Town to all parts of Canada, the United States and to many other countries in the world.

Deliveries [illegible] and fruit products made from local wild [illegible] Hinton Wood Products have shipped as gifts to such far off places as New Zealand, England, many countries in Europe and to the West Indies. Both last year and this, Mrs Peter Wereshahan who makes the pastry has received orders from local and far off customers for their delightful fare.

This year Mrs Weinshahan had a very good season and expects to produce approximately 2000 jars of puree and honey. Attractively gift boxed as Hinton containers, [illegible] decorated in a Christmas motif, or featuring a beautiful mountain scene, the purees and patties are products of which Hinton can justifiably take pride.

Hudson's Bay Co stores in Vancouver, Edmonton and Calgary and the Woodwards store in Calgary all find the purse a popular gift item Packages are also sold locally and in Jasper.

Craftsman Heinrich Bechmann's driftwood articles are also beautifully finished and a true product of this region A feeling for form and beauty of nature can be seen in each piece. His large collection includes lamps, bookends, candlestick holders, end tables, ran on, centerpieces and many others.

These "made in Hinton" articles provide unique, artistic gifts which are also fra veling far and wide.

Mr. Beckmann's attractive new store in Jasper is a popular gift centre for tourists and district residents alike His work can be seen locally at the Hinton Hardware

Alberta Roads continue to take their toll of lives

Alberta turned into the winter driving season with its death, injury and accident tolls relentlessly reaching [illegible] new peaks, the provincial Safety Council reported at the end of November.

Thirty A fatalities in 1 month pushed the 10 months total to 324, six per cent higher than a year ago.

The increase in injury rates is even greater — at 6,510 i, 10 per cent higher than with about 7,200 injury cases were reported and [illegible] of a year ago.

And the accident total has increased by seven per cent to 24,501, 2572 of them in October.

Last month's death toll, the council said, included eighteen drivers, 11 passengers and seven pedestrians. Thirty of the fatalities were reported to the R.C.M.P., the same as a year ago, two by Edmonton police (three a year ago) and four by Calgary police (two a

The incidence of fatalities continues to be concentrated in the age category 20 to 24 years, the Council said: 42 deaths so far this year, in [illegible] and 40 to 44. In third place with 24 fatalities, is the age group 25 to 29. The 10 [illegible] age group 15 to 24 [illegible] about 20% of the licensed drivers, but they suffer 25 - of the deaths.

Property damage attributed to auto collisions in Alberta this year has exceeded $11, 000,000, according to a council survey of police estimates.

Besides the 30 fatalities reported by the R.C.M.P., the council said, the force reported substantial increases in both accidents and injuries last month: 411 injuries compared with 350 a year ago and 911 accidents compared with 797.

Funeral held for Stefan Laschon

Mr Stefan Laschon of Peers passed away at the age of 74 on November 12 He is survived by his wife Marie of Brantford and one son Rudy Jun of Pittsburg, Penn. He is also survived by three grandchildren.

Funeral services were held from the Edson Funeral Home Chapel in Edson at 2 p.m on November 16 with Rev. Father J. MacGilvray officiating. Interment was made in the Glen Wood Cemetery.

Floral tributes were received from Mr and Mrs Vallop and Dick, Mr and Mrs A Shand Sr., Gus and Rita Metzger and boys Chris and Pearl, Dorothy and Gomer Roberts and family, Andy and Helen Shand, Chauncey, Ruth and Family Mr and Mrs A Arvern A. Dunlop, Mr and Mrs A. C. Arvern, Mr and Mrs. James Rush and Family, The Yonger Family

A Cheney Fund donation from Mr and Mrs Ilas Radcliffe

Edson Funeral Home was in charge of arrangements

A motorist whose car was stuck in a muddy ditch calls to get about digging the wheels free until a passerby stopped him with a string of questions.

What are you doing, mud [illegible] digging yourself out of the mud?

"No," replied the irritated motorist. My motor just died and I'm digging a hole to bury it in.

If you find life is empty, try putting something into it.

Hockey Clinic to be held

A hockey clinic for all is planned, over the age of 17, will be held all day Saturday, December 14 and part of December 15. Those interested in furthering their knowledge and skill in the areas of hockey coaching and officiating are urged to take in the clinic. The clinic is open to persons from Edson, Jasper, Hinton and surrounding areas.

It is an excellent opportunity to gain information in starting new teams or classes in hockey coaching. The program will include coaching techniques, fundamentals of hockey, rules and regulations of the game, clarification of penalties and playing rules.

The clinic is jointly sponsored by the Recreation and Cultural Development Branch of the Alberta Government Amateur Hockey Association.

Applications are requested by December 13th. Anyone requiring information or an application should contact N. H. Aspevlet at 4232 - 7th Ave. or phone 723 3011, Edson.

Lions enjoy hospitality of Robbonians

A social evening that is becoming a tradition was happily enjoyed by members and guests of the Edson Lions Club who took the high road to Robb on Friday evening.

Lions President Jerry Pelletier of the Edson Club acting as host welcomed distinguished Lions from the other clubs in the province, including District Governor Ernie Holmgren and his charming wife.

Real dancing music was enjoyed to the strains of a string and piano ensemble of Robb musicians. The real treat of the evening was the scrumptious wild meat dinner provided courtesy of the Robb ladies.

Lions are bound to have a weight problem if the invitation is accepted too often, but all certainly appreciate the hospitality extended on this occasion.

Warm weather 's forecast

Spitting the Edmonton and Peace River weather forecasts usually results in a fairly accurate forecast for the Edson area. Therefore the district will at least enjoy the weekend with the promise of weather 30 to 35 degrees warmer than normal for this time of year. Temperatures will range from 30 to 40 with clear skies.

There is a possibility that the tentatively forecast cloudy, showery periods of the north area even could come Edson's way, but this time it is hoped that the warm, clear weather forecast for Edmonton will predominate.

Honored by bridal shower

Mrs Dorter Laupetz (nee Marilyn Johnson) was guest of honor recently when 30 friends and neighbors on the Grande Prairie Trail gathered at the home of Mrs Haggerstaller to hold a miscellaneous bridal shower.

Marilyn was seated in a place of honor under an umbrella draped with pink and white bells and streamers.

After a round of bingo where the winners were awarded small useful bowls, held items, the many gifts were brought in front of Marilyn. Wishes of every imaginable kind of good luck for the giver were made by Marilyn as she opened each gift.

A most delicious lunch served by the hostesses, Mrs. R. F. Lewis, Mrs. Joe Wynne, Mrs A. Caswell, Mrs. Bert Lind strom and Mrs. Haggerstaller brought the evening to a close.

Mr. and Mrs Laupitz were married on November 4th

EVERY 2ND THURSDAY — The Rover Crew meets at the Optimist Boys Centre

FIRST TUESDAY OF Each month — Regular monthly meeting of Glenwood Community Hall Lunch served.

LOOKING UP PYRAMID MOUNTAIN FROM THE LOWER TERMINAL

Pyramid Station is a mammoth project

In the fall of 1962 a very large enterprise, the Pyramid Mountain Microwave Station was launched on Pyramid Mountain.

This is part of the Montreal to Vancouver Microwave Project, which is again part of a British Commonwealth link providing direct telecommunication contact with all parts of the British Commonwealth.

Throughout Canada these microwave stations are controlled and maintained by the Canadian National Railways and the Canadian Pacific Railways. The Canadian National is responsible for the station on the top of Pyramid Mountain.

Pyramid Mountain was selected as the most suitable point to receive signals from the neighboring towers at Hinton and Canoe River near Valemount.

Canadian Comstock Co. Ltd. is constructing the buildings and tramway. Radio Installation is by R.C.A.

The first thing that had to be done was to construct a temporary lift to carry men and materials up the mountain. While this was being built men had to climb the mountain each morning and return at night, a vertical distance of some 3,000 feet.

Eventually a level landing spot was blasted off the top of the mountain so a helicopter could be used to land supplies and materials. Working on the edges of cliffs, in all kinds of weather, it is little realized the dangers and hardships encountered by those who helped with the initial stages of construction.

Mr. Frank Lawlor is the engineer in charge of construction, assisted by Mr. Norbert Braunberger Mr. Doug Campbell is the inspector for CNT.

A road has been constructed to the base camp, the elevation of which is 8,800 feet. From this point to the top of the mountain a permanent aerial tramway is under construction.

The towers one mile from town are part of the temporary tramway now in use and will be taken down when the permanent one is completed. In the meantime the impermanent lift must provide a thrilling ride.

Approximately thirty-five men are being employed on this project. When it is complete only one man will be needed to maintain the station. Its operation will be completely automatic.

It is rather surprising that no organization in town has seriously investigated the possibilities of bringing television into Jasper, as it has been rumored that this station could carry television programs. It would be entertaining if outside interests were allowed to monopolize this field.

PUT SOMETHING IN Some fellows start right in the top. Why others bend the ch...ong? All men may be born equal, but They don't stay that way long.

Thursday, December 5, 1963 — EDSON LEADER — 15

There is many a man with a gallant air, Goes galloping to the fray; But the valuable man is the man who's there, When the smoke has cleared away.

Some "Don't get nothin' out of life." But when their whines begin, We often can remand them that They "Don't put nothin' in."

ATTENTION
Owners and Operators of Mobile Equipment

Effective January 1, 1964, all mobile equipment coming within the definitions quoted below is subject to licencing, if such equipment is operated anywhere within the Province except in Cities or National Parks.

INSPECTIONS ARE CONSTANTLY IN THE FIELD CHECKING ALL SUCH MOBILE EQUIPMENT. PRACTICE OF ISSUING WARNING TICKETS WILL BE DISCONTINUED AND VIOLATION OF THE ACT WILL BE CONSIDERED IN COURT PROCEEDINGS. PROVISION IS MADE FOR A MAXIMUM $100.00 FINE AND POSSIBLE IMPRISONMENT OF EQUIPMENT WHERE VIOLATION OF THE ACT OCCURS

The following definitions are taken from The Mobile Equipment Licencing Act

"(d) MOBILE EQUIPMENT"

(i) means machinery or equipment capable of being moved to its place of use under its own power or by towing, but all pulled or carried and not intended to be affixed to land and

(ii) includes equipment used for the purposes of seismographic exploration and, without restricting the generality of the foregoing, includes

(a) seismographic recording equipment and all appurtenances thereto

(b) conductors, cables and cable reels, geophones, amplifiers and remotes,

(c) explosive and detonating equipment

(d) drilling units, and all the component parts and appurtenances thereof, and

(e) water tanks and pumping equipment, but

(iii) does not include

(a) vehicles licensed under The Vehicles and Highway Traffic Act, or The Public Service Vehicles Act, exclusive of mounted equipment on such vehicles, and

(b) equipment other than vehicle mounted equipment used to drill a gas or oil well;

(e) "municipality" means a town village, municipal district, special area, metis improvement district or forest reserve

(f) "owner" includes a person renting mobile equipment or having the exclusive use thereof under a rental agreement or otherwise.

NOTE Mobile Equipment having an original list price of less than $2,000 does not require a license under this Act.

A copy of The Mobile Equipment Licencing Act may be obtained upon payment of ten cents from the Office of the Queen's Printer, 10056 - 108 Street, Edmonton, Alberta.

Address all enquiries regarding MOBILE EQUIPMENT LICENCES to the DEPARTMENT OF MUNICIPAL AFFAIRS, Edmonton or Calgary. Also obtainable at the Provincial of Municipal Affairs Offices at Medicine Hat, Lethbridge, Calgary, Rocky Mountain House, Red Deer, Edson, Drumheller, Brooks, Vermilion, Vulcan, Innisfail, High Prairie, Peace River, Spirit River, Grande Prairie, Camrose, Wetaskiwin and Drayton Valley and the Special Areas Offices at Hanna, Oyen and Consort

DEPARTMENT OF MUNICIPAL AFFAIRS
PROVINCE OF ALBERTA

A. W. Morrison
Deputy Minister

Hon. A. J. Hooke,
Minister

MINISTERIAL ORDER

IN THE MATTER of the IMPROVEMENT DISTRICTS ACT, being Chapter 150 R.S.A. 1955, and amendments thereto and DOG CONTROL in the hamlet of WEST EDSON

WHEREAS under the provisions of Section 43 of The Improvement Districts Act, being Chapter 150 R.S.A. 1955 as amended, the MINISTER of MUNICIPAL AFFAIRS may by ORDER provide for the dogs of residing in a hamlet situate in an improvement district, which a village council could exact by by-law under the provisions of The Town and Village Act, being Chapter 338, R.S.A. 1955 as amended and

WHEREAS Sections 207 and 301 of the said Town and Village Act provide that the village council may pass a by-law restraining and regulating the running at large of dogs, and for the imposition of a tax on the owners, possessors or harbourers of dogs, and directing the killing of dogs running at large contrary to such by-law, and for the imposition of penalties for a breach of such a by-law respectively

NOW THEREFORE I, ALFRED J. HOOKE MINISTER of MUNICIPAL AFFAIRS, by virtue of the powers invested in me by the aforesaid Acts, DO HEREBY ORDER

1. That the owner, harbourer or possessor of any dog within the limits of the hamlet of WEST EDSON, shall pay to the Dog Control Officer duly appointed, in each year a tax established as follows:
   (a) for each male dog or spayed female dog nine months of age or over $3.00
   (b) for each female dog nine months of age or over $5.00
   A person on payment of the tax as aforesaid, shall be given a tag on which shall be inscribed the words "Dog Tax Paid Edson" and the figures indicating the year for which the tax has been paid.
2. That any person resident within the limits of the said hamlet of West Edson who owns, possesses or harbours any dog and neglects or refuses to pay the tax as prescribed for in this ORDER, shall be guilty of an offence and liable on summary conviction to a fine of not less than $5.00 for the first offence and for each subsequent offence, a fine of not less than $10.00
3. That the owner, possessor or harbourer of any dog for which the requisite tax has been paid and who has received the tag indicating payment, shall cause such dog to wear around its neck a collar and shall attach thereto the aforesaid tag
4. Any constable or duly appointed officer may kill all dogs found running at large in the hamlet of WEST EDSON
5. Any person who is the owner or harbourer of a dog found running at large shall be guilty of an offence and liable on summary conviction, to a fine of not less than $10.00
6. For the purpose of this Order, the term "RUNNING AT LARGE" shall have the same meaning as defined in The Improvement Districts Area Animals Act
7. This Order shall apply to that area known as the hamlet of WEST EDSON, being comprised of Registered Subdivisions Plan Nos 703 H N 2123 H N 3766 H N 1276 K.S. - 4156 K.S. - 1388 M.S. 3229 K.S. - 3886 M.C. 3816 Z
8. This Order is effective on and after the date shown below.

A. J. HOOKE,
MINISTER OF MUNICIPAL AFFAIRS

THREE NICE RACKS OF HORNS and lots of delicious roasts and steaks will make this year's hunting season memorable for the two lucky hunters above and their missing partner whose rack of horns is in the centre. Wilf Rupert at left and Glen Marshall at right, with missing Ben Zegler of Edmonton, shot their game about 40 miles south of Edson. They were among the lucky as there seems to have been less game bagged this season than usual.

— Leader Photo

Auxiliary holds Christmas party

Thirty-one ladies attended a very enjoyable gathering in the Commodore Hotel Tuesday evening. At that time the Ladies Auxiliary to St. John's Hospital and guests combined business with pleasure and opened December with the first Christmas party of the season.

The ladies and their guests helped themselves to delicious smorgasbord dishes of their choice to start the evening. The business which followed included the installation of officers for the coming year. They include: Mrs. Aaron Berglund, president; Mrs. G. Redbourne, past president, Mrs. Jim Johnson, 1st vice president; Mrs. J. Reibeiser, 2nd vice president; Mrs. Dick Nault, secretary; and Mrs. Abe Goldstick, treasurer.

Mrs. Frank May accepted the position of social convenor and Mrs. J. McNamara will continue this year as the hospital convenor.

With business out of the way the ladies surrounded a Christmas tree in the centre of the room which was heaped with gifts each lady had brought with her. After the gifts were opened a contest was held to discover who could make the most words out of the new president's name.

A sing-song rounded out the evening with the ladies joining wholeheartedly in old favorites and Christmas carols. Accompanist was Mrs Grant Bolton.

Mrs. Bolton was also the winner of the monthly raffle.

Last respects to Mrs. J. T. Reid

Continued from page 1

Two sons, Vincent and Cecil, predeceased her. Surviving are her husband, Mr J. T. Reid, son Edson and daughter, Mrs. Ivy McEvoy, all of Edson. Six grandchildren and nine great grandchildren also survive as well as two sisters, Mrs. Roy Adcock of Victoria, B.C., and Mrs. Honour Hall in New Jersey.

Funeral services for Mrs Reid were held on November 30 from Bethel Pentecostal Church. Rev. L. B. Halliwell officiated and interment was made in Glenwood Cemetery.

Floral tributes were received from: Loving Husband Andy and Ivy; Ken, Helen and Children; Edson, Margaret and Girls; Gordon, Elsie and Children; Cliff and Doris; Harry and Edith Wilson; Josh and Roland; Mr. and Mrs Pelyniuk; Mr. and Mrs. Harry Pelyniuk; Hart and Marg Lindgren; Mr. and Mrs. E Berglund; Lewa and Marion Berglund; Pentecostal Assembly, Herrin, Shirley and Family; The Mahon Families.

Mr. and Mrs. Burnett Cooper, Mrs. Hart and Mrs. Simmonds; Mrs. M. E. Purdy and C R Purdy; George and Joyce MacIvor; Edson Old Timer Assoc.; John, Phyllis, Darlene and Randy Tryzbal, Nellie, John Kohler and Family; Mr and Mrs. W. Richardson, Brownie, Sue and Family.

Continued from page 1

of critical thinking. Teaching is made more meaningful by participation and by actual contact

The sample study method as applied last May in the exchange of grade six classes of Edmonton and Hinton, was highly successful. Mr. Marshall spoke very enthusiastically of the numerous learning situations met by each class. The importance of preparation was stressed

A question period followed Mr Marshall's speech

The program committee, consisting of Mrs. Jardine and Mrs. Eileen McGreer, is to be commended on their first of four program meetings. How very unfortunate that so few parents attended — teachers by far outnumbered the parents. Surely parents are willing to devote four evenings per year toward the betterment of their child's education. Is no obligation felt?

The December meeting of the Home and School Association will be a general business meeting. It will be held on the 2nd Wednesday instead of the 4th Wednesday for this month only. Everyone is invited to attend this meeting in the High School on Wednesday, Dec 11 at 8 p.m.

Please note this meeting will not be held in the A. H. Dakin.

Excellent performance by Edson drama Club

The Edson Drama Group began of stage they were for a matinee.

The cast of St Joan included Joan, Mrs. Renee Cohen, the prosecutor, Jim Newnham, the Bishop, Vern Goodwin; the inquisitor, Lib Jay; the chaplain, Randall Murray; Ladvenue, Tom McGraw, the executioner, Jim Griffiths, Courcelles, Denis Bandin

Cast of Macbeth included Macbeth, Lorne Krawtch, Lady Macbeth, Thelma Lambeth, Banquo, Doug Cashon, Ross, Denis Bandin; servant, Vern Goodwin, the three witches, Jim Newnham Delores Bossert and Randall Murray; Seyton Jim Newnham. Macduff, Randall Murray.

The warriors were Jim Griffiths and Doug Easton Looking after make-up were Mesdames Hazel Rybanen, Eileen McGraw and Donna Murray. Stage managers were Nina Chase, Peter Cohen and Ted Semeniuk

The success of the show could also be partly attributed to Principal H B Meade, who co-operated fully in the Drama Club needs

Carol Festival shaping up

The Carol festival, organized by Rev. Jack Purdie and sponsored by the Edson Ministerial Association, is shaping up nicely as the various churches in town offer the talents of their choir members, in solos, quartets and choir selections of Christmas music.

A massed choir met for the first practice of the beloved music last Monday evening and the last practice will be held this coming Monday in the high school auditorium at 8:15.

Between 30 and 40 were out for the last practice and it is hoped more will be on hand next Monday.

The Carol Festival will be held on Thursday, December 19 in the high school auditorium at 8 p.m. It is hoped that enough people will turn out to the festival to make it an annual affair as it is in many other towns.

Hockey Clinic will keep members busy

The hockey clinic to be held this weekend in Edson will keep participants busy. The clinic, which is jointly sponsored by the Recreation and Cultural Development Branch and the Amateur Hockey Association, will get underway at 6:30 p.m.

Points covered during the clinic will include: principles of leadership, age characteristics, fundamentals of skating, passing, shooting, checking, stickhandling and checking, officiating

A game will be observed either Saturday afternoon or evening and films will be shown Saturday evening if available.

Sunday morning from 8:30 to 9:30 a clinic on organization of practices and motivation techniques will be held and the clinic will conclude with an evaluation and recommendations of the clinic by those attending.

WINS CLOCK RADIO

Mrs. John Switzer was the winner of the clock radio which the Anglican WA raffled off. The draw was made last Saturday during their very successful tea and bazaar in the Parish Hall.

Local Christmas shopping hours

With Christmas Day falling on Wednesday, extended shopping hours for retail stores have been agreed upon Friday to Monday.

The normal half holiday on Wednesday, Dec. 25, will see stores open until six p.m.

Friday, Saturday and Monday, Dec. 20, 21 and 23 stores may stay open until nine p.m.

Christmas Eve Tuesday, Dec. 24, stores will close at six p.m.

Holiday Post Office hours

No mails will be received or dispatched from the Edson Post Office on December 25, 1963 nor on January 1, 1964. The Post Office will remain closed on both dates mentioned above.

As in previous years: two containers are at present located in the Box Lobby of the Edson Post Office, to receive Christmas Cards. One for cards intended for local delivery, the other for cards to be dispatched out of town

Patrons are respectfully requested to see these containers is sorted, to expedite the handling of the large volume of mail expected during the Christmas period.

Patrons are reminded, the Edson Post Office will again remain open all day on Wednesday, December 18, to promote the early mailing and delivery of parcels. 49-ar

Toy boxes still need filling

The Kinette Club is reminding Edson residents of their "Santa Anonymous" boxes, located in the various stores around town where toys and gift wares are sold

They urge that persons doing their Christmas shopping, spend a bit more and buy a toy for the box in the store they are in. They will be collected and turned over to the hamper fund for packing into parcels for needy families

Many kiddies in the District will be having slim Christmases, because parents simply cannot provide for them as they would like to. In these homes, the food hampers provided by service clubs and other residents, will be greatly appreciated. For the child run in the families the toys are the added "something" that makes Christmas differ ent from all other days.

"LAY ON MacDUFF . . ." says Lorne Krawtch as Macbeth (right) squares off for his comeuppance in the final scenes of Shakespeare's Macbeth presented by the Edson Drama Group on Sunday evening. MacDuff was ably played by Randall Murray who directed both St. Joan and Macbeth as well.

LADY MACBETH PRODS MACBETH in their murderous ambition in the excellent stage presentation in the Edson High School Auditorium on Sunday evening by the Edson Drama Group. The "live" picture was taken "with available light" during the staging of the play. Mrs. Thelma Lambert played Lady Macbeth while Macbeth's lines were spoken and acted by Lorne Krawtch.

Robb News

Jim Price of the Edmonton Polaris Pierce was a visitor at the Sherry's at Cadomin during the last week of hunting season. He tried his luck at bagging some game and also relieved our bus driver.

The local pulpcutters en

joyed a turkey dinner at the hotel recently which they seemed to thoroughly enjoy.

Mr and Mrs. George Pierce of Edmonton were visitors at the Grey Cougars home over the weekend.

Sincere sympathy is extended to the Alfred Pandrac family in their recent and bereavement.

Mr Alonio is a patient in the Hinton Hospital suffering an eye injury. We all wish him a speedy recovery.

Mr. Jon Beatty is in at Mc-Mennon hospital. We hear he is recovering very well and will soon be home again.

Christmas is just around the corner, but no one seems to be in the spirit. No doubt when the vital hour arrives the spirits will be in many.

With the weather going from one extreme to another our roads are in a very icy condition.

A local truck driver, Bob MacKay, narrowly escaped death in a road accident. He suffered head injuries and badly burned legs. At last report he was recovering very nicely in Hinton Hospital.

Our ball boy boys must have problems over and over as old timers and never seen busy wandering back. The coin-line vanished who the bark last week was Frank Hall who now resides in Edmonton.

Robb at present is working on a skating rink project for the children. By all reports it will be ready in the not too distant future.

There will be a box social and dance in aid of the rink, date Two fund this Friday, December 13, in the Community Centre. Let's turn out so there are a good a number of children helping for old funds.

Cubs and Scouts

WITH THE CUBS

Members of the Hinton Wolf Cub Pack are requested to take a recommended toy to their regular Cub meetings next week, either Monday, Dec. 16 or Wednesday, Dec. 18. These toys will be passed on to those groups in town who are preparing hampers. There will be no Cub meeting Christmas holiday, however if anyone requires help during this time they should contact Akela.

It is hoped that some of the Cubs will take part in the senior Carol Festival.

WITH THE SCOUTS

An 8B Patrol is tentatively booking 7:00 p.m. Thursday at the Fireball.

The Scouts have been taking advantage of the reasonably mild weather to get in some winter camping at their site on the McLeod. This expedition serves two purposes. They may qualify for their Winter Camping Badge and also qualify for their 1st Class Trip Badge — hiking seven miles under full pack, camping three days and hiking back home.

Among the boys participating were: TL Allen Rosie, with, Bever Ken Davidge, PL

Chuck Davidge, Terry Cassel, Ron Barnes, Glenn Babcock, Scott McCrae, Ian Oliver and Ron Volstad.

Color insert calls attention to new product

For the first time in Alberta's newspaper publishing history, the province's weekly papers are carrying a full color insert for an oil company.

Imperial Oil requested the service to introduce the company's new Esso fertilizer.

Weeklies throughout Alberta have geared their equipment to handle the newsprint form with its eye-catching color arrangement.

The successful application of the insert technique reflects the adaptability and modernity of advertising techniques in print media.

The publisher of the Leader hopes the insert form will prove interesting to its readers and to the customers of the firm which pioneered the idea in Alberta, Imperial Oil Limited.

Haddock Happenings

The 20 Tower Rig which has been operating on the Engelhart farm, Miss Ida Arabs, added their lands and moved over the last week in November. No casualties, no reports on the results of the drilling.

Russell Conover and Leonard Smith were back in the district this week. The rig was moved from Peace River and from Penticton in South of Hinton.

Ted Hollahan and A. B. Hollahan were in the district this week. Ted Hollahan has been working in the district for the past year and has got back on the job.

The Prairie Farm Assistance Board has been working in the district this past week.

Mrs. Red Robinson has gone to Edmonton for a holiday with her sister Mrs. Ivy Smith.

The Haddock meeting of the Ladies Auxiliary to the Legion was held in the home of Mrs. Ted Robinson on Dec. 5th. The next meeting will be held on January 2nd. Everyone is welcome to attend. A good roll for parade in the near future. Everyone is asked to attend the meeting as there will be the election of the Committee and to be discussed in the meeting.

The qualifying time about your annual clubmeet is that it is open to the public and to spend their Sunday pool.

THE FRIENDLY REFRESHMENT

Marlboro News

Mr and Mrs. Larry Frank lin of Whitecourt visited Larry's grandmother Mrs. Charles Franklin on Saturday.

The doll raffle of the Catholic Women was drawn for at the meeting in the hall on Friday. it was won by James Plante, son of Edward Plante The raffle cleared $17 40.

The kindergarten class and their teacher, Mrs. Lauterbach wishes to thank all the people in Edson who gave them toys and supplies and also the Edson School Division who supplied the room.

The school concert will be held in the Marlboro Community Hall on Friday, Dec 20th

The movie put on by the Lauterbachs and Kauffmans in the hall was well attended and enjoyed by most. It was comprised of three short movies in color and was free to all.

The Marlboro table at the Catholic Womens League Bazaar in Edson was a success and they cleared $35 They will go toward the remodeling of the Marlboro Church The raffle of their quilt was won by Mrs Fred Bond and netted them $13.35 This quilt was made and donated by Helen Belcourt and Audrey Johnson

There are two raffle's going now to help treat the Marlboro children and other Xmas expenses. One is for a turkey and hamper of food, the other for two boxes of cheese laies.

A dance will be held in Marlboro Hall on Friday, Dec 13 Proceeds are for the children's Christmas. It will be a record hop

The infant son of George and Shirley Plante died last week in Edmonton Shirley is still in the hospital there. The sympathy of the community is extended to them

Committees completed

The committees of the Hinton Metal Auxiliary have been completed as follows: publicity, Vi Davies, magazines, Mrs Allen Riendeau crutches, Mrs. Theo Gonzetis program, Mrs Irene Sokoloski phoning, Mrs Blanch burn, Mrs Jack McLeod and Mrs Charlie Sparks visiting Mrs Radbourne

The names of the executive were carried in last week's Leader

Don Eyford to head Hinton Chamber for 1964

DON D. EYFORD

Nominating Committee Chairman Bert Forde, past president of the Chamber took the chair for the election of officers which took place at the regular general meeting at the Athabasca Valley Hotel on Wednesday, December 4th

With the exception of the Secretary treasurer, who was elected by acclamation, all candidates were chosen by secret ballot Donald D Eyford was elected on a majority vote as president for the coming year. Ray Fuller, charter member of the group is vice president The six member board chosen from the nine candidates includes: David Bonlow, Ray Bagnie, John Throup, Gerald Vassar, A. W Nelson and Frank Rosett.

Chamber President Dexter Thompson announced that the new executive would be installed at the Annual Meeting to be held on Wednesday, January 8th At the same time presentation of the awards certificates won by the Hinton Herald in the Alberta Weekly Newspapers Association competition will be presented to the Herald staff

Guests and members are reminded by the chairman including Maxine Cooke of the Hinton Herald, Chief Bob Gray of the Town Police and J. G Mortier, Manager of the Hinton Branch of the Bank of Nova Scotia. S P Smith who introduced the guest speaker, Mr George Lothrope of the Alberta Tourist Association

President Dexter asked the Committee Chairmen to have their reports for the annual meeting as early as possible with a copy for him to avoid duplication in reports.

A gift in appreciation of his work over the past four years in providing printing at no cost to the Chamber, was presented to Al Clark by President Dexter

Ray Regnier, for the Tour ist and Publicity Committee reported that as the Honorary Membership to Tom Hinton of the B.C. Lions Football Club could not be presented at the Grey Cup Game, arrangements were being made to have him as a guest at the annual Sportsmen's Dinner sponsored by the Kinsmis Club to be held early in the new year

A special committee is investigating and compiling information for the Chamber with regard to cost of different types of construction for the proposed Tourist Information Centre at the Viewpoint and will report in this regard to the members

Among items for the new executive to study with regard to action in the new year will be service to the oil industry as Hinton action regarding the Royal Commission on Incorporation and bilingualism, a tourist information bureau for Hinton, and the 1966 Antique Automobile Derby and further promotion of a road from Hinton to Grande Prairie in co-operation with the Grande Prairie Chamber of Commerce

Hinton also extended a welcome to the three new Chamber on Highway 16 (Yellowhead Route) Spruce Grove, Entwistle and Wildwood

Teen and Herd

Most important event of last week at least to the Grade 12's was the Edson Drama Club's presentation of excerpts from Macbeth and St Joan under the capable direction of Randall Murray. I thought it was very, very good as did most of the Grade 12's who attended. Randall Murray was a very realistic witch and the rest of the cast, interpreted were real Shakespearian characters. If they present this again, I will certainly go and see it.

☆

Curling results for Tuesday saw Straub beat McCardle, Wortan defeat Sebrjt. La Balte won over Evachuiuk and Rowan defeated Rathelow.

☆

The Op-timi Club elected Wayne Mallett as its president; first vice-president, Michael Evachuiuk; secretary, Betty Warkentine; treasurer, Teddy Wortan, public relations director, Judy Hopkins; assistant public relations director, Pat Hester Bobenicwic.

There was an especially good crowd at the dance in the Reservoir Hall last Saturday. Everybody seemed to enjoy themselves.

☆

Mr H G Melbourne, manager of the Treasury Branch is in the University Hospital in Edmonton, receiving medical treatment.

AROUND TOWN

Leather courses will begin at Edson's craft centre on Monday, Jan. 20th, for students and adults. Students must be ten years of age or over. Phone Mrs. Jean Wiley at 723-2227 for more information.

☆

The ladies of the C.W.L. wish to thank those who attended or in any way helped to make Vrudall.

The most general meeting will be held Sunday, December 15 at 2:30 in the Edson Motor Hotel. Membership tickets are now on sale at $1.00 a person. All teens are urged to buy their cards early.

☆

Our Christmas dance is on December 20. It is going to be a real gala affair. So keep in mind that date and don't forget your date.

☆

The Junior Jubilee High is holding their Christmas dance on December 19 in the A. H. Dakin auditorium. The ever popular Vengers are playing for this event. This dance is open to junior high students only.

☆

Hockey and basketball will be our main sports after Christmas. We will really have to practice to take off all the Christmas eating.

☆

Speaking of taking off weight, who is that slim, dark person who is dieting on steak and eggs? He really is losing weight, he says.

☆

Aldo Gamble is going to school in Edson again. Welcome back Aldo. Now if only Mitch would return.

☆

Remember there are now only 7 more days of school.

DROSTAN NEWS

Mr. and Mrs. Steve Kleniah drove up from Chisholm on Wednesday to visit Anna's mother Mrs. Mary Romaniuk and family.

☆

Ken Hnatki left on Sunday for Calgary where he will attend the PEA Convention. While he is away Mrs. Hnatki will visit in town with her mother, Mrs. A. Madge.

Mr. and Mrs. Bill Iwanowski and Randy were Edmonton visitors for a few days last. Visiting at home from Edmonton at the weekend were Miss Olga Pawchuk and Mr. Anatol Pawchuk.

He home, we found the fun

He home we found the fun and crowds are on the run is the Friday night dances at Drayton.

Featured at the last dance were the newly formed Power Rythem Boys. A group of local boys who have recently started the feet a stomping. With all indications shown forwards this favorite quartet they have really started something the people enjoy.

Ken Pettifer and his guitar is heading the crew with Gary Radcliffe giving the goupp the rythem on his big guitar. A father and son combination of Jake Wells and son Tommy fill out the band with a fiddle and accordian.

They can really cast it on the twist music and Jake can supply the old time favorites which adds up to a good time for young and old.

Bert and Daisy Radcliffe having recently opened the cafe in the Rainbow Hall, where dances originate, have solved the problem of where to quench the thirst and that empty feeling in the stomach after enjoying an evening of dancing.

"I don't want any of your lip," said the dentist as he prepared to pull the tooth.

☆

Sam: "What's the matter with you Pete? I've never seen you look so unhappy."

Pete: "It's my wife. Last night she said she would leave me if I don't stop running around at night."

Sam: "That's too bad."

Pete: "I know I'm going to miss her."

Xmas carry-all

A sturdy carry-all is an indispensible item for Christmas shopping forays. Make your own "tote" bag from red or green cotton duck, a sturdy, long-wearing fabric that does not need a lining.

For the bag, cut two rectangles eighteen by twenty inches from heavy duck. Two strips fourteen by four inches will make the handles.

Decorate your tote bag with bows, jingle bells, or candy cane and Christmas wreath appliques.

GIFT IDEAS

Kitchen towels turn to aprons

Dish towel aprons are so simple to make you can whip up a supply now to have on hand for last-minute Christmas gifts. To make an apron, a red and white striped cotton towel with fringed ends is ideal, but any gaily printed kitchen towel will do.

For a butcher style apron, first cut away both corners at one end of the towel. Start the diagonal cuts down about one-third the length of towel. This end will go under the arms. Fold the remaining fringed hem over at the top and seam.

Trim with rows of red cotton rickrack across the top and above the fringed hem at the other end of the towel. Use inset two yards of red corded piping to bind the diagonal corners and to make the apron ties and bind loop.

Hardening of the Heart

A few years ago a very unusual operation took place in the Department of Research Surgery at Ohio State University. The operation was for a never case of hardening of the heart. Although we do not read of many operations being performed to deal with this malady, we do find that many people have known to be afflicted with this in other physical terms.

Hardening of the heart — we all know what that phrase means. We use it to describe the person who is "cold hearted", who has a heart of stone, who lacks sympathy and affection.

Christmas time seems to show up the malady more than at other seasons. Poor old Scrooge in Dickens's "A Christmas Carol" suffered from hardening of the heart. And we read even in the account of the first Christmas that Herod was similarly afflicted.

Is it possible that we might be suffering from this disease? Have you checked yourself to see if you have any symptoms of Scrooge's malady? Many of the symptoms are easy to detect. For instance, self becomes all important; while the welfare of others is not considered. Values are measured only in terms of cold hard cash. One's job becomes the whole meaning of life. One becomes aware of a machine like a human being and a child of God.

Naturally when one suspects he is suffering from a disease the wise thing to do is to see his Physician right away. The same thing should be done by those suffering from this "hardness of heart malady. They should contact the Great Physician, immediately. He is the great transformer of hearts.

If permitted he can change the heart of a Herod or Scrooge into a heart like that of St. Francis. Assisi St Francis had the warm heart, the kind heart, and it was he who related Christmas, which until then had just been another High Mass, " to a festival of love with the Christ Child shining like a golden candle at its heart."

May Christ melt our hard hearts and warm our cold hearts as we prepare once again to remember the nativeness of his birth.

D A Mac Pherson

CARD OF THANKS

We wish to express our sincere appreciation to our friends especially to Dr Crawford, the Sisters of Service of St John's Hospital and Fr McGilvery, for the kind care and sympathy extended to us in our bereavement

The Ambeneirive Family

"What's the difference between the death-rate at the time of Christopher Columbus and that of today?" a professor asked a student.

"It's just the same, sir," was the reply, "one per person."

Simple to make Christmas trimmings

Years ago, half the fun of trimming the Christmas tree was popping corn and stringing it into garlands. The whole family joined in and somehow the tree had a more personal touch.

To recapture this old fash ioned spirit, modern tree or naments can be made from simple materials bought at the neighborhood store or, better still, from bits and pieces from the jewel or sewing box.

Plastic foam spheres avail able from the dime store in a variety of sizes, are a wonderful foundation for orna ments. They are especially easy to work with for they are light and unbreakable. Try dotting one here and there with household cement and sprinkling the dots with glitter before the cement dries. The ball is transform ed to a glistening globe.

To add color, encircle the ball in criss-cross fashion with narrow strips of red and green satin ribbon, using short streamed common pins to an chor the ribbon ends. An ex tra long loop of ribbon, or a bauble sunk into the foam, will provide the hook for hanging.

To get a velvety, three-di mensional effect, snip the balls from left-over ball fringe and attach each one to the foam ball by piercing it with a straight pin. These balls are ideal for hanging so heavy baubles that are within today's eager reach.

For a truly opulent look, se quins, pearls and brilliantly colored beads can be fastened to the ball by threading seven of them on a long six-inched straight pin. Hang close to a tree light, these "pastiks" will glow and gleam.

Eggshells can be changed into dainty baskets which are wonderfully suited to minia ture table trees. The eggs should be broken as close to the top as possible to make a clean "basket." Using house hold cement, or left-over egg white, gently cover the outside surface of the shell and then dip it into sequins or glitter. The rugged edge of the shell can be bound with folded rib bon or gift ribbon and a loop of the same ribbon can be at tached for a handle. After Christmas, the shells can be safely stored in an egg carton.

For those lucky people who can gather interesting weeds, rushes and pine cones in the country, there are limitless table and tree decorations to make. A quick dusting with gold spray paint from an aero sol can will reinvest them into lustrous adornments. For a really dazzling effect, add a touch of glitter before the paint dries. The beauty of these decorations is that they can be used the year round, not just at Christmas.

Nimble fingers and ima ginations are assets, but even without them "all thumbs" be wilders will quickly become experts.

Swallowing your pride will never give you indigestion.

☆

Time is the expense of space between pay days.

As I See It

From the desk and library of Rev. Jack Purdie

Lost Christmas

Somewhere, buried under the snow
Down beneath the hard ice now interred, harvest giving
Christmas lost the road

Christmas, that was sweet and simple,
With a song, a star,
Christmas that was hushed and holy,
Seems so very far!

Let us stop and look for Christmas.
Maybe, if we tried,
We could find it somewhere under
All the gifts we tied

Christmas waiting, wistful, weary,
May be very near
Christmas lost, a little lonely,
Wishing to be here

Helen Fraire Hover

The proper time

BY PASTOR SNOWALTER

Many good things are not done well simply because they are not done properly

It is a noteworthy fact that the greatest act in the history of man was in all propriety

It was suitable to man's greatest need it made possible his acceptance with God

It fulfilled the justice of God only blood could pay the price of sin

It came at the right time in history, "But when the proper time came God sent His Son." Galatians 4:4 (Phillips)

The Bible states a proper time for man's response to God's great Gift and the time to place faith in it is NOW

Santa Says

UP AT THE RINK

WITH IRENE

EDSON LEGION MIXED BONSPIEL

Competition was keen in the mixed bonspiel held last Sun day by the Edson Canadian Legion. Ted Yeomans and his rink took top honors by de feating John Walker's foursome on the finale of the tournament. Playing for the win ning rink were Dennis Lamb (2nd), Harold Gold (2nd), Stan Partridge substituted for Har old Gold in the last two games. Curling for John Walker were Elmer Bannworth (2nd), Bob McGraw (2nd), and Fern Deschamp (lead).

John Koch and his trio of ladies consisting of Helen Mc Evoy (2nd), Lorraine Lanigan (2nd), and Kay McNaughton (lead) capped the consolation award by defeating George Kwiatowsky's aggregation of Bob Morgan (2nd), Frank Leach (2nd), and Alan Bone (lead).

John Pyatt's rink gave the winners the biggest scare of the bonspiel. John strategy really blanked the ninth end to base last rock and a one point lead on the final end. When his turn came to throw the final rock there were two ap parent counters in the house. He carefully removed one of the counters but also put the second in. In the extra rock thrown off John's rock slipped through the house while Ted Yeomans' rock stopped on the edge of the four foot ring.

The weary curlers were sure pro vided a quick lunch between the semi-final and final draws. All participants agreed that it was a very successful bons piel.

Ted Yeomans rink Edson Royal skipped the losers in the hard fought game in a battle to stay out of the bottom position, Bob Andrews skipped the Stan Morris rink to a close decision over Dave Blundell's strong but slow starting op position.

Caretaker Mike Tolpash

The Edson Curling Club is very sorry to learn that be cause of health reasons Mike Tolpash has had to discontinue working at the rink. Curl ers wish him a quick recovery and hope that he will be back before the end of the curling season. Mike has put in many long hours of work at the rink and will be greatly missed. Frank Leach has consented to be caretaker of the rink commencing after the New Year.

Men's Round Robin League

John Koch's rink took over the lead in the men's round robin league, the only de feat was at the hands of Bob Hatten's crew. Howard Nut chison's rink, which suffered defeats at the hands of the Larry Ellerwood and John Koch foursomes, dropped down to a tie for fifth position with the Monty Wigelsworth rink. Albert Taylor picked up a few points on the tenth end and a completion on the tenth end to edge the hard luck Hatten crew. Bob Gas and Oil Com pany rink.

In another close encounter the Gordon McIntyre rink won an extra end contest with the Thursday, December 12, 1963 — EDSON LEADER — 13

Three-quarter sketch of the Curlers

RINK NUMBER 1

Albert Taylor (skip), who farms for a living, has had nine years of curling experience. He has skipped rinks in the finals or semi-finals of many bonspiels. Last year his rink copped the mixed bonspiel award and were run ners-up in the grand challenge events at Hinton and Wild rose bonspiels.

Bill Lilly (3rd) an engine watchman with the CNR, has had eleven years of curling experience. In his first year of curling he curled for the rink that won the grand chall enge event in the Edson bon spiel.

Ralph Landen (2nd), a popu lar local garage operator, has had eight years of curling ex perience. He says that his most interesting curling ex perience last year was curling in the ACA bonspiel in Ed monton.

Ed Bronki (lead), a trucker, is curling for the first time. He claims his most interesting shot was experienced when he slipped in the back and knock ed two of the opponent's rocks out of the house. From all appearances Ed will not have to slip in the back to make his rocks count. He al ready appears to be a conform ed addict of the game.

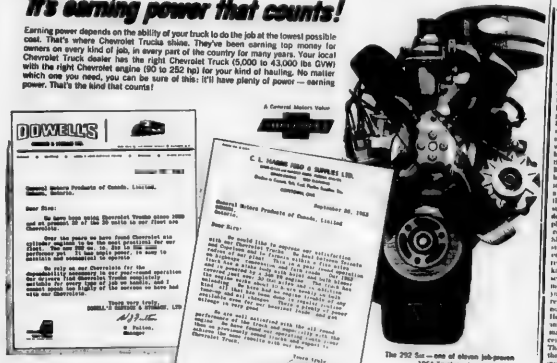
It's earning power that counts!

Earning power depends on the ability of your truck to do the job at the lowest possible cost. That's where Chevrolet Trucks shine. They've been earning top money for owners on every kind of job, in every part of the country for many years. Your local Chevrolet Truck dealer has the right Chevrolet Truck (5,000 to 43,000 GVW) with the right Chevrolet engine (90 to 252 hp) for your kind of hauling. No matter which one you need, you can be sure of this: it'll have plenty of power — earning power. That's the kind that counts!



The 292 Six — one of eleven job-proven 1964 Truck engines.

brown names for exchange but attempts brought up. This had been discussed at the November meeting and agreed upon but no motion made it was noted that the Grade 1 and 2 would not drive names.

The parents would supply gifts for their own children and that the Christmas Party for Grades 1 and 2 would be held in the afternoon of December 19

A committee consisting of Mrs. M. Redmer, Mrs. Tomko and Mrs. G. Norton was appointed to buy the candy, etc. for the bags of treats which will be given out at the concert Four women volunteered to fill the bags

Valentines were called for to be in charge of the lunch and coffee at the concert parents are asked to bring lunch on the same way as at Association meeting.

Jean Blanden gave a report on the progress made on the Reading of the craft. The present mild weather is holding on the work

Mark Randen was appointed to be in charge of the concert program. Parents are asked to hand in to him before the concert the names of events their children are in

The question of insurance of the children during the period from 8 to 8 a.m. and 3:30 to 4 p.m. was brought up when one member reported that Dr. Hill for her child's medical attention would not be paid by the insurance company because the accident occurred between 3:30 and 4 p.m. so, the schools while the children were waiting for the buses.

The secretary was instructed to write the school division asking the matter of insurance coverage and ask that the bill in question be paid

Mike Burke moved the adjournment of the meeting and everyone enjoyed a social get together over coffee

Green Acres

By E. C. Lowe, District Agricultural Rep. & Kerrydal Assistant D.A.

MILK MUST BE KEPT FREE FROM RESIDUES

Did you know that a dairy farmer can be heavily penalized even trace amounts of certain antibiotics or a pesticide are found in the milk or cream he ships to Alberta's dairy plants. The presence of these chemicals at any level in milk or cream constitutes an adulteration under Federal and Provincial Acts

Penalties for this offence range from milk being suspended by the dairy for a short time to the producer being prosecuted and fined or sentenced for a long period of time In either case a man who finds himself on this premises is likely to sustain a great financial loss.

To avoid such situations it is recommended that dairy farmers pay strict attention to the following points.

Milk from animals that have been treated for mastitis or other infections with antibiotics must not be shipped for at least 72 and preferably 96 hours following the last treatment or for the period indicated on the label of the drug If an antibiotic is administered by a veterinarian his advice must always be followed very carefully

Since pesticides can eventually find their way into the milk or cream when they are sprayed on the animal or on the walls of the barn, great care must be taken to use only those chemicals in spray with that have been specially recommended by public health officials for dairy use, or by other reliable authorities For the same reason it is very important to see that feed and forage are free from pesticide contamination.

Silverware won't tarnish

Be ahead of the game this year and start now to clean your silver in anticipation of the Christmas and New Year's festivities Once polished place the silver in polythene bags and squeeze out as much air as possible Then treat the top opening and tie with string Your silver will remain untarnished whether it is stored for a few weeks or a few years.

Christmas Greetings

In the heavens the star shone and the angels sang. Reverently the Wise Men came, bearing gifts to Him... the holy Babe of Bethlehem. Now, as then, the time of His birth is a time of rejoicing and of quiet happiness and peace. It is our sincere wish that this festive season may bring to you all the many blessings that are truly a part of Christmas, and that spiritual joy and deep contentment may be yours to cherish throughout the year to come.

Keep your Christmas tree fresh and safe from fire

The Canadian Forestry Association calls attention to the following safety rules for the handling of Christmas trees in the home.

1. Because your tree begins to lose moisture as soon as it has been cut, it is recommended that as soon as it is brought into your home, you saw off the butt end at least one inch above the original cut and then place it in a cool shady place with the butt end placed in a container of water.

2. During the entire time the tree is in use in the home be sure the butt end is kept in water. Refill the container every day as the tree absorbs the water which keeps it fresh and green and reduces the fire hazard. Investigation carried on at the U.S. Forest Products Laboratory in Madison, Wisconsin, indicates that the use of fire-retardant chemicals often does more harm than good, hence the use of water is recommended.

3. Be sure the tree is well supported and is away from fireplace, radiators, television sets or other sources of heat. The tree should be placed so it will not block an exit in case of fire.

4. Unlighted candles or other open flames should never be used on or about Christmas trees.

5. Check electric lights and connections. Worn, frayed wires or electric cords must not be used.

6. Avoid use of combustible decorations and flammable sprays for the colored lights. Metal foil "icicles" or tinsel must be kept out of both sockets.

7. Avoid overloading the electric circuits. Accumulations of wrapping paper and the playing of electrical trains under the tree should be avoided as fire hazards.

Potted or living Christmas trees brought into the home are favored by some, who prefer the same tree to "grow" years as it remains small enough to move in and out of doors. Ample provision should be made for water for such trees especially when indoors.

Former Edson man elected Reeve in B.C.

A former member of the Provincial Forestry staff in Edson has been elected reeve of the municipality of Salmon Arm in BC in recent elections there.

Sport fans will recall that he was a leader among hockey players here in Edson. He took a keen interest in general community

He was elected in a three-way contest according to the press reports in the Salmon Arm Observer. Let us wish him success in serving as reeve of a municipality

Best wishes for a day filled with happiness

Christmas and its meaning

FR. JAMES A. SHUBL
Anglican Church

Christian festivals are times of pleasure; they are to be enjoyed. They are a faint reflection in the Church on earth of the unceasing feast in Heaven, where at God's right hand, there is pleasure for evermore.

The Christian festival of December 25th, commemorating the joyful mystery of our Lord's Nativity is rightly a time of pleasure. The birth of a human child into the world always cuts forth human delight, and what more than that which stands supreme amongst all human births — the Birth of the one perfectly human Child to the one perfectly pure human mother.

It is because of the pleasantness which the Nativity seems naturally associates with itself that Christmas can become sentimentalized into just a children's festival and lose its sacrosanctness. We can forget that the Child of Mary was the Son of God, stripped in all outward appearance of his equality with God and clothed only with human flesh, sent unarmed to do the Father's will and to die for us men and our salvation.

The pleasures of Mary as she gazes on her Son in the Crib will fluctuate and pass as human pleasures must and later in the Christian Year we shall find in its place a sword piercing her soul as she stands the mournful Mother weeping at the Cross. The Son himself, though we need not imagine his earthly life devoid of pleasure any more than our lives are, while subject to time and space, will be the Man of Sorrows. For this is what man's condition required of a Saviour.

The point is, that while it is true that on the surface of human life we have removed, through technical advancement and better living standards and financial protection in the way of pensions and insurance, many of the drudgeries and fears which our forebears knew as necessities of the human condition, yet if we go beneath the surfacing we still find sin, grief, suffering, loneliness and death to be very much a real part of human life — and our human resources still very weak.

In the Nativity Scene the Child who lies there, lies there not out of a desire to treat us to a pleasant scene of God as a human Baby. He lies there out of concern for our human condition, having condescended to take upon Him the weakness of a helpless human infant that he might as the grown God-Man face and suffer the realities of man's life and ultimately conquer where our fallen humanity in its weakness can not.

Christmas Message

The Reverend Pastor in the name of the Parish clergy and Parishioners and in his own name, appreciate the courtesy of the Editor and Publisher of our local weekly the Edson Leader to greet our fellow citizens of our community at Christmas and at the approach of the New Year.

May the Bells ring out merrily for all the good folks our fellow citizens of Edson with a message of Peace on earth, of prosperity and of progress in domestic, industrial, civil and social life We like to repeat and echo more to our people the happy uplifting words of Tiny Tim "Merry Christmas kind friends, God bless you everyone"

'64 Jet-smooth Luxury CHEVROLET

Chevrolet Impala Sport Sedan

A GENERAL MOTORS VALUE

Any car this luxurious ought to have its price examined!

Here are looks, luxury and comfort you'd expect to set you back plenty — if they came from anybody but Chevrolet.

Fresh-minted styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness.

Rich new interiors with supple fabrics (sink your hand into the new vinyl upholstery of the new Impala Super Sport Series, for instance, and ask yourself if you've ever felt softer seat covering)

Here are the niceties of Body-by-Fisher craftsmanship such as you'll find on expensive cars. And stylish touches like the vinyl-clad roof* you can order on the Sport Coupes.

Door-to-door carpeting and foam-cushioned front and rear seats are standard now in all models, including the modestly priced Biscaynes.

And there's a wealth of power to pick from. Engines from a peppery 140-hp 6 to a 425-hp V8*. Transmissions that are refined for smoother, more silent operation. Fourteen power teams in all.

Then, with all of that going for you, you've got the '64 Jet-smooth ride at work to cushion you from road noise and vibration such as few other cars can at any price.

Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you.

*Optional at extra cost

CHEVROLET

See five entirely different lines of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

Be sure to see Bonanza on the CBC-TV network each Sunday. Check your local listing for channel and time. C-24C

Gift From John A. Macdonald

By L. M. McKECHNIE

This is a Canadian Christmas story of nearly 100 years ago.

It is not a story of jingling sleigh bells, holly wreaths and flaming plum pudding.

It's a story of a lonely man (soon to be prime minister) enjoying a solitary feast of toast and tea in a hotel bedroom 3,000 miles from home and putting the final touches on the blueprint for Canada's nationhood.

It is Christmas Day, 1868.

Three weeks earlier the men we now call the Fathers of Confederation — five Nova Scotians, five New Brunswick and six from the Canadian Province (Ontario and Quebec) — arrived in London to present their plans for a federation of all British North America to the Imperial government.

They all stayed at the Westminster Palace Hotel, at the junction of Victoria and Tothill streets (within sight of Westminster Abbey) where a ground-floor concert room provided their meeting place.

OMNI VOICE

The delegates were for short of agreement on details of the terms. But they wanted to ask with a unanimous voice for the measure which the British Parliament would need to pass to accomplish their purpose.

So they worked steadily with little time for social affairs. Nevertheless, on December 11, three of the "Canadian" delegates, John A. Macdonald, George Etie — Cartier and Alexander Galt went for a Tuesday visit to Hughdare Castle, Newbury, the home of the Earl of Carnarvon, the Colonial Secretary and the man who was to introduce the confederating bill in the House of Lords.

They spent a pleasant two days and returned to their London hotel, late on the evening of December 12. Macdonald said goodnight to his colleagues in their common sitting room and retired to his bedroom with a bundle of Canadian newspapers newly arrived.

It seems he climbed into bed to enjoy the news from home and dozed off. Historians don't agree on whether there was a lamp or a candle beside the bed. But Macdonald himself wrote that he was awakened some time later "by intense heat."

TRUE VERSION

Here's the story as he told it in a Boxing Day letter to his sister Louisa:

"For fear that an alarming story may reach you, I may as well tell it to you as it occurred.

"Cartier, Galt and myself returned from Lord Carnarvon's place to the country late at night. I went to bed, but commenced reading the newspapers of the day, after my usual fashion I fell asleep, and was awakened by intense heat. I found my bed, bed clothes and curtains all on fire. I didn't lose my presence of mind — pulled down the curtains with my hands, extinguished them with the water in the room.

"My pillow was burnt under my head, and blister as well. All the bed clothes were blazing. I dragged them all off on the floor and knowing the action of feathers on flame, I ripped open bolster and pillows and poured an avalanche of feathers on the blazing mass, and then stamped out the fire with my hands and feet.

"Lest the hair mattress I then went to Cartier's bed room and with his assistance carried all the water in three adjoining rooms into mine and finally extinguished all appearance of fire We awoke no alarm, and only Cartier, Galt, and myself knew of the accident.

"After it was all over it was then discovered that I had been on fire — my shirt was burnt on my back, and my hair, forehead, and hands scorched. Had I not worn a very thick flannel shirt under my nightshirt, I should have been burnt to death. As it was, my escape was miraculous.

It was found that my right shoulder blade was much scorched. So I got it dressed and thought no more of it In a day or two, however, I found that it would not do, and have been under the doctor's hands for a week.

"This wound at one time took so ugly look, I was kept in bed for three days, and have not left the house these eight days. I shall take a drive today if the doctor allows it when he calls to look at my back. So much for that story."

On Christmas Eve the Canadian delegates all went off to enjoy the festivities at the homes of English friends — all, that is, but John A. Macdonald. The doctor refused to allow him to leave his room.

ALONE

He wrote Louisa:

"I had a Merry Christmas alone in my room, and my dinner of tea and toast. I drank all your healths in bohea though you didn't deserve it. I was to have gone to Evan McPherson's for dinner, if I did not go down to William Clark, but I could do neither The town is quite empty, and I have no news to tell."

And so, on Christmas Day, 1868, Macdonald tidied up the final draft put his signature on the document which history describes as the "London Resolutions" and dispatched it to Lord Carnarvon at the Colonial Office

Macdonald wrapped up a present to the Canadian people.

Then he sat back to enjoy his Christmas toast and bohea (which, for non bohea-drinkers, is black tea of the lowest quality)

We want to take this opportunity to wish you cheer... and to thank you for letting us serve you.

ED'S UPHOLSTERY

From us to you, our good friends and patrons... our sincere appreciation for the privilege of serving you and best wishes for a happy holiday season.

Robb and Branch News

Mrs. Ruth Phipps and Mr. Stan Turney of Edmonton were visitors of the Ulary Campers last weekend.

Mr. and Mrs. Hoglin and Dettza accompanied by Mrs. Charlie Pambrun were visitors to Wabamun last Sunday.

Some of the residents are anticipating Santa by having trees in the house already.

Mr. Jack Aldrich returned from the city on Tuesday evening.

Mr. George Seman is a new employee at the local hotel.

Mr. and Mrs. Bob McKay have left Robb to make their new home in Hinton.

Miss Patsy Kennedy was the winner of the turkey raffled in aid of the Christmas Tree fund.

One of our local residents specializes in soup, that is defining its ingredients. For further information contact P. Kennedy.

A horse belonging to Len Charlton was killed on the road last Friday evening, due to icy roads and possibly too much speed.

Robb M M Shopping Centre are having their grand opening Thursday with free coffee and doughnuts. There will also be draws on a TV lamp, lantern and smoker at 9 p.m. Thursday in connection with their sale

Carrot Creek W.I. set up committee heads

The Carrot Creek W.I. held their meeting on Wednesday, December 11th at the home of Mrs. Frank Novotony. Attending were four new members Mrs. Donald Sister, Mrs. Annie Whyte, Mrs Herbert Hentz Jr., and Alice Whyte.

The following standing committee heads were chosen: Health and home economics, Mrs. Elsie Setter; handicraft Mrs. Grace Novotony, education, Mrs. Jen Wild; citizenship, Mrs. Doreen Hentz; social service, Mrs. Jessie Shantz, agriculture and industry, Alice Whyte, Unisd Nations, Helen Hensall.

Mrs. Eli Wild gave a talk on the leadership convention which she had attended last month in Edmonton Mrs. Alice Whyte gave a short address on industry.

Mention was made of the birthday party held by the Hattonford W.I. last month for Mrs. Maude Hadden's Dan to cold weather and car trouble no one from the Carrot Creek group was able to attend. Instead, it was decided to send Mrs. Haddock a gift

Following adjournment of the meeting the draw was made for the hostess prize, which was won by Mrs. Eli Wild. A lovely lunch, served by hostess, Mrs. Frank Novotony, ended the gathering and was highlighted by Mrs. Jessie Blantz reading the tea cups of some of the ladies.

The next meeting will be held at the home of Mrs. William Novotony.

Winner drawn on Lions raffle

Miss Simmone Goucotte was the lucky ticket holder in the Lions club raffle of a deep-fryeze which was held at the regular Lions club meeting on Tuesday night in the Commodore banquet room.

Simmone held ticket number 188 for the deep-freeze provided through Mahon Electric

Edson teenagers form Op-Teen Club with Hinton

The Edson teenagers have formed an Op-Teen Club sponsored by the Edson Optimists, under the leadership of Mr. Nick Kuryle and Mr. Dennis Lanigan, with the help of the Hinton Op-teens.

The first meeting was held at the Tourist Centre Motel where it was decided by a majority to affiliate with Hinton for one term. This enables the members to go to the Teen Conference to be held at Banff this spring. The age limit was set from thirteen to twenty years of age. Anyone over this age will be accepted as an honorary member.

The second Op-Teen meeting was held at the A. H. Dakin School. The executive and several members from Hinton met here to help conduct the meeting and explain activities to be carried out. The constitution was read. At this time the Edson Op-Teen Executive was elected as follows: President, Wayne Mallet; Vice Presidents, Rick McCardle and Michael Frechniuk; Secretary, Betty Warkentine; Treasurer, Teddy Worton; Social Convenor, Judy Hayhoe; Assistant Convenors, Pat Voudali.

Plans for a Queens Ball in the spring was discussed. Six queens and six outstanding students will be picked from Hinton and Edson from which three of both will be chosen by a panel of judges, to represent both Op-Teen Clubs at the Teen Conference in Banff.

Haddock Happenings

Paul Hellekson, Ron Krinke and Curly Johnston had a lively twenty minutes one day last week when the load of baled hay they were hauling caught fire from the exhaust. The fire extinguisher failed to put out the fire as they had to unload. No damage to the truck but half the load of bales burned.

Bill Napier of Edmonton spent a couple of days with the Harold Haddock family last week.

Mr. Willard finished the trailer he has had under construction at Lakeside Garage and left this past week for Virginia where he will spend the winter with his wife and family.

T. Edson had the good fortune last week to get an ice cream well with a real heavy flow of water. Pastor drilling has been working on the well.

Paul Johnson has been cleaning this past week on Dave Haddocks place, across the road from Big Joe's.

Mr. and Mrs. J. Stroud of Glenwood visited the Johnston and Krinke families last weekend.

Lorne Neal of Whitecourt spent a couple of days with his parents, Mr. and Mrs. Bob Neal, while the outfit he is working with was being repaired.

Clayton Barrass is in Univ-

The Great Stoop

PASTOR SHOWALTER

"And they shall call his name Emmanuel, which being interpreted is, God with us."

The distance for God to stoop to help man is almost beyond our comprehension. There was once a man who stood observing an ant struggling to carry a huge load. Desiring to help the little creature he took a stick and began to push. The terrified ant fled. Mused the man to himself, if I were an ant I could have helped.

When Jesus came to earth to consider what a condescension! From the throne of God to the realm of Satan and evil. Not even as an angel but in the form of man. Not as man whom He has originally created good, but as one of the fallen race. Not as a man full grown, but in humble lowly birth circumstances and to experience all the trials of human life "from the cradle to the grave."

The Bible tradition, and His life verifies, that His coming was not in power and power, but to serve the needs of mankind. It was not that He did not have this right; that He allowed Himself to be so used and abused by mankind only places the stoop in bolder relief.

God did not stoop to man's level for His own sake, but that man would not be terrified and that he would have the courage to come to God.

The day is coming when this same Jesus is coming back to earth in all the glory of His eternal kingdom. Many will be terror stricken, but not those who have known Him as the Son of Man on earth.

TALE OF A STEAK

An English king with a sense of humor gave us the name for sirloin steak. The World Encyclopedia's research department says Charles II once compared his affection for his friends gathered at a Christmas dinner to his fondness for a loin of good beef. Touching the roast with his sword, he declared, "I knight thee Sir Loin."

Guest or intruder?

REV. DONALD MacPHERSON
Edson United Church

Recently, some folk in a car drove by a man walking along the road on his way to visit them. They hadn't stopped to offer him a ride because they thought he was "just a hitch hiker." Imagine their embarrassment when he arrived, and recognizing him as one of their relatives, they invited him in.

This incident reminds us of the first Christmas when Mary and Joseph were not so fortunate. They had to finally take lodging in a stable "because there was no room for them in the Inn." To the Innkeepers they must have appeared to be just ordinary country folk. They were not invited in.

Would we have done differently had we been that Innkeeper? Would we have made room for Mary and Joseph and the unborn Jesus? More important yet, do we make room for Jesus this Christmas in our homes and in our lives? Do we say to him, "Come, be our Guest as we celebrate the anniversary of your birth," or do we pay no attention to him?

Why did the Innkeeper not make room for Jesus somehow? Perhaps he was not expecting him. It is much easier to arrange to make room for guests when you are expecting them. Are we expecting Christ to arrive as we celebrate his birth? We won't likely make room for him if we are not.

Perhaps the Innkeeper did not recognize Jesus nor his mother. It is true Jesus had come to him as the unborn Christ. And yet the Sheepherds and Wisemen honored him as a King even though he was in the form of a baby. Are we aware that he is present with us? Do we recognize Him? Will we make room for him this Christmas?

Again, maybe the Innkeeper did not want Jesus. It could be very embarrassing to have the Son of God lodging in the same place with those whose way of life was opposed to God's will. Are we apt to keep Christ out of our Christmas festivities because we are afraid he would not get along with the guests we are inviting.

One of the oldest sentences in the Bible is "He came unto his own and his own received Him not." And how sad it is to think that many for whom he suffered and died will not give Him any place so they celebrate his birthday. He will not become an honored guest. Won't you make Him your Guest in your home and in your life?

Sincere best wishes to you for a truly Joyful Christmas.

MANAGEMENT and STAFF

E. J. GOLDSMITH

Teen and Herd

BY BEN

Well our big Christmas dance is almost here, one day away now. The High School Gym is really something to see. A lot of time has been spent on decorating it, under the decorating committee and headed by Joan Sinagoga. Sure looks good. The dance will start at 9 p.m. and end at 1 a.m.

The admission is $1.00 per person or $2.00 per couple. (Beginners don't cry) We have something different in the way of music too. The CHED Ravels, from what I hear they are a pretty hot band, so let's have everyone out. A special addition to this year's dance is the selection of the Snow Queen. I wonder just who it will be. I wouldn't want to be one of the Judges. The girls are too pretty.

The T.P.C. (Taylor, Pearson, Carson) rink has been picked to represent Edson in the High School boys play-offs. For the last three or four weeks a number of high school boys have been trying out and those chosen to represent our school are Dale McIntyre, Richard Stakick, Reynold Reimer and Teddy Worton. The positions these players will play has not yet been decided.

Heard there was some little boy in Grade 12 who thought it was so cold that he took his mitts to school. Pretty smart, if you ask me. It really has been cold hasn't it? Here's hoping that the weatherman will thank enough of us to make it warm for our dance and the Jubilee Junior dance on Thursday.

Christmas program at Bethany

HINTON —

.. are cordially invited to attend the Sunday School Christmas program at the Bethany Baptist Church Friday evening, December 20th at 7.30 p.m.

In addition to the talent presented by the children and the singing of Christmas carols, there will be two Christmas Gospel films shown entitled "Brightest Night" and "God's Christmas Gift."

Make this a family night at Bethany.

ASSIFIED SECTION GETS RESULTS

Holiday Post Office hours

No mails will be received or dispatched from the Edson Post Office on December 25, 1963 nor on January 1, 1964. The Post Office will remain closed on both dates mentioned above.

As in previous years: two containers are at present located in the Bus Lobby of the Edson Post Office, to receive Christmas Cards. One for cards intended for local delivery the other for cards to be dispatched out of town. Patrons are respectfully requested to use these containers as marked, to expedite the handling of the large volume of mail expected during the Christmas period.

Patrons are reminded: the Edson Post Office will again remain open all day on Wednesday, December 25, to promote the early mailing and delivery of parcels. 49-0c

CARD OF THANKS

Mrs. Annie Whyte of Carrot Creek would like to thank the ladies of the Carrot Creek WI and all others who sent cards and were so kind to her during her stay in St. John's Hospital in Edson. She is now waiting to go to Edmonton.

NOTICE

Of Preparation of Assessment Roll

1964

Town of Edson

Province of Alberta

Notice is hereby given that the assessment roll of the said municipality, made under the provisions of the Assessment Act, has been prepared and will, for thirty (30) days, be open to inspection at the office of the secretary-treasurer of the municipality during business hours and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessed value placed upon any property must, within thirty (30) days from the date of this notice, lodge his complaint(s) in writing with the secretary-treasurer of the municipality.

Dated this 19th day of December, 1963.

R. C. GREGG
Secretary-Treasurer 50b

Thursday, December 19, 1963 — EDSON LEADER — 13

BIG TREE have been 384 feet tall. It is located in California's redwood forest.

MINISTERIAL ORDER

IN THE MATTER of the IMPROVEMENT DISTRICTS ACT, being Chapter 150 R.S.A. 1955, and amendments thereto and DOG CONTROL in the hamlet of WEST EDSON

WHEREAS under the provisions of Section 63 of The Improvement Districts Act, being Chapter 150 R.S.A. 1955 as amended, the MINISTER OF MUNICIPAL AFFAIRS may BY ORDER, provide for the doing of anything in a hamlet which is an improvement district, which a village council could enact by by-law under the provisions of The Town and Village Act, being Chapter 159, R.S.A. 1955 as amended;

AND

WHEREAS Sections 367 and 261 of the said Town and Village Act provide that the village council may pass a by-law restraining and regulating the running at large of dogs, and for the imposition of a tax on the owners, possessors or harbourers of dogs, and directing the killing of dogs running at large contrary to such by-law, and for the imposition of penalties for a breach of such a by-law respectively;

NOW THEREFORE I, ALBERT J. HOOKE, MINISTER of MUNICIPAL AFFAIRS, by virtue of the powers invested in me by the aforesaid Acts, DO HEREBY ORDER:

1. That the owner, harbourer or possessor of any dog within the limits of the hamlet of WEST EDSON, shall pay to the Dog Control Officer duly appointed, in each year a tax established as follows:

(a) for each male dog or spayed female dog nine months of age or over $5.00

(b) for each female dog nine months of age or over $8.00

A person on payment of the tax as foresaid, shall be given a tag on which shall be inscribed the words "Dog Tag - West Edson" and the figures indicating the year for which the tax has been paid.

2. That any person resident within the limits of the said hamlet of West Edson who owns, possesses or harbours any dog and neglects or refuses to pay the tax as provided for in this ORDER, shall be guilty of an offence and liable on summary conviction to a fine of not less than $5.00 for the first offence and for each subsequent offence, a fine of not less than $10.00.

3. That the owner, possessor or harbourer of any dog for which the requisite tax has been paid and who has received the tag indicating payment, shall cause such dog to wear around its neck a collar and shall attach thereto the aforesaid tag.

4. Any constable or duly appointed officer may kill all dogs found running at large in the hamlet of WEST EDSON.

5. Any person who is the owner or harbourer of a dog found running at large in the said hamlet shall be guilty of an offence and liable on summary conviction, to a fine of not less than $10.00.

6. For the purpose of this Order, the term "RUNNING AT LARGE" shall have the same meaning as defined in The Improvement Districts Area Amendment Act.

7. This Order shall apply to that area known as the hamlet of WEST EDSON, being comprised of Registered Subdivision Plan Nos. 780 H.W. 2112 H.W. 3756 H.W. 1793 K.S. 4148 K.S. 1293 M.C. 2279 K.S. 3003 M.C. 0242 E.

8. This Order is effective on and after the date shown below.

ALBERT J. HOOKE,
MINISTER OF MUNICIPAL AFFAIRS

DATED at EDMONTON, in the PROVINCE of ALBERTA, this 28th DAY of October A.D. 1963 50c

What do you see when you look in the manger?

Rev. G. E. Mueller

Different people see various things in the manger bed at Bethlehem. Yet, everyone sees a baby there but who He is and what He means for the individual makes all the difference in the world.

"For unto you is born this day in the city of David a Saviour, which is Christ the Lord." This is the message of Christmas.

If we are to really see things as they actually are, not everything we see when we look in the manger will make us happy. In fact, it will shock us! Jesus Christ comes as our Savior! This means that we needed saving. We are reminded of the Bible passage which condemns us all, "For there is not a just man upon earth, that doeth good, and sinneth not." (Rec. 7:20) This baby reminds us that we are by ourselves in a terrible condition! We are under the wrath of the Almighty God. So hopeless was our condition that no mere human being could do anything to save us. No, our salvation required something very special. It required that God take on human flesh and become a man. It required the birth of Jesus Christ, the God-man, true God in every respect and yet at the same time true man.

Until we realize and admit our helpless and hopeless condition before God, the baby in the manger will mean little to us. We may join in the celebrations of Christmas, we may talk brotherhood and peace on earth, but the real meaning and blessing of Christmas will escape us. First we need to come to the point where despairing of self we cry, "God be merciful to me a sinner!"

Once this is true of us, what we see in the manager will not only remind us of our sin but, above all, of the unspeakable love of God! We will be filled with Joy! Here in the manger is our Savior! Your Savior! My Savior! He came to live a holy life for us as our substitute. This He accomplished, the "was in all points tempted like as we are, yet without sin." (Heb. 4:15) He came to suffer the penalty which we should have endured forever in hell. This He accomplished when He died upon the cross on Calvary's hill. His resurrection is God's testimony to mankind that Jesus Christ has fully redeemed all mankind. "Joy to the world! The Lord has come!" He has saved us that we might rejoice with Him for all eternity!

Yes, friend, what do you see in the manger?

Safe Holiday

Christmas is a time to remember the happy things. Yet it is sometimes a time of tragedy.

More holiday accidents take place during the last 6 hours before Christmas Eve than during the remainder of the holiday. The hourly rate for fatal accidents is 8 times greater during this 6-hour period than during the rest of the holiday season.

These accidents happen on the highways and in the homes. If you are driving, don't get in too big a hurry. If you are at home, be sure your tree is a safe one, that your wiring is adequate. Turn off the Christmas tree lights if you leave the house.

Right care helps

Poinsettia thrive

Poinsettias develop "bloom" when the days are short and the nights are long. Short periods of night caused by periods of exposure to artificial lights, however, interfere with blooming. Nights lengthen the day and the plant continues to act as though it is summer.

Maintenance of normal days and nights according to the seasons help time the plant foreshadows to bloom during the holiday season.

Blooming period of plants already in "bloom" can also be lengthened by keeping the plant away from artificial light at night.

"Bloom" of poinsettia is brightly colored leaves that surround tiny creamy white flowers.

We extend our warmest greetings with the hope that this Holiday Season brings you and yours a full measure of good health and happiness. May all the joys of Christmas remain with you throughout the coming New Year.

N.E.S. ... and YOU

[The following job opportunities are listed by the National Employment Office in Edson, and is presented in the public interest by this newspaper.]

The Executive and Professional Division of the National Employment Service has just published its annual booklet, "Supply and Demand, University Graduates," for 1963-64. It is now available free on request from your local National Employment Office.

Employers will find useful information to help them in their search for professional manpower. It describes the various trends foreseen in graduations in more than 40 categories. There is a summary of the estimated starting monthly salaries received in 1963 by University graduates and indicates what 1964 graduates may expect to be offered.

High School graduates and students now in their graduating year will find valuable information in this booklet when they are considering what University courses to follow. The salary charts point out the advantage of higher education. The text explains in which sources graduates are expected in excess of demand, also where there will not be enough graduates to supply the manpower needs of industry.

Every year the National Employment Service has been placing more graduate students. During 1962-63 some 3,000 were placed in permanent employment. Your National Employment Office will be glad to supply you with a booklet on further information.

A Christmas Prayer

May the spirit of Christmas remain in all men's hearts so that hope and peace and love shall prevail over our land and all other lands on earth.

Management and Staff

KOEBEL CO. LTD.

The Armenians eat boiled spinach on Christmas Eve, because they believe Mary ate the vegetable the night before Christ was born.

In Italy, the Yule log is burned in the family fireplace. Everyone gathers around and each child is blindfolded before the log is ignited. In turn, children recite Christmas verses and as their blindfolds are removed they find Christmas gifts stacked on the floor.

NEW YEAR'S RESOLUTIONS

The custom of making New Year's resolutions can be traced to a peacock. The colorful bird was a favorite Christmas dish in early England. It was customary for knights to take the "vow of the peacock" by making their pledge for the new year with their right hand on the peacock.

Handel's Messiah a Christmas masterpiece

Of all the music associated with Christmas, perhaps no composition so well embodies the spirit of the holiday as Handel's "Messiah." The great oratorio has enthralled countless audiences. It has been said to have brought more money for charity than any other single piece of music. And it marked a rebirth for its composer.

George Frederick Handel was virtually a has-been in 1741. London had grown tired of his Italian operas and of him. More than once he had barely missed being thrown into debtors' prison, and his health was beginning to fail.

Then came a commission from the lord lieutenant of Ireland and the governors of three charitable institutions for Handel to conduct a series of charity concerts. He began to compose a new piece for the time.

Handel was not an especially religious man, but something seemed to possess him as he worked. For some 23 days he kept to his study, refusing to see any visitors, leaving his food untouched and working through the night. Now he played the harpsichord, now he sang, then back to the writing. His servants thought he was going mad. Often they found him in tears. When he finished the "Hallelujah Chorus," he declared, "I did think I did see all Heaven before me, and the great God himself."

On April 13, 1742, 700 people crowded into a Dublin music hall for the premiere of "Messiah." It was a resounding success.

At the first English performance a year later, King George II was so overwhelmed by the "Hallelujah Chorus" that he rose from his seat and stood throughout the section. The audience, of course, followed the example of their king, and so began a custom which survives to our day.

Despite the king's appreciation, however, London was not ready to accept Handel and the concert failed. It was not until Handel began directing annual benefit performances of "Messiah" at the London Foundling Hospital in the 1750's that his adopted countrymen came to recognize it as a masterpiece, and once again gave him their acclaim.

District has seen many human joys and tragedys

A trip to Edmonton or Jasper has not always been a pleasant drive along a broad strip of smoothly paved highway. The new highway, which is the envy of many visitors to this region, came into existence in 1956, at about the same time as construction of the pulp mill of North Western Pulp & Power Ltd.

Preceding the new highway was a gravel road built in 1934, and gravelled in 1935, and preceding it was the Stuart Foley Trail.

According to old timers there was always a trail which led west of Edmonton to the mountains. East of Hinton the trail followed the river and in the early days the Indians had a cache for their supplies known as Cache Percot, which was located north of Don Lloyn former residence, east of the valley shopping centre.

The name arose as a result of an epidemic of smallpox which occurred one year killing many Indians. It was not until aid from the Hudson's Bay Post at Lac Ste. Anne arrived that the epidemic was stopped. The Indians continued to camp at the site and to store their supplies there, and from that time on they called the area Cache Percot, meaning the "Cache of the Smallpox."

As the Grand Trunk Pacific Railway moved towards Jasper in 1912, Hinton became the headquarters for the firm of Foley, Welsh and Stuart, builders of the railway grade and the town was named after W. D. Hinton, vice-president of the Grand Trunk Pacific at that time.

In those days freighting was done by horse and wagon, and it was not until the building of the gravel highway that trucks first made their appearance in this area. Mr. Stuart operated a freighting business between Edmonton, Hinton and Jasper for many years, retiring in Hinton in 1943 or 1944.

With the building of a gravel highway and the coming of motor traffic there was a need for a local garage. The first garage was built at the present site of Hinton Motors and a garage has occupied this location ever since. Ray Fuller, owner of Hinton Motors, and his wife Blanche, came to manage the garage in 1938, and have made Hinton their home for the past 26 years.

Queried as to what the town was like in those days, they recalled the many good times of former years and the friendly spirit that prevailed in the community. Both the Hinton Collieries near Happy Creek and the Drinnan mine which was located near the Access road turn-off from Highway 16 were operating until 1940 or '41. After the mines closed the late Carl Carlson operated a lumber camp south of Hinton near the present site of the Rainbow sub-division and elsewhere in this area.

Perhaps the dangers shared by miners working below ground made the community a closely knit one, or perhaps it was purely the need for residents to make their own fun. Skating parties were held on frozen ponds and card games, bingo nights, and bazaars were enjoyed by everyone.

The Fullers especially recall the Christmas parties that were held for all the children in Hinton, and on this side of the river. The first year they were in Hinton the Christmas concert was held in the garage, with the men spending a busy time beforehand cleaning up the garage and, putting a stage at one end.

Mrs. Fuller also remembers the exchange of visits during the Christmas-New Year season. It was the custom for residents of the Happy Creek area to visit the "downtown" homes at Christmas time and for the downtowners to visit the Happy Creek residents at New Year's. Downtown was the main street area, and residential district behind.

Most of the main street business section was owned by a Mr. Seebelt who was also co-owner of Hinton Collieries.

A 1936 picture postcard of Hinton's main street shows Fuller's garage, a large three-storey building which housed a general store and post office with a dance hall on the second floor, and bachelor quarters above, the original Hinton Hotel, and Switzer's Drug Store which was located on the ground floor of the two story building now known as Skeet's. A nursing home occupied the second floor.

The original garage, the store next door and the Fuller and Duncan MacKay homes were all destroyed by fire January 5, 1946, when the temperature was a frigid 35 below. As the town had no fire fighting equipment of that time residents were helpless in controlling the flames. It was particularly ironical that the fire occurred on the same date as the Fuller's wedding anniversary.

MANY EARLY RESIDENTS, and members of the '35'ers at North Western Pulp & Power Ltd. travelled this road when it was the main highway to Edmonton before the building of the new highway in 1956. Now in disuse and disrepair it is badly rutted and almost impassable during wet weather. The road follows the Athabasca River east of town and offers many lovely views of the river valley. The present truck route to the mill from highway 16 is part of the old road.

—Photo by Robin Huth

We wish to thank the Fuller's for sharing their knowledge of Hinton's earlier days with our readers.

We also are most appreciative of the help given by Robin Huth and Dave Beshow in providing information for many of the stories printed earlier in this series and especially for the fine pictures contributed by Robin Huth. We hope that we have succeeded in stirring interest in the history of Hinton and district. —Mrs. Maxine Cooke

Sixty years of billiards and gets 40 points

He's been at the game for over sixty years says Mr. Cosmo Bocchio, 83. "But I've never made a score like that before."

This week while playing at Pete's Billiards with a young fellow, who had spotted him 20 points, Mr. Bocchio piled up 40 points after he broke the balls in billiards.

This gave him 60 points before his opponent had a chance to made a point at all.

Mr. Bocchio, hale and hearty at three score plus 13, is an avid pool player.

Cheers!

We're brimming with good wishes and thanks to all our wonderful friends.

Season's Greetings

Christmas is the time for families to be together, for children - and home - and love.

Christmas is the time for all of us to give silent thanks that we live in a land of plenty and peace. A land that holds promise of bountiful tomorrows and happy Christmas times to come.

Christmas is the time for wishing each other well - for health, and happiness.

The people at Calgary Power, technical and office staff - and particularly the district staff who serve you - wish each of you the happiness that comes from goodwill and understanding.

Merry Christmas

to you and yours
from the people at Calgary Power
